PRELIMINARY PROSPECTUS

SUBJECT TO COMPLETION, DATED _____, 2020

**\$50,000,000
Mountain Crest Acquisition Corp
5,000,000 Units**

Mountain Crest Acquisition Corp is a blank check company formed for the purpose of effecting a merger, share exchange, asset acquisition, share purchase, reorganization or similar business combination with one or more businesses. Although there is no restriction or limitation on what industry or geographic region our target operates in, it is our intention to pursue prospective targets in North America.

This is an initial public offering of our securities. Each unit that we are offering has a price of \$10.00 and consists of one share of common stock and one right to receive one-tenth (1/10) of a share of common stock upon the consummation of an initial business combination, as described in more detail in this prospectus.

We have granted Chardan Capital Markets, LLC, the representative of the underwriters, a 45-day option to purchase up to 750,000 units (over and above the 5,000,000 units referred to above) solely to cover over-allotments, if any.

Our sponsor, Sunlight Global Investment LLC (which is controlled by Suying Liu and Dong Liu) and Chardan Capital Markets, LLC and/or their designees have committed to purchase from us an aggregate of 321,500 units, or “private units,” at \$10.00 per private unit (for a total purchase price of \$3,215,000). These purchases will take place on a private placement basis simultaneously with the consummation of this offering. All of the proceeds we receive from these purchases will be placed in the trust account described below. Our sponsor and Chardan Capital Markets, LLC have also agreed that if the over-allotment option is exercised by the underwriters, they will purchase from us at a price of \$10.00 per private unit an additional number of private units (up to a maximum of 33,750 private units) *pro rata* with the amount of the over-allotment option exercised so that at least \$10.00 per share sold to the public in this offering is held in trust regardless of whether the over-allotment option is exercised in full or part. These additional private units will be purchased in a private placement that will occur simultaneously with the purchase of units resulting from the exercise of the over-allotment option.

There is presently no public market for our units, shares of common stock or rights. We have applied to have our units listed on the Nasdaq Capital Market, or Nasdaq, under the symbol “MCACU”. We cannot guarantee that our securities will be approved for listing on Nasdaq. The common stock and rights comprising the units will begin separate trading on the 90th day following the date of this prospectus unless Chardan Capital Markets, LLC informs us of its decision to allow separate earlier trading, subject to our filing a Report on Form 8-K with the Securities and Exchange Commission containing an audited balance sheet reflecting our receipt of the gross proceeds of this offering and issuing a press release announcing when such separate trading will begin. Once the securities comprising the units begin separate trading as described in this prospectus, the common stock and rights will be traded on Nasdaq under the symbols “MCAC,” and “MCACR,” respectively. We cannot assure you that our securities will continue to be listed on Nasdaq after this offering.

We qualify as an “emerging growth company” as defined in the Jumpstart Our Business Startups Act of 2012, and therefore will be subject to reduced reporting requirements.

Investing in our securities involves a high degree of risk. See “Risks Factors” beginning on page 27 for a discussion of information that should be considered in connection with an investment in our securities. Investors will not be entitled to protections normally afforded to investors in Rule 419 blank check offerings.

Neither the U.S. Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or determined if this prospectus is truthful or complete. Any representation to the contrary is a criminal offense.

-
- (1) We will also sell to Chardan, for \$100, an option to purchase 300,000 units (or 345,000 units if the over-allotment option is exercised in full) at the closing of this offering at \$11.50 per unit. Please see the section titled “Underwriting” for further information relating to the underwriting arrangements agreed to between us and the underwriters.
- (2) Includes \$1,750,000, or \$0.35 per unit, equal to 3.5% of the gross proceeds of this offering (or \$2,012,500 if the underwriters’ over-allotment option is exercised in full) payable to the underwriters as deferred underwriting discounts and commissions from the funds to be placed in the trust account described below. Such funds will be released to the underwriters only upon consummation of an initial business combination, as described in this prospectus. If the business combination is not consummated, such deferred discount will be forfeited by the underwriters. The underwriters will not be entitled to any interest accrued on the deferred underwriting discount.

Upon consummation of the offering, \$10.20 per unit sold to the public in this offering (whether or not the underwriters’ over-allotment option has been exercised in full or part) will be deposited into a United States-based trust account at JPMorgan Chase Bank, maintained by Continental Stock Transfer & Trust Company, acting as trustee. Such amount includes \$1,750,000, or \$0.35 per unit, (or \$2,012,500 if the underwriters’ over-allotment option is exercised in full) payable to the underwriters as deferred underwriting discounts and commissions. Except as described in this prospectus, these funds will not be released until the earlier of the completion of our initial business combination and our redemption of the shares of common stock sold in this offering upon our failure to consummate a business combination within the required period.

The underwriters are offering the units on a firm commitment basis. Chardan Capital Markets, LLC, acting as the sole book-running manager and representative of the underwriters, expects to deliver the units to purchasers on or about [·], 2020.

General

We are a blank check company formed under the laws of the State of Delaware on November 12, 2019. We were formed for the purpose of effecting a merger, share exchange, asset acquisition, share purchase, reorganization or similar business combination with one or more businesses, which we refer to throughout this prospectus as our initial business combination. Although there is no restriction or limitation on what industry or geographic region our target operates in, it is our intention to pursue prospective targets that are in North America. At the time of preparing this prospectus, we have not identified any specific business combination, nor has anyone on our behalf initiated or engaged in any substantive discussions, formal or otherwise, related to such a transaction. Our efforts to date are limited to organizational activities related to this offering.

Our Sponsor and Competitive Advantages

Our sponsor, Sunlight Global Investment LLC, is controlled by Dr. Suying Liu, our Chairman and Chief Executive Officer, and Dong Liu, our Chief Financial Officer, both of whom have accumulated broad industry expertise and transaction experience from investing in and operating diverse businesses. We believe that our team's expertise and experience in structuring complex transactions and accessing capital for growth, combined with our extensive relationships through a network of advisors and affiliates, will make us a partner of choice for potential business combination targets. We intend to focus our efforts on evaluating business combination targets by leveraging our connections with a variety of family offices, investment funds, and operating businesses. We expect to also take advantage of our sponsor's extended network with Asian consumer markets by enabling potential business combination targets producing quality products in North America to tap into such consumer demand abroad.

Our Board of Directors and Management

Our board of directors and management consist of experienced deal makers, operators, and investors.

Dr. Suying Liu, our Chairman and Chief Executive Officer, has been the Head of Corporate Strategy of Hudson Capital Inc. Mr. Zhang received an MBA with dual majors in finance and technology innovation from the Wharton School at the University of Pennsylvania in May 2001.

Acquisition Strategy

Our goal is to identify and acquire a business with untapped opportunity for building a public company. We believe that our management's and directors' experiences, from evaluating assets through investing and company building, will enable us to source and execute a business combination with high-quality targets. Our selection process will leverage the relationships of our board with leading venture capitalists, private equity and hedge fund managers, respected peers, and our network of investment banking executives, attorneys, and accountants. Together with this network of trusted partners, we intend to capitalize the target business and create purposeful strategic initiatives in order to achieve attractive growth and performance after our initial business combination.

In particular, we intend to focus our search for an initial business combination on private companies in North America that have positive operating cash flow or compelling economics and clear paths to positive operating cash flow, significant assets, and successful management teams that are seeking access to the U.S. public capital markets. Our selection process is expected to leverage our board's deep and broad network of relationships, industry expertise and deal sourcing capabilities to provide us with a strong pipeline of potential targets. We expect to distinguish ourselves with our ability to:

- *Leverage our Extensive Network of Relationships to Create a Unique Pipeline of Acquisition Opportunities.* We believe the combination of our sponsor's experience in structuring complex transactions and our ability to access the network of relationships of our board with family offices, corporate executives, founders, family-owned businesses and private equity firms, will enable us to identify and evaluate suitable target businesses in the areas that we deem appropriate.
- *Employ Rigor to the Process of Identifying Target Companies and Acquiring a Business that Will be Well-Received by the Public Markets.* We believe our board's strong transaction track record, together with their experience in investing in both the private and public markets, will provide a distinct advantage for identifying, valuing and completing a business combination that will meet our investors' expectations.
- *Capitalize on Our Strategic Position Bridging High-Quality North American Production and Extensive Asian Consumer Demand.* We believe the access that our board has to North American private companies producing quality products but lacking distribution, especially to Asian consumers, presents an enormous opportunity when we bring such market channels to these potential business combination targets. Our sponsor's relationships with Asian consumer markets will allow us to create further synergies with target companies in addition to expanded capital and production capacities.

Investment Criteria

We intend to focus on companies that possess under-researched and underappreciated asset(s) poised for significant growth once capitalized.

Consistent with our strategy, we have identified the following criteria to evaluate prospective target businesses. Although we may decide to enter into our initial business combination with a target business that does not meet the criteria described below, it is our intention to acquire companies that we believe:

- § have a scientific or other competitive advantage in the markets;

We intend to seek target companies that have significant competitive advantages and underexploited expansion opportunities that can benefit from access to additional capital as well as our industry relationships and expertise.

- § are ready to be public, with strong management, corporate governance and reporting policies in place;

We will seek to identify companies with strong and experienced public-ready management teams. Specifically, we will look for management teams that have a proven track record of value creation for their stockholders. We will seek to partner with a potential target's management team and expect that the operating and investment abilities of our executive team and board will complement their own capabilities.

- § will likely be well received by public investors and are expected to have good access to the public capital markets;

We believe that there are a substantial number of potential target businesses with appropriate valuations that can benefit from a public listing and new capital for growth to support significant revenue and earnings growth.

- § are private equity fund portfolio companies or entities held by non-traditional investors in North America, especially in the U.S.;

According to Pitchbook Data, Inc., U.S. private equity funds raised more than \$1.8 trillion from 2006 through 2016 in over 2,700 different funds. As they seek liquidity, particularly in older-vintage portfolios, we believe that there will be a considerable number of portfolio companies available for sale from these private equity firms in the coming years that would benefit from public listings. Additionally, non-traditional control investors such as financial institutions, banks, non-bank lenders, or hedge funds, who do not typically hold and manage private operating assets, may be anxious to divest their non-core holdings. In the event that those types of investors are liquidating or experiencing other pressures, they may need to divest certain holdings.

- § have significant embedded and/or underexploited growth opportunities that our team is uniquely positioned to identify and monetize;

We intend to seek target companies that have significant and underexploited expansion opportunities. This can be accomplished through a combination of accelerating organic growth and finding attractive add-on acquisition targets. Our management team has significant experience in identifying such targets and in helping target management assess the strategic and financial fit. Similarly, our management has the expertise to assess the likely synergies and a process to help a target integrate acquisitions.

- § exhibit unrecognized value or other characteristics that we believe have been misevaluated by the market;

We will seek target companies which exhibit value or other characteristics that we believe have been overlooked or misevaluated by the marketplace based on our company-specific analyses and due diligence. For a potential target company, this process will include, among other things, a review and analysis of the company's capital structure, quality of current or future earnings, corporate governance, customers, material contracts, and the industry and trends. We intend to leverage the operational experience and disciplined investment approach of our team to identify opportunities to unlock value that our experience in complex situations allows us to pursue.

§ will offer attractive risk-adjusted equity returns for our stockholders.

We intend to seek to acquire a target on terms and in a manner that leverage our capital markets and transaction management experience. We expect to evaluate a company based on its potential to successfully commercialize its product(s), both new and under development. We also expect to evaluate financial returns based on opportunities for follow-on acquisitions and other value-creation initiatives. Potential upside, for example, from the growth in the target business's earnings or an improved capital structure will be weighed against any identified downside risks.

Initial Business Combination

We will have until 12 months from the closing of this offering to consummate our initial business combination. However, if we anticipate that we may not be able to consummate our initial business combination within 12 months, our insiders or their affiliates may, but are not obligated to, extend the period of time to consummate a business combination three times by an additional three months each time (for a total of up to 21 months to complete a business combination). Pursuant to the terms of our amended and restated certificate of incorporation and the trust agreement to be entered into between us and Continental Stock Transfer & Trust Company on the date of this prospectus, the only way to extend the time available for us to consummate our initial business combination is for our insiders or their affiliates or designees, upon five days' advance notice prior to the applicable deadline, to deposit into the trust account \$500,000, or \$575,000 if the over-allotment option is exercised in full (\$0.10 per share in either case), on or prior to the date of the applicable deadline. In the event that they elected to extend the time to complete a business combination and deposited the applicable amount of money into trust, the insiders would receive a non-interest bearing, unsecured promissory note equal to the amount of any such deposit that will not be repaid in the event that we are unable to close a business combination unless there are funds available outside the trust account to do so. Such notes would either be paid upon consummation of our initial business combination, or, at the relevant insider's discretion, converted upon consummation of our business combination into additional private units at a price of \$10.00 per unit. Our shareholders have approved the issuance of the private units upon conversion of such notes, to the extent the holder wishes to so convert such notes at the time of the consummation of our initial business combination. In the event that we receive notice from our insiders five days prior to the applicable deadline of their intent to effect an extension, we intend to issue a press release announcing such intention at least three days prior to the applicable deadline. In addition, we intend to issue a press release the day after the applicable deadline announcing whether or not the funds had been timely deposited. Our insiders and their affiliates or designees are not obligated to fund the trust account to extend the time for us to complete our initial business combination. To the extent that some, but not all, of our insiders, decide to extend the period of time to consummate our initial business combination, such insiders (or their affiliates or designees) may deposit the entire amount required. If we are unable to consummate our initial business combination within such time period, we will, as promptly as possible but not more than ten business days thereafter, redeem 100% of our outstanding public shares for a pro rata portion of the funds held in the trust account, including a pro rata portion of any interest earned on the funds held in the trust account and not previously released to us to pay our taxes, and then seek to dissolve and liquidate. However, we may not be able to distribute such amounts as a result of claims of creditors which may take priority over the claims of our public stockholders. In the event of our dissolution and liquidation, the private units will expire and will be worthless.

We will either (1) seek stockholder approval of our initial business combination at a meeting called for such purpose, at which stockholders may seek to convert their shares, regardless of whether they vote for or against the proposed business combination, into their pro rata share of the aggregate amount then on deposit in the trust account (net of taxes payable), or (2) provide our stockholders with the opportunity to sell their shares to us by means of a tender offer (and thereby avoid the need for a stockholder vote) for an amount equal to their pro rata share of the aggregate amount then on deposit in the trust account (net of taxes payable), in each case subject to the limitations described herein. The decision as to whether we will seek stockholder approval of our proposed business combination or allow stockholders to sell their shares to us in a tender offer will be made by us, solely in our discretion, and will be based on a variety of factors such as the timing of the transaction and whether the terms of the transaction would otherwise require us to seek stockholder approval. Any tender offer documents used in connection with a business combination will contain substantially the same financial and other information about the initial business combination as is required under the SEC's proxy rules.

The initial per public share redemption or conversion price will be \$10.20 per share, regardless of whether the over-allotment option is exercised. However, we may not be able to distribute such amounts as a result of claims of creditors which may take priority over the claims of our public stockholders.

Pursuant to the rules of the Nasdaq Stock Market, our initial business combination must occur with one or more target businesses having an aggregate fair market value of at least 80% of the value of the trust account (excluding any deferred underwriter's fees and taxes payable on the income earned on the trust account), which we refer to as the 80% test, at the time of the agreement to enter into the initial business combination. Therefore, the fair market value of the target business will be calculated prior to any conversions of our shares in connection with a business combination and therefore will be a minimum of \$40,800,000 (or \$46,920,000 if the over-allotment option is exercised in full) in order to satisfy the 80% test. While the fair market value of the target business must satisfy the 80% test, the consideration we pay the owners of the target business may be a combination of cash (whether cash from the trust account or cash from a debt or equity financing transaction that closes concurrently with the business combination) or our equity securities. The exact nature and amount of consideration would be determined based on negotiations with the target business, although we will attempt to primarily use our equity as transaction consideration. If our board is not able to independently determine the fair market value of the target business or businesses, we will obtain an opinion from an independent investment banking firm with respect to the satisfaction of such criteria. We will also obtain a fairness opinion from an independent investment banking firm before consummating a business combination with an entity affiliated with any of our officers, directors or insiders. If we are no longer listed on Nasdaq, we will not be required to satisfy the 80% test.

We anticipate structuring our initial business combination so that the post-transaction company in which our public stockholders own shares will own or acquire 100% of the equity interests or assets of the target business or businesses. We may, however, structure our initial business combination such that the post-transaction company owns less than 100% of such interests or assets of the target business in order to meet certain objectives of the target management team or stockholders or for other reasons, but we will only complete such business combination if the post-transaction company owns 50% or more of the outstanding voting securities of the target or otherwise owns a controlling interest in the target sufficient for it not to be required to register as an investment company under the Investment Company Act of 1940, as amended, or the Investment Company Act. Even if the post-transaction company owns 50% or more of the voting securities of the target, our stockholders prior to the business combination may collectively own a minority interest in the post-transaction company, depending on valuations ascribed to the target and us in the business combination transaction. For example, we could pursue a transaction in which we issue a substantial number of new shares in exchange for all of the outstanding capital stock of a target. In this case, we would acquire a 100% controlling interest in the target. However, as a result of the issuance of a substantial number of new shares, our stockholders immediately prior to our initial business combination could own less than a majority of our outstanding shares subsequent to our initial business combination. If less than 100% of the equity interests or assets of a target business or businesses are owned or acquired by the post-transaction company, the portion of such business or businesses that is owned or acquired is what will be valued for purposes of the 80% test.

As more fully discussed in “Management — Conflicts of Interest,” if any of our officers or directors becomes aware of a business combination opportunity that falls within the line of business of any entity to which he or she has pre-existing fiduciary or contractual obligations, he or she may be required to present such business combination opportunity to such entity prior to presenting such business combination opportunity to us. All of our officers, directors and director nominees currently have certain relevant pre-existing fiduciary duties or contractual obligations.

We are an “emerging growth company,” as defined in Section 2(a) of the Securities Act, as modified by the Jumpstart Our Business Startups Act of 2012, or the JOBS Act. As such, we are eligible to take advantage of certain exemptions from various reporting requirements that are applicable to other public companies that are not “emerging growth companies” including, but not limited to, not being required to comply with the auditor attestation requirements of Section 404 of the Sarbanes-Oxley Act of 2002, or the Sarbanes-Oxley Act, reduced disclosure obligations regarding executive compensation in our periodic reports and proxy statements, and exemptions from the requirements of holding a non-binding advisory vote on executive compensation and stockholder approval of any golden parachute payments not previously approved. If some investors find our securities less attractive as a result, there may be a less active trading market for our securities and the prices of our securities may be more volatile.

In addition, Section 107 of the JOBS Act also provides that an “emerging growth company” can take advantage of the extended transition period provided in Section 7(a)(2)(B) of the Securities Act for complying with new or revised accounting standards. In other words, an “emerging growth company” can delay the adoption of certain accounting standards until those standards would otherwise apply to private companies. We intend to take advantage of the benefits of this extended transition period until we are no longer an “emerging growth company.”

We will remain an emerging growth company until the earlier of (1) the last day of the fiscal year (a) following the fifth anniversary of the completion of this offering, (b) in which we have total annual gross revenue of at least \$1.07 billion, or (c) in which we are deemed to be a large accelerated filer, which means the market value of our common stock that is held by non-affiliates exceeds \$700 million as of the prior June 30th, and (2) the date on which we have issued more than \$1.0 billion in non-convertible debt during the prior three-year period. References herein to “emerging growth company” shall have the meaning associated with it in the JOBS Act.

Private Placements

In November 2019, we issued 100 shares of common stock to certain of our initial shareholders. In January 2020, we declared a share dividend of 21,561.50 shares of common stock for each outstanding share, resulting in 2,156,250 shares of common stock being outstanding. In May 2020, we declared a reverse split of one share of common stock for every 1.5 outstanding shares of common stock, resulting in 1,437,500 shares of common stock being outstanding. We refer to these shares throughout this prospectus as the “insider shares,” and the aggregate purchase price for the insider shares was \$25,000, or approximately \$0.017 per share. The 1,437,500 insider shares held or controlled by our insiders include an aggregate of up to 187,500 shares subject to forfeiture to the extent that the underwriters’ over-allotment option is not exercised in full or in part, so that our insiders will collectively own or control 20.0% of our issued and outstanding shares after this offering.

The insider shares are identical to the shares of common stock included in the units being sold in this offering. However, our insiders have agreed (A) to vote their insider shares, private shares and any public shares acquired in or after this offering in favor of any proposed business combination, (B) not to propose, or vote in favor of, an amendment to our certificate of incorporation that would affect the substance or timing of our obligation to redeem 100% of our public shares if we do not complete our initial business combination within 12 months from the closing of this offering (or 15 or 18 or 21 months, as applicable) unless we provide our public stockholders with the opportunity to redeem their shares of common stock upon approval of any such amendment at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the trust account, net of taxes payable, divided by the number of then outstanding public shares, (C) not to convert any shares (including the insider shares) into the right to receive cash from the trust account in connection with a stockholder vote to approve our proposed initial business combination (or sell any shares they hold to us in a tender offer in connection with a proposed initial business combination) or a vote to amend the provisions of our certificate of incorporation relating to the substance or timing of our obligation to redeem 100% of our public shares if we do not complete our initial business combination within 21 months from the closing of this offering, and (D) that the insider shares shall not be entitled to be redeemed for a pro rata portion of the funds held in the trust account if a business combination is not consummated.

On the date of this prospectus, the insider shares will be placed into an escrow account maintained in New York, New York by Continental Stock Transfer & Trust Company, acting as escrow agent. Subject to certain limited exceptions, 50% of these shares will not be transferred, assigned, sold or released from escrow until the earlier of six months after the date of the consummation of our initial business combination and the date on which the closing price of our common stock equals or exceeds \$12.50 per share (as adjusted for stock splits, stock dividends, reorganizations and recapitalizations) for any 20 trading days within any 30-trading day period commencing after our initial business combination and the remaining 50% of the insider shares will not be transferred, assigned, sold or released from escrow until six months after the date of the consummation of our initial business combination, or earlier, in either case, if, subsequent to our initial business combination, we complete a liquidation, merger, stock exchange or other similar transaction which results in all of our stockholders having the right to exchange their shares of common stock for cash, securities or other property. The limited exceptions referred to above include (1) transfers among the insiders, to our officers, directors, advisors and employees, (2) transfers to an insider's affiliates or its members upon its liquidation, (3) transfers to relatives and trusts for estate planning purposes, (4) transfers by virtue of the laws of descent and distribution upon death, (5) transfers pursuant to a qualified domestic relations order, (6) private sales made at prices no greater than the price at which the securities were originally purchased or (7) transfers to us for cancellation in connection with the consummation of an initial business combination, in each case (except for clause 7) where the transferee agrees to the terms of the escrow agreement and forfeiture, as the case may be, as well as the other applicable restrictions and agreements of the holders of the insider shares.

Sunlight Global Investment LLC and Chardan Capital Markets, LLC have committed to purchase from us an aggregate of 321,500 units, or "private units," at \$10.00 per private unit, of which 296,500 private units will be purchased by Sunlight Global Investment LLC and 25,000 Private Units will be purchased by Chardan Capital Markets, LLC (for a total purchase price of \$3,215,000). These purchases will take place on a private placement basis simultaneously with the consummation of this offering. All of the proceeds we receive from this purchase will be placed in the trust account described below. Sunlight Global Investment LLC and Chardan Capital Markets, LLC have also agreed that if the over-allotment option is exercised by the underwriters, they will purchase from us at a price of \$10.00 per private unit an additional number of private units, of which up to 30,000 private units will be purchased by Sunlight Global Investment LLC and up to 3,750 private units will be purchased by Chardan Capital Markets, LLC (up to a maximum of 33,750 private units) *pro rata* with the amount of the over-allotment option exercised so that at least \$10.20 per share sold to the public in this offering is held in trust regardless of whether the over-allotment option is exercised in full or part. These additional private units will be purchased in a private placement that will occur simultaneously with the purchase of units resulting from the exercise of the over-allotment option. The proceeds from the private placement of the private units will be added to the proceeds of this offering and placed in the same trust account described in this prospectus maintained by Continental Stock Transfer & Trust Company, as trustee.

The private units are identical to the units sold as part of the public units in this offering. However, our initial stockholders have agreed (A) to vote their insider shares, private shares and any public shares purchased in or after this offering in favor of any proposed business combination, (B) not to propose, or vote in favor of, prior to and unrelated to an initial business combination, an amendment to our certificate of incorporation that would affect the substance or timing of the ability of public stockholders to exercise redemption rights as described herein or of our redemption obligation to redeem all public shares if we cannot complete an initial business combination within 12 months of the closing of this offering (or 15 or 18 or 21 months, as applicable), unless we provide public stockholders an opportunity to redeem their public shares in conjunction with any such amendment, (C) not to redeem any shares, including insider shares, private shares and any public shares purchased in or after this offering into the right to receive cash from the trust account in connection with a stockholder vote to approve our proposed initial business combination or sell any shares to us in any tender offer in connection with our proposed initial business combination, and (D) that the founder shares and private shares shall not participate in any liquidating distribution upon winding up if a business combination is not consummated.

If public units or shares are purchased by any of our directors, officers or initial shareholders, they will be entitled to funds from the trust account to the same extent as any public shareholder upon our liquidation but will not have redemption rights related thereto.

Our executive offices are located at 311 West 43rd Street, 12th Floor, New York, NY 10036 and our telephone number is (646) 493-6558.

The Offering

In making your decision on whether to invest in our securities, you should take into account not only the backgrounds of the members of our management team, but also the special risks we face as a blank check company and the fact that this offering is not being conducted in compliance with Rule 419 promulgated under the Securities Act. You will not be entitled to protections normally afforded to investors in Rule 419 blank check offerings. You should carefully consider these and the other risks set forth in the section below entitled “Risk Factors” beginning on page 27 of this prospectus.

Securities offered

5,000,000 Units, at \$10.00 per unit, each unit consisting of one share of common stock and one right entitling the holder thereof to receive one-tenth (1/10) of a share of common stock upon consummation of our initial business combination, subject to adjustment as described in this prospectus.

Proposed Nasdaq symbols

We anticipate the units, and the shares of common stock and rights once they begin separate trading, will be listed on Nasdaq under the symbols “MCACU,” “MCAC,” and “MCACR,” respectively.

Trading commencement and separate trading of common stock and rights

The units will begin trading on or promptly after the date of this prospectus. Each of the common stock and rights may trade separately on the 90th day after the date of this prospectus unless Chardan Capital Markets, LLC determines that an earlier date is acceptable (based upon, among other things, its assessment of the relative strengths of the securities markets and small capitalization companies in general, and the trading pattern of, and demand for, our securities in particular). In no event will Chardan Capital Markets, LLC allow separate trading of the common stock and rights until we file an audited balance sheet reflecting our receipt of the gross proceeds at the closing of this offering. Once the shares of common stock and rights commence separate trading, holders will have the option to continue to hold units or separate their units into the component pieces. Holders will need to have their brokers contact our transfer agent in order to separate the units into shares of common stock and rights. We will file a Current Report on Form 8-K with the U.S. Securities and Exchange Commission, or the SEC, including an audited balance sheet, promptly following the closing of this offering, which is anticipated to take place three business days from the date the units commence trading. The audited balance sheet will reflect our receipt of the proceeds from the exercise of the over-allotment option if the over-allotment option is exercised on the date of this prospectus. If the over-allotment option is exercised after the date of this prospectus, we will file an amendment to the Form 8-K or a new Form 8-K to provide updated financial information to reflect the exercise of the over-allotment option. We will also include in the Form 8-K, or amendment thereto, or in a subsequent Form 8-K, information indicating if Chardan Capital Markets, LLC has allowed separate trading of the common stock and rights prior to the 90th day after the date of this prospectus.

- (3) Assumes the over-allotment option has not been exercised and that 187,500 insider shares that are subject to forfeiture if the over-allotment option is not exercised by the underwriters in full have been forfeited. If the over-allotment option is exercised in full, there will be a total of 7,542,750 shares of common stock issued and outstanding.

Rights included as part of units:

Number outstanding before this offering 0 rights

Number to be outstanding after this offering and sale of private units 5,321,500 rights⁴

Terms of Rights:

Except in cases where we are not the surviving company in a business combination, each holder of a public right will automatically receive one-tenth (1/10) of a share of common stock upon consummation of our initial business combination. In the event we will not be the surviving company upon completion of our initial business combination, each holder of a right will be required to affirmatively convert his, her or its rights in order to receive the one-tenth (1/10) of a share underlying each right upon consummation of the business combination. We will not issue fractional shares in connection with an exchange of rights. Fractional shares will either be rounded down to the nearest whole share or otherwise addressed in accordance with the applicable provisions of the Delaware General Corporation Law. As a result, you must hold rights in multiples of 10 in order to receive shares for all of your rights upon closing of a business combination. If we are unable to complete an initial business combination within the required time period and we redeem the public shares for the funds held in the trust account, holders of rights will not receive any of such funds for their rights and the rights will expire worthless.

⁴ Assumes the over-allotment option has not been exercised. If the over-allotment option is exercised in full, there will be a total of 6,105,250 rights issued and outstanding, including an aggregate of 355,250 rights underlying the private units.

Offering proceeds to be held in trust:

\$51,000,000 of the net proceeds of this offering and the private placement (or \$58,650,000 if the over-allotment option is exercised in full), or \$10.20 per unit sold to the public in this offering (regardless of whether or not the over-allotment option is exercised in full or part) will be placed in a trust account at JPMorgan Chase Bank, maintained by Continental Stock Transfer & Trust Company, acting as trustee pursuant to an agreement to be signed on the date of this prospectus. \$500,000 of net proceeds of this offering will not be held in the trust account.

Except as set forth below, the proceeds in the trust account will not be released until the earlier of: (1) the completion of an initial business combination within the required time period and (2) our redemption of 100% of the outstanding public shares if we have not completed a business combination in the required time period. Therefore, unless and until our initial business combination is consummated, the proceeds held in the trust account will not be available for our use for any expenses related to this offering or expenses which we may incur related to the investigation and selection of a target business and the negotiation of an agreement to acquire a target business.

Notwithstanding the foregoing, there can be released to us from the trust account any interest earned on the funds in the trust account that we need to pay our income or other tax obligations. With this exception, expenses incurred by us may be paid prior to a business combination only from the net proceeds of this offering not held in the trust account of approximately \$500,000. Additionally, in order to meet our working capital needs following the consummation of this offering if the funds not held in the trust account are insufficient, our initial stockholders, officers and directors or their affiliates may, but are not obligated to, loan us funds, from time to time or at any time, in whatever amount they deem reasonable in their sole discretion. Each loan would be evidenced by a promissory note. The notes would either be paid upon consummation of our initial business combination, without interest, or, at the relevant insider's discretion, up to \$1,500,000 of the notes may be converted upon consummation of our business combination into private units at a price of \$10.00 per unit (which, for example, would result in the holders being issued units to acquire 150,000 shares of common stock if \$1,500,000 of notes were so converted). If we do not complete a business combination, the loans will only be repaid with funds not held in the trust account, to the extent available.

Insider Shares

In November 2019, we issued 100 shares of common stock to certain of our initial shareholders. In January 2020, we declared a share dividend of 21,561.50 shares of common stock for each outstanding share, resulting in 2,156,250 shares of common stock being outstanding. In May 2020, we declared a reverse split of one share of common stock for every 1.5 outstanding shares of common stock, resulting in 1,437,500 shares of common stock being outstanding. We refer to these shares throughout this prospectus as the "insider shares," and the aggregate purchase price for the insider shares was \$25,000, or approximately \$0.017 per share. The 1,437,500 insider shares held or controlled by our insiders include an aggregate of up to 187,500 shares subject to forfeiture to the extent that the underwriters' over-allotment option is not exercised in full or in part, so that our insiders will collectively own or control 20.0% of our issued and outstanding shares after this offering. The purchase price of the insider shares was determined by dividing the amount of cash contributed to the company by the number of insider shares issued. If we increase or decrease the size of the offering pursuant to Rule 462(b) under the Securities Act, we will effect a stock dividend or share contribution back to capital, as applicable, immediately prior to the consummation of the offering in such amount as to maintain the ownership of our stockholders prior to this offering at 20.0% of the number of shares outstanding after this offering. Our insiders will collectively beneficially own approximately 20.0% of our issued and outstanding shares after this offering (not including the private units and underlying shares and assuming our insiders do not purchase any public units in this offering). Up to 187,500 insider shares will be subject to forfeiture by our insiders (and/or their permitted transferees) depending on the extent to which the underwriters' over-allotment option is exercised.

The insider shares are identical to the shares of common stock included in the units being sold in this offering, except that:

- the insider shares are subject to certain transfer restrictions, as described in more detail below, and
- our insiders have entered into letter agreements with us, pursuant to which they have agreed (i) to waive their conversion rights with respect to their insider shares and any public shares they purchase in connection with the completion of our initial business combination and (ii) to waive their redemption rights with respect to their insider shares if we fail to complete our initial business combination within 12 months from the closing of this offering (or 15 or 18 or 21, as applicable) (although they will be entitled to redemption rights with respect to any public shares they hold if we fail to complete our business combination within the prescribed time frame).
- If we submit our initial business combination to our public stockholders for a vote, our insiders have agreed to vote their insider shares, private shares and any public shares purchased during or after this offering in favor of our initial business combination.

Transfer restrictions on insider shares

Our insiders have agreed not to transfer, assign or sell any of the insider shares (except to certain permitted transferees) until, with respect to 50% of the insider shares, the earlier of six months after the date of the consummation of our initial business combination and the date on which the closing price of our common stock equals or exceeds \$12.50 per share for any 20 trading days within a 30-trading day period following the consummation of our initial business combination and, with respect to the remaining 50% of the insider shares, six months after the date of the consummation of our initial business combination, or earlier in each case if, subsequent to our initial business combination, we complete a liquidation, merger, stock exchange or other similar transaction which results in all of our stockholders having the right to exchange their shares of common stock for cash, securities or other property. The insider shares will be held in escrow with Continental Stock Transfer & Trust Company during the period in which they are subject to the transfer restrictions described above.

Private units

Sunlight Global Investment LLC and Chardan Capital Markets, LLC have committed, pursuant to a written agreement, to purchase an aggregate of 321,500 private units (\$3,215,000) in a private placement that will occur simultaneously with the closing of this offering, of which 296,500 private units will be purchased by Sunlight Global Investment LLC and 25,000 private units will be purchased by Chardan Capital Markets, LLC. Sunlight Global Investment LLC and Chardan Capital Markets, LLC have also agreed that if the over-allotment option is exercised by the underwriters, they will purchase from us at a price of \$10.00 per private unit an additional number of private units, of which up to 30,000 private units will be purchased by Sunlight Global Investment LLC and up to 3,750 private units will be purchased by Chardan Capital Markets, LLC (up to a maximum of 33,750 private units) pro rata with the amount of the over-allotment option exercised so that at least \$10.20 per share sold to the public in this offering is held in trust regardless of whether the over-allotment option is exercised in full or part. The purchase price of the private units will be added to the proceeds from this offering to pay for the expenses of this offering and to be held in the trust account. If we do not complete our initial business combination within 12 months from the closing of this offering (or 15 or 18 or 21 months, as applicable), the proceeds of the sale of the private units will be used to fund the redemption of our public shares (subject to the requirements of applicable law) and the private units will be worthless.

Limited payments to insiders

There will be no fees, reimbursements or other cash payments paid to our insiders or any of the members of our management team prior to, or for any services they render in order to effectuate, the consummation of our initial business combination (regardless of the type of transaction that it is) other than:

- repayment at the closing of this offering of non-interest bearing loans up to an aggregate amount of \$500,000;
- payment of \$10,000 per month to Sunlight Global Investment LLC for office space and related services, subject to deferral as described herein;
- reimbursement of out-of-pocket expenses incurred by our insiders or any of their affiliates in connection with certain activities on our behalf, such as identifying and investigating possible business targets and business combinations; and
- repayment of loans which may be made by our insiders or any of their affiliates to finance transaction costs in connection with an initial business combination, the terms of which have not been determined.

There is no limit on the amount of out-of-pocket expenses reimbursable by us; provided, however, that to the extent such expenses exceed the available proceeds not deposited in the trust account, such expenses would not be reimbursed by us unless we consummate an initial business combination. We have no policy which prohibits our insiders or any member of our management team from negotiating the reimbursement of such expenses by a target business. Our audit committee will review and approve all reimbursements and payments made to any insider or member of our management team, or our or their respective affiliates, and any reimbursements and payments made to members of our audit committee will be reviewed and approved by our board of directors, with any interested director abstaining from such review and approval.

Potential revisions to agreements with insiders

We could seek to amend certain agreements made by our management team disclosed in this prospectus without the approval of stockholders, although we have no intention to do so. For example, restrictions on our executives relating to the voting of securities owned by them, the agreement of our management team to remain with us until the closing of a business combination, the obligation of our management team to not propose certain changes to our organizational documents or the obligation of the management team and its affiliates to not receive any compensation in connection with a business combination could be modified without obtaining stockholder approval. Although stockholders would not be given the opportunity to redeem their shares in connection with such changes, in no event would we be able to modify the redemption or liquidation rights of our stockholders without permitting our stockholders the right to redeem their shares in connection with any such change. We will not agree to any such changes unless we believed that such changes were in the best interests of our stockholders (for example, if such a modification were necessary to complete a business combination).

Stockholder approval of, or tender offer in connection with, initial business combination

In connection with any proposed initial business combination, we will either (1) seek stockholder approval of such initial business combination at a meeting called for such purpose at which stockholders may seek to convert their shares into the right to receive cash from the trust account, regardless of whether they vote for or against the proposed business combination; or (2) provide our stockholders with the opportunity to sell their shares to us by means of a tender offer (and thereby avoid the need for a stockholder vote) for an amount equal to their pro rata share of the aggregate amount then on deposit in the trust account (net of taxes payable), in each case subject to the limitations described herein. The decision as to whether we will seek stockholder approval of our proposed business combination or allow stockholders to sell their shares to us in a tender offer will be made by us, solely in our discretion, and will be based on a variety of factors such as the timing of the transaction and whether the terms of the transaction would otherwise require us to seek stockholder approval. If we provide stockholders with the opportunity to sell their shares to us by means of a tender offer, we will file tender offer documents with the SEC which will contain substantially the same financial and other information about the initial business combination as is required under the SEC's proxy rules. If we seek stockholder approval of our initial business combination, we will consummate the business combination only if a majority of the outstanding shares of common stock voted are voted in favor of the business combination.

In addition, we will not consummate our initial business combination if public stockholders exercise conversion rights in an amount that would cause our net tangible assets to be less than \$5,000,001 (so that this offering is not subject to Rule 419 promulgated under the Securities Act) or if we do not satisfy any greater net tangible asset or cash requirement which may be contained in the agreement relating to our initial business combination. For example, the proposed business combination may require: (i) cash consideration to be paid to the target or its owners, (ii) cash to be transferred to the target for working capital or other general corporate purposes or (iii) the retention of cash to satisfy other conditions in accordance with the terms of the proposed business combination. In the event the aggregate cash consideration needed to satisfy cash conditions pursuant to the terms of the proposed business combination exceeds the aggregate amount of cash available to us (including any cash we may obtain from financing from third parties or our insiders or their affiliates, which may not be available on terms acceptable to us or at all), we will not complete the business combination (as we may be required to have a lesser number of shares converted). As a result, we may not be able to locate another suitable target within the applicable time period, if at all. However, if we seek stockholder approval of a business combination and if a significant number of public stockholders properly seek to convert their public shares in connection with a proposed business combination, we or our insiders or their affiliates could purchase some or all of such shares in the open market or in private transactions in order to seek to satisfy the cash conditions. However, they have no current commitments, plans or intentions to engage in such transactions and have not formulated any terms or conditions for any such transactions. No funds from the trust account can be released from the trust account prior to the consummation of a business combination to make such purchases (although such purchases could be made using funds available to us after the closing of a business combination). We do not currently anticipate that such purchases, if any, would constitute a tender offer subject to the tender offer rules under the Exchange Act or a going-private transaction subject to the going-private rules under the Exchange Act; however, if the purchasers determine at the time of any such purchases that the purchases are subject to such rules, the purchasers will comply with such rules. Notwithstanding the foregoing, we or our insiders and their affiliates will not make purchases of shares of common stock if the purchases would violate Sections 9(a)(2) or 10(b) of the Exchange Act or Regulation M, which are rules that prohibit manipulation of a company's stock, and we and they will comply with Rule 10b-18 under the Exchange Act in connection with any open-market purchases. If purchases cannot be made without violating applicable law, no such purchases will be made.

Our insiders have agreed (A) to vote their insider shares, private shares and any public shares acquired in or after this offering in favor of any proposed business combination, (B) not to propose, or vote in favor of, an amendment to our certificate of incorporation that would affect the substance or timing of our obligation to redeem 100% of our public shares if we do not complete our initial business combination within 12 months from the closing of this offering (or 15 or 18 or 21 months if we have extended the period of time as described in this prospectus), unless we provide our public stockholders with the opportunity to redeem their shares of common stock upon approval of any such amendment at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the trust account, including interest earned on the funds held in the trust account and not previously released to us to pay our franchise and income taxes, divided by the number of then outstanding public shares, (C) not to convert any shares (including the insider shares and private shares) into the right to receive cash from the trust account in connection with a stockholder vote to approve our proposed initial business combination (or sell any shares they hold to us in a tender offer in connection with a proposed initial business combination) or a vote to amend the provisions of our certificate of incorporation relating to the substance or timing of our obligation to redeem 100% of our public shares if we do not complete our initial business combination within 12 months from the closing of this offering (or 15 or 18 or 21 months if we have extended the period of time as described in this prospectus) and (D) that the insider shares and private shares shall not be entitled to be redeemed for a pro rata portion of the funds held in the trust account if a business combination is not consummated. Depending on how a business combination was structured, any stockholder approval requirement could be satisfied by obtaining the approval of either (i) a majority of the shares of our common stock that were voted at the meeting (assuming a quorum was present at the meeting), or (ii) a majority of the outstanding shares of our common stock. Because our insiders will collectively beneficially own approximately 20.0% of our issued and outstanding shares of common stock (not including the private units and underlying securities and assuming our insiders do not purchase any units in this offering) upon consummation of this offering, a minimum of approximately 71,376 public shares, or 1.09% of the outstanding shares of our common stock (if the approval requirement was a majority of shares voted and assuming that only a quorum was present at the meeting, that the over-allotment option is not exercised, that Chardan votes in favor of the transaction, and that the initial stockholders do not purchase any units in this offering or units or shares in the after-market), would need to be voted in favor of a business combination in order for it to be approved.

None of our insiders, director nominees or their affiliates has committed to purchase units in this offering or any units or shares of common stock in the open market or in private transactions. However, if a significant number of stockholders vote, or indicate an intention to vote, against a proposed business combination, our insiders or their affiliates could make such purchases in the open market or in private transactions in order to influence the vote. Notwithstanding the foregoing, our insiders and their affiliates will not make purchases of shares of common stock if the purchases would violate Section 9(a)(2) or Rule 10b-5 of the Exchange Act.

Conditions to completing our initial business combination

There is no limitation on our ability to raise funds privately or through loans in connection with our initial business combination. Our initial business combination must occur with one or more target businesses that together have an aggregate fair market value of at least 80% of the value of the trust account (excluding any deferred underwriter's fees and taxes payable on the income earned on the trust account) at the time of the agreement to enter into the initial business combination. If we are no longer listed on Nasdaq, we will not be required to satisfy the 80% test.

If our board is not able to independently determine the fair market value of the target business or businesses, we may obtain an opinion from an independent investment banking or accounting firm as to the fair market value of the target business. We will complete our initial business combination only if the post-transaction company in which our public stockholders own shares will own or acquire 50% or more of the outstanding voting securities of the target or otherwise acquires a controlling interest in the target sufficient for it not to be required to register as an investment company under the Investment Company Act. Even if the post-transaction company owns 50% or more of the voting securities of the target, our stockholders prior to the business combination may collectively own a minority interest in the post business combination company, depending on valuations ascribed to the target and us in the business combination transaction. If less than 100% of the equity interests or assets of a target business or businesses are owned or acquired by the post-transaction company, the portion of such business or businesses that is owned or acquired is what will be valued for purposes of the 80% test, provided that in the event that the business combination involves more than one target business, the 80% test will be based on the aggregate value of all of the target businesses.

Conversion rights

In connection with any stockholder meeting called to approve a proposed initial business combination, each public stockholder will have the right, regardless of whether he, she or it is voting for or against such proposed business combination, to demand that we convert his, her or its public shares into a *pro rata* share of the trust account upon consummation of the business combination.

We may require public stockholders wishing to exercise conversion rights, whether they are a record holder or hold their shares in “street name,” to either tender the certificates they are seeking to convert to our transfer agent or to deliver the shares they are seeking to convert to the transfer agent electronically using Depository Trust Company’s DWAC (Deposit/Withdrawal At Custodian) System, at the holder’s option, at any time at or prior to the vote on the business combination. There is a nominal cost associated with this tendering process and the act of certificating the shares or delivering them through the DWAC System. The transfer agent will typically charge the tendering broker \$45 and it would be up to the broker whether or not to pass this cost on to the converting holder. However, this fee would be incurred regardless of whether or not we require holders to deliver their shares prior to the vote on the business combination in order to exercise conversion rights. This is because a holder would need to deliver shares to exercise conversion rights regardless of the timing of when such delivery must be effectuated. However, in the event we require stockholders to deliver their shares prior to the vote on the proposed business combination and the proposed business combination is not consummated, this may result in an increased cost to stockholders.

Under Delaware law, we may be required to give a minimum of only ten days’ notice for each general meeting. As a result, if we require public stockholders who wish to convert their shares of common stock into the right to receive a *pro rata* portion of the funds in the trust account to comply with the foregoing delivery requirements, holders may not have sufficient time to receive the notice and deliver their shares for conversion. Accordingly, investors may not be able to exercise their conversion rights and may be forced to retain our securities when they otherwise would not want to.

If we require public stockholders who wish to convert their shares of common stock to comply with specific delivery requirements for conversion described above and such proposed business combination is not consummated, we will promptly return such certificates to the tendering public stockholders.

**Release of funds in trust account on closing of
our initial business combination**

On the completion of our initial business combination, all amounts held in the trust account will be released to us. We will use these funds to pay amounts due to any public stockholders who exercise their conversion rights as described above under “— Conversion rights,” to pay the underwriters their deferred underwriting commissions, to pay all or a portion of the consideration payable to the target or targets or owners of the target or targets of our initial business combination and to pay other expenses associated with our initial business combination. If our initial business combination is paid for using stock or debt securities, or not all of the funds released from the trust account are used for payment of the consideration in connection with our initial business combination, we may apply the balance of the cash released to us from the trust account for general corporate purposes, including for maintenance or expansion of operations of post-transaction businesses, the payment of principal or interest due on indebtedness incurred in completing our initial business combination, to fund the purchase of other companies or for working capital.

Liquidation if no business combination

If we are unable to complete our initial business combination within 12 months from the closing of this offering, we will (i) cease all operations except for the purpose of winding up, (ii) as promptly as reasonably possible but not more than ten business days thereafter, redeem 100% of the outstanding public shares for a pro rata portion of the funds held in the trust account, which redemption will completely extinguish public stockholders' rights as stockholders (including the right to receive further liquidation distributions, if any), subject to applicable law, and (iii) as promptly as reasonably possible following such redemption, subject to the approval of our remaining holders of common stock and our board of directors, dissolve and liquidate, subject (in the case of (ii) and (iii) above) to our obligations under Delaware law to provide for claims of creditors and the requirements of other applicable law. However, if we anticipate that we may not be able to consummate our initial business combination within 12 months, our insiders or their affiliates may, but are not obligated to, extend the period of time to consummate a business combination three times by an additional three months each time (for a total of up to 21 months to complete a business combination). Pursuant to the terms of our amended and restated certificate of incorporation and the trust agreement to be entered into between us and Continental Stock Transfer & Trust Company on the date of this prospectus, the only way to extend the time available for us to consummate our initial business combination is for our insiders or their affiliates or designees, upon five days' advance notice prior to the applicable deadline, to deposit into the trust account \$500,000, or \$575,000 if the over-allotment option is exercised in full (\$0.10 per share in either case), on or prior to the date of the applicable deadline. In the event that they elected to extend the time to complete a business combination and deposited the applicable amount of money into trust, the insiders would receive a non-interest bearing, unsecured promissory note equal to the amount of any such deposit that will not be repaid in the event that we are unable to close a business combination unless there are funds available outside the trust account to do so. Such notes would either be paid upon consummation of our initial business combination, or, at the relevant insider's discretion, converted upon consummation of our business combination into additional private units at a price of \$10.00 per unit. Our shareholders have approved the issuance of the private units upon conversion of such notes, to the extent the holder wishes to so convert such notes at the time of the consummation of our initial business combination. In the event that we receive notice from our insiders five days prior to the applicable deadline of their intent to effect an extension, we intend to issue a press release announcing such intention at least three days prior to the applicable deadline. In addition, we intend to issue a press release the day after the applicable deadline announcing whether or not the funds had been timely deposited. Our insiders and their affiliates or designees are not obligated to fund the trust account to extend the time for us to complete our initial business combination. To the extent that some, but not all, of our insiders, decide to extend the period of time to consummate our initial business combination, such insiders (or their affiliates or designees) may deposit the entire amount required.

In connection with our redemption of 100% of our outstanding public shares, each holder will receive an amount equal to (1) the number of public shares being converted by such public holder divided by the total number of public shares multiplied by (2) the amount then in the trust account (initially \$10.20 per share), which includes the deferred underwriting commission, plus a pro rata portion of any interest earned on the funds held in the trust account and not previously released to us or necessary to pay our taxes (subject in each case to our obligations under Delaware law to provide for claims of creditors).

The proceeds deposited in the trust account could, however, become subject to claims of our creditors that are in preference to the claims of our stockholders. We may not have funds sufficient to pay or provide for all creditors' claims. Although we will seek to have all vendors, service providers (excluding our independent registered public accounting firm), prospective target businesses and other entities with which we do business execute agreements with us waiving any right, title, interest or claim of any kind in or to any monies held in the trust account for the benefit of our public stockholders, there is no guarantee that they will execute such agreements or even if they execute such agreements that they would be prevented from bringing claims against the trust account including, but not limited to, fraudulent inducement, breach of fiduciary responsibility or other similar claims, as well as claims challenging the enforceability of the waiver, in each case in order to gain an advantage with respect to a claim against our assets, including the funds held in the trust account. If any third-party refuses to execute an agreement waiving such claims to the monies held in the trust account, our management will perform an analysis of the alternatives available to it and will only enter into an agreement with a third-party that has not executed a waiver if management believes that such third-party's engagement would be significantly more beneficial to us than any alternative. Examples of possible instances where we may engage a third-party that refuses to execute a waiver include the engagement of a third-party consultant whose particular expertise or skills are believed by management to be significantly superior to those of other consultants that would agree to execute a waiver or in cases where management is unable to find a service provider willing to execute a waiver. The underwriters will not execute agreements with us waiving such claims to the monies held in the trust account. In addition, there is no guarantee that such entities will agree to waive any claims they may have in the future as a result of, or arising out of, any negotiations, contracts or agreements with us and will not seek recourse against the trust account for any reason. In order to protect the amounts held in the trust account, our sponsor has agreed that it will be liable to us if and to the extent any claims by a vendor for services rendered or products sold to us, or a prospective target business with which we have discussed entering into a transaction agreement, reduce the amounts in the trust account to below the lesser of (i) \$10.20 per public share and (ii) the actual amount per public share held in the trust account as of the date of the liquidation of the trust account if less than \$10.20 per share due to reductions in the value of the trust assets, in each case less taxes payable, provided that such liability will not apply to any claims by a third-party who executed a waiver of any and all rights to seek access to the trust account nor will it apply to any claims under our indemnity of the underwriters of this offering against certain liabilities, including liabilities under the Securities Act. In the event that an executed waiver is deemed to be unenforceable against a third-party, our sponsor will not be responsible to the extent of any liability for such third-party claims. However, we have not asked our sponsor to reserve for such indemnification obligations, nor have we independently verified whether our sponsor has sufficient funds to satisfy its indemnity obligations and we believe that our sponsor's only assets are securities of our company. Therefore, we cannot assure you that our sponsor would be able to satisfy those obligations. None of our officers or directors will indemnify us for claims by third parties, including, without limitation, claims by vendors and prospective target businesses.

In the event that the proceeds in the trust account are reduced below the lesser of (i) \$10.20 per public share and (ii) the actual amount per public share held in the trust account as of the date of the liquidation of the trust account if less than \$10.20 per share due to reductions in the value of the trust assets, in each case less taxes payable, and our sponsor asserts that it is unable to satisfy its indemnification obligations or that it has no indemnification obligations related to a particular claim, our independent directors would determine whether to take legal action against our sponsor to enforce its indemnification obligations. While we currently expect that our independent directors would take legal action on our behalf against our sponsor to enforce its indemnification obligations to us, it is possible that our independent directors in exercising their business judgment may choose not to do so in any particular instance. Accordingly, we cannot assure you that due to claims of creditors the actual value of the per-share redemption price will not be less than \$10.20 per share.

If we file a bankruptcy petition or an involuntary bankruptcy petition is filed against us that is not dismissed, the proceeds held in the trust account could be subject to applicable bankruptcy law, and may be included in our bankruptcy estate and subject to the claims of third parties with priority over the claims of our stockholders. To the extent any bankruptcy claims deplete the trust account, we cannot assure you we will be able to return \$10.20 per share to our public stockholders. Additionally, if we file a bankruptcy petition or an involuntary bankruptcy petition is filed against us that is not dismissed, any distributions received by stockholders could be viewed under applicable debtor/creditor and/or bankruptcy laws as either a “preferential transfer” or a “fraudulent conveyance.” As a result, a bankruptcy court could seek to recover some or all amounts received by our stockholders. Furthermore, our board of directors may be viewed as having breached its fiduciary duty to our creditors and/or may have acted in bad faith, and thereby exposing itself and our company to claims of punitive damages, by paying public stockholders from the trust account prior to addressing the claims of creditors. We cannot assure you that claims will not be brought against us for these reasons.

The holders of the insider shares and private units (and underlying securities) will not participate in any redemption distribution with respect to their insider shares and private units (and underlying securities), but may have any public shares redeemed upon liquidation.

If we are unable to conclude our initial business combination and we expend all of the net proceeds of this offering not deposited in the trust account, without taking into account any interest earned on the trust account, we expect that the initial per-share redemption price will be approximately \$10.20.

We will pay the costs of any liquidation following the redemptions from our remaining assets outside of the trust account. If such funds are insufficient, our insiders have agreed to pay the funds necessary to complete such liquidation (currently anticipated to be no more than approximately \$15,000) and have agreed not to seek repayment for such expenses.

The underwriters have agreed to waive their rights to the deferred underwriting commissions held in the trust account in the event we do not consummate a business combination within 12 months from the closing of this offering (or 15 or 18 or 21 months, as applicable) and in such event, such amounts will be included with the funds held in the trust account that will be available to fund the redemption of our public shares.

Risks

We are a newly formed company that has conducted no operations and has generated no revenues. Until we complete our initial business combination, we will have no operations and will generate no operating revenues. In making your decision whether to invest in our securities, you should take into account not only the background of our management team, but also the special risks we face as a blank check company. This offering is not being conducted in compliance with Rule 419 promulgated under the Securities Act. Accordingly, you will not be entitled to protections normally afforded to investors in Rule 419 blank check offerings. For additional information concerning how Rule 419 blank check offerings differ from this offering, please see “Proposed Business — Comparison to offerings of blank check companies subject to Rule 419.” You should carefully consider these and the other risks set forth in the section entitled “Risk Factors” beginning on page 27 of this prospectus.

SUMMARY FINANCIAL DATA

The following table summarizes the relevant financial data for our business and should be read with our financial statements, which are included in this prospectus. We have not had any significant operations to date, and accordingly only balance sheet data is presented.

	December 31, 2019	March 31, 2020	
	Actual (Audited)	Actual (Unaudited)	As Adjusted ⁽¹⁾
Balance Sheet Data:			
Working capital (deficiency)	\$ (100,723)	\$ (132,029)	\$ 49,774,397
Total assets	\$ 100,231	\$ 181,326	\$ 51,524,397
Total liabilities ⁽²⁾	\$ 100,723	\$ 157,029	\$ 1,750,000
Value of common stock subject to possible conversion/tender ⁽³⁾	—	—	\$ 44,774,389
Stockholders' equity (deficit) ⁽⁴⁾	\$ (492)	\$ 24,297	\$ 5,000,008

(1) Includes \$3,215,000 we will receive from the sale of the private units.

(2) The “as adjusted” liabilities represents up to \$1,750,000 of deferred underwriting commissions.

(3) The “as adjusted” value of common stock which may be subject to possible conversion/tender for cash is derived by taking 4,389,646 shares of common stock which may be converted, representing the maximum number of shares that may be converted or sold while maintaining at least \$5,000,001 in net tangible assets after this offering, multiplied by a conversion price of \$10.20.

(4) The “as adjusted” stockholders' equity includes the payment of \$100 for Representative's Purchase Option.

The “as adjusted” information gives effect to the sale of the units we are offering and the sale of the private units, including the application of the related gross proceeds and the payment of the estimated remaining costs from such sale and the repayment of the accrued and other liabilities required to be repaid.

The “as adjusted” total assets amount includes the \$51,000,000 to be held in the trust account, including the deferred underwriting discounts and commissions of \$1,750,000, plus \$500,000 in cash held outside the trust account. If our initial business combination is not consummated, the trust account, less amounts we are permitted to withdraw as described in this prospectus, will be distributed solely to our public shareholders (subject to our obligations under Delaware law to provide for claims of creditors). The actual deferred offering costs of \$156,326 will be reclassified as a charge to additional paid-in capital from the gross proceeds in connection with the consummation of the offering. Any additional offering costs will also be charged to additional paid-in capital.

RISK FACTORS

An investment in our securities involves a high degree of risk. You should consider carefully all of the risks described below, which we believe represent the material risks related to the offering, together with the other information contained in this prospectus, before making a decision to invest in our units. If any of the following events occur, our business, financial condition and operating results may be materially adversely affected. In that event, the trading price of our securities could decline and you could lose all or part of your investment. This prospectus also contains forward-looking statements that involve risks and uncertainties. Our actual results could differ materially from those anticipated in the forward-looking statements as a result of specific factors, including the risks described below.

RISKS ASSOCIATED WITH OUR BUSINESS

We are a newly formed early stage company with no operating history and, accordingly, you have no basis on which to evaluate our ability to achieve our business objective.

We are a newly formed early stage company with no operating results, and we will not commence operations until obtaining funding through this offering. Because we lack an operating history, you have no basis upon which to evaluate our ability to achieve our business objective, which is to complete our initial business combination with one or more target businesses. We have not engaged in any substantive discussions and we have no plans, arrangements or understandings with any prospective target business concerning a business combination and may be unable to complete our business combination. If we fail to complete our business combination, we will never generate any operating revenues.

Our independent registered public accounting firm's report contains an explanatory paragraph that expresses substantial doubt about our ability to continue as a "going concern."

As of March 31, 2020, we had \$25,000 in cash and a working capital deficit of \$132,029. Further, we have incurred and expect to continue to incur significant costs in pursuit of our finance and acquisition plans. Management's plans to address this need for capital through this offering are discussed in the section of this prospectus titled "Management's Discussion and Analysis of Financial Condition and Results of Operations." We cannot assure you that our plans to raise capital or to consummate an initial business combination will be successful. These factors, among others, raise substantial doubt about our ability to continue as a going concern. The financial statements contained elsewhere in this prospectus do not include any adjustments that might result from our inability to consummate this offering or our inability to continue as a going concern.

If we are unable to consummate our initial business combination, our public stockholders may be forced to wait more than 12 months (or 15 or 18 or 21 months if we have extended the period of time as described in this prospectus) before receiving distributions from the trust account.

We will have until 12 months from the closing of this offering (or 15 or 18 or 21 months if we have extended the period of time as described in this prospectus) to consummate our initial business combination. We have no obligation to return funds to investors prior to such date unless we consummate our initial business combination prior thereto and only then in cases where investors have sought to convert their shares. Only after the expiration of this full time period will holders of our common stock be entitled to distributions from the trust account if we are unable to complete our initial business combination. Accordingly, investors' funds may be unavailable to them until after such date and to liquidate your investment, public security holders may be forced to sell their public shares, potentially at a loss.

Our public stockholders may not be afforded an opportunity to vote on our proposed business combination.

We will either (1) seek stockholder approval of our initial business combination at a meeting called for such purpose at which public stockholders may seek to convert their shares, regardless of whether they vote for or against the proposed business combination, into their pro rata share of the aggregate amount then on deposit in the trust account (net of taxes payable), or (2) provide our public stockholders with the opportunity to sell their shares to us by means of a tender offer (and thereby avoid the need for a stockholder vote) for an amount equal to their pro rata share of the aggregate amount then on deposit in the trust account, in each case subject to the limitations described elsewhere in this prospectus. Accordingly, it is possible that we will consummate our initial business combination even if holders of a majority of our public shares do not approve of the business combination. The decision as to whether we will seek stockholder approval of a proposed business combination or will allow stockholders to sell their shares to us in a tender offer will be made by us, solely in our discretion, and will be based on a variety of factors such as the timing of the transaction and whether the terms of the transaction would otherwise require us to seek stockholder approval. For instance, Nasdaq rules currently allow us to engage in a tender offer in lieu of a stockholder meeting but would still require us to obtain stockholder approval if we were seeking to issue more than 20% of our outstanding shares to a target business as consideration in any business combination. Therefore, if we were structuring a business combination that required us to issue more than 20% of our outstanding shares, we would seek stockholder approval of such business combination instead of conducting a tender offer.

You will not be entitled to protections normally afforded to investors of blank check companies.

Since the net proceeds of this offering are intended to be used to complete our initial business combination with a target business that has not been identified, we may be deemed to be a “blank check” company under the United States securities laws. However, since we will have net tangible assets in excess of \$5,000,001 upon the successful consummation of this offering and will file a Current Report on Form 8-K, including an audited balance sheet demonstrating this fact, we are exempt from rules promulgated by the SEC to protect investors of blank check companies such as Rule 419. Accordingly, investors will not be afforded the benefits or protections of those rules which would, for example, completely restrict the transferability of our securities, require us to complete our initial business combination within 12 months (or 15 or 18 or 21 months if we have extended the period of time as described in this prospectus) of the effective date of the initial registration statement and restrict the use of interest earned on the funds held in the trust account. Because we are not subject to Rule 419, our units will be immediately tradable, we will be entitled to withdraw amounts from the funds held in the trust account prior to the completion of our initial business combination and we may have a longer period of time to complete such a business combination than we would if we were subject to such rule.

If we determine to amend certain agreements made by our management team, many of the disclosures contained in this prospectus regarding those agreements would no longer apply.

We could seek to amend certain agreements with our management team disclosed in this prospectus without the approval of our stockholders, although we have no current intention to do so. For example, restrictions on our executives relating to the voting of securities owned by them, the agreement of our management team to remain with us until the closing of a business combination, the obligation of our management team to not propose certain changes to our organizational documents or the obligation of the management team and its affiliates to not receive any compensation in connection with a business combination could be modified without obtaining stockholder approval. Although stockholders would not be given the opportunity to redeem their shares in connection with such changes, in no event would we be able to modify the redemption or liquidation rights of our stockholders without permitting our stockholders the right to redeem their shares in connection with any such change. We will not agree to any such changes unless we believed that such changes were in the best interests of our stockholders (for example, if such a modification were necessary to complete a business combination).

If we deviate from the acquisition criteria or guidelines set forth in this prospectus, investors in this offering may have rescission rights or may bring an action for damages against us or we could be subject to civil or criminal actions taken by governmental authorities.

If we were to elect to deviate from the acquisition criteria or guidelines set forth in this prospectus, each person who purchased units in this offering and still held such securities upon learning of the facts relating to the deviation may seek rescission of the purchase of the units he or she acquired in the offering (under which a successful claimant has the right to receive the total amount paid for his or her securities pursuant to an allegedly deficient prospectus, plus interest and less any income earned on the securities, in exchange for surrender of the securities) or bring an action for damages against us (compensation for loss on an investment caused by alleged material misrepresentations or omissions in the sale of a security). In such event, we could also be subject to civil or criminal actions taken by governmental authorities. For instance, the SEC can seek injunctions under Section 20(b) of the Securities Act if it believes a violation under the Securities Act has occurred or is imminent. The SEC can also seek civil penalties under Sections 20(d) and 24 if a party has violated the Securities Act or an injunctive action taken by the SEC or if a party willfully, in a registration statement filed under the Securities Act, makes any untrue statement of a material fact or omits to state any material fact required to be stated therein or necessary to make the statements therein not misleading. Furthermore, Section 20 allows the SEC to refer matters to the attorney general to bring criminal penalties against an issuer.

We may issue shares of our capital stock to complete our initial business combination, which would reduce the equity interest of our stockholders and likely cause a change in control of our ownership.

Our amended and restated certificate of incorporation currently authorizes the issuance of up to [·] shares of common stock, par value \$0.0001 per share. Immediately after this offering and the purchase of the private units (assuming no exercise of the underwriters' over-allotment option), there will be approximately [·] authorized but unissued shares of common stock available for issuance (after appropriate reservation for the issuance of the shares underlying the public rights, private units, shares underlying the private units and the issuance of the securities underlying the underwriters' purchase option). Although we have no commitment as of the date of this offering, we may issue a substantial number of additional shares of common stock to complete our initial business combination. The issuance of additional shares of common stock:

- may significantly reduce the equity interest of investors in this offering;
- may subordinate the rights of holders of shares of common stock if we issue shares of preferred stock with rights senior to those afforded to our shares of common stock;
- may cause a change in control if a substantial number of shares of common stock are issued, which may affect, among other things, our ability to use our net operating loss carry forwards, if any, and could result in the resignation or removal of our present officers and directors; and
- may adversely affect prevailing market prices for our shares of common stock.

We may issue notes or other debt securities, or otherwise incur substantial debt, to complete a business combination, which may adversely affect our leverage and financial condition and thus negatively impact the value of our stockholders' investment in us.

Although we have no commitments as of the date of this prospectus to issue any notes or other debt securities, or to otherwise incur outstanding debt, we may choose to incur substantial debt to complete our business combination. However, the incurrence of debt could have a variety of negative effects, including:

- default and foreclosure on our assets if our operating revenues after our initial business combination are insufficient to repay our debt obligations;
- acceleration of our obligations to repay the indebtedness even if we make all principal and interest payments when due if we breach certain covenants that require the maintenance of certain financial ratios or reserves without a waiver or renegotiation of that covenant;
- our immediate payment of all principal and accrued interest, if any, if the debt security is payable on demand;
- our inability to obtain necessary additional financing if the debt security contains covenants restricting our ability to obtain such financing while the debt security is outstanding; and
- limitations on our ability to borrow additional amounts for expenses, capital expenditures, acquisitions, debt service requirements, execution of our strategy and other purposes and other disadvantages compared to our competitors who have less debt.

We may be limited to the funds held outside of the trust account to fund our search for target businesses, to pay our tax obligations and to complete our initial business combination.

Of the net proceeds of this offering, \$500,000 is anticipated to be available to us initially outside the trust account to fund our working capital requirements. Especially if the over-allotment option is exercised in full, we may not have sufficient funds available with which to structure, negotiate or close our initial business combination. In such event, we would need to borrow funds from our insiders to operate or may be forced to liquidate. Our insiders are under no obligation to loan us any funds. If we are unable to obtain the funds necessary, we may be forced to cease searching for a target business and may be unable to complete our initial business combination.

We may not have sufficient working capital to cover our operating expenses.

Following the consummation of this offering, the amounts available to us to pay our operating expenses will consist only of the approximately \$500,000 initially held outside of the trust account. Therefore, if our expenses exceed our estimates, we will not have sufficient funds outside the trust account to cover our expenses. In such event, we would need to borrow funds from our insiders or from third parties to continue to operate. However, our insiders and third parties are under no obligation to loan us any funds. If we are unable to obtain the necessary funds, we may be forced to cease searching for a target business and liquidate without completing our initial business combination.

Reimbursement of out-of-pocket expenses incurred by our insiders or any of their affiliates in connection with certain activities on our behalf, such as identifying and investigating possible business targets and business combinations, could reduce the funds available to us to consummate a business combination. In addition, an indemnification claim by one or more of our officers and directors in the event that any of them are sued in their capacity as an officer or director could also reduce the funds available to us outside of the trust account.

We may reimburse our insiders or any of their affiliates for out-of-pocket expenses incurred in connection with certain activities on our behalf, such as identifying and investigating possible business targets and business combinations. There is no limit on the amount of out-of-pocket expenses reimbursable by us; provided that, to the extent such expenses exceed the available proceeds not deposited in the trust account, such expenses would not be reimbursed by us unless we consummate an initial business combination. In addition, pursuant to our certificate of incorporation and Delaware law, we may be required to indemnify our officers and directors in the event that any of them are sued in their capacity as an officer or director. We will also enter into agreements with our officers and directors to provide contractual indemnification in addition to the indemnification provided for in our certificate of incorporation and under Delaware law. In the event that we reimburse our insiders or any of their affiliates for out-of-pocket expenses prior to the consummation of a business combination or are required to indemnify any of our officers or directors pursuant to our certificate of incorporation, Delaware law, or the indemnity agreements that we will enter into with them, we would use funds available to us outside of the trust account for our working capital requirements. Any reduction in the funds available to us could have a material adverse effect on our ability to locate and investigate prospective target businesses and to structure, negotiate, conduct due diligence in connection with or consummate our initial business combination.

If third parties bring claims against us, the proceeds held in the trust account could be reduced and the per-share redemption price received by stockholders may be less than approximately \$10.20.

Our placing of funds in the trust account may not protect those funds from third-party claims against us. Although we will seek to have all vendors, service providers (excluding our independent registered public accounting firm), prospective target businesses and other entities with which we do business execute agreements with us waiving any right, title, interest or claim of any kind in or to any monies held in the trust account for the benefit of our public stockholders, such parties may not execute such agreements, or even if they execute such agreements, they may not be prevented from bringing claims against the trust account, including, but not limited to, fraudulent inducement, breach of fiduciary responsibility or other similar claims, as well as claims challenging the enforceability of the waiver, in each case in order to gain advantage with respect to a claim against our assets, including the funds held in the trust account. If any third-party refuses to execute an agreement waiving such claims to the monies held in the trust account, our management will perform an analysis of the alternatives available to it and will only enter into an agreement with a third-party that has not executed a waiver if management believes that such third-party's engagement would be significantly more beneficial to us than any alternative.

Examples of possible instances where we may engage a third-party that refuses to execute a waiver include the engagement of a third-party consultant whose particular expertise or skills are believed by management to be significantly superior to those of other consultants that would agree to execute a waiver or in cases where management is unable to find a service provider willing to execute a waiver. In addition, there is no guarantee that such entities will agree to waive any claims they may have in the future as a result of, or arising out of, any negotiations, contracts or agreements with us and will not seek recourse against the trust account for any reason. Upon redemption of our public shares, if we are unable to consummate an initial business combination within 12 months from the closing of this offering (or 15 or 18 or 21 months if we have extended the period of time as described in this prospectus), or upon the exercise of a redemption right in connection with our initial business combination, we will be required to provide for payment of claims of creditors that were not waived that may be brought against us within the 10 years following redemption. Accordingly, the per-share redemption amount received by public stockholders could be less than the \$10.20 per public share initially held in the trust account, due to claims of such creditors. Pursuant to the letter agreement the form of which is filed as an exhibit to the registration statement of which this prospectus forms a part, our sponsor has agreed that it will be liable to us if and to the extent any claims by a third-party (excluding our independent registered public accounting firm) for services rendered or products sold to us, or a prospective target business with which we have discussed entering into a transaction agreement, reduce the amounts in the trust account to below the lesser of (i) \$10.20 per public share and (ii) the actual amount per share held in the trust account as of the date of the liquidation of the trust account if less than \$10.20 per share due to reductions in the value of the trust assets, in each case less taxes payable, provided that such liability will not apply to any claims by a third-party who executed a waiver of any and all rights to seek access to the trust account nor will it apply to any claims under our indemnity of the underwriters of this offering against certain liabilities, including liabilities under the Securities Act. Moreover, in the event that an executed waiver is deemed to be unenforceable against a third-party, our sponsor will not be responsible to the extent of any liability for such third-party claims. However, we have not asked our sponsor to reserve for such indemnification obligations, nor have we independently verified whether our sponsor has sufficient funds to satisfy its indemnity obligations and we believe that our sponsor's only assets are securities of our company. Therefore, we cannot assure you that our sponsor would be able to satisfy those obligations. None of our officers or directors will indemnify us for claims by third parties, including, without limitation, claims by vendors and prospective target businesses.

Our directors may decide not to enforce the indemnification obligations of our sponsor, resulting in a reduction in the amount of funds in the trust account available for distribution to our public stockholders.

In the event that the proceeds in the trust account are reduced below the lesser of (i) \$10.20 per share and (ii) the actual amount per share held in the trust account as of the date of the liquidation of the trust account if less than \$10.20 per share due to reductions in the value of the trust assets, in each case less taxes payable, and our sponsor asserts that it is unable to satisfy its obligations or that it has no indemnification obligations related to a particular claim, our independent directors would determine whether to take legal action against our sponsor to enforce its indemnification obligations. While we currently expect that our independent directors would take legal action on our behalf against our sponsor to enforce its indemnification obligations to us, it is possible that our independent directors in exercising their business judgment and subject to their fiduciary duties may choose not to do so in any particular instance. If our independent directors choose not to enforce these indemnification obligations, the amount of funds in the trust account available for distribution to our public stockholders may be reduced below \$10.20 per share.

Our stockholders may be held liable for claims by third parties against us to the extent of distributions received by them.

If we have not completed our initial business combination within 12 months from the closing of this offering (or 15 or 18 or 21 months if we have extended the period of time as described in this prospectus), we will (i) cease all operations except for the purpose of winding up, (ii) as promptly as reasonably possible but not more than ten business days thereafter, redeem 100% of the outstanding public shares for a pro rata portion of the funds held in the trust account, which redemption will completely extinguish public stockholders' rights as stockholders (including the right to receive further liquidation distributions, if any), subject to applicable law, and (iii) as promptly as reasonably possible following such redemption, subject to the approval of our remaining holders of common stock and our board of directors, dissolve and liquidate, subject (in the case of (ii) and (iii) above) to our obligations under Delaware law to provide for claims of creditors and the requirements of other applicable law. We may not properly assess all claims that may be potentially brought against us. As such, our stockholders could potentially be liable for any claims to the extent of distributions received by them (but no more) and any liability of our stockholders may extend well beyond the third anniversary of the date of distribution. Accordingly, third parties may seek to recover from our stockholders amounts owed to them by us.

If, after we distribute the proceeds in the trust account to our public stockholders, we file a bankruptcy petition or an involuntary bankruptcy petition is filed against us that is not dismissed, a bankruptcy court may seek to recover such proceeds, and the members of our board of directors may be viewed as having breached their fiduciary duties to our creditors, thereby exposing the members of our board of directors and us to claims of punitive damages.

If, after we distribute the proceeds in the trust account to our public stockholders, we file a bankruptcy petition or an involuntary bankruptcy petition is filed against us that is not dismissed, any distributions received by stockholders could be viewed under applicable debtor/creditor and/or bankruptcy laws as either a “preferential transfer” or a “fraudulent conveyance.” As a result, a bankruptcy court could seek to recover all amounts received by our stockholders. In addition, our board of directors may be viewed as having breached its fiduciary duty to our creditors and/or having acted in bad faith, thereby exposing itself and us to claims of punitive damages, by paying public stockholders from the trust account prior to addressing the claims of creditors.

If, before distributing the proceeds in the trust account to our public stockholders, we file a bankruptcy petition or an involuntary bankruptcy petition is filed against us that is not dismissed, the claims of creditors in such proceeding may have priority over the claims of our stockholders and the per-share amount that would otherwise be received by our stockholders in connection with our liquidation may be reduced.

If, before distributing the proceeds in the trust account to our public stockholders, we file a bankruptcy petition or an involuntary bankruptcy petition is filed against us that is not dismissed, the proceeds held in the trust account could be subject to applicable bankruptcy law, and may be included in our bankruptcy estate and subject to the claims of third parties with priority over the claims of our stockholders. To the extent any bankruptcy claims deplete the trust account, the per-share amount that would otherwise be received by our stockholders in connection with our liquidation may be reduced.

Holders of rights will not have redemption rights.

If we are unable to complete an initial business combination within the required time period and we redeem the funds held in the trust account, the rights will expire and holders will not receive any of the amounts held in the trust account in exchange for such rights.

Since we have not yet selected a particular industry or target business with which to complete our initial business combination, we are unable to currently ascertain the merits or risks of the industry or business in which we may ultimately operate.

Although we intend to focus our search on target businesses operating in North America, we may consummate our initial business combination with a target business in any industry or geographic region we choose and are not limited to any particular industry, type of business or geographic region. Accordingly, there is no current basis for you to evaluate the possible merits or risks of the particular industry in which we may ultimately operate or the target business which we may ultimately consummate our initial business combination. To the extent we complete our initial business combination with a financially unstable company or an entity in its development stage, we may be affected by numerous risks inherent in the business operations of those entities. If we complete our initial business combination with an entity in an industry characterized by a high level of risk, we may be affected by the currently unascertainable risks of that industry. We may not properly ascertain or assess all of the significant risk factors. An investment in our shares may not ultimately prove to be more favorable to investors in this offering than a direct investment, if an opportunity were available, in a target business.

The requirement that our initial business combination occur with one or more target businesses having an aggregate fair market value equal to at least 80% of the value of the trust account at the time of the execution of a definitive agreement for our initial business combination may limit the type and number of companies that we may complete such a business combination with.

Pursuant to the Nasdaq listing rules, our initial business combination must occur with one or more target businesses having an aggregate fair market value equal to at least 80% of the value of the trust account (excluding any deferred underwriter's fees and taxes payable on the income earned on the trust account) at the time of the execution of a definitive agreement for our initial business combination. This restriction may limit the type and number of companies that we may complete a business combination with. If we are unable to locate a target business or businesses that satisfy this fair market value test, we may be forced to liquidate and you will only be entitled to receive your pro rata portion of the funds in the trust account. If we are no longer listed on Nasdaq, we will not be required to satisfy the 80% test.

Our management may not be able to maintain control of a target business after our initial business combination. We cannot provide assurance that, upon loss of control of a target business, new management will possess the skills, qualifications or abilities necessary to profitably operate such business.

We may structure our initial business combination such that the post-transaction company owns less than 100% of such interests or assets of the target business in order to meet certain objectives of the target management team or stockholders or for other reasons, but we will only complete such business combination if the post-transaction company owns 50% or more of the outstanding voting securities of the target or otherwise owns a controlling interest in the target sufficient for it not to be required to register as an investment company under the Investment Company Act. Even if the post-transaction company owns 50% or more of the voting securities of the target, our stockholders prior to the business combination may collectively own a minority interest in the post-transaction company, depending on valuations ascribed to the target and us in the business combination transaction. For example, we could pursue a transaction in which we issue a substantial number of new shares in exchange for all of the outstanding capital stock of a target. In this case, we would acquire a 100% controlling interest in the target. However, as a result of the issuance of a substantial number of new shares, our stockholders immediately prior to our initial business combination could own less than a majority of our outstanding shares subsequent to our initial business combination. In addition, other minority stockholders may subsequently combine their holdings resulting in a single person or group obtaining a larger share of the company's stock than we initially acquired. Accordingly, this may make it more likely that our management will not be able to maintain our control of the target business.

Our ability to successfully effect our initial business combination and to be successful thereafter will be totally dependent upon the efforts of our key personnel, some of whom may join us following our initial business combination. While we intend to closely scrutinize any individuals we engage after our initial business combination, our assessment of these individuals may not prove to be correct.

Our ability to successfully effect our initial business combination is dependent upon the efforts of our key personnel. We believe that our success depends on the continued service of our key personnel, at least until we have consummated our initial business combination. None of our officers are required to commit any specified amount of time to our affairs (although we expect them to devote approximately 10 hours per week to our business) and, accordingly, they will have conflicts of interest in allocating management time among various business activities, including identifying potential business combinations and monitoring the related due diligence. If our officers' and directors' other business affairs require them to devote more substantial amounts of time to their other business activities, it could limit their ability to devote time to our affairs and could have a negative impact on our ability to consummate our initial business combination. In addition, we do not have employment agreements with, or key-man insurance on the life of, any of our officers. The unexpected loss of the services of our key personnel could have a detrimental effect on us.

The role of our key personnel after our initial business combination, however, remains to be determined. Although some of our key personnel serve in senior management or advisory positions following our initial business combination, it is likely that most, if not all, of the management of the target business will remain in place. These individuals may be unfamiliar with the requirements of operating a public company, which could cause us to have to expend time and resources helping them become familiar with such requirements. This could be expensive and time-consuming and could lead to various regulatory issues which may adversely affect our operations.

Our officers and directors may not have significant experience or knowledge regarding the jurisdiction or industry of the target business we may seek to consummate our initial business combination with.

We may consummate a business combination with a target business in any geographic location or industry we choose. Our officers and directors may not have enough experience or sufficient knowledge relating to the jurisdiction of the target or its industry to make an informed decision regarding our initial business combination.

Our key personnel may negotiate employment or consulting agreements with a target business in connection with a particular business combination. These agreements may provide for them to receive compensation following our initial business combination and, as a result, may cause them to have conflicts of interest in determining whether a particular business combination is the most advantageous.

Our key personnel may be able to remain with the company after the completion of our business combination only if they are able to negotiate employment or consulting agreements in connection with the business combination. Such negotiations would take place simultaneously with the negotiation of the business combination and could provide for such individuals to receive compensation in the form of cash payments and/or our securities for services they would render to us after the completion of the business combination. The personal and financial interests of such individuals may influence their motivation in identifying and selecting a target business.

Our insiders and their affiliates may be owed reimbursement for out-of-pocket expenses which may cause them to have conflicts of interest in determining whether a particular business combination is most advantageous.

Our insiders and their affiliates may incur out-of-pocket expenses in connection with certain activities on our behalf, such as identifying and investigating possible business targets and combinations. We have no policy that would prohibit these individuals and their affiliates from negotiating the reimbursement of such expenses by a target business. As a result, the personal and financial interests of such individuals may influence their motivation in identifying and selecting a target business.

Members of our management team may have affiliations with entities engaged in business activities similar to those intended to be conducted by us and, accordingly, may have conflicts of interest in determining to which entity a particular business opportunity should be presented.

Members of our management team may have affiliations with companies, including companies that are engaged in business activities similar to those intended to be conducted by us. Accordingly, they may participate in transactions and have obligations that may be in conflict or competition with our consummation of our initial business combination. As a result, a potential target business may be presented by our management team to another entity prior to its presentation to us and we may not be afforded the opportunity to engage in a transaction with such target business. For a more detailed description of the potential conflicts of interest of our management, see the section titled “Management — Conflicts of Interest.”

We may engage in a business combination with one or more target businesses that have relationships with entities that may be affiliated with our executive officers, directors or insiders, which may raise potential conflicts of interest.

In light of the involvement of our insiders and director nominees with other entities, we may decide to acquire one or more businesses affiliated with our insiders and director nominees. Our directors and director nominees also serve as officers and board members for other entities, including, without limitation, those described under “Management — Conflicts of Interest.” Our insiders and director nominees are not currently aware of any specific opportunities for us to complete our business combination with any entities with which they are affiliated, and there have been no preliminary discussions concerning a business combination with any such entity or entities. Although we will not be specifically focusing on, or targeting, any transaction with any affiliated entities, we would pursue such a transaction if we determined that such affiliated entity met our criteria for a business combination as set forth in “Proposed Business — Effecting Our Initial Business Combination — Selection of a Target Business and Structuring of Our Initial Business Combination,” such transaction was approved by a majority of our disinterested and independent directors (if we have any at that time), and we obtain an opinion from an independent investment banking firm that the business combination is fair to our unaffiliated stockholders from a financial point of view. Despite our agreement to obtain an opinion from an independent investment banking firm regarding the fairness to our company from a financial point of view of a business combination with one or more domestic or international businesses affiliated with our insiders, potential conflicts of interest still may exist and, as a result, the terms of the business combination may not be as advantageous to our public stockholders as they would be absent any conflicts of interest.

The shares beneficially owned by our insiders, including our officers and directors, will not participate in a redemption and, therefore, our insiders may have a conflict of interest in determining whether a particular target business is appropriate for our initial business combination.

Our insiders, including our officers and directors, have waived their right to convert their insider shares and private shares in connection with a business combination and their redemption rights with respect to their insider shares and private shares if we are unable to consummate our initial business combination. Accordingly, these securities will be worthless if we do not consummate our initial business combination. The personal and financial interests of our directors and officers may influence their motivation in timely identifying and selecting a target business and completing a business combination. Consequently, our directors' and officers' discretion in identifying and selecting a suitable target business may result in a conflict of interest when determining whether the terms, conditions and timing of a particular business combination are appropriate and in our stockholders' best interest.

If we are unable to consummate a business combination, any loans made by our insiders, including our officers and directors, or their affiliates would not be repaid, resulting in a potential conflict of interest in determining whether a potential transaction is in our stockholders' best interest.

In order to meet our working capital needs following the consummation of this offering, our insiders, including our officers and directors, or their affiliates may, but are not obligated to, loan us funds, from time to time or at any time, in whatever amount they deem reasonable in their sole discretion. The loans would be non-interest bearing and would be payable at the consummation of a business combination. If we fail to consummate a business combination within the required time period, the loans would not be repaid. Consequently, our directors and officers may have a conflict of interest in determining whether the terms, conditions and timing of a particular business combination are appropriate and in our stockholders' best interest.

Nasdaq may delist our securities from quotation on its exchange, which could limit investors' ability to make transactions in our securities and subject us to additional trading restrictions.

We anticipate that our securities will be listed on Nasdaq, a national securities exchange, upon consummation of this offering. Although after giving effect to this offering we expect to meet, on a pro forma basis, the minimum initial listing standards set forth in the Nasdaq listing standards, we cannot assure you that our securities will be, or will continue to be, listed on Nasdaq in the future or prior to our initial business combination. In order to continue listing our securities on Nasdaq prior to our initial business combination, we must maintain certain financial, distribution and stock price levels. Generally, we must maintain a minimum amount in stockholders' equity (generally \$5.0 million) and a minimum number of holders of our securities (generally 300 public holders). Additionally, in connection with our initial business combination, we will be required to demonstrate compliance with Nasdaq's initial listing requirements, which are more rigorous than Nasdaq's continued listing requirements, in order to continue to maintain the listing of our securities on Nasdaq. For instance, our stock price would generally be required to be at least \$4.00 per share and our stockholders' equity would generally be required to be at least \$5.0 million. We cannot assure you that we will be able to meet those initial listing requirements at that time.

If Nasdaq delists our securities from trading on its exchange, we could face significant material adverse consequences, including:

- a limited availability of market quotations for our securities;
- reduced liquidity with respect to our securities;
- a determination that our shares are a "penny stock," which will require brokers trading in our shares to adhere to more stringent rules, possibly resulting in a reduced level of trading activity in the secondary trading market for our shares;
- a limited amount of news and analyst coverage for our company; and
- a decreased ability to issue additional securities or obtain additional financing in the future.

We may only be able to complete one business combination with the proceeds of this offering, which will cause us to be solely dependent on a single business which may have a limited number of products or services.

It is likely we will consummate our initial business combination with a single target business, although we have the ability to simultaneously consummate our initial business combination with several target businesses. By consummating a business combination with only a single entity, our lack of diversification may subject us to numerous economic, competitive and regulatory developments. Further, we would not be able to diversify our operations or benefit from the possible spreading of risks or offsetting of losses, unlike other entities which may have the resources to complete several business combinations in different industries or different areas of a single industry. Accordingly, the prospects for our success may be:

- solely dependent upon the performance of a single business, or
- dependent upon the development or market acceptance of a single or limited number of products, processes or services.

This lack of diversification may subject us to numerous economic, competitive and regulatory developments, any or all of which may have a substantial adverse impact upon the particular industry in which we may operate subsequent to our initial business combination.

Alternatively, if we determine to simultaneously consummate our initial business combination with several businesses and such businesses are owned by different sellers, we will need for each of such sellers to agree that our purchase of its business is contingent on the simultaneous closings of the other business combinations, which may make it more difficult for us, and delay our ability, to complete the business combination. With multiple business combinations, we could also face additional risks, including additional burdens and costs with respect to possible multiple negotiations and due diligence investigations (if there are multiple sellers) and the additional risks associated with the subsequent assimilation of the operations and services or products of the target companies in a single operating business. If we are unable to adequately address these risks, it could negatively impact our profitability and results of operations.

The ability of our public stockholders to exercise their conversion rights may not allow us to effectuate the most desirable business combination or optimize our capital structure.

If our initial business combination requires us to use substantially all of our cash to pay the purchase price, because we will not know how many public stockholders may exercise conversion rights, we may either need to reserve part of the trust account for possible payment upon such conversion, or we may need to arrange third-party financing to help fund our initial business combination. In the event that the business combination involves the issuance of our stock as consideration, we may be required to issue a higher percentage of our stock to make up for a shortfall in funds. Raising additional funds to cover any shortfall may involve dilutive equity financing or incurring indebtedness at higher than desirable levels. This may limit our ability to effectuate the most attractive business combination available to us.

We may be unable to consummate an initial business combination if a target business requires that we have a certain amount of cash at closing, in which case public stockholders may have to remain stockholders of our company and wait until our redemption of the public shares to receive a pro rata share of the trust account or attempt to sell their shares in the open market.

A potential target may make it a closing condition to our initial business combination that we have a certain amount of cash in excess of the \$5,000,001 of net tangible assets we are required to have pursuant to our organizational documents available at the time of closing. If the number of our public stockholders electing to exercise their conversion rights has the effect of reducing the amount of money available to us to consummate an initial business combination below such minimum amount required by the target business and we are not able to locate an alternative source of funding, we will not be able to consummate such initial business combination and we may not be able to locate another suitable target within the applicable time period, if at all. In that case, public stockholders may have to remain stockholders of our company and wait the full 12 months (or 15 or 18 or 21 months if we have extended the period of time to complete a business combination as described in this prospectus) in order to be able to receive a portion of the trust account, or attempt to sell their shares in the open market prior to such time, in which case they may receive less than they would have in a liquidation of the trust account.

Public stockholders, together with any affiliates of theirs or any other person with whom they are acting in concert or as a “group,” will be restricted from seeking conversion rights with respect to more than 20% of the shares of common stock sold in this offering.

In connection with any meeting held to approve an initial business combination, we will offer each public stockholder (but not our insiders) the right to have his, her, or its shares of common stock converted into cash. Notwithstanding the foregoing, a public stockholder, together with any affiliate of his or hers or any other person with whom he or she is acting in concert or as a “group,” will be restricted from seeking conversion rights with respect to more than 20% of the shares of common stock sold in this offering. Generally, in this context, a stockholder will be deemed to be acting in concert or as a group with another stockholder when such stockholders agree to act together for the purpose of acquiring, voting, holding or disposing of our equity securities. Accordingly, if you purchase more than 20% of the shares of common stock sold in this offering and our proposed business combination is approved, you will not be able to seek conversion rights with respect to the full amount of your shares and may be forced to hold such additional shares of common stock or sell them in the open market. The value of such additional shares may not appreciate over time following our initial business combination, and the market price of our shares of common stock may not exceed the per-share conversion price.

We may require public stockholders who wish to convert their shares of common stock in connection with a vote of stockholders on a proposed business combination to comply with specific requirements for conversion that may make it more difficult for them to exercise their conversion rights prior to the deadline for exercising their rights.

In connection with any stockholder meeting called to approve a proposed initial business combination, each public stockholder will have the right, regardless of whether he or she is voting for or against such proposed business combination, to demand that we convert his or her shares of common stock into a share of the trust account. We may require public stockholders seeking to convert their shares in connection with a stockholder vote on a proposed business combination, whether they are a record holder or hold their shares in “street name,” to either tender their certificates to our transfer agent or to deliver their shares to the transfer agent electronically using Depository Trust Company’s DWAC (Deposit/Withdrawal At Custodian) System, at the holder’s option, at least two business days on the initial business combination (a tender of shares is always required in connection with a tender offer). In order to obtain a physical stock certificate, a stockholder’s broker and/or clearing broker, DTC and our transfer agent will need to act to facilitate this request. It is our understanding that stockholders should generally allot at least two weeks to obtain physical certificates from the transfer agent. However, because we do not have any control over this process or over the brokers or DTC, it may take significantly longer than two weeks to obtain a physical stock certificate. While we have been advised that it takes a short time to deliver shares through the DWAC System, this may not be the case. Under Delaware law and our bylaws, we are required to provide at least 10 days’ advance notice of any stockholder meeting, which would be the minimum amount of time a public stockholder would have to determine whether to exercise conversion rights. Accordingly, if it takes longer than we anticipate for stockholders to deliver their shares, stockholders who wish to convert may be unable to meet the deadline for exercising their conversion rights and thus may be unable to convert their shares.

If we require public stockholders who wish to convert their shares of common stock to comply with the delivery requirements discussed above for conversion, such converting stockholders may be unable to sell their securities when they wish to in the event that the proposed business combination is not approved.

If we require public stockholders who wish to convert their shares of common stock to comply with the delivery requirements discussed above for conversion and such proposed business combination is not consummated, we will promptly return such certificates to the tendering public stockholders. Accordingly, investors who attempted to convert their shares in such a circumstance will be unable to sell their securities after the failed business combination until we have returned their securities to them. The market price for our shares of common stock may decline during this time and you may not be able to sell your securities when you wish to, even while other stockholders that did not seek conversion may be able to sell their securities.

Because of our structure, other companies may have a competitive advantage and we may not be able to consummate an attractive business combination.

We expect to encounter intense competition from entities other than blank check companies having a business objective similar to ours, including venture capital funds, leveraged buyout funds and operating businesses competing for acquisitions. Many of these entities are well established and have extensive experience in identifying and effecting business combinations directly or through affiliates. Many of these competitors possess greater technical, human and other resources than we do and our financial resources will be relatively limited when contrasted with those of many of these competitors. Therefore, our ability to compete in consummating our initial business combination with certain sizable target businesses may be limited by our available financial resources. This inherent competitive limitation gives others an advantage in pursuing a business combination with certain target businesses. Furthermore, seeking stockholder approval of our initial business combination may delay the consummation of a transaction. Additionally, our rights and unit purchase option, and the future dilution they represent, may not be viewed favorably by certain target businesses. Any of the foregoing may place us at a competitive disadvantage in successfully negotiating our initial business combination.

Our ability to consummate an attractive business combination may be impacted by the market for initial public offerings.

Our efforts to identify a prospective target business will not be limited to any particular industry or geographic region, although our intention is to pursue prospective targets that are in North America. If the market for initial public offerings is limited, we believe there will be a greater number of attractive target businesses open to consummating an initial business combination with us as a means to achieve publicly held status. Alternatively, if the market for initial public offerings is robust, we believe that there will be fewer attractive target businesses amenable to consummating an initial business combination with us to become a public reporting company. Accordingly, during periods with strong public offering markets, it may be more difficult for us to complete an initial business combination.

Our search for a business combination, and any target business with which we ultimately consummate a business combination, may be materially adversely affected by the recent coronavirus (COVID-19) outbreak.

COVID-19 or the significant outbreak of another infectious disease could result in a widespread health crisis that could adversely affect the economies and financial markets worldwide, and the business of any potential target business with which we consummate a business combination could be materially and adversely affected. Furthermore, we may be unable to complete a business combination if continued concerns relating to COVID-19 restrict travel, limit the ability to have meetings with potential investors or the target company's personnel, vendors and services providers are unavailable to negotiate and consummate a transaction in a timely manner. The extent to which COVID-19 impacts our search for a business combination will depend on future developments, which are highly uncertain and cannot be predicted, including new information which may emerge concerning the severity of COVID-19 and the actions to contain COVID-19 or treat its impact, among others. If the disruptions posed by COVID-19 or other matters of global concern continue for an extensive period of time, our ability to consummate a business combination, or the operations of a target business with which we ultimately consummate a business combination, may be materially adversely affected.

We may be unable to obtain additional financing, if required, to complete our initial business combination or to fund the operations and growth of the target business, which could compel us to restructure or abandon a particular business combination.

Although we believe that the net proceeds of this offering will be sufficient to allow us to consummate a business combination, because we have not yet identified any prospective target business, the capital requirements for any particular transaction remain to be determined. If the net proceeds of this offering prove to be insufficient, either because of the size of the business combination, the depletion of the available net proceeds in search of a target business, or the obligation to convert into cash a significant number of shares of common stock, we will be required to seek additional financing. Such financing may not be available on acceptable terms, if at all. To the extent that additional financing proves to be unavailable when needed to consummate a particular business combination, we would be compelled to either restructure the transaction or abandon that particular business combination and seek an alternative target business candidate. In addition, if we consummate a business combination, we may require additional financing to fund the operations or growth of the target business. The failure to secure additional financing could have a material adverse effect on the continued development or growth of the target business. None of our officers, directors or stockholders is required to provide any financing to us in connection with or after our initial business combination.

Our insiders will control a substantial interest in us and thus may influence certain actions requiring a stockholder vote.

Upon consummation of our offering and sale of the private units, our insiders will collectively beneficially own approximately 20.0% of our issued and outstanding shares of common stock (not including the private units and underlying securities and assuming our insiders do not purchase any units in this offering). None of our insiders director nominees or their affiliates has committed to purchase units in this offering or any units or shares from persons in the open market or in private transactions. However, our insiders or their affiliates could determine in the future to make such purchases in the open market or in private transactions, to the extent permitted by law, in order to influence the vote. In connection with any vote for a proposed business combination, our insiders have agreed to vote the shares of common stock owned by them immediately before this offering as well as the private shares and any shares of common stock acquired in this offering or in the aftermarket in favor of such proposed business combination, and therefore will have a significant influence on the vote.

Our board of directors is divided into three classes and, therefore, our insiders will continue to exert control over us until the closing of a business combination.

Our board of directors is and will be divided into three classes, each of which will generally serve for a term of three years with only one class of directors being elected in each year. It is unlikely that there will be an annual meeting of stockholders to elect new directors prior to the consummation of our initial business combination, in which case all of the current directors will continue in office until at least the consummation of the business combination. Accordingly, you may not be able to exercise your voting rights under corporate law for up to 12 months (or 15 or 18 or 21 months if we have extended the period of time to complete a business combination as described in this prospectus). If there is an annual meeting, as a consequence of our "staggered" board of directors, fewer than half of the board of directors will be considered for election and our insiders, because of their ownership position, will have considerable influence regarding the outcome. Accordingly, our insiders will continue to exert control at least until the consummation of our initial business combination.

We may not hold an annual meeting of stockholders until after the consummation of our initial business combination.

In accordance with Nasdaq corporate governance requirements, we are not required to hold an annual meeting until one year after our first fiscal year end following our listing on Nasdaq. Under Section 211(b) of the Delaware General Corporation Law, we are, however, required to hold an annual meeting of stockholders for the purposes of electing directors in accordance with our bylaws unless such election is made by written consent in lieu of such a meeting. It is unlikely that there will be an annual meeting of stockholders to elect new directors prior to the consummation of our initial business combination, and thus we may not be in compliance with Section 211(b) of the Delaware General Corporation Law, which requires an annual meeting. Therefore, if our stockholders want us to hold an annual meeting prior to the consummation of our initial business combination, they may attempt to force us to hold one by submitting an application to the Delaware Court of Chancery in accordance with Section 211(c) of the Delaware General Corporation Law.

Our insiders paid an aggregate of approximately \$25,000, or approximately \$0.017 per share, for the insider shares, and, accordingly, you will experience immediate and substantial dilution from the purchase of our shares of common stock.

The difference between the public offering price per share and the pro forma net tangible book value per share of common stock after this offering constitutes the dilution to the investors in this offering. Our insiders acquired the insider shares for approximately \$0.017 per share, significantly contributing to this dilution. Upon consummation of this offering, you and the other new investors will incur an immediate and substantial dilution of approximately 79.8% or \$7.25 per share (the difference between the pro forma net tangible book value per share of \$1.84, and the initial offering price of \$9.09 per share (including the shares of common stock issuable upon conversion of rights)), taking into account that the net tangible book value per share prior to this offering was (\$0.09). This is because investors in this offering will be contributing approximately 93.9% of the total amount paid to us for our outstanding shares of common stock after this offering but will only own 77.4% of our outstanding shares of common stock (including the shares of common stock underlying the rights). Accordingly, the per-share purchase price you will be paying substantially exceeds our per share net tangible book value.

If our insiders exercise their registration rights, it may have an adverse effect on the market price of our shares of common stock and the existence of these rights may make it more difficult to effect our initial business combination.

Our insiders are entitled to make a demand that we register the resale of the insider shares at any time commencing three months prior to the date on which their shares may be released from escrow. Additionally, the purchasers of the private units and our insiders or their affiliates are entitled to demand that we register the resale of the private units (and underlying securities) and any units (and underlying securities) our insiders or their affiliates may be issued in payment of working capital loans made to us commencing on the date that we consummate our initial business combination. The presence of these additional shares of common stock trading in the public market may have an adverse effect on the market price of our securities. In addition, the existence of these rights may make it more difficult to effectuate our initial business combination or increase the cost of consummating our initial business combination with the target business, as the stockholders of the target business may be discouraged from entering into a business combination with us or will request a higher price for their securities because of the potential effect the exercise of such rights may have on the trading market for our shares of common stock.

We may enter into agreements with consultants or financial advisers that provide for the payment of fees upon the consummation of our initial business combination, and, therefore, such consultants or financial advisers may have conflicts of interest.

We may enter into agreements with consultants or financial advisers that provide for the payment of fees upon the consummation of our initial business combination. If we pay consultants or financial advisers fees that are tied to the consummation of our initial business combination, they may have conflicts of interest when providing services to us, and their interests in such fees may influence their advice with respect to a potential business combination. For example, if a consultant's or financial advisor's fee is based on the size of the transaction, then they may be influenced to present us with larger transactions that may have lower growth opportunities or long-term value versus smaller transactions that may have greater growth opportunities or provide greater value to our stockholders. Similarly, consultants whose fees are based on consummation of a business combination may be influenced to present potential business combinations to us regardless of whether they provide longer-term value for our stockholders. While we will endeavor to structure agreements with consultants and financial advisers to minimize the possibility and extent of these conflicts of interest, we cannot assure you that we will be able to do so and that we will not be impacted by the adverse influences they create.

If we are deemed to be an investment company, we may be required to institute burdensome compliance requirements and our activities may be restricted, which may make it difficult for us to complete our initial business combination.

If we are deemed to be an investment company under the Investment Company Act, our activities may be restricted, including:

- restrictions on the nature of our investments; and
- restrictions on the issuance of securities,

each of which may make it difficult for us to complete our business combination.

In addition, we may have imposed upon us certain burdensome requirements, including:

- registration as an investment company;
- adoption of a specific form of corporate structure; and
- reporting, record keeping, voting, proxy and disclosure requirements and other rules and regulations.

In order not to be regulated as an investment company under the Investment Company Act, unless we can qualify for an exclusion, we must ensure that we are engaged primarily in a business other than investing, reinvesting or trading in securities and that our activities do not include investing, reinvesting, owning, holding or trading "investment securities" constituting more than 40% of our total assets (exclusive of U.S. government securities and cash items) on an unconsolidated basis. Our business will be to identify and complete a business combination and thereafter to operate the post-transaction business or assets for the long term. We do not plan to buy businesses or assets with a view to resale or profit from their resale. We do not plan to buy unrelated businesses or assets or to be a passive investor.

We do not believe that our anticipated principal activities will subject us to the Investment Company Act. To this end, the proceeds held in the trust account may only be invested in United States “government securities” within the meaning of Section 2(a)(16) of the Investment Company Act having a maturity of 180 days or less or in money market funds meeting certain conditions under Rule 2a-7 promulgated under the Investment Company Act which invest only in direct U.S. government treasury obligations. Pursuant to the trust agreement, the trustee is not permitted to invest in other securities or assets. By restricting the investment of the proceeds to these instruments, and by having a business plan targeted at acquiring and growing businesses for the long term (rather than on buying and selling businesses in the manner of a merchant bank or private equity fund), we intend to avoid being deemed an “investment company” within the meaning of the Investment Company Act. This offering is not intended for persons who are seeking a return on investments in government securities or investment securities. The trust account is intended as a holding place for funds pending the earlier to occur of either: (i) the completion of our primary business objective, which is a business combination; or (ii) absent a business combination, our return of the funds held in the trust account to our public stockholders as part of our redemption of the public shares. If we do not invest the proceeds as discussed above, we may be deemed to be subject to the Investment Company Act. If we were deemed to be subject to the Investment Company Act, compliance with these additional regulatory burdens would require additional expenses for which we have not allotted funds and may hinder our ability to complete a business combination. If we are unable to complete our initial business combination, our public stockholders may receive only approximately \$10.20 per share on the liquidation of our trust account.

The determination of the offering price of our units and the size of this offering is more arbitrary than the pricing of securities and size of an offering of an operating company in a particular industry. You may have less assurance, therefore, that the offering price of our units properly reflects the value of such units than you would have in a typical offering of an operating company.

Prior to this offering there has been no public market for any of our securities. The public offering price of the units and the terms of the rights were negotiated between us and the underwriters. In determining the size of this offering, management held customary organizational meetings with the representative of the underwriters, both prior to our inception and thereafter, with respect to the state of capital markets, generally, and the amount the underwriters believed they reasonably could raise on our behalf. Factors considered in determining the size of this offering, prices and terms of the units, including the common stock and rights underlying the units, include:

- the history of other similarly structured blank check companies;
- prior offerings of those companies;
- our prospects for consummating an initial business combination with an operating business at attractive values;
- our capital structure;
- securities exchange listing requirements;

- market demand;
- expected liquidity of our securities;
- general conditions of the securities markets at the time of the offering; and
- other factors as were deemed relevant.

However, although these factors were considered, the determination of our offering price is more arbitrary than the pricing of securities for an operating company in a particular industry since we have no historical operations or financial results to compare them to.

The requirement that we complete our initial business combination within 12 months from the closing of this offering (or 15 or 18 or 21 months if we have extended the period of time as described in this prospectus) may give potential target businesses leverage over us in negotiating our initial business combination.

We have 12 months from the closing of this offering to complete our initial business combination (or 15 or 18 or 21 months if we have extended the period of time as described in this prospectus). Any potential target business with which we enter into negotiations concerning a business combination will be aware of this requirement. Consequently, such target business may obtain leverage over us in negotiating a business combination, knowing that if we do not complete a business combination with that particular target business, we may be unable to complete a business combination with any other target business. This risk will increase as we get closer to the time limit referenced above.

We may not obtain a fairness opinion with respect to the target business that we seek to consummate our initial business combination with and therefore you may be relying solely on the judgment of our board of directors in approving a proposed business combination.

We will only be required to obtain a fairness opinion with respect to the target business that we seek to consummate our initial business combination with if it is an entity that is affiliated with any of our insiders. In all other instances, we will have no obligation to obtain an opinion. If no opinion is obtained, our stockholders will be relying on the judgment of our board of directors, who will determine fair market value based on standards generally accepted by the financial community. Such standards used will be disclosed in our tender offer documents or proxy solicitation materials, as applicable, related to our initial business combination

Resources could be wasted in researching business combinations that are not completed, which could materially adversely affect subsequent attempts to locate and acquire or merge with another business. If we are unable to complete our initial business combination, our public stockholders may receive only approximately \$10.20 per share on the liquidation of our trust account.

We anticipate that the investigation of each specific target business and the negotiation, drafting and execution of relevant agreements, disclosure documents and other instruments will require substantial management time and attention and substantial costs for accountants, attorneys and others. If we decide not to complete a specific initial business combination, the costs incurred up to that point for the proposed transaction likely would not be recoverable. Furthermore, if we reach an agreement relating to a specific target business, we may fail to complete our initial business combination for any number of reasons, including those beyond our control. Any such event will result in a loss to us of the related costs incurred which could materially adversely affect subsequent attempts to locate and acquire or merge with another business. If we are unable to complete our initial business combination, our public stockholders may receive only approximately \$10.20 per share on the liquidation of our trust account.

Compliance with the Sarbanes-Oxley Act of 2002 will require substantial financial and management resources and may increase the time and costs of completing an initial business combination.

Section 404 of the Sarbanes-Oxley Act of 2002, or the Sarbanes-Oxley Act, requires that we evaluate and report on our system of internal control and may require that we have such system of internal control audited. If we fail to maintain the adequacy of our internal control, we could be subject to regulatory scrutiny, civil or criminal penalties and/or stockholder litigation. Any inability to provide reliable financial reports could harm our business. Section 404 of the Sarbanes-Oxley Act also requires that our independent registered public accounting firm report on management's evaluation of our system of internal control, although as an "emerging growth company" as defined in the JOBS Act, we may take advantage of an exemption to this requirement. A target company may not be in compliance with the provisions of the Sarbanes-Oxley Act regarding adequacy of their internal control. The development of the internal control of any such entity to achieve compliance with the Sarbanes-Oxley Act may increase the time and costs necessary to complete any such initial business combination.

We are an emerging growth company within the meaning of the Securities Act, and if we take advantage of certain exemptions from disclosure requirements available to emerging growth companies, this could make our securities less attractive to investors and may make it more difficult to compare our performance with other public companies.

The JOBS Act permits "emerging growth companies" like us to take advantage of certain exemptions from various reporting requirements applicable to other public companies that are not emerging growth companies. As long as we qualify as an emerging growth company, we would be permitted, and we intend to, omit the auditor's attestation on internal control over financial reporting that would otherwise be required by the Sarbanes-Oxley Act, as described above. We also intend to take advantage of the exemption provided under the JOBS Act from the requirements to submit say-on-pay, say-on-frequency and say-on-golden parachute votes to our stockholders and we will avail ourselves of reduced executive compensation disclosure that is already available to smaller reporting companies.

In addition, Section 107 of the JOBS Act also provides that an emerging growth company can take advantage of the exemption from complying with new or revised accounting standards provided in Section 7(a)(2)(B) of the Securities Act as long as we are an emerging growth company. An emerging growth company can therefore delay the adoption of certain accounting standards until those standards would otherwise apply to private companies. We have elected to take advantage of these benefits until we are no longer an emerging growth company or until we affirmatively and irrevocably opt out of this exemption. Our financial statements may therefore not be comparable to those of companies that comply with such new or revised accounting standards.

Following this offering, we will continue to be an emerging growth company until the earliest to occur of (i) the last day of the fiscal year during which we had total annual gross revenues of at least \$1.07 billion (as indexed for inflation), (ii) the last day of the fiscal year following the fifth anniversary of the date of the first sale of units under this registration statement, (iii) the date on which we have, during the previous three-year period, issued more than \$1 billion in non-convertible debt, or (iv) the date on which we are deemed to be a "large accelerated filer," as defined under the Exchange Act.

Until such time that we lose “emerging growth company” status, it is unclear if investors will find our securities less attractive because we may rely on these exemptions. If some investors find our securities less attractive as a result, there may be a less active trading market for our securities and our stock prices may be more volatile and could cause our stock prices to decline.

If we effect our initial business combination with a company located outside of the United States, we would be subject to a variety of additional risks that may negatively impact our operations.

We may effect our initial business combination with a company located outside of the United States. If we did, we would be subject to any special considerations or risks associated with companies operating in the target business’ home jurisdiction, including any of the following:

- rules and regulations or currency conversion or corporate withholding taxes on individuals;
- tariffs and trade barriers;
- regulations related to customs and import/export matters;
- longer payment cycles;
- tax issues, such as tax law changes and variations in tax laws as compared to the United States;
- currency fluctuations and exchange controls;
- challenges in collecting accounts receivable;
- cultural and language differences;
- employment regulations;
- crime, strikes, riots, civil disturbances, terrorist attacks and wars; and
- deterioration of political relations with the United States.

We may not be able to adequately address these additional risks. If we are unable to do so, our operations may suffer.

If we effect our initial business combination with a target business located outside of the United States, the laws applicable to such target business will likely govern all of our material agreements and we may not be able to enforce our legal rights.

If we effect our initial business combination with a target business located outside of the United States, the laws of the country in which such target business is domiciled will govern almost all of the material agreements relating to its operations. The target business may not be able to enforce any of its material agreements in such jurisdiction and appropriate remedies to enforce its rights under such material agreements may not be available in this new jurisdiction. The system of laws and the enforcement of existing laws in such jurisdiction may not be as certain in implementation and interpretation as in the United States. The inability to enforce or obtain a remedy under any of our future agreements could result in a significant loss of business, business opportunities or capital. Additionally, if we consummate our initial business combination with a company located outside of the United States, it is likely that substantially all of our assets would be located outside of the United States and some of our officers and directors might reside outside of the United States. As a result, it may not be possible for investors in the United States to enforce their legal rights, to effect service of process upon our directors or officers or to enforce judgments of United States courts predicated upon civil liabilities and criminal penalties of our directors and officers under federal securities laws of the United States.

Provisions in our certificate of incorporation and bylaws and Delaware law may inhibit a takeover of us, which could limit the price investors might be willing to pay in the future for our common stock and could entrench management.

Our certificate of incorporation contains provisions that may discourage unsolicited takeover proposals that stockholders may consider to be in their best interests. These provisions include a staggered board of directors and the ability of the board of directors to designate the terms of and issue new series of preferred shares, which may make more difficult the removal of management and may discourage transactions that otherwise could involve payment of a premium over prevailing market prices for our securities.

We are also subject to anti-takeover provisions under Delaware law, which could delay or prevent a change of control. Together these provisions may make more difficult the removal of management and may discourage transactions that otherwise could involve payment of a premium over prevailing market prices for our securities.

Because we must furnish our stockholders with target business financial statements prepared in accordance with U.S. generally accepted accounting principles or international financial reporting standards, we may lose the ability to complete an otherwise advantageous initial business combination with some prospective target businesses.

The federal proxy rules require that a proxy statement with respect to a vote on a business combination meeting certain financial significance tests include historical and/or pro forma financial statement disclosure in periodic reports. These financial statements may be required to be prepared in accordance with, or be reconciled to, accounting principles generally accepted in the United States of America, or GAAP, or international financial reporting standards, or IFRS as issued by the International Accounting Standards Board or the IASB, depending on the circumstances and the historical financial statements may be required to be audited in accordance with the standards of the Public Company Accounting Oversight Board (United States), or PCAOB. We will include the same financial statement disclosure in connection with any tender offer documents we use, whether or not they are required under the tender offer rules. These financial statement requirements may limit the pool of potential target businesses we may consummate our initial business combination with because some targets may be unable to provide such statements in time for us to disclose such statements in accordance with federal proxy rules and complete our initial business combination within the prescribed time frame.

There is currently no market for our securities and a market for our securities may not develop, which would adversely affect the liquidity and price of our securities.

There is currently no market for our securities. Stockholders therefore have no access to information about prior market history on which to base their investment decision. Following this offering, the price of our securities may vary significantly due to one or more potential business combinations and general market or economic conditions. Furthermore, an active trading market for our securities may never develop or, if developed, it may not be sustained. You may be unable to sell your securities unless a market can be established and sustained.

Changes in laws or regulations, or a failure to comply with any laws and regulations, may adversely affect our business, investments and results of operations.

We are subject to laws and regulations enacted by national, regional and local governments. In particular, we will be required to comply with certain SEC and other legal requirements. Compliance with, and monitoring of, applicable laws and regulations may be difficult, time consuming and costly. Those laws and regulations and their interpretation and application may also change from time to time and those changes could have a material adverse effect on our business, investments and results of operations. In addition, a failure to comply with applicable laws or regulations, as interpreted and applied, could have a material adverse effect on our business and results of operations.

There are no authorities addressing the proper allocation of tax basis to the components of a unit, and therefore, investors may not appropriately allocate such basis for U.S. federal income tax purposes.

No statutory, administrative or judicial authority directly addresses the treatment of a unit or instruments similar to a unit for U.S. federal income tax purposes and, therefore, that treatment is not entirely clear. We intend to treat the acquisition of a unit, for U.S. federal income tax purposes, as the acquisition of one share of our common stock and one right to receive one-tenth (1/10) of a share of our common stock upon the consummation of an initial business combination, and, by purchasing a unit, you agree to adopt such treatment for U.S. federal income tax purposes. For U.S. federal income tax purposes, each holder of a unit must allocate the purchase price paid by such holder for such unit between the one share of our common stock and one right to receive one-tenth (1/10) of a share of our common stock upon the consummation of an initial business combination based on the relative fair market value of each at the time of issuance. The price allocated should be the stockholder's tax basis in such share or right, as the case may be. Any disposition of a unit should be treated for U.S. federal income tax purposes as a disposition of the share of our share of our common stock and one right to receive one-tenth (1/10) of a share of our common stock upon the consummation of an initial business combination comprising the unit, and the amount realized on the disposition should be allocated between the common stock and the right based on their respective relative fair market values at the time of disposition. The foregoing treatment of the unit and a holder's purchase price allocation are not binding on the Internal Revenue Service, or "IRS", or the courts. The IRS or the courts may not agree with such characterization and investors could suffer adverse U.S. federal income tax consequences as a result. Accordingly, we urge each prospective investor to consult its own tax advisors regarding the tax consequences of an investment in a unit (including alternative characterizations of a unit).

Redemptions of our common stock pursuant to the redemption provisions described in this prospectus could give rise to dividend income (rather than gain on a sale or exchange) in certain circumstances.

In the event that an investor's common stock is redeemed pursuant to the redemption provisions described in this prospectus, the treatment of the transaction for U.S. federal income tax purposes will depend on whether the redemption qualifies as sale of the common stock or is instead treated as a dividend. Whether a redemption qualifies for sale treatment will depend largely on the total number of shares of our stock treated as held by the investor (including any stock constructively owned by the investor as a result of owning rights or by attribution) relative to all of our shares outstanding both before and after the redemption. If the redemption does not qualify for sale treatment, all or a portion of such redemption could be treated as a taxable dividend to the extent of our current or accumulated earnings and profits for tax purposes (which include earnings for the entire year of such payment, including after such payment is made). Amounts treated as dividends to non-U.S. investors may be subject to withholding tax. Certain non-corporate U.S. investors may be eligible for reduced rates of taxation upon dividends. The rules regarding the tax treatment of such redemptions are complex and will depend on each investor's own circumstances. Each investor should consult with its own tax advisors as to the tax consequences of a redemption.

CAUTIONARY NOTE REGARDING FORWARD-LOOKING STATEMENTS

The statements contained in this prospectus that are not purely historical are forward-looking statements. Our forward-looking statements include, but are not limited to, statements regarding our or our management's expectations, hopes, beliefs, intentions or strategies regarding the future. In addition, any statements that refer to projections, forecasts or other characterizations of future events or circumstances, including any underlying assumptions, are forward-looking statements. The words "anticipate," "believe," "continue," "could," "estimate," "expect," "intend," "may," "might," "plan," "possible," "potential," "predict," "project," "should," "would" and similar expressions may identify forward-looking statements, but the absence of these words does not mean that a statement is not forward-looking. Forward-looking statements in this prospectus may include, for example, statements about our:

- ability to complete our initial business combination;
- success in retaining or recruiting, or changes required in, our officers, key employees or directors following our initial business combination;
- officers and directors allocating their time to other businesses and potentially having conflicts of interest with our business or in approving our initial business combination, as a result of which they would then receive expense reimbursements;
- potential ability to obtain additional financing to complete our initial business combination;
- pool of prospective target businesses;
- the ability of our officers and directors to generate a number of potential investment opportunities;
- potential change in control if we acquire one or more target businesses for stock;
- the potential liquidity and trading of our securities;
- the lack of a market for our securities;
- use of proceeds not held in the trust account or available to us from interest income on the trust account balance; or
- financial performance following this offering.

The forward-looking statements contained in this prospectus are based on our current expectations and beliefs concerning future developments and their potential effects on us. Future developments affecting us may not be those that we have anticipated. These forward-looking statements involve a number of risks, uncertainties (some of which are beyond our control) or other assumptions that may cause actual results or performance to be materially different from those expressed or implied by these forward-looking statements. These risks and uncertainties include, but are not limited to, those factors described under the heading "Risk Factors." Should one or more of these risks or uncertainties materialize, or should any of our assumptions prove incorrect, actual results may vary in material respects from those projected in these forward-looking statements. We undertake no obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise, except as may be required under applicable securities laws.

Therefore, these loans will be repaid using the proceeds of the offering since they were used to pay the offering costs described in the Use of Proceeds table.

(2) No discounts or commissions will be paid with respect to the purchase of the private units.

(3) Does not include the deferred underwriting commission payable to Chardan Capital Markets, LLC in an amount equal to 3.5% of the total gross proceeds raised in the offering (\$1,750,000, or \$2,012,500 if the underwriter's over-allotment option is exercised in full).

(4) The funds held in the trust account may, but need not, be used to pay our expenses relating to completing our initial business combination, including a deferred underwriting commission payable to Chardan Capital Markets, LLC in an amount equal to 3.5% of the total gross proceeds raised in the offering described below.

(5) These expenses are estimates only. Our actual expenditures for some or all of these items may differ from the estimates set forth herein. For example, we may incur greater legal and accounting expenses than our current estimates in connection with negotiating and structuring our initial business combination based upon the level of complexity of that business combination. We do not anticipate any change in the categories of our intended use of proceeds.

Our sponsor and Chardan Capital Markets, LLC have committed to purchase the private units for an aggregate purchase price of \$3,215,000 (or \$3,552,500 if the over-allotment option is exercised in full) from us on a private placement basis simultaneously with the consummation of this offering. All of the proceeds we receive from these purchases will be placed in the trust account described below.

\$51,000,000, or \$58,650,000 if the over-allotment option is exercised in full, of net proceeds of this offering and the sale of the private units will be placed in a trust account in the United States at JPMorgan Chase Bank, maintained by Continental Stock Transfer & Trust Company, as trustee. The funds held in the trust account will be invested only in United States government treasury bills, bonds or notes having a maturity of 180 days or less, or in money market funds meeting the applicable conditions under Rule 2a-7 promulgated under the Investment Company Act of 1940 and that invest solely in U.S. treasuries, so that we are not deemed to be an investment company under the Investment Company Act. Except with respect to interest earned on the funds held in the trust account that may be released to us to pay our income or other tax obligations, the proceeds will not be released from the trust account until the earlier of the completion of our initial business combination or our redemption of 100% of the outstanding public shares if we have not completed a business combination in the required time period. The proceeds held in the trust account may be used as consideration to pay the sellers of a target business with which we complete our initial business combination to the extent not used to pay converting stockholders. Any amounts not paid as consideration to the sellers of the target business may be used to finance operations of the target business.

The payment to Sunlight Global Investment LLC, of a monthly fee of \$10,000 is for general and administrative services including office space, utilities and secretarial support. However, pursuant to the terms of such agreement, we may delay payment of such monthly fee upon a determination by our audit committee that we lack sufficient funds held outside the trust to pay actual or anticipated expenses in connection with our initial business combination. Any such unpaid amount will accrue without interest and be due and payable no later than the date of the consummation of our initial business combination. This arrangement is being agreed to by Sunlight Global Investment LLC for our benefit. We believe that the fee charged by Sunlight Global Investment LLC is at least as favorable as we could have obtained from an unaffiliated person. This arrangement will terminate upon completion of our initial business combination or the distribution of the trust account to our public stockholders. Other than the \$10,000 per month fee, no compensation of any kind (including finder's fees, consulting fees or other similar compensation) will be paid to our insiders, members of our management team or any of our or their respective affiliates, for services rendered to us prior to or in connection with the consummation of our initial business combination (regardless of the type of transaction that it is). However, such individuals will receive reimbursement for any out-of-pocket expenses incurred by them in connection with activities on our behalf, such as identifying potential target businesses, performing business due diligence on suitable target businesses and business combinations, as well as traveling to and from the offices, plants or similar locations of prospective target businesses to examine their operations. Since the role of present management after our initial business combination is uncertain, we have no ability to determine what remuneration, if any, will be paid to those persons after our initial business combination.

The net proceeds from this offering available to us out of trust for our working capital requirements in searching for our initial business combination will be approximately \$500,000.

The allocation of the net proceeds available to us outside of the trust account represents our best estimate of the intended uses of these funds. In the event that our assumptions prove to be inaccurate, we may reallocate some of such proceeds within the above described categories. If our estimate of the costs of undertaking due diligence and negotiating our initial business combination is less than the actual amount necessary to do so, we may be required to raise additional capital, the amount, availability and cost of which is currently unascertainable. In this event, we could seek such additional capital through loans or additional investments from our insiders, members of our management team or third parties, but our insiders, members of our management team or third parties are not under any obligation to advance funds to, or invest in, us.

We will likely use substantially all of the net proceeds of this offering, including the funds held in the trust account, in connection with our initial business combination and to pay our expenses relating thereto, including the deferred underwriting commission payable to Chardan Capital Markets, LLC in an amount equal to 3.5% of the total gross proceeds raised in the offering upon consummation of our initial business combination. To the extent that our capital stock is used in whole or in part as consideration to effect our initial business combination, the proceeds held in the trust account which are not used to consummate a business combination will be disbursed to the combined company and will, along with any other net proceeds not expended, be used as working capital to finance the operations of the target business. Such working capital funds could be used in a variety of ways, including continuing or expanding the target business' operations, for strategic acquisitions and for marketing, research and development of existing or new products.

To the extent we are unable to consummate a business combination, we will pay the costs of liquidation from our remaining assets outside of the trust account. If such funds are insufficient, our insiders have agreed to pay the funds necessary to complete such liquidation (currently anticipated to be no more than \$15,000) and have agreed not to seek repayment of such expenses.

We believe that, upon consummation of this offering, we will have sufficient available funds to operate for up to the next 12 months (or 15 or 18 or 21 months if our time to complete a business combination is extended as described herein), assuming that our initial business combination is not consummated during that time. However, if necessary, in order to meet our working capital needs following the consummation of this offering, our insiders may, but are not obligated to, loan us funds, from time to time or at any time, in whatever amount they deem reasonable in their sole discretion. Each loan would be evidenced by a promissory note. The notes would either be paid upon consummation of our initial business combination, without interest, or, at the lender's discretion, up to \$1,500,000 of the notes may be converted upon consummation of our business combination into additional private units at a price of \$10.00 per unit. Our stockholders have approved the issuance of the private units upon conversion of such notes, to the extent the holder wishes to so convert such notes at the time of the consummation of our initial business combination. If we do not complete a business combination, any loans and advances from our insiders or their affiliates, will be repaid only from amounts remaining outside our trust account, if any.

A public stockholder will be entitled to receive funds from the trust account only in the event of (1) our redemption of 100% of the outstanding public shares if we have not completed a business combination in the required time period, (2) if that public stockholder elects to convert public shares in connection with a stockholder vote or (3) if that public stockholder sells shares to us in any tender offer in connection with a proposed business combination. In no other circumstances will a public stockholder have any right or interest of any kind to or in the trust account.

DIVIDEND POLICY

We have not paid any cash dividends on our shares of common stock to date and do not intend to pay cash dividends prior to the completion of our initial business combination. The payment of cash dividends subsequent to the completion of our initial business combination will be dependent upon our revenues and earnings, if any, capital requirements and general financial condition subsequent to completion of our initial business combination. The payment of any dividends subsequent to our initial business combination will be within the discretion of our board of directors at such time. It is the present intention of our board of directors to retain all earnings, if any, for use in our business operations and, accordingly, our board of directors does not anticipate declaring any dividends in the foreseeable future. In addition, our board of directors is not currently contemplating and does not anticipate declaring any stock dividends in the foreseeable future, except if we increase the size of the offering, including pursuant to Rule 462(b) under the Securities Act, in which case we will effect a stock dividend immediately prior to the consummation of the offering in such amount as to maintain our insiders' ownership at an aggregate of 20.0% of our issued and outstanding shares of our common stock upon the consummation of this offering (not including the private units and underlying securities and assuming our insiders do not purchase units in this offering). Further, if we incur any indebtedness in connection with our initial business combination, our ability to declare dividends may be limited by restrictive covenants we may agree to in connection therewith.

DILUTION

The difference between the public offering price per share and the pro forma net tangible book value per share after this offering constitutes the dilution to investors in this offering. Net tangible book value per share is determined by dividing our net tangible book value, which is our total tangible assets less total liabilities (including the value of shares of common stock which may be converted into cash), by the number of outstanding shares of common stock.

At March 31, 2020, our net tangible book value was \$(132,029), or approximately (\$0.09) per share. For purposes of the dilution calculation, in order to present the maximum estimated dilution as a result of this offering, we have assumed (i) the issuance of 0.10 of a share for each right outstanding, as such issuance will occur upon a business combination without the payment of additional consideration and (ii) the number of shares included in the units offered hereby will be deemed to be 5,500,000 (consisting of 5,000,000 shares included in the units we are offering by this prospectus and 500,000 shares for the outstanding rights), and the price per share in this offering will be deemed to be \$9.09. After giving effect to the sale of 5,000,000 (or 5,750,000 if the underwriters exercise their over-allotment option in full) shares of common stock included in the units we are offering by this prospectus, and the deduction of underwriting discounts and estimated expenses of this offering, and the sale of the private units, our pro forma net tangible book value at March 31, 2020 would have been \$5,000,008 or \$1.84 (or \$5,000,005 or \$1.65 if the underwriters exercise their over-allotment option in full) per share, representing an immediate increase in net tangible book value of \$1.93 (or \$1.74 if the underwriters exercise their over-allotment option in full) per share to our insiders and an immediate dilution of \$7.25 (or \$7.44 if the underwriters exercise their over-allotment option in full) per share or 79.8% (or 81.9% if the underwriters exercise their over-allotment option in full) to new investors not exercising their conversion rights. For purposes of presentation, our pro forma net tangible book value after this offering is \$44,774,389 (or \$52,161,892 if the underwriters exercise their over-allotment option in full) less than it otherwise would have been because if we effect our initial business combination, the conversion rights of the public stockholders (but not our insiders) may result in the conversion or tender of up to 4,389,646 (or 5,113,911 if the underwriters exercise their over-allotment option in full) shares sold in this offering.

The following table illustrates the dilution to our public stockholders on a per-share basis.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

We were formed on November 12, 2019 for the purpose of entering into a merger, share exchange, asset acquisition, stock purchase, recapitalization, reorganization or other similar business combination with one or more target businesses. Our efforts to identify a prospective target business will not be limited to any particular industry or geographic region, although we intend to focus our search on target businesses in North America. We intend to utilize cash derived from the proceeds of this offering and the private placement of the private units, our securities, debt or a combination of cash, securities and debt, in effecting our initial business combination. The issuance of additional shares of common stock or preferred stock in our initial business combination:

- may significantly dilute the equity interest of our investors in this offering who would not have pre-emption rights in respect of any such issuance;
- may subordinate the rights of holders of shares of common stock if we issue shares of preferred stock with rights senior to those afforded to our shares of common stock;
- will likely cause a change in control if a substantial number of our shares of common stock are issued, which may affect, among other things, our ability to use our net operating loss carry forwards, if any, and most likely will also result in the resignation or removal of our present officers and directors; and
- may adversely affect prevailing market prices for our securities.

Similarly, if we issue debt securities, it could result in:

- default and foreclosure on our assets if our operating revenues after our initial business combination are insufficient to pay our debt obligations;
- acceleration of our obligations to repay the indebtedness even if we have made all principal and interest payments when due if the debt security contains covenants that required the maintenance of certain financial ratios or reserves and we breach any such covenant without a waiver or renegotiation of that covenant;
- our immediate payment of all principal and accrued interest, if any, if the debt security is payable on demand;
- our inability to obtain additional financing, if necessary, if the debt security contains covenants restricting our ability to obtain additional financing while such security is outstanding; and
- limitations on our ability to borrow additional amounts for expenses, capital expenditures, acquisitions, debt service requirements, execution of our strategy and other purposes and other disadvantages compared to our competitors who have less debt.

We have neither engaged in any operations nor generated any revenues to date. Our entire activity since inception has been to prepare for our proposed fundraising through an offering of our equity securities.

Results of Operations and Known Trends or Future Events

We have neither engaged in any operations nor generated any revenues to date. Our only activities since inception have been organizational activities and those necessary to prepare for this offering. Following this offering, we will not generate any operating revenues until after completion of our initial business combination. We will generate non-operating income in the form of interest income on cash and cash equivalents after this offering. There has been no significant change in our financial or trading position and no material adverse change has occurred since the date of our audited financial statements. After this offering, we expect to incur increased expenses as a result of being a public company (for legal, financial reporting, accounting and auditing compliance), as well as for due diligence expenses. We expect our expenses to increase substantially after the closing of this offering.

Liquidity and Capital Resources

As indicated in the accompanying financial statements, at March 31, 2020, we had \$25,000 in cash and a working capital deficit of \$132,029. Further, we have incurred and expect to continue to incur significant costs in pursuit of our financing and acquisition plans. Management plans to address this uncertainty through this offering. We cannot assure you that our plans to raise capital or to consummate an initial business combination will be successful. These factors, among others, raise substantial doubt about our ability to continue as a going concern.

Our liquidity needs have been satisfied to date through receipt of approximately \$25,000 from the sale of the insider shares and loans from related parties up to an aggregate amount of \$500,000 that are more fully described below. Our deferred offering costs through March 31, 2020 have been \$156,326. We estimate that the net proceeds from (1) the sale of the units in this offering, after deducting offering expenses of approximately \$465,000 and underwriting discounts and commissions of \$1,250,000 (or \$1,437,500 if the over-allotment option is exercised in full) and (2) the sale of the private units for a purchase price of \$3,215,000 (or \$3,552,500 if the over-allotment option is exercised in full), will be \$51,500,000 (or \$59,150,000 if the over-allotment option is exercised in full). \$51,000,000 (or \$58,650,000 if the over-allotment option is exercised in full), which includes \$1,750,000 of deferred underwriting commissions (\$2,012,500 if the underwriter's over-allotment option is exercised in full) will be held in the trust account. The remaining \$500,000 will not be held in the trust account.

We intend to use substantially all of the net proceeds of this offering, including the funds held in the trust account, in connection with our initial business combination and to pay our expenses relating thereto, including a deferred underwriting commission payable to the underwriters in an amount equal to 3.5% of the total gross proceeds raised in the offering upon consummation of our initial business combination. To the extent that our capital stock is used in whole or in part as consideration to effect our initial business combination, the remaining proceeds held in the trust account as well as any other net proceeds not expended will be used as working capital to finance the operations of the target business. Such working capital funds could be used in a variety of ways including continuing or expanding the target business' operations, for strategic acquisitions and for marketing, research and development of existing or new products. Such funds could also be used to repay any operating expenses or finders' fees which we had incurred prior to the completion of our initial business combination if the funds available to us outside of the trust account were insufficient to cover such expenses.

We believe that, upon consummation of this offering, the \$500,000 of net proceeds not held in the trust account, will be sufficient to allow us to operate for at least the next 12 months (or 15 or 18 or 21 months if we have extended the period of time as described in this prospectus), assuming that a business combination is not consummated during that time. Over this time period, we will be using these funds for identifying and evaluating prospective business combination candidates, performing business due diligence on prospective target businesses, traveling to and from the offices, plants or similar locations of prospective target businesses, reviewing corporate documents and material agreements of prospective target businesses, selecting the target business to consummate our initial business combination with and structuring, negotiating and consummating the business combination. We anticipate that we will incur approximately:

- \$50,000 of expenses for the search for target businesses and for the legal, accounting and other third-party expenses attendant to the due diligence investigations, structuring and negotiating of our initial business combination;
- \$50,000 of expenses for the due diligence and investigation of a target business by our officers, directors and insiders;
- \$50,000 of expenses in legal and accounting fees relating to our SEC reporting obligations;
- \$120,000 for the payment of the administrative fee to Sunlight Global Investment LLC (of \$10,000 per month for up to 12 months), subject to deferral as described herein;
- \$55,000 for Nasdaq continued listing fees; and
- \$175,000 for general working capital that will be used for miscellaneous expenses, including D&O insurance.

If our estimates of the costs of undertaking due diligence and negotiating our initial business combination are less than the actual amount necessary to do so, we may have insufficient funds available to operate our business prior to our initial business combination. Moreover, we may need to obtain additional financing either to consummate our initial business combination or because we become obligated to convert a significant number of our public shares upon consummation of our initial business combination, in which case we may issue additional securities or incur debt in connection with such business combination. Subject to compliance with applicable securities laws, we would only consummate such financing simultaneously with the consummation of our initial business combination. Following our initial business combination, if cash on hand is insufficient, we may need to obtain additional financing in order to meet our obligations.

Related Party Transactions

In December 2019, Sunlight Global Investment LLC agreed to loan us \$500,000 to cover expenses related to this offering. As of March 31, 2020, we had borrowed \$156,593 under the promissory note to be used for a portion of the expenses of this offering. The loan is payable without interest at the closing of this offering.

We do not believe we will need to raise additional funds following this offering in order to meet the expenditures required for operating our business. However, in order to finance transaction costs in connection with an intended initial business combination, our insiders or their affiliates may, but are not obligated to, loan us funds as may be required. In the event that the initial business combination does not close, we may use a portion of the working capital held outside the trust account to repay such loaned amounts, but no proceeds from our trust account would be used for such repayment. Such loans would be evidenced by promissory notes. The notes would either be paid upon consummation of our initial business combination, without interest, or, at the lender's discretion, up to \$1,500,000 of the notes may be converted upon consummation of our business combination into additional private units at a price of \$10.00 per unit. If we do not complete a business combination, any other outstanding loans from our insiders or their affiliates will be repaid only from amounts remaining outside our trust account, if any. We believe the purchase price of these units will approximate the fair value of such units when issued. However, if it is determined that, at the time of issuance, the fair value of such units exceeds the purchase price, we would record compensation expense for the excess of the fair value of the units on the day of issuance over the purchase price in accordance with ASC 718 — Compensation — Stock Compensation.

Controls and Procedures

We are not currently required to maintain an effective system of internal control as defined by Section 404 of the Sarbanes-Oxley Act. We will be required to comply with the internal control requirements of the Sarbanes-Oxley Act for the fiscal year ending December 31, 2021. As of the date of this prospectus, we have not completed an assessment, nor has our independent registered public accounting firm tested our systems, of internal control. We expect to assess the internal control of our target business or businesses prior to the completion of our initial business combination and, if necessary, to implement and test additional controls as we may determine are necessary in order to state that we maintain an effective system of internal control. A target business may not be in compliance with the provisions of the Sarbanes-Oxley Act regarding the adequacy of internal control. Target businesses we may consider for our initial business combination may have internal controls that need improvement in areas such as:

- staffing for financial, accounting and external reporting areas, including segregation of duties;
- reconciliation of accounts;
- proper recording of expenses and liabilities in the period to which they relate;
- evidence of internal review and approval of accounting transactions;
- documentation of processes, assumptions and conclusions underlying significant estimates; and
- documentation of accounting policies and procedures.

Because it will take time, management involvement and perhaps outside resources to determine what internal control improvements are necessary for us to meet regulatory requirements and market expectations for our operation of a target business, we may incur significant expense in meeting our public reporting responsibilities, particularly in the areas of designing, enhancing, or remediating internal and disclosure controls. Doing so effectively may also take longer than we expect, thus increasing our exposure to financial fraud or erroneous financing reporting.

When required by Section 404 and once our management's report on internal control is complete, we will retain our independent registered public accounting firm to audit and render an opinion on such report. This independent registered public accounting firm may identify additional issues concerning a target business's internal control while performing its audit of internal control over financial reporting.

Quantitative and Qualitative Disclosures about Market Risk

The net proceeds of this offering and the sale of the private units held in the trust account will be invested in U.S. government treasury bills with a maturity of 180 days or less or in money market funds meeting certain conditions under Rule 2a-7 under the Investment Company Act which invest only in direct U.S. government treasury obligations. Due to the short-term nature of these investments, we believe there will be no associated material exposure to interest rate risk.

Off-Balance Sheet Arrangements; Commitments and Contractual Obligations; Quarterly Results

As of March 31, 2020, we did not have any off-balance sheet arrangements as defined in Item 303(a)(4)(ii) of Regulation S-K and did not have any commitments or contractual obligations. No unaudited quarterly operating data is included in this prospectus as we have conducted no operations to date.

JOBS Act

On September 5, 2012, the JOBS Act was signed into law. The JOBS Act contains provisions that, among other things, relax certain reporting requirements for qualifying public companies. We will qualify as an “emerging growth company” and under the JOBS Act will be allowed to comply with new or revised accounting pronouncements based on the effective date for private (not publicly traded) companies. We are electing to delay the adoption of new or revised accounting standards, and, as a result, we may not comply with new or revised accounting standards on the relevant dates on which adoption of such standards is required for non-emerging growth companies. As a result, our financial statements may not be comparable to companies that comply with new or revised accounting pronouncements as of public company effective dates.

Additionally, we are in the process of evaluating the benefits of relying on the other reduced reporting requirements provided by the JOBS Act. Subject to certain conditions set forth in the JOBS Act, if, as an “emerging growth company”, we choose to rely on such exemptions we may not be required to, among other things, (i) provide an auditor’s attestation report on our system of internal control over financial reporting pursuant to Section 404, (ii) provide all of the compensation disclosure that may be required of non-emerging growth public companies under the Dodd-Frank Wall Street Reform and Consumer Protection Act, (iii) comply with any requirement that may be adopted by the PCAOB regarding mandatory audit firm rotation or a supplement to the auditor’s report providing additional information about the audit and the financial statements (auditor discussion and analysis), and (iv) disclose certain executive compensation related items such as the correlation between executive compensation and performance and comparisons of the CEO’s compensation to median employee compensation. These exemptions will apply for a period of five years following the completion of our initial public offering or until we are no longer an “emerging growth company,” whichever is earlier.

PROPOSED BUSINESS

General

We are a blank check company formed under the laws of the State of Delaware on November 12, 2019. We were formed for the purpose of effecting a merger, share exchange, asset acquisition, share purchase, reorganization or similar business combination with one or more businesses, which we refer to throughout this prospectus as our initial business combination. Although there is no restriction or limitation on what industry or geographic region our target operates in, it is our intention to pursue prospective targets that are in North America. At the time of preparing this prospectus, we have not identified any specific business combination, nor has anyone on our behalf initiated or engaged in any substantive discussions, formal or otherwise, related to such a transaction. Our efforts to date are limited to organizational activities related to this offering.

Our Sponsor and Competitive Advantages

Acquisition Strategy

Our goal is to identify and acquire a business with untapped opportunity for building a public company. We believe that our management's and directors' experiences, from evaluating assets through investing and company building, will enable us to source and execute a business combination with high-quality targets. Our selection process will leverage the relationships of our board with leading venture capitalists, private equity and hedge fund managers, respected peers, and our network of investment banking executives, attorneys, and accountants. Together with this network of trusted partners, we intend to capitalize the target business and create purposeful strategic initiatives in order to achieve attractive growth and performance after our initial business combination.

In particular, we intend to focus our search for an initial business combination on private companies in North America that have positive operating cash flow or compelling economics and clear paths to positive operating cash flow, significant assets, and successful management teams that are seeking access to the U.S. public capital markets. Our selection process is expected to leverage our board's deep and broad network of relationships, industry expertise and deal sourcing capabilities to provide us with a strong pipeline of potential targets. We expect to distinguish ourselves with our ability to:

- *Leverage our Extensive Network of Relationships to Create a Unique Pipeline of Acquisition Opportunities.* We believe the combination of our sponsor's experience in structuring complex transactions and our ability to access the network of relationships of our board with family offices, corporate executives, founders, family-owned businesses and private equity firms, will enable us to identify and evaluate suitable target businesses in the areas that we deem appropriate.
- *Employ Rigor to the Process of Identifying Target Companies and Acquiring a Business that Will be Well-Received by the Public Markets.* We believe our board's strong transaction track record, together with their experience in investing in both the private and public markets, will provide a distinct advantage for identifying, valuing and completing a business combination that will meet our investors' expectations.
- *Capitalize on Our Strategic Position Bridging High-Quality North American Production and Extensive Asian Consumer Demand.* We believe the access that our board has to North American private companies producing quality products but lacking distribution, especially to Asian consumers, presents an enormous opportunity when we bring such market channels to these potential business combination targets. Our sponsor's relationships with Asian consumer markets will allow us to create further synergies with target companies in addition to expanded capital and production capacities.

Investment Criteria

We intend to focus on companies that possess under-researched and underappreciated asset(s) poised for significant growth once capitalized.

Consistent with our strategy, we have identified the following criteria to evaluate prospective target businesses. Although we may decide to enter into our initial business combination with a target business that does not meet the criteria described below, it is our intention to acquire companies that we believe:

- § have a scientific or other competitive advantage in the markets;

We intend to seek target companies that have significant competitive advantages and underexploited expansion opportunities that can benefit from access to additional capital as well as our industry relationships and expertise.

§ are ready to be public, with strong management, corporate governance and reporting policies in place;

We will seek to identify companies with strong and experienced public-ready management teams. Specifically, we will look for management teams that have a proven track record of value creation for their stockholders. We will seek to partner with a potential target's management team and expect that the operating and investment abilities of our executive team and board will complement their own capabilities.

§ will likely be well received by public investors and are expected to have good access to the public capital markets;

We believe that there are a substantial number of potential target businesses with appropriate valuations that can benefit from a public listing and new capital for growth to support significant revenue and earnings growth.

§ are private equity fund portfolio companies or entities held by non-traditional investors in North America, especially in the U.S.;

According to Pitchbook Data, Inc., U.S. private equity funds raised more than \$1.8 trillion from 2006 through 2016 in over 2,700 different funds. As they seek liquidity, particularly in older-vintage portfolios, we believe that there will be a considerable number of portfolio companies available for sale from these private equity firms in the coming years that would benefit from public listings. Additionally, non-traditional control investors such as financial institutions, banks, non-bank lenders, or hedge funds, who do not typically hold and manage private operating assets, may be anxious to divest their non-core holdings. In the event that those types of investors are liquidating or experiencing other pressures, they may need to divest certain holdings.

§ have significant embedded and/or underexploited growth opportunities that our team is uniquely positioned to identify and monetize;

We intend to seek target companies that have significant and underexploited expansion opportunities. This can be accomplished through a combination of accelerating organic growth and finding attractive add-on acquisition targets. Our management team has significant experience in identifying such targets and in helping target management assess the strategic and financial fit. Similarly, our management has the expertise to assess the likely synergies and a process to help a target integrate acquisitions.

§ exhibit unrecognized value or other characteristics that we believe have been misevaluated by the market;

We will seek target companies which exhibit value or other characteristics that we believe have been overlooked or misevaluated by the marketplace based on our company-specific analyses and due diligence. For a potential target company, this process will include, among other things, a review and analysis of the company's capital structure, quality of current or future earnings, corporate governance, customers, material contracts, and the industry and trends. We intend to leverage the operational experience and disciplined investment approach of our team to identify opportunities to unlock value that our experience in complex situations allows us to pursue.

§ will offer attractive risk-adjusted equity returns for our stockholders.

We intend to seek to acquire a target on terms and in a manner that leverage our capital markets and transaction management experience. We expect to evaluate a company based on its potential to successfully commercialize its product(s), both new and under development. We also expect to evaluate financial returns based on opportunities for follow-on acquisitions and other value-creation initiatives. Potential upside, for example, from the growth in the target business's earnings or an improved capital structure will be weighed against any identified downside risks.

Effecting Our Initial Business Combination

We will have until 12 months from the closing of this offering to consummate our initial business combination. However, if we anticipate that we may not be able to consummate our initial business combination within 12 months, our insiders or their affiliates may, but are not obligated to, extend the period of time to consummate a business combination three times by an additional three months each time (for a total of up to 21 months to complete a business combination). Pursuant to the terms of our amended and restated certificate of incorporation and the trust agreement to be entered into between us and Continental Stock Transfer & Trust Company on the date of this prospectus, the only way to extend the time available for us to consummate our initial business combination is for our insiders or their affiliates or designees, upon five days' advance notice prior to the applicable deadline, to deposit into the trust account \$500,000, or \$575,000 if the over-allotment option is exercised in full (\$0.10 per share in either case), on or prior to the date of the applicable deadline. In the event that they elected to extend the time to complete a business combination and deposited the applicable amount of money into trust, the insiders would receive a non-interest bearing, unsecured promissory note equal to the amount of any such deposit that will not be repaid in the event that we are unable to close a business combination unless there are funds available outside the trust account to do so. Such notes would either be paid upon consummation of our initial business combination, or, at the relevant insider's discretion, converted upon consummation of our business combination into additional private units at a price of \$10.00 per unit. Our shareholders have approved the issuance of the private units upon conversion of such notes, to the extent the holder wishes to so convert such notes at the time of the consummation of our initial business combination. In the event that we receive notice from our insiders five days prior to the applicable deadline of their intent to effect an extension, we intend to issue a press release announcing such intention at least three days prior to the applicable deadline. In addition, we intend to issue a press release the day after the applicable deadline announcing whether or not the funds had been timely deposited. Our insiders and their affiliates or designees are not obligated to fund the trust account to extend the time for us to complete our initial business combination. To the extent that some, but not all, of our insiders, decide to extend the period of time to consummate our initial business combination, such insiders (or their affiliates or designees) may deposit the entire amount required. If we are unable to consummate our initial business combination within such time period, we will, as promptly as possible but not more than ten business days thereafter, redeem 100% of our outstanding public shares for a pro rata portion of the funds held in the trust account, including a pro rata portion of any interest earned on the funds held in the trust account and not previously released to us to pay our taxes, and then seek to dissolve and liquidate. However, we may not be able to distribute such amounts as a result of claims of creditors which may take priority over the claims of our public stockholders. In the event of our dissolution and liquidation, the private units will expire and will be worthless.

We will either (1) seek stockholder approval of our initial business combination at a meeting called for such purpose, at which stockholders may seek to convert their shares, regardless of whether they vote for or against the proposed business combination, into their pro rata share of the aggregate amount then on deposit in the trust account (net of taxes payable), or (2) provide our stockholders with the opportunity to sell their shares to us by means of a tender offer (and thereby avoid the need for a stockholder vote) for an amount equal to their pro rata share of the aggregate amount then on deposit in the trust account (net of taxes payable), in each case subject to the limitations described herein. The decision as to whether we will seek stockholder approval of our proposed business combination or allow stockholders to sell their shares to us in a tender offer will be made by us, solely in our discretion, and will be based on a variety of factors such as the timing of the transaction and whether the terms of the transaction would otherwise require us to seek stockholder approval. Any tender offer documents used in connection with a business combination will contain substantially the same financial and other information about the initial business combination as is required under the SEC's proxy rules.

The initial per public share redemption or conversion price will be \$10.20 per share, regardless of whether the over-allotment option is exercised. However, we may not be able to distribute such amounts as a result of claims of creditors which may take priority over the claims of our public stockholders.

Pursuant to the rules of the Nasdaq Stock Market, our initial business combination must occur with one or more target businesses having an aggregate fair market value of at least 80% of the value of the trust account (excluding any deferred underwriter's fees and taxes payable on the income earned on the trust account), which we refer to as the 80% test, at the time of the agreement to enter into the initial business combination. Therefore, the fair market value of the target business will be calculated prior to any conversions of our shares in connection with a business combination and therefore will be a minimum of \$40,800,000 (or \$46,920,000 if the over-allotment option is exercised in full) in order to satisfy the 80% test. While the fair market value of the target business must satisfy the 80% test, the consideration we pay the owners of the target business may be a combination of cash (whether cash from the trust account or cash from a debt or equity financing transaction that closes concurrently with the business combination) or our equity securities. The exact nature and amount of consideration would be determined based on negotiations with the target business, although we will attempt to primarily use our equity as transaction consideration. If our board is not able to independently determine the fair market value of the target business or businesses, we will obtain an opinion from an independent investment banking firm with respect to the satisfaction of such criteria. We will also obtain a fairness opinion from an independent investment banking firm before consummating a business combination with an entity affiliated with any of our officers, directors or insiders. If we are no longer listed on Nasdaq, we will not be required to satisfy the 80% test.

We anticipate structuring our initial business combination so that the post-transaction company in which our public stockholders own shares will own or acquire 100% of the equity interests or assets of the target business or businesses. We may, however, structure our initial business combination such that the post-transaction company owns less than 100% of such interests or assets of the target business in order to meet certain objectives of the target management team or stockholders or for other reasons, but we will only complete such business combination if the post-transaction company owns 50% or more of the outstanding voting securities of the target or otherwise owns a controlling interest in the target sufficient for it not to be required to register as an investment company under the Investment Company Act of 1940, as amended, or the Investment Company Act. Even if the post-transaction company owns 50% or more of the voting securities of the target, our stockholders prior to the business combination may collectively own a minority interest in the post-transaction company, depending on valuations ascribed to the target and us in the business combination transaction. For example, we could pursue a transaction in which we issue a substantial number of new shares in exchange for all of the outstanding capital stock of a target. In this case, we would acquire a 100% controlling interest in the target. However, as a result of the issuance of a substantial number of new shares, our stockholders immediately prior to our initial business combination could own less than a majority of our outstanding shares subsequent to our initial business combination. If less than 100% of the equity interests or assets of a target business or businesses are owned or acquired by the post-transaction company, the portion of such business or businesses that is owned or acquired is what will be valued for purposes of the 80% test.

As more fully discussed in “Management — Conflicts of Interest,” if any of our officers or directors becomes aware of a business combination opportunity that falls within the line of business of any entity to which he or she has pre-existing fiduciary or contractual obligations, he or she may be required to present such business combination opportunity to such entity prior to presenting such business combination opportunity to us. All of our officers, directors and director nominees currently have certain relevant pre-existing fiduciary duties or contractual obligations.

We are an “emerging growth company,” as defined in Section 2(a) of the Securities Act, as modified by the Jumpstart Our Business Startups Act of 2012, or the JOBS Act. As such, we are eligible to take advantage of certain exemptions from various reporting requirements that are applicable to other public companies that are not “emerging growth companies” including, but not limited to, not being required to comply with the auditor attestation requirements of Section 404 of the Sarbanes-Oxley Act of 2002, or the Sarbanes-Oxley Act, reduced disclosure obligations regarding executive compensation in our periodic reports and proxy statements, and exemptions from the requirements of holding a non-binding advisory vote on executive compensation and stockholder approval of any golden parachute payments not previously approved. If some investors find our securities less attractive as a result, there may be a less active trading market for our securities and the prices of our securities may be more volatile.

In addition, Section 107 of the JOBS Act also provides that an “emerging growth company” can take advantage of the extended transition period provided in Section 7(a)(2)(B) of the Securities Act for complying with new or revised accounting standards. In other words, an “emerging growth company” can delay the adoption of certain accounting standards until those standards would otherwise apply to private companies. We intend to take advantage of the benefits of this extended transition period until we are no longer an “emerging growth company.”

We will remain an emerging growth company until the earlier of (1) the last day of the fiscal year (a) following the fifth anniversary of the completion of this offering, (b) in which we have total annual gross revenue of at least \$1.07 billion, or (c) in which we are deemed to be a large accelerated filer, which means the market value of our common stock that is held by non-affiliates exceeds \$700 million as of the prior June 30th, and (2) the date on which we have issued more than \$1.0 billion in non-convertible debt during the prior three-year period. References herein to “emerging growth company” shall have the meaning associated with it in the JOBS Act.

Stockholder Approval of Business Combination

In connection with any proposed business combination, we will either (1) seek stockholder approval of our initial business combination at a meeting called for such purpose at which public stockholders (but not our insiders, officers or directors) may seek to convert their shares of common stock, regardless of whether they vote for or against the proposed business combination, into a portion of the aggregate amount then on deposit in the trust account, or (2) provide our stockholders with the opportunity to sell their shares to us by means of a tender offer (and therefore avoid the need for a stockholder vote) for an amount equal to their pro rata share of the aggregate amount then on deposit in the trust account, in each case subject to the limitations described herein. If we determine to engage in a tender offer, such tender offer will be structured so that each stockholder may tender all of his, her or its shares rather than some pro rata portion of his, her or its shares. The decision as to whether we will seek stockholder approval of a proposed business combination or whether we will allow stockholders to sell their shares to us in a tender offer will be made by us, solely in our discretion, and will be based on a variety of factors such as the timing of the transaction and whether the terms of the transaction would otherwise require us to seek stockholder approval. We anticipate that our business combination could be completed by way of a merger, share exchange, asset acquisition, stock purchase, recapitalization, reorganization or other similar transaction. Stockholder approval will not be required under Delaware law if the business combination is structured as an acquisition of assets of the target company, a share exchange with target company stockholders or a purchase of stock of the target company; however, Nasdaq rules would require us to obtain stockholder approval if we seek to issue shares representing 20% or more of our outstanding shares as consideration in a business combination. A merger of our company into a target company would require stockholder approval under Delaware law. A merger of a target company into our company would not require stockholder approval unless the merger results in a change to our certificate of incorporation, or if the shares issued in connection with the merger exceed 20% of our outstanding shares prior to the merger. A merger of a target company with a subsidiary of our company would not require stockholder approval unless the merger results in a change in our certificate of incorporation; however, Nasdaq rules would require us to obtain stockholder approval of such a transaction if we seek to issue shares representing 20% or more of our outstanding shares as consideration.

If a stockholder vote is not required and we do not decide to hold a stockholder vote for business or other legal reasons, we will provide our stockholders with an opportunity to tender their shares to us pursuant to a tender offer pursuant to Rule 13e-4 and Regulation 14E of the Exchange Act, which regulate issuer tender offers, and we will file tender offer documents with the SEC which will contain substantially the same financial and other information about the initial business combination as is required under the SEC's proxy rules.

In the event we allow stockholders to tender their shares pursuant to the tender offer rules, our tender offer will remain open for at least 20 business days, in accordance with Rule 14e-1(a) under the Exchange Act, and we will not be permitted to complete our initial business combination until the expiration of the tender offer period. In addition, the tender offer will be conditioned on public stockholders not tendering more than a specified number of public shares, which number will be based on the requirement that we may not purchase public shares in an amount that would cause our net tangible assets to be less than \$5,000,001 (so that we are not subject to the SEC's "penny stock" rules) or any greater net tangible asset or cash requirement which may be contained in the agreement relating to our initial business combination. If public stockholders tender more shares than we have offered to purchase, we will withdraw the tender offer and not complete the initial business combination.

If, however, stockholder approval of the transaction is required by law or Nasdaq requirements, or we decide to obtain stockholder approval for business or other legal reasons, we will:

- permit stockholders to convert their shares in conjunction with a proxy solicitation pursuant to Regulation 14A of the Exchange Act, which regulates the solicitation of proxies, and not pursuant to the tender offer rules, and
- file proxy materials with the SEC.

In the event that we seek stockholder approval of our initial business combination, we will distribute proxy materials and, in connection therewith, provide stockholders with the conversion rights described above upon completion of the initial business combination.

We will consummate our initial business combination only if public stockholders do not exercise conversion rights in an amount that would cause our net tangible assets to be less than \$5,000,001 and a majority of the outstanding shares of common stock voted are voted in favor of the business combination. As a result, if stockholders owning approximately 87.8% (or approximately 88.9% if the over-allotment option is exercised in full) or more of the shares of common stock sold in this offering exercise conversion rights, the business combination will not be consummated. However, the actual percentages will only be able to be determined once a target business is located and we can assess all of the assets and liabilities of the combined company (which would include the fee payable to the underwriters in an amount equal to 3.5% of the total gross proceeds raised in the offering as described elsewhere in this prospectus, any out-of-pocket expenses incurred by our insiders or their affiliates in connection with certain activities on our behalf, such as identifying and investigating possible business targets and business combinations that have not been repaid at that time, as well as any other liabilities of ours and the liabilities of the target business) upon consummation of the proposed business combination, subject to the requirement that we must have at least \$5,000,001 of net tangible assets upon closing of such business combination. As a result, the actual percentages of shares that can be converted may be significantly lower than our estimates. We chose our net tangible asset threshold of \$5,000,001 to ensure that we would avoid being subject to Rule 419 promulgated under the Securities Act. However, if we seek to consummate an initial business combination with a target business that imposes any type of working capital closing condition or requires us to have a minimum amount of funds available from the trust account upon consummation of such initial business combination, our net tangible asset threshold may limit our ability to consummate such initial business combination (as we may be required to have a lesser number of shares converted) and may force us to seek third-party financing which may not be available on terms acceptable to us or at all. As a result, we may not be able to consummate such initial business combination and we may not be able to locate another suitable target within the applicable time period, if at all. Public stockholders may therefore have to wait 12 months from the closing of this offering (or 15 or 18 or 21 months if we have extended the period of time as described in this prospectus) in order to be able to receive a portion of the trust account.

Our insiders, including our officers and directors, have agreed (1) to vote any shares of common stock owned by them in favor of any proposed business combination, (2) not to convert any shares of common stock into the right to receive cash from the trust account in connection with a stockholder vote to approve a proposed initial business combination or a vote to amend the provisions of our certificate of incorporation relating to stockholders' rights or pre-business combination activity and (3) not to sell any shares of common stock in any tender in connection with a proposed initial business combination.

Depending on how a business combination was structured, any stockholder approval requirement could be satisfied by obtaining the approval of either (i) a majority of the shares of our common stock that were voted at the meeting (assuming a quorum was present at the meeting), or (ii) a majority of the outstanding shares of our common stock. Because our insiders, including our officers and directors, will collectively beneficially own approximately 20.0% of our issued and outstanding shares of common stock (not including the private units and underlying securities and assuming our insiders do not purchase any units in this offering) upon consummation of this offering, a minimum of approximately 71,376 public shares, or 1.09% of the outstanding shares of our common stock (if the approval requirement was a majority of shares voted and the minimum number of shares required for a quorum attended the meeting and assuming the over-allotment option has not been exercised and an aggregate of 187,500 insider shares have been forfeited as a result thereof), would need to be voted in favor a business combination in order for it to be approved.

None of our insiders or their affiliates has indicated any intention to purchase units or shares of common stock from persons in the open market or in private transactions. However, if we seek stockholder approval of a business combination and if we hold a meeting to approve a proposed business combination and a significant number of stockholders vote, or indicate an intention to vote, against such proposed business combination, we or our insiders or their affiliates could make such purchases in the open market or in private transactions in order to influence the vote. However, they have no current commitments, plans or intentions to engage in such transactions and have not formulated any terms or conditions for any such transactions. No funds from the trust account can be released from the trust account prior to the consummation of a business combination to make such purchases (although such purchases could be made using funds available to us after the closing of a business combination). We do not currently anticipate that such purchases, if any, would constitute a tender offer subject to the tender offer rules under the Exchange Act or a going-private transaction subject to the going-private rules under the Exchange Act; however, if the purchasers determine at the time of any such purchases that the purchases are subject to such rules, the purchasers will comply with such rules. Notwithstanding the foregoing, we or our insiders or their affiliates will not make purchases of shares of common stock if the purchases would violate Sections 9(a)(2) or 10(b) of the Exchange Act or Regulation M, which are rules that prohibit manipulation of a company's stock, and we and they will comply with Rule 10b-18 under the Exchange Act in connection with any open-market purchases. If purchases cannot be made without violating applicable law, no such purchases will be made. The purpose of such purchases would be to (i) vote such shares in favor of the business combination and thereby increase the likelihood of obtaining stockholder approval of the business combination or (ii) to satisfy a closing condition in an agreement with a target that requires us to have a minimum net worth or a certain amount of cash at the closing of our business combination, where it appears that such requirement would otherwise not be met. This may result in the completion of our business combination that may not otherwise have been possible. In addition, if such purchases are made, the public "float" of our common stock may be reduced and the number of beneficial holders of our securities may be reduced, which may make it difficult to maintain or obtain the quotation, listing or trading of our securities on a national securities exchange. Our insiders anticipate that they may identify the stockholders with whom our insiders or their affiliates may pursue privately negotiated purchases by either the stockholders contacting us directly or by our receipt of redemption requests submitted by stockholders following our mailing of proxy materials in connection with our initial business combination. To the extent that our insiders or their affiliates enter into a private purchase, they would identify and contact only potential selling stockholders who have expressed their election to redeem their shares for a pro rata share of the trust account or vote against the business combination.

Conversion Rights

At any meeting called to approve an initial business combination, any public stockholder, whether voting for or against such proposed business combination, will be entitled to demand that his or her shares of common stock be converted for a full pro rata portion of the amount then in the trust account (initially \$10.20 per share), plus any pro rata interest earned on the funds held in the trust account and not previously released to us or necessary to pay our taxes. Alternatively, we may provide our public stockholders with the opportunity to sell their shares of our common stock to us through a tender offer (and thereby avoid the need for a stockholder vote) for an amount equal to their pro rata share of the aggregate amount then on deposit in the trust account, net of taxes payable.

Notwithstanding the foregoing, a public stockholder, together with any affiliate of his or hers or any other person with whom he or she is acting in concert or as a "group" (as defined in Section 13(d)(3) of the Exchange Act), will be restricted from seeking conversion rights with respect to 20% or more of the shares of common stock sold in this offering. Such a public stockholder would still be entitled to vote against a proposed business combination with respect to all shares of common stock owned by him or her, or his or her affiliates. We believe this restriction will prevent stockholders from accumulating large blocks of shares before the vote held to approve a proposed business combination and attempt to use the conversion right as a means to force us or our management to purchase their shares at a significant premium to the then current market price. By not allowing a stockholder to convert more than 20% of the shares of common stock sold in this offering, we believe we have limited the ability of a small group of stockholders to unreasonably attempt to block a transaction which is favored by our other public stockholders.

None of our insiders will have the right to receive cash from the trust account in connection with a stockholder vote to approve a proposed initial business combination or a vote to amend the provisions of our certificate of incorporation relating to stockholders' rights or pre-business combination activity with respect to any shares of common stock owned by them, directly or indirectly, whether acquired prior to this offering or purchased by them in this offering or in the aftermarket.

We may also require public stockholders who wish to convert, whether they are a record holder or hold their shares in "street name," to either tender their certificates to our transfer agent at any time through the vote on the business combination or to deliver their shares to the transfer agent electronically using Depository Trust Company's DWAC (Deposit/Withdrawal At Custodian) System, at the holder's option. The proxy solicitation materials that we will furnish to stockholders in connection with the vote for any proposed business combination will indicate whether we are requiring stockholders to satisfy such delivery requirements. Accordingly, a stockholder would have from the time the stockholder received our proxy statement through the vote on the business combination to deliver his or her shares if he or she wishes to seek to exercise his or her conversion rights. Under Delaware law and our bylaws, we are required to provide at least 10 days' advance notice of any stockholder meeting, which would be the minimum amount of time a public stockholder would have to determine whether to exercise conversion rights.

There is a nominal cost associated with the above-referenced delivery process and the act of certificating the shares or delivering them through the DWAC System. The transfer agent will typically charge the tendering broker \$45.00 and it would be up to the broker whether or not to pass this cost on to the holder. However, this fee would be incurred regardless of whether or not we require holders to deliver their shares prior to the vote on the business combination in order to exercise conversion rights. This is because a holder would need to deliver shares to exercise conversion rights regardless of the timing of when such delivery must be effectuated. However, in the event we require stockholders to deliver their shares prior to the vote on the proposed business combination and the proposed business combination is not consummated, this may result in an increased cost to stockholders.

The foregoing is different from the procedures used by many blank check companies. Traditionally, in order to perfect conversion rights in connection with a blank check company's business combination, the company would distribute proxy materials for the stockholders' vote on an initial business combination, and a holder could simply vote against a proposed business combination and check a box on the proxy card indicating such holder was seeking to exercise his or her conversion rights. After the business combination was approved, the company would contact such stockholder to arrange for him or her to deliver his or her certificate to verify ownership. As a result, the stockholder then had an "option window" after the consummation of the business combination during which he or she could monitor the price of the company's stock in the market. If the price rose above the conversion price, he or she could sell his or her shares in the open market before actually delivering his or her shares to the company for cancellation. As a result, the conversion rights, to which stockholders were aware they needed to commit before the stockholder meeting, would become a "continuing" right surviving past the consummation of the business combination until the holder delivered its certificate.

The requirement for physical or electronic delivery prior to the meeting ensures that a holder's election to convert his or her shares is irrevocable once the business combination is approved.

Any request to convert such shares once made may be withdrawn at any time up to the vote on the proposed business combination. Furthermore, if a holder of a public share delivered his or her certificate in connection with an election of their conversion and subsequently decides prior to the vote on the proposed business combination not to elect to exercise such rights, he or she may simply request that the transfer agent return the certificate (physically or electronically).

If the initial business combination is not approved or completed for any reason, then our public stockholders who elected to exercise their conversion rights would not be entitled to convert their shares for the applicable pro rata share of the trust account. In such case, we will promptly return any shares delivered by public holders.

Liquidation if No Business Combination

If we do not complete a business combination within 12 months from the closing of this, we will (i) cease all operations except for the purpose of winding up, (ii) as promptly as reasonably possible but not more than ten business days thereafter, redeem 100% of the outstanding public shares and (iii) as promptly as reasonably possible following such redemption, subject to the approval of our remaining stockholders and our board of directors, dissolve and liquidate, subject (in the case of (ii) and (iii) above) to our obligations under Delaware law to provide for claims of creditors and the requirements of other applicable law. At such time, the rights will expire and holders of the rights will receive nothing upon a liquidation with respect to such rights, and the rights will be worthless. However, if we anticipate that we may not be able to consummate our initial business combination within 12 months, our insiders or their affiliates may, but are not obligated to, extend the period of time to consummate a business combination three times by an additional three months each time (for a total of up to 21 months to complete a business combination). Pursuant to the terms of our amended and restated certificate of incorporation and the trust agreement to be entered into between us and Continental Stock Transfer & Trust Company on the date of this prospectus, the only way to extend the time available for us to consummate our initial business combination is for our insiders or their affiliates or designees, upon five days' advance notice prior to the applicable deadline, to deposit into the trust account \$500,000, or \$575,000 if the over-allotment option is exercised in full (\$0.10 per share in either case), on or prior to the date of the applicable deadline. In the event that they elected to extend the time to complete a business combination and deposited the applicable amount of money into trust, the insiders would receive a non-interest bearing, unsecured promissory note equal to the amount of any such deposit that will not be repaid in the event that we are unable to close a business combination unless there are funds available outside the trust account to do so. Such notes would either be paid upon consummation of our initial business combination, or, at the relevant insider's discretion, converted upon consummation of our business combination into additional private units at a price of \$10.00 per unit. Our shareholders have approved the issuance of the private units upon conversion of such notes, to the extent the holder wishes to so convert such notes at the time of the consummation of our initial business combination. In the event that we receive notice from our insiders five days prior to the applicable deadline of their intent to effect an extension, we intend to issue a press release announcing such intention at least three days prior to the applicable deadline. In addition, we intend to issue a press release the day after the applicable deadline announcing whether or not the funds had been timely deposited. Our insiders and their affiliates or designees are not obligated to fund the trust account to extend the time for us to complete our initial business combination. To the extent that some, but not all, of our insiders, decide to extend the period of time to consummate our initial business combination, such insiders (or their affiliates or designees) may deposit the entire amount required.

Under the Delaware General Corporation Law, stockholders may be held liable for claims by third parties against a corporation to the extent of distributions received by them in a dissolution. The pro rata portion of our trust account distributed to our public stockholders upon the redemption of 100% of our outstanding public shares in the event we do not complete our initial business combination within the required time period may be considered a liquidation distribution under Delaware law. If the corporation complies with certain procedures set forth in Section 280 of the Delaware General Corporation Law intended to ensure that it makes reasonable provision for all claims against it, including a 60-day notice period during which any third-party claims can be brought against the corporation, a 90-day period during which the corporation may reject any claims brought, and an additional 150-day waiting period before any redemptions are made to stockholders, any liability of stockholders with respect to a redemption is limited to the lesser of such stockholder's pro rata share of the claim or the amount distributed to the stockholder, and any liability of the stockholder would be barred after the third anniversary of the dissolution.

Furthermore, if the pro rata portion of our trust account distributed to our public stockholders upon the redemption of 100% of our public shares in the event we do not complete our initial business combination within the required time period is not considered a liquidation distribution under Delaware law and such redemption distribution is deemed to be unlawful, then pursuant to Section 174 of the Delaware General Corporation Law, the statute of limitations for claims of creditors could then be six years after the unlawful redemption distribution, instead of three years, as in the case of a liquidation distribution. It is our intention to redeem our public shares as soon as reasonably possible following the 12th or 15th or 18th or 21st month from the closing of this offering and, therefore, we do not intend to comply with the above procedures. As such, our stockholders could potentially be liable for any claims to the extent of distributions received by them (but no more) and any liability of our stockholders may extend well beyond the third anniversary of such date.

Because we will not be complying with Section 280 of the Delaware General Corporation Law, Section 281(b) of the Delaware General Corporation Law requires us to adopt a plan, based on facts known to us at such time that will provide for our payment of all existing and pending claims or claims that may be potentially brought against us within the subsequent 10 years. However, because we are a blank check company, rather than an operating company, and our operations will be limited to seeking to complete an initial business combination, the only likely claims to arise would be from our vendors (such as lawyers, investment bankers, etc.) or prospective target businesses.

We will seek to have all third parties (including any vendors or other entities we engage after this offering) and any prospective target businesses enter into valid and enforceable agreements with us waiving any right, title, interest or claim of any kind they may have in or to any monies held in the trust account. The underwriters in this offering will execute such a waiver agreement. As a result, the claims that could be made against us will be limited, thereby lessening the likelihood that any claim would result in any liability extending to the trust. We therefore believe that any necessary provision for creditors will be reduced and should not have a significant impact on our ability to distribute the funds in the trust account to our public stockholders. Nevertheless, there is no guarantee that vendors, service providers and prospective target businesses will execute such agreements. In the event that a potential contracted party was to refuse to execute such a waiver, we will execute an agreement with that entity only if our management first determines that we would be unable to obtain, on a reasonable basis, substantially similar services or opportunities from another entity willing to execute such a waiver. Examples of instances where we may engage a third-party that refused to execute a waiver would be the engagement of a third-party consultant who cannot sign such an agreement due to regulatory restrictions, such as our auditors who are unable to sign due to independence requirements, or whose particular expertise or skills are believed by management to be superior to those of other consultants that would agree to execute a waiver or a situation in which management does not believe it would be able to find a provider of required services willing to provide the waiver. There is also no guarantee that, even if they execute such agreements with us, they will not seek recourse against the trust account. Our insiders have agreed that they will be jointly and severally liable to us if and to the extent any claims by a vendor for services rendered or products sold to us, or a prospective target business with which we have discussed entering into a transaction agreement, reduce the amount of funds in the trust account to below \$10.20 per public share, except as to any claims by a third-party who executed a valid and enforceable agreement with us waiving any right, title, interest or claim of any kind they may have in or to any monies held in the trust account and except as to any claims under our indemnity of the underwriters of this offering against certain liabilities, including liabilities under the Securities Act. Our board of directors has evaluated our insiders' financial net worth and believes they will be able to satisfy any indemnification obligations that may arise. However, our insiders may not be able to satisfy their indemnification obligations, as we have not required our insiders to retain any assets to provide for their indemnification obligations, nor have we taken any further steps to ensure that they will be able to satisfy any indemnification obligations that arise. Moreover, our insiders will not be liable to our public stockholders and instead will only have liability to us. As a result, if we liquidate, the per-share distribution from the trust account could be less than approximately \$10.20 due to claims or potential claims of creditors. We will distribute to all of our public stockholders, in proportion to their respective equity interests, an aggregate sum equal to the amount then held in the trust account, inclusive of any interest not previously released to us, (subject to our obligations under Delaware law to provide for claims of creditors as described below).

If we are unable to consummate an initial business combination and are forced to redeem 100% of our outstanding public shares for a portion of the funds held in the trust account, we anticipate notifying the trustee of the trust account to begin liquidating such assets promptly after such date and anticipate it will take no more than 10 business days to effectuate the redemption of our public shares. Our insiders have waived their rights to participate in any redemption with respect to their insider shares. We will pay the costs of any subsequent liquidation from our remaining assets outside of the trust account. If such funds are insufficient, our insiders have agreed to pay the funds necessary to complete such liquidation (currently anticipated to be no more than approximately \$15,000) and have agreed not to seek repayment of such expenses. Each holder of public shares will receive a full pro rata portion of the amount then in the trust account, plus any pro rata interest earned on the funds held in the trust account and not previously released to us or necessary to pay our taxes. The proceeds deposited in the trust account could, however, become subject to claims of our creditors that are in preference to the claims of public stockholders.

Our public stockholders shall be entitled to receive funds from the trust account only in the event of our failure to complete our initial business combination in the required time period or if the stockholders seek to have us convert their respective shares of common stock upon a business combination which is actually completed by us. In no other circumstances shall a stockholder have any right or interest of any kind to or in the trust account.

If we are forced to file a bankruptcy case or an involuntary bankruptcy case is filed against us which is not dismissed, the proceeds held in the trust account could be subject to applicable bankruptcy law, and may be included in our bankruptcy estate and subject to the claims of third parties with priority over the claims of our stockholders. To the extent any bankruptcy claims deplete the trust account, the per share redemption or conversion amount received by public stockholders may be less than \$10.20.

If, after we distribute the proceeds in the trust account to our public stockholders, we file a bankruptcy petition or an involuntary bankruptcy petition is filed against us that is not dismissed, any distributions received by stockholders could be viewed under applicable debtor/creditor and/or bankruptcy laws as either a “preferential transfer” or a “fraudulent conveyance.” As a result, a bankruptcy court could seek to recover all amounts received by our stockholders. In addition, our board of directors may be viewed as having breached its fiduciary duty to our creditors and/or having acted in bad faith, thereby exposing itself and us to claims of punitive damages, by paying public stockholders from the trust account prior to addressing the claims of creditors. Claims may be brought against us for these reasons.

Certificate of Incorporation

Our certificate of incorporation contains certain requirements and restrictions relating to this offering that will apply to us until the consummation of our initial business combination. If we hold a stockholder vote to amend any provisions of our certificate of incorporation relating to stockholder's rights or pre-business combination activity (including the substance or timing within which we have to complete a business combination), we will provide our public stockholders with the opportunity to redeem their shares of common stock upon approval of any such amendment at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the trust account, including interest earned on the funds held in the trust account and not previously released to us to pay our franchise and income taxes, divided by the number of then outstanding public shares, in connection with any such vote. Our insiders have agreed to waive any conversion rights with respect to any insider shares, private shares and any public shares they may hold in connection with any vote to amend our certificate of incorporation. Specifically, our certificate of incorporation provides, among other things, that:

- prior to the consummation of our initial business combination, we shall either (1) seek stockholder approval of our initial business combination at a meeting called for such purpose at which public stockholders may seek to convert their shares of common stock, regardless of whether they vote for or against the proposed business combination, into a portion of the aggregate amount then on deposit in the trust account, net of taxes payable, or (2) provide our stockholders with the opportunity to sell their shares to us by means of a tender offer (and thereby avoid the need for a stockholder vote) for an amount equal to their pro rata share of the aggregate amount then on deposit in the trust account, net of taxes payable, in each case subject to the limitations described herein;
- we will consummate our initial business combination only if public stockholders do not exercise conversion rights in an amount that would cause our net tangible assets to be less than \$5,000,001 and a majority of the outstanding shares of common stock voted are voted in favor of the business combination;
- if our initial business combination is not consummated within 12 months (or 15 or 18 or 21 months, as applicable) the closing of this offering, then our existence will terminate and we will distribute all amounts in the trust account to all of our public holders of shares of common stock;
- upon the consummation of this offering, \$51,000,000, or \$58,650,000 if the over-allotment option is exercised in full, shall be placed into the trust account;
- we may not consummate any other business combination, merger, capital stock exchange, asset acquisition, stock purchase, reorganization or similar transaction prior to our initial business combination; and
- prior to our initial business combination, we may not issue additional shares of capital stock that would entitle the holders thereof to (i) receive funds from the trust account or (ii) vote on any initial business combination.

Potential Revisions to Agreements with Insiders

Each of our insiders has entered into letter agreements with us pursuant to which each of them has agreed to do certain things relating to us and our activities prior to a business combination. We could seek to amend these letter agreements without the approval of stockholders, although we have no intention to do so. In particular:

- Restrictions relating to liquidating the trust account if we failed to consummate a business combination in the time-frames specified above could be amended, but only if we allowed all stockholders to redeem their shares in connection with such amendment;
- Restrictions relating to our insiders being required to vote in favor of a business combination or against any amendments to our organizational documents could be amended to allow our insiders to vote on a transaction as they wished;
- The requirement of members of the management team to remain our officer or director until the closing of a business combination could be amended to allow persons to resign from their positions with us if, for example, the current management team was having difficulty locating a target business and another management team had a potential target business;
- The restrictions on transfer of our securities could be amended to allow transfer to third parties who were not members of our original management team;
- The obligation of our management team to not propose amendments to our organizational documents could be amended to allow them to propose such changes to our stockholders;
- The obligation of insiders to not receive any compensation in connection with a business combination could be modified in order to allow them to receive such compensation; and
- The requirement to obtain a valuation for any target business affiliated with our insiders, in the event it was too expensive to do so.

Except as specified above, stockholders would not be required to be given the opportunity to redeem their shares in connection with such changes. Such changes could result in:

- Our having an extended period of time to consummate a business combination (although with less in trust as a certain number of our stockholders would certainly redeem their shares in connection with any such extension);
- Our insiders being able to vote against a business combination or in favor of changes to our organizational documents;
- Our operations being controlled by a new management team that our stockholders did not elect to invest with;
- Our insiders receiving compensation in connection with a business combination; and
- Our insiders closing a transaction with one of their affiliates without receiving an independent valuation of such business.

We will not agree to any such changes unless we believed that such changes were in the best interests of our stockholders (for example, if we believed such a modification were necessary to complete a business combination). Each of our officers and directors has fiduciary obligations to us requiring that he or she act in our best interests and the best interests of our stockholders.

Competition

In identifying, evaluating and selecting a target business, we may encounter intense competition from other entities having a business objective similar to ours. Many of these entities are well established and have extensive experience identifying and effecting business combinations directly or through affiliates. Many of these competitors possess greater technical, human and other resources than us and our financial resources will be relatively limited when contrasted with those of many of these competitors. While we believe there may be numerous potential target businesses that we could complete a business combination with utilizing the net proceeds of this offering, our ability to compete in completing a business combination with certain sizable target businesses may be limited by our available financial resources.

The following also may not be viewed favorably by certain target businesses:

- our obligation to seek stockholder approval of our initial business combination or engage in a tender offer may delay the completion of a transaction;
- our obligation to convert shares of common stock held by our public stockholders may reduce the resources available to us for our initial business combination;
- our obligation to pay the deferred underwriting commission to the underwriters upon consummation of our initial business combination;
- our obligation to either repay working capital loans that may be made to us by our insiders or their affiliates;
- our obligation to register the resale of the insider shares, as well as the private units (and underlying securities) and any shares issued to our insiders or their affiliates upon conversion of working capital loans; and
- the impact on the target business' assets as a result of unknown liabilities under the securities laws or otherwise depending on developments involving us prior to the consummation of a business combination.

Any of these factors may place us at a competitive disadvantage in successfully negotiating our initial business combination. Our management believes, however, that our status as a public entity and potential access to the United States public equity markets may give us a competitive advantage over privately held entities having a similar business objective as ours in connection with an initial business combination with a target business with significant growth potential on favorable terms.

If we succeed in effecting our initial business combination, there will be, in all likelihood, intense competition from competitors of the target business. Subsequent to our initial business combination, we may not have the resources or ability to compete effectively.

Facilities

We currently maintain our principal executive offices at 311 West 43rd Street, 12th Floor, New York, NY 10036. The cost for this space is included in the \$10,000 per-month fee (subject to deferral as described herein) payable to Sunlight Global Investment LLC, for office space, utilities and secretarial services. Our agreement with Sunlight Global Investment LLC provides that, commencing on the date that our securities are first listed on the Nasdaq Capital Market and until we consummate a business combination, such office space, as well as utilities and secretarial services, will be made available to us as may be required from time to time. We believe that the fee charged by Sunlight Global Investment LLC is at least as favorable as we could have obtained from an unaffiliated person. We consider our current office space, combined with the other office space otherwise available to our executive officers, adequate for our current operations.

Employees

We have two executive officers. These individuals are not obligated to devote any specific number of hours to our matters and intend to devote only as much time as they deem necessary to our affairs. The amount of time they will devote in any time period will vary based on whether a target business has been selected for the business combination and the stage of the business combination process the company is in. Accordingly, once a suitable target business to consummate our initial business combination with has been located, management will spend more time investigating such target business and negotiating and processing the business combination (and consequently spend more time on our affairs) than had been spent prior to locating a suitable target business. We presently expect our executive officers to devote an average of approximately 10 hours per week to our business. We do not intend to have any full time employees prior to the consummation of our initial business combination.

Periodic Reporting and Audited Financial Statements

We have registered our units, common stock and rights under the Exchange Act and have reporting obligations, including the requirement that we file annual, quarterly and current reports with the SEC. In accordance with the requirements of the Exchange Act, our annual report will contain financial statements audited and reported on by our independent registered public accountants.

We will provide stockholders with audited financial statements of the prospective target business as part of any proxy solicitation materials or tender offer documents sent to stockholders to assist them in assessing the target business. These financial statements will need to be prepared in accordance with or reconciled to United States GAAP or IFRS as issued by the IASB. A particular target business identified by us as a potential business combination candidate may not have the necessary financial statements. To the extent that this requirement cannot be met, we may not be able to consummate our initial business combination with the proposed target business.

We may be required by the Sarbanes-Oxley Act to have our internal control over financial reporting audited for the year ending December 31, 2021. A target company may not be in compliance with the provisions of the Sarbanes-Oxley Act regarding the adequacy of their internal control over financial reporting. The development of the internal control over financial reporting of any such entity to achieve compliance with the Sarbanes-Oxley Act may increase the time and costs necessary to complete any such initial business combination.

Legal Proceedings

There is no material litigation, arbitration, governmental proceeding or any other legal proceeding currently pending or known to be contemplated against us or any members of our management team in their capacity as such, and we and the members of our management team have not been subject to any such proceeding in the 10 years preceding the date of this prospectus.

Comparison to Offerings of Blank Check Companies Subject to Rule 419

The following table compares the terms of this offering to the terms of an offering by a blank check company subject to the provisions of Rule 419. This comparison assumes that the gross proceeds, underwriting commissions and underwriting expenses of our offering would be identical to those of an offering undertaken by a company subject to Rule 419, and that the underwriters will not exercise their over-allotment option. None of the provisions of Rule 419 apply to our offering.

	Terms of the Offering	Terms Under a Rule 419 Offering
Escrow of offering proceeds	\$51,000,000 of the net offering proceeds and proceeds from the sale of the private units will be deposited into a trust account in the United States at JPMorgan Chase Bank, maintained by Continental Stock Transfer & Trust Company, acting as trustee.	\$43,200,000 of the offering proceeds would be required to be deposited into either an escrow account with an insured depository institution or in a separate bank account established by a broker-dealer in which the broker-dealer acts as trustee for persons having the beneficial interests in the account.
Investment of net proceeds	\$51,000,000 of net offering proceeds and proceeds from the sale of the private units held in the trust account will be invested only in U.S. government treasury bills, bonds or notes with a maturity of 180 days or less or in money market funds meeting the applicable conditions under Rule 2a-7 under the Investment Company Act which invest only in direct U.S. government treasury obligations.	Proceeds could be invested only in specified securities such as a money market fund meeting conditions of the Investment Company Act or in securities that are direct obligations of, or obligations guaranteed as to principal or interest by, the United States.
Limitation on fair value or net assets of target business	Our initial business combination must occur with one or more target businesses that together have an aggregate fair market value of at least 80% of the value of the trust account (excluding any deferred underwriter's fees and taxes payable on the income earned on the trust account) at the time of the agreement to enter into the initial business combination.	The fair value or net assets of a target business must represent at least 80% of the maximum offering proceeds.

Trading of securities issued	The units may commence trading on or promptly after the date of this prospectus. The common stock_and rights comprising the units will begin to trade separately on the 90 th day after the date of this prospectus unless Chardan Capital Markets, LLC informs us of its decision to allow earlier separate trading (based upon its assessment of the relative strengths of the securities markets and small capitalization companies in general, and the trading pattern of, and demand for, our securities in particular), provided we have filed with the SEC a Current Report on Form 8-K, which includes an audited balance sheet reflecting our receipt of the proceeds of this offering.	No trading of the units or the underlying common stock_and rights would be permitted until the completion of a business combination. During this period, the securities would be held in the escrow or trust account.
------------------------------	---	---

	Terms of the Offering	Terms Under a Rule 419 Offering
Election to remain an investor	We will either (i) give our stockholders the opportunity to vote on the business combination or (ii) provide our public stockholders with the opportunity to sell their shares of our common stock for cash equal to their pro rata share of the aggregate amount then on deposit in the trust account, less taxes. If we hold a meeting to approve a proposed business combination, we will send each stockholder a proxy statement containing information required by the SEC. Alternatively, if we do not hold a meeting and instead conduct a tender offer, we will conduct such tender offer in accordance with the tender offer rules of the SEC and file tender offer documents with the SEC which will contain substantially the same financial and other information about the initial business combination as we would have included in a proxy statement. Under Delaware law and our bylaws, we must provide at least 10 days' advance notice of any meeting of stockholders. Accordingly, this is the minimum amount of time we would need to provide holders to determine whether to exercise their rights to convert their shares into cash or to remain an investor in our company.	A prospectus containing information pertaining to the business combination required by the SEC would be sent to each investor. Each investor would be given the opportunity to notify the company in writing, within a period of no less than 20 business days and no more than 45 business days from the effective date of a post-effective amendment to the company's registration statement, to decide if he, she or it elects to remain a stockholder of the company or require the return of his, her or its investment. If the company has not received the notification by the end of the 45 th business day, funds and interest or dividends, if any, held in the trust or escrow account are automatically returned to the stockholder. Unless a sufficient number of investors elect to remain investors, all funds on deposit in the escrow account must be returned to all of the investors and none of the securities are issued.

Interest earned on the funds in the trust account	There can be released to us, from time to time, any interest earned on the funds in the trust account that we may need to pay our tax obligations. Mr. Zhang received an MBA with dual majors in finance and technology innovation from the Wharton School at the University of Pennsylvania in May 2001. We believe Mr. Zhang is qualified to serve on our board based on his extensive network of relationships in the asset management industry and his experience as an institutional investment manager deploying capital in a variety of sectors.

Number and Terms of Office of Officers and Directors

Upon consummation of this offering, our board of directors will have five members, three of whom will be deemed "independent" under SEC and Nasdaq rules. Our board of directors will be divided into three classes with only one class of directors being elected in each year and each class serving a three-year term. The term of office of the first class of directors, consisting of Dr. Todd Milbourn and Wenhua Zhang, will expire at our first annual meeting of stockholders. The term of office of the second class of directors, consisting of Dong Liu and Nelson Haight, will expire at the second annual meeting. The term of office of the third class of directors, consisting of Dr. Suying Liu, will expire at our third annual meeting of stockholders. We may not hold an annual meeting of stockholders until after we consummate our initial business combination.

Our officers are appointed by the board of directors and serve at the discretion of the board of directors, rather than for specific terms of office. Our board of directors is authorized to appoint persons to the offices set forth in our bylaws as it deems appropriate. Our bylaws provide that our directors may consist of a chairman of the board, and that our officer may consist of chief executive officer, president, chief financial officer, executive vice president(s), vice president(s), secretary, treasurer and such other officers as may be determined by the board of directors.

Executive Compensation

No executive officer has received any cash compensation for services rendered to us. Commencing on the date of this prospectus through the completion of our initial business combination with a target business, we will pay to Sunlight Global Investment LLC, a fee of \$10,000 per month for providing us with office space and certain office and secretarial services. However, pursuant to the terms of such agreement, we may delay payment of such monthly fee upon a determination by our audit committee that we lack sufficient funds held outside the trust to pay actual or anticipated expenses in connection with our initial business combination. Any such unpaid amount will accrue without interest and be due and payable no later than the date of the consummation of our initial business combination. Other than the \$10,000 per month administrative fee, no compensation or fees of any kind, including finder's fees, consulting fees and other similar fees, will be paid to our insiders or any of the members of our management team, for services rendered prior to or in connection with the consummation of our initial business combination (regardless of the type of transaction that it is). However, such individuals will receive reimbursement for any out-of-pocket expenses incurred by them in connection with activities on our behalf, such as identifying potential target businesses, performing business due diligence on suitable target businesses and business combinations as well as traveling to and from the offices, plants or similar locations of prospective target businesses to examine their operations. There is no limit on the amount of out-of-pocket expenses reimbursable by us; provided, however, that to the extent such expenses exceed the available proceeds not deposited in the trust account and the interest income earned on the amounts held in the trust account, such expenses would not be reimbursed by us unless we consummate an initial business combination.

After our initial business combination, members of our management team who remain with us may be paid consulting, management or other fees from the combined company with any and all amounts being fully disclosed to stockholders, to the extent then known, in the proxy solicitation materials furnished to our stockholders. It is unlikely the amount of such compensation will be known at the time of a stockholder meeting held to consider our initial business combination, as it will be up to the directors of the post-combination business to determine executive and director compensation. In this event, such compensation will be publicly disclosed at the time of its determination in a Current Report on Form 8-K, as required by the SEC.

Director Independence

Nasdaq listing standards require that within one year of the listing of our securities on the Nasdaq Capital Market we have at least three independent directors and that a majority of our board of directors be independent. An “independent director” is defined generally as a person other than an officer or employee of the company or its subsidiaries or any other individual having a relationship which in the opinion of the company’s board of directors, would interfere with the director’s exercise of independent judgment in carrying out the responsibilities of a director. Our Board of Directors had determined that Nelson Haight, Dr. Todd Milbourn and Wenhua Zhang are “independent director” as defined in the Nasdaq listing standards and applicable SEC rules. Our independent directors will have regularly scheduled meetings at which only independent directors are present.

We will only enter into a business combination if it is approved by a majority of our independent directors. Additionally, we will only enter into transactions with our officers and directors and their respective affiliates that are on terms no less favorable to us than could be obtained from independent parties. Any related-party transactions must be approved by our audit committee and a majority of disinterested directors.

Audit Committee

Effective as of the date of this prospectus, we will establish an audit committee of the board of directors, which will consist of Nelson Haight, Dr. Todd Milbourn and Wenhua Zhang, each of whom is an independent director. Dr. Todd Milbourn will serve as chairman of the audit committee. The audit committee’s duties, which are specified in our Audit Committee Charter, include, but are not limited to:

- reviewing and discussing with management and the independent auditor the annual audited financial statements, and recommending to the board whether the audited financial statements should be included in our Form 10-K;
- discussing with management and the independent auditor significant financial reporting issues and judgments made in connection with the preparation of our financial statements;
- discussing with management major risk assessment and risk management policies;
- monitoring the independence of the independent auditor;
- verifying the rotation of the lead (or coordinating) audit partner having primary responsibility for the audit and the audit partner responsible for reviewing the audit as required by law;

- reviewing and approving all related-party transactions;
- inquiring and discussing with management our compliance with applicable laws and regulations;
- pre-approving all audit services and permitted non-audit services to be performed by our independent auditor, including the fees and terms of the services to be performed;
- appointing or replacing the independent auditor;
- determining the compensation and oversight of the work of the independent auditor (including resolution of disagreements between management and the independent auditor regarding financial reporting) for the purpose of preparing or issuing an audit report or related work;
- establishing procedures for the receipt, retention and treatment of complaints received by us regarding accounting, internal accounting controls or reports which raise material issues regarding our financial statements or accounting policies; and
- approving reimbursement of expenses incurred by our management team in identifying potential target businesses.

Financial Experts on Audit Committee

The audit committee will at all times be composed exclusively of “independent directors” who are “financially literate” as defined under the Nasdaq listing standards. The Nasdaq listing standards define “financially literate” as being able to read and understand fundamental financial statements, including a company’s balance sheet, income statement and cash flow statement.

In addition, we must certify to Nasdaq that the committee has, and will continue to have, at least one member who has past employment experience in finance or accounting, requisite professional certification in accounting, or other comparable experience or background that results in the individual’s financial sophistication. The board of directors has determined that Dr. Todd Milbourn qualifies as an “audit committee financial expert,” as defined under rules and regulations of the SEC.

Compensation Committee

Upon the effectiveness of the registration statement of which this prospectus forms a part, we will establish a compensation committee of the board of directors consisting of Nelson Haight, Dr. Todd Milbourn and Wenhua Zhang, each of whom is an independent director. Wenhua Zhang will serve as chairman of the compensation committee. We will adopt a compensation committee charter, which will detail the principal functions of the compensation committee, including:

- reviewing and approving on an annual basis the corporate goals and objectives relevant to our Chief Executive Officer’s compensation, evaluating our Chief Executive Officer’s performance in light of such goals and objectives and determining and approving the remuneration (if any) of our Chief Executive Officer’s based on such evaluation;
- reviewing and approving the compensation of all of our other executive officers;
- reviewing our executive compensation policies and plans;
- implementing and administering our incentive compensation equity-based remuneration plans;

- assisting management in complying with our proxy statement and annual report disclosure requirements;
- approving all special perquisites, special cash payments and other special compensation and benefit arrangements for our executive officers and employees;
- producing a report on executive compensation to be included in our annual proxy statement; and
- reviewing, evaluating and recommending changes, if appropriate, to the remuneration for directors.

The charter will also provide that the compensation committee may, in its sole discretion, retain or obtain the advice of a compensation consultant, legal counsel or other adviser and will be directly responsible for the appointment, compensation and oversight of the work of any such adviser. However, before engaging or receiving advice from a compensation consultant, external legal counsel or any other adviser, the compensation committee will consider the independence of each such adviser, including the factors required by NASDAQ and the SEC.

Director Nominations

We do not have a standing nominating committee, though we intend to form a corporate governance and nominating committee as and when required to do so by law or NASDAQ rules. In accordance with Rule 5605(e)(2) of the NASDAQ rules, a majority of the independent directors may recommend a director nominee for selection by the board of directors. The board of directors believes that the independent directors can satisfactorily carry out the responsibility of properly selecting or approving director nominees without the formation of a standing nominating committee. Nelson Haight, Dr. Todd Milbourn and Wenhua Zhang will participate in the consideration and recommendation of director nominees. In accordance with Rule 5605(e)(1)(A) of the NASDAQ rules, all such directors are independent. As there is no standing nominating committee, we do not have a nominating committee charter in place.

The board of directors will also consider director candidates recommended for nomination by our stockholders during such times as they are seeking proposed nominees to stand for election at the next annual meeting of stockholders (or, if applicable, a special meeting of stockholders). Our stockholders that wish to nominate a director for election to the Board should follow the procedures set forth in our bylaws.

We have not formally established any specific, minimum qualifications that must be met or skills that are necessary for directors to possess. In general, in identifying and evaluating nominees for director, the board of directors considers educational background, diversity of professional experience, knowledge of our business, integrity, professional reputation, independence, wisdom, and the ability to represent the best interests of our stockholders.

Compensation Committee Interlocks and Insider Participation

We may not have a compensation committee in place prior to the completion of our initial business combination. Any executive compensation matters that arise prior to the time we have a compensation committee in place will be determined by our independent directors. None of our directors who currently serve as members of our compensation committee is, or has at any time in the past been, one of our officers or employees. None of our executive officers currently serves, or in the past year has served, as a member of the compensation committee of any other entity that has one or more executive officers serving on our board of directors. None of our executive officers currently serves, or in the past year has served, as a member of the board of directors of any other entity that has one or more executive officers serving on our compensation committee.

Code of Ethics

Effective upon consummation of this offering, we will adopt a code of ethics that applies to all of our executive officers, directors and employees. The code of ethics codifies the business and ethical principles that govern all aspects of our business.

Conflicts of Interest

Investors should be aware of the following potential conflicts of interest:

- None of our officers and directors is required to commit their full time to our affairs and, accordingly, they may have conflicts of interest in allocating their time among various business activities.
- In the course of their other business activities, our officers and directors may become aware of investment and business opportunities which may be appropriate for presentation to our company as well as the other entities with which they are affiliated. Our officers and directors may have conflicts of interest in determining to which entity a particular business opportunity should be presented.
- Our officers and directors may in the future become affiliated with entities, including other blank check companies, engaged in business activities similar to those intended to be conducted by our company.
- Unless we consummate our initial business combination, our officers, directors and other insiders will not receive reimbursement for any out-of-pocket expenses incurred by them to the extent that such expenses exceed the amount of available proceeds not deposited in the trust account.
- The insider shares beneficially owned by our officers and directors will be released from escrow only if our initial business combination is successfully completed. Additionally, if we are unable to complete an initial business combination within the required time frame, our officers and directors will not be entitled to receive any amounts held in the trust account with respect to any of their insider shares or private units. Furthermore, Sunlight Global Investment LLC has agreed that the private units will not be sold or transferred by it until after we have completed our initial business combination. For the foregoing reasons, our board may have a conflict of interest in determining whether a particular target business is an appropriate business with which to effect our initial business combination.

In general, officers and directors of a corporation incorporated under the laws of the State of Delaware are required to present business opportunities to a corporation if:

- the corporation could financially undertake the opportunity;
- the opportunity is within the corporation's line of business; and
- it would not be fair to the corporation and its stockholders for the opportunity not to be brought to the attention of the corporation.

Accordingly, as a result of multiple business affiliations, our officers and directors may have similar legal obligations relating to presenting business opportunities meeting the above-listed criteria to multiple entities. Furthermore, our certificate of incorporation provides that the doctrine of corporate opportunity will not apply with respect to any of our officers or directors in circumstances where the application of the doctrine would conflict with any fiduciary duties or contractual obligations they may have. In order to minimize potential conflicts of interest which may arise from multiple affiliations, our officers and directors (other than our independent directors) have agreed to present to us for our consideration, prior to presentation to any other person or entity, any suitable opportunity to acquire a target business, until the earlier of: (1) our consummation of an initial business combination and (2) 12 months from the date of this prospectus (or 15 or 18 or 21 months if we have extended the period of time to complete a business combination as described in this prospectus). This agreement is, however, subject to any pre-existing fiduciary and contractual obligations such officer or director may from time to time have to another entity. Accordingly, if any of them becomes aware of a business combination opportunity which is suitable for an entity to which he or she has pre-existing fiduciary or contractual obligations, he or she will honor his or her fiduciary or contractual obligations to present such business combination opportunity to such entity, and only present it to us if such entity rejects the opportunity. We do not believe, however, that the pre-existing fiduciary duties or contractual obligations of our officers and directors will materially undermine our ability to complete our business combination because in most cases the affiliated companies are closely held entities controlled by the officer or director or the nature of the affiliated company's business is such that it is unlikely that a conflict will arise.

The following table summarizes the current material pre-existing fiduciary or contractual obligations of our officers, directors and director nominees:

Name of Individual	Name of Affiliated Company	Entity's Business	Affiliation
Suying Liu	Hudson Capital Inc.	Finance	Head of Corporate Strategy
Dong Liu	Dongguan Zhishan Photoelectric Technology Co., Ltd.	Manufacturing	Chief Financial Officer
Nelson Haight	Element Markets LLC	Energy	Chief Financial Officer
Todd Milbourn	Washington University Olin Business School	Higher Education	Vice Dean and Professor
Wenhua Zhang	Azia Capital LP	Finance	Partner

Our insiders, including our officers and directors, have agreed to vote any shares of common stock held by them in favor of our initial business combination. In addition, they have agreed to waive their respective rights to receive any amounts held in the trust account with respect to their insider shares and private shares if we are unable to complete our initial business combination within the required time frame. If they purchase shares of common stock in this offering or in the open market, however, they would be entitled to receive their pro rata share of the amounts held in the trust account if we are unable to complete our initial business combination within the required time frame, but have agreed not to convert such shares in connection with the consummation of our initial business combination.

All ongoing and future transactions between us and any of our officers and directors or their respective affiliates will be on terms believed by us to be no less favorable to us than are available from unaffiliated third parties. Such transactions will require prior approval by our audit committee and a majority of our uninterested “independent” directors, or the members of our board who do not have an interest in the transaction, in either case who had access, at our expense, to our attorneys or independent legal counsel. We will not enter into any such transaction unless our audit committee and a majority of our disinterested “independent” directors determine that the terms of such transaction are no less favorable to us than those that would be available to us with respect to such a transaction from unaffiliated third parties.

To further minimize conflicts of interest, we have agreed not to consummate our initial business combination with an entity that is affiliated with any of our officers, directors or other insiders, unless we have obtained (i) an opinion from an independent investment banking firm that the business combination is fair to our unaffiliated stockholders from a financial point of view and (ii) the approval of a majority of our disinterested and independent directors (if we have any at that time). In no event will our insiders or any of the members of our management team be paid any finder’s fee, consulting fee or other similar compensation prior to, or for any services they render in order to effectuate, the consummation of our initial business combination (regardless of the type of transaction that it is).

Limitation on Liability and Indemnification of Directors and Officers

Our certificate of incorporation provides that our directors and officers will be indemnified by us to the fullest extent authorized by Delaware law as it now exists or may in the future be amended. In addition, our certificate of incorporation provides that our directors will not be personally liable for monetary damages to us for breaches of their fiduciary duty as directors, unless they violated their duty of loyalty to us or our stockholders, acted in bad faith, knowingly or intentionally violated the law, authorized unlawful payments of dividends, unlawful stock purchases or unlawful redemptions, or derived an improper personal benefit from their actions as directors. Notwithstanding the foregoing, as set forth in our certificate of incorporation, such indemnification will not extend to any claims our insiders may make to us to cover any loss that they may sustain as a result of their agreement to pay debts and obligations to target businesses or vendors or other entities that are owed money by us for services rendered or contracted for or products sold to us as described elsewhere in this prospectus.

Our bylaws also will permit us to secure insurance on behalf of any officer, director or employee for any liability arising out of his or her actions, regardless of whether Delaware law would permit indemnification. We will purchase a policy of directors’ and officers’ liability insurance that insures our directors and officers against the cost of defense, settlement or payment of a judgment in some circumstances and insures us against our obligations to indemnify the directors and officers.

These provisions may discourage stockholders from bringing a lawsuit against our directors for breach of their fiduciary duty. These provisions also may have the effect of reducing the likelihood of derivative litigation against directors and officers, even though such an action, if successful, might otherwise benefit us and our stockholders. Furthermore, a stockholder’s investment may be adversely affected to the extent we pay the costs of settlement and damage awards against directors and officers pursuant to these provisions. We believe that these provisions, the insurance and the indemnity agreements are necessary to attract and retain talented and experienced directors and officers.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to our directors, officers and controlling persons pursuant to the foregoing provisions, or otherwise, we have been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable.

PRINCIPAL STOCKHOLDERS

The following table sets forth information regarding the beneficial ownership of our shares of common stock as of the date of this prospectus and upon completion of the sale of our shares of common stock included in the units offered by this prospectus (assuming none of the individuals listed purchase units in this offering), by:

- each of our officers, directors and director nominees; and
- all of our officers, directors and director nominees as a group.

Amounts shown in the “After Offering” column are calculated assuming no exercise of the over-allotment option and, therefore, the forfeiture of an aggregate of 187,500 shares of common stock held by our insiders. Unless otherwise indicated, we believe that all persons named in the table have sole voting and investment power with respect to all shares of common stock beneficially owned by them.

Immediately after this offering, our insiders will beneficially own approximately 20.0% of the then issued and outstanding shares of common stock (assuming they do not purchase any units offered by this prospectus).

Because of the ownership block held by our insiders, such individuals may be able to effectively exercise influence over all matters requiring approval by our stockholders, including the election of directors and approval of significant corporate transactions other than approval of our initial business combination.

If the underwriters do not exercise all or a portion of the over-allotment option, an aggregate of up to 187,500 insider shares will be forfeited in amounts as determined amongst the holders of such insider shares and not proportional to their ownership percentages in our shares of common stock. Only a number of shares necessary to maintain our insiders' collective 20.0% ownership interest in our shares of common stock after giving effect to the offering and the exercise, if any, of the underwriters' over-allotment option will be forfeited.

All of the insider shares outstanding prior to the date of this prospectus will be placed in escrow with Continental Stock Transfer & Trust Company, as escrow agent. Subject to certain limited exceptions, 50% of these shares will not be transferred, assigned, sold or released from escrow until the earlier of six months after the date of the consummation of our initial business combination and the date the closing price of our common stock equals or exceeds \$12.50 per share (as adjusted for stock splits, stock dividends, reorganizations and recapitalizations) for any 20 trading days within any 30-trading day period commencing after our initial business combination and the remaining 50% of the insider shares will not be transferred, assigned, sold or released from escrow until six months after the date of the consummation of our initial business combination or earlier in either case if, subsequent to our initial business combination, we complete a liquidation, merger, stock exchange or other similar transaction which results in all of our stockholders having the right to exchange their shares of common stock for cash, securities or other property. Up to 187,500 of the insider shares may also be released from escrow earlier than this date for cancellation if the over-allotment option is not exercised in full as described above.

During the escrow period, the holders of these shares will not be able to sell or transfer their securities except (1) transfers among the insiders, to our officers, directors, advisors and employees, (2) transfers to an insider's affiliates or its members upon its liquidation, (3) transfers to relatives and trusts for estate planning purposes, (4) transfers by virtue of the laws of descent and distribution upon death, (5) transfers pursuant to a qualified domestic relations order, (6) private sales made at prices no greater than the price at which the securities were originally purchased or (7) transfers to us for cancellation in connection with the consummation of an initial business combination, in each case (except for clause 7) where the transferee agrees to the terms of the escrow agreement and forfeiture, as the case may be, as well as the other applicable restrictions and agreements of the holders of the insider shares. If dividends are declared and payable in shares of common stock, such dividends will also be placed in escrow. If we are unable to effect a business combination and liquidate, there will be no liquidation distribution with respect to the insider shares.

Sunlight Global Investment LLC and Chardan Capital Markets, LLC will purchase, pursuant to a written purchase agreement with us, the private units for an aggregate purchase price of \$3,215,000 (or \$3,552,500 if the underwriters' over-allotment option is exercised in full) from us, of which 296,500 private units (or 326,500 if the underwriters' over-allotment option is exercised in full) will be purchased by Sunlight Global Investment LLC and 25,000 private units (or 28,750 if the underwriters' over-allotment option is exercised in full) will be purchased by Chardan Capital Markets, LLC. These purchases will take place on a private placement basis simultaneously with the consummation of this offering. The private units are identical to the units sold in this offering. Additionally, Sunlight Global Investment LLC and Chardan Capital Markets, LLC have agreed not to transfer, assign or sell any of the private units or underlying securities (except to the same permitted transferees as the insider shares and provided the transferees agree to the same terms and restrictions as the permitted transferees of the insider shares must agree to, each as described above) until the completion of our initial business combination.

In order to meet our working capital needs following the consummation of this offering, our insiders may, but are not obligated to, loan us funds, from time to time or at any time, in whatever amount they deem reasonable in their sole discretion. Each loan would be evidenced by a promissory note. The notes would either be paid upon consummation of our initial business combination, without interest, or, at the lender's discretion, up to \$1,500,000 of the notes may be converted upon consummation of our business combination into additional private units at a price of \$10.00 per unit. Our stockholders have approved the issuance of the private units upon conversion of such notes, to the extent the holder wishes to so convert such notes at the time of the consummation of our initial business combination. If we do not complete a business combination, any outstanding loans from our insiders or their affiliates, will be repaid only from amounts remaining outside our trust account, if any.

Our executive officers and directors are deemed to be our "promoters," as that term is defined under the federal securities laws.

CERTAIN TRANSACTIONS

In November 2019, we issued 100 shares of common stock to certain of our initial shareholders. In January 2020, we declared a share dividend of 21,561.50 shares of common stock for each outstanding share, resulting in 2,156,250 shares of common stock being outstanding. In May 2020, we declared a reverse split of one share of common stock for every 1.5 outstanding shares of common stock, resulting in 1,437,500 shares of common stock being outstanding. We refer to these shares throughout this prospectus as the "insider shares," and the aggregate purchase price for the insider shares was \$25,000, or approximately \$0.017 per share.

If the underwriters do not exercise all or a portion of their over-allotment option, our insiders will forfeit up to an aggregate of 187,500 insider shares in proportion to the portion of the over-allotment option that was not exercised. If such shares are forfeited, we will record the forfeited shares as treasury stock and simultaneously retire the shares. Upon receipt, such forfeited shares would then be immediately cancelled which would result in the retirement of the treasury shares and a corresponding charge to additional paid-in capital.

If the underwriters determine the size of the offering should be increased (including pursuant to Rule 462(b) under the Securities Act) or decreased, a share dividend or a contribution back to capital, as applicable, would be effectuated in order to maintain our insiders' ownership at a percentage of the number of shares of common stock to be sold in this offering. Our insiders may purchase from us at a price of \$10.00 per unit the number of private units that is necessary to maintain in the trust account an amount equal to \$10.20 per share sold to the public in this offering.

Sunlight Global Investment LLC and Chardan Capital Markets, LLC will purchase, pursuant to a written purchase agreement with us, 321,500 private units for a total purchase price of \$3,215,000, of which 296,500 private units will be purchased by Sunlight Global Investment LLC and 25,000 private units will be purchased by Chardan Capital Markets, LLC (or 355,250 private units for a total purchase price of \$3,552,500 if the underwriters' over-allotment option is exercised in full, of which up to 326,500 private units will be purchased by Sunlight Global Investment LLC and up to 28,750 private units will be purchased by Chardan Capital Markets, LLC). These purchases will take place on a private placement basis simultaneously with the consummation of this offering. The purchase price for the private units, including those that may be purchased if the over-allotment option is exercised, will be delivered to Loeb & Loeb LLP, who will also be acting as escrow agent in connection with the private sale of private units, at least 24 hours prior to the date of this prospectus to hold in a non-interest bearing account until we consummate this offering. Continental Stock Transfer & Trust Company will deposit the purchase price into the trust account simultaneously with the consummation of the offering or the over-allotment option, as the case may be. The private units are identical to the units sold in this offering. Additionally, Sunlight Global Investment LLC and Chardan Capital Markets, LLC have agreed not to transfer, assign or sell any of the private units or underlying securities (except to the same permitted transferees as the insider shares and provided the transferees agree to the same terms and restrictions as the permitted transferees of the insider shares must agree to, each as described above) until the completion of our initial business combination.

In order to meet our working capital needs following the consummation of this offering, our insiders, officers and directors may, but are not obligated to, loan us funds, from time to time or at any time, in whatever amount they deem reasonable in their sole discretion. Each loan would be evidenced by a promissory note. The notes would either be paid upon consummation of our initial business combination, without interest, or, at the lender's discretion, up to \$1,500,000 of the notes may be converted upon consummation of our business combination into additional private units at a price of \$10.00 per unit. Our stockholders have approved the issuance of the private units upon conversion of such notes, to the extent the holder wishes to so convert such notes at the time of the consummation of our initial business combination. If we do not complete a business combination, any outstanding loans from our insiders or their affiliates, will be repaid only from amounts remaining outside our trust account, if any.

The holders of our insider shares issued and outstanding on the date of this prospectus, as well as the holders of the private units (and underlying securities) and any shares our insiders or their affiliates may be issued in payment of working capital loans made to us, will be entitled to registration rights pursuant to an agreement to be signed prior to or on the effective date of this offering. The holders of a majority of these securities are entitled to make up to two demands that we register such securities. The holders of the majority of the insider shares can elect to exercise these registration rights at any time commencing three months prior to the date on which these shares of common stock are to be released from escrow. The holders of a majority of the units or shares issued in payment of working capital loans made to us can elect to exercise these registration rights at any time after we consummate a business combination. In addition, the holders have certain "piggy-back" registration rights with respect to registration statements filed subsequent to our consummation of our initial business combination. We will bear the expenses incurred in connection with the filing of any such registration statements.

Sunlight Global Investment LLC, our sponsor, has agreed that, commencing on the date of this prospectus through the earlier of our consummation of our initial business combination or our liquidation, it will make available to us certain general and administrative services, including office space, utilities and administrative support, as we may require from time to time. We have agreed to pay Sunlight Global Investment LLC \$10,000 per month for these services. However, pursuant to the terms of such agreement, we may delay payment of such monthly fee upon a determination by our audit committee that we lack sufficient funds held outside the trust to pay actual or anticipated expenses in connection with our initial business combination. Any such unpaid amount will accrue without interest and be due and payable no later than the date of the consummation of our initial business combination. We believe that the fee charged by our sponsor is at least as favorable as we could have obtained from an unaffiliated person.

Other than the fees described above, no compensation or fees of any kind, including finder's fees, consulting fees or other similar compensation, will be paid to our insiders or any of the members of our management team, for services rendered to us prior to, or in connection with the consummation of our initial business combination (regardless of the type of transaction that it is). However, such individuals will receive reimbursement for any out-of-pocket expenses incurred by them in connection with activities on our behalf, such as identifying potential target businesses, performing business due diligence on suitable target businesses and business combinations as well as traveling to and from the offices, plants or similar locations of prospective target businesses to examine their operations. There is no limit on the amount of out-of-pocket expenses reimbursable by us; provided, however, that to the extent such expenses exceed the available proceeds not deposited in the trust account and the interest income earned on the amounts held in the trust account, such expenses would not be reimbursed by us unless we consummate an initial business combination.

After our initial business combination, members of our management team who remain with us may be paid consulting, board, management or other fees from the combined company with any and all amounts being fully disclosed to stockholders, to the extent then known, in the proxy solicitation materials furnished to our stockholders. It is unlikely the amount of such compensation will be known at the time of a stockholder meeting held to consider our initial business combination, as it will be up to the directors of the post-combination business to determine executive and director compensation. In this event, such compensation will be publicly disclosed at the time of its determination in a Current Report on Form 8-K, as required by the SEC.

All ongoing and future transactions between us and any of our officers and directors or their respective affiliates will be on terms believed by us to be no less favorable to us than are available from unaffiliated third parties. Such transactions will require prior approval by our audit committee and a majority of our uninterested independent directors, in either case who had access, at our expense, to our attorneys or independent legal counsel. We will not enter into any such transaction unless our audit committee and a majority of our disinterested independent directors determine that the terms of such transaction are no less favorable to us than those that would be available to us with respect to such a transaction from unaffiliated third parties.

Related Party Policy

Our Code of Ethics requires us to avoid, wherever possible, all related party transactions that could result in actual or potential conflicts of interests, except under guidelines approved by the board of directors (or the audit committee). Related party transactions are defined as transactions in which (1) the aggregate amount involved will or may be expected to exceed \$120,000 in any calendar year, (2) we or any of our subsidiaries is a participant, and (3) any (a) executive officer, director or nominee for election as a director, (b) greater than 5% beneficial owner of our shares of common stock, or (c) immediate family member, of the persons referred to in clauses (a) and (b), has or will have a direct or indirect material interest (other than solely as a result of being a director or a less than 10% beneficial owner of another entity). A conflict of interest situation can arise when a person takes actions or has interests that may make it difficult to perform his or her work objectively and effectively. Conflicts of interest may also arise if a person, or a member of his or her family, receives improper personal benefits as a result of his or her position.

We also require each of our directors and executive officers to annually complete a directors' and officers' questionnaire that elicits information about related party transactions.

These procedures are intended to determine whether any such related party transaction impairs the independence of a director or presents a conflict of interest on the part of a director, employee or officer.

To further minimize conflicts of interest, we have agreed not to consummate our initial business combination with an entity that is affiliated with any of our insiders, officers or directors unless we have obtained an opinion from an independent investment banking firm and the approval of a majority of our disinterested and independent directors (if we have any at that time) that the business combination is fair to our unaffiliated stockholders from a financial point of view. In no event will our insiders, or any of the members of our management team be paid any finder's fee, consulting fee or other similar compensation prior to, or for any services they render in order to effectuate, the consummation of our initial business combination (regardless of the type of transaction that it is).

DESCRIPTION OF SECURITIES

General

As of the effective date of the registration statement of which this prospectus forms a part, our certificate of incorporation will authorize the issuance of [·] shares of common stock, par value \$0.0001. As of the date of this prospectus, 1,437,500 shares of common stock are outstanding, held by four stockholders of record. The following description summarizes all of the material terms of our securities. Because it is only a summary, it may not contain all the information that is important to you. For a complete description you should refer to our certificate of incorporation and bylaws, which are filed as exhibits to the registration statement of which this prospectus is a part.

Units

Each unit has an offering price of \$10.00 and consists of one share of common stock and one right. Each right entitles the holder thereof to receive one-tenth (1/10) of a share of common stock upon consummation of our initial business combination. In addition, we will not issue fractional shares in connection with an exchange of rights. Fractional shares will either be rounded down to the nearest whole share or otherwise addressed in accordance with the applicable provisions of Delaware Law. As a result, you must hold rights in multiples of 10 in order to receive shares for all of your rights upon closing of a business combination.

The common stock and rights comprising the units will begin separate trading on the 90th day after the date of this prospectus unless Chardan Capital Markets, LLC determines that an earlier date is acceptable (based upon, among other things, its assessment of the relative strengths of the securities markets and small capitalization companies in general, and the trading pattern of, and demand for, our securities in particular), subject to our having filed the Current Report on Form 8-K described below and having issued a press release announcing when such separate trading will begin. Once the shares of common stock and rights commence separate trading, holders will have the option to continue to hold units or separate their units into the component pieces. Holders will need to have their brokers contact our transfer agent in order to separate the units into shares of common stock and rights.

In no event will the common stock and rights be traded separately until we have filed with the SEC a Current Report on Form 8-K which includes an audited balance sheet reflecting our receipt of the gross proceeds of this offering. We will file a Current Report on Form 8-K which includes this audited balance sheet upon the completion of this offering, which is anticipated to take place three business days after the date of this prospectus. If the underwriters' over-allotment option is exercised following the initial filing of such Current Report on Form 8-K, a second or amended Current Report on Form 8-K will be filed to provide updated financial information to reflect the exercise of the underwriters' over-allotment option.

Common Stock

Our holders of record of our common stock are entitled to one vote for each share held on all matters to be voted on by stockholders. In connection with any vote held to approve our initial business combination, our insiders, officers and directors, have agreed to vote their respective shares of common stock owned by them immediately prior to this offering, including both the insider shares and the private shares, and any shares acquired in this offering or following this offering in the open market, in favor of the proposed business combination.

We will consummate our initial business combination only if public stockholders do not exercise conversion rights in an amount that would cause our net tangible assets to be less than \$5,000,001 and a majority of the outstanding shares of common stock voted are voted in favor of the business combination.

Our board of directors is divided into three classes, each of which will generally serve for a term of three years with only one class of directors being elected in each year. There is no cumulative voting with respect to the election of directors, with the result that the holders of more than 50% of the shares eligible to vote for the election of directors can elect all of the directors.

Pursuant to our certificate of incorporation, if we do not consummate our initial business combination within 12 months from the closing of this offering, we will (i) cease all operations except for the purpose of winding up, (ii) as promptly as reasonably possible but not more than ten business days thereafter, redeem 100% of the outstanding public shares, which redemption will completely extinguish public stockholders' rights as stockholders (including the right to receive further liquidation distributions, if any), subject to applicable law, and (iii) as promptly as reasonably possible following such redemption, subject to the approval of our remaining stockholders and our board of directors, dissolve and liquidate, subject (in the case of (ii) and (iii) above) to our obligations under Delaware law to provide for claims of creditors and the requirements of other applicable law. Our insiders have agreed to waive their rights to share in any distribution with respect to their insider shares and private shares. However, if we anticipate that we may not be able to consummate our initial business combination within 12 months, our insiders or their affiliates may, but are not obligated to, extend the period of time to consummate a business combination three times by an additional three months each time (for a total of up to 21 months to complete a business combination). Pursuant to the terms of our amended and restated certificate of incorporation and the trust agreement to be entered into between us and Continental Stock Transfer & Trust Company on the date of this prospectus, the only way to extend the time available for us to consummate our initial business combination is for our insiders or their affiliates or designees, upon five days' advance notice prior to the applicable deadline, to deposit into the trust account \$500,000, or \$575,000 if the over-allotment option is exercised in full (\$0.10 per share in either case), on or prior to the date of the applicable deadline. In the event that they elected to extend the time to complete a business combination and deposited the applicable amount of money into trust, the insiders would receive a non-interest bearing, unsecured promissory note equal to the amount of any such deposit that will not be repaid in the event that we are unable to close a business combination unless there are funds available outside the trust account to do so. Such notes would either be paid upon consummation of our initial business combination, or, at the relevant insider's discretion, converted upon consummation of our business combination into additional private units at a price of \$10.00 per unit. Our shareholders have approved the issuance of the private units upon conversion of such notes, to the extent the holder wishes to so convert such notes at the time of the consummation of our initial business combination. In the event that we receive notice from our insiders five days prior to the applicable deadline of their intent to effect an extension, we intend to issue a press release announcing such intention at least three days prior to the applicable deadline. In addition, we intend to issue a press release the day after the applicable deadline announcing whether or not the funds had been timely deposited. Our insiders and their affiliates or designees are not obligated to fund the trust account to extend the time for us to complete our initial business combination. To the extent that some, but not all, of our insiders, decide to extend the period of time to consummate our initial business combination, such insiders (or their affiliates or designees) may deposit the entire amount required.

Our stockholders have no conversion, preemptive or other subscription rights and there are no sinking fund or redemption provisions applicable to the shares of common stock, except that public stockholders have the right to sell their shares to us in any tender offer or have their shares of common stock converted to cash equal to their pro rata share of the trust account if they vote on the proposed business combination and the business combination is completed. If we hold a stockholder vote to amend any provisions of our certificate of incorporation relating to stockholder's rights or pre-business combination activity (including the substance or timing within which we have to complete a business combination), we will provide our public stockholders with the opportunity to redeem their shares of common stock upon approval of any such amendment at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the trust account, including interest earned on the funds held in the trust account and not previously released to us to pay our franchise and income taxes, divided by the number of then outstanding public shares, in connection with any such vote. In either of such events, converting stockholders would be paid their pro rata portion of the trust account promptly following consummation of the business combination or the approval of the amendment to the certificate of incorporation. If the business combination is not consummated or the amendment is not approved, stockholders will not be paid such amounts.

Rights included as part of units

Except in cases where we are not the surviving company in a business combination, each holder of a right will automatically receive one-tenth (1/10) of a share of common stock upon consummation of our initial business combination, even if the holder of a public right converted all shares of common stock held by him, her or it in connection with the initial business combination or an amendment to our certificate of incorporation with respect to our pre-business combination activities. In the event we will not be the surviving company upon completion of our initial business combination, each holder of a right will be required to affirmatively convert his, her or its rights in order to receive the one-tenth (1/10) of a share underlying each right upon consummation of the business combination. No additional consideration will be required to be paid by a holder of rights in order to receive his, her or its additional shares of common stock upon consummation of an initial business combination. The shares issuable upon exchange of the rights will be freely tradable (except to the extent held by affiliates of ours). If we enter into a definitive agreement for a business combination in which we will not be the surviving entity, the definitive agreement will provide for the holders of rights to receive the same per share consideration the holders of the common stock will receive in the transaction on an as-converted into common stock basis.

We will not issue fractional shares in connection with an exchange of rights. Fractional shares will either be rounded down to the nearest whole share or otherwise addressed in accordance with the applicable provisions of the Delaware General Corporation Law. As a result, you must hold rights in multiples of 10 in order to receive shares for all of your rights upon closing of a business combination. If we are unable to complete an initial business combination within the required time period and we liquidate the funds held in the trust account, holders of rights will not receive any of such funds with respect to their rights, nor will they receive any distribution from our assets held outside of the trust account with respect to such rights, and the rights will expire worthless. Further, there are no contractual penalties for failure to deliver securities to the holders of the rights upon consummation of an initial business combination. Additionally, in no event will we be required to net cash settle the rights. Accordingly, the rights may expire worthless.

Unit Purchase Option

We have agreed to sell to Chardan Capital Markets, LLC an option for \$100 to purchase up to a total of 300,000 units (up to 345,000 units with full exercise of over-allotment option) at \$11.50 per unit. The units issuable upon exercise of this option are identical to those offered by this prospectus except that the units, if the unit purchase option is exercised, will be purchased pursuant to an exemption from the registration requirements of the Securities Act and will become tradable only after certain conditions are met or the resale of the units is registered under the Securities Act. Each unit consists of one share of common stock and one right to acquire one-tenth of a share of common stock upon the consummation of a business combination. In connection with the receipt of the shares of common stock underlying rights upon the consummation of a business combination, no additional consideration shall be paid by Chardan Capital Markets, LLC; provided, however, in no event shall the Company be required to issue fractional shares of common stock upon the exchange of rights. For a more complete description of the unit purchase option, see the section below entitled “Underwriting — Unit Purchase Option.”

Dividends

We have not paid any cash dividends on our common stock to date and do not intend to pay cash dividends prior to the completion of a business combination. The payment of cash dividends in the future will be dependent upon our revenues and earnings, if any, capital requirements and general financial condition subsequent to completion of a business combination. The payment of any cash dividends subsequent to a business combination will be within the discretion of our board of directors at such time. In addition, our board of directors is not currently contemplating and does not anticipate declaring any stock dividends in the foreseeable future, except if we increase the size of the offering pursuant to Rule 462(b) under the Securities Act, in which case we will effect a stock dividend immediately prior to the consummation of the offering in such amount as to maintain the number of insider shares at 20.0% of our issued and outstanding shares of our common stock upon the consummation of this offering (assuming our insiders do not purchase units in this offering). Further, if we incur any indebtedness, our ability to declare dividends may be limited by restrictive covenants we may agree to in connection therewith.

Our Transfer Agent and Rights Agent

The transfer agent for our securities is Continental Stock Transfer & Trust Company.

Certain Anti-Takeover Provisions of Delaware Law and our Certificate of Incorporation and By-Laws

We will be subject to the provisions of Section 203 of Delaware General Corporation Law, or the DGCL, regulating corporate takeovers upon completion of this offering. This statute prevents certain Delaware corporations, under certain circumstances, from engaging in a “business combination” with:

- a stockholder who owns 10% or more of our outstanding voting stock (otherwise known as an “interested stockholder”);
- an affiliate of an interested stockholder; or
- an associate of an interested stockholder, for three years following the date that the stockholder became an interested stockholder.

A “business combination” includes a merger or sale of more than 10% of our assets. However, the above provisions of Section 203 do not apply if:

- our board of directors approves the transaction that made the stockholder an “interested stockholder,” prior to the date of the transaction;
- after the completion of the transaction that resulted in the stockholder becoming an interested stockholder, that stockholder owned at least 85% of our voting stock outstanding at the time the transaction commenced, other than statutorily excluded shares of common stock; or
- on or subsequent to the date of the transaction, the business combination is approved by our board of directors and authorized at a meeting of our stockholders, and not by written consent, by an affirmative vote of at least two-thirds of the outstanding voting stock not owned by the interested stockholder.

Staggered board of directors

Our certificate of incorporation provides that our board of directors will be classified into three classes of directors. As a result, in most circumstances, a person can gain control of our board only by successfully engaging in a proxy contest at two or more annual meetings.

Special meeting of stockholders

Our bylaws provide that special meetings of our stockholders may be called only by a majority vote of our board of directors, by our chief executive officer or by our chairman.

Advance notice requirements for stockholder proposals and director nominations

Our bylaws provide that stockholders seeking to bring business before our annual meeting of stockholders, or to nominate candidates for election as directors at our annual meeting of stockholders must provide timely notice of their intent in writing. To be timely, a stockholder’s notice will need to be delivered to our principal executive offices not later than the close of business on the 90th day nor earlier than the opening of business on the 120th day prior to the scheduled date of the annual meeting of stockholders. Our bylaws also specify certain requirements as to the form and content of a stockholders’ meeting. These provisions may preclude our stockholders from bringing matters before our annual meeting of stockholders or from making nominations for directors at our annual meeting of stockholders.

Authorized but unissued shares

Our authorized but unissued common stock and preferred stock are available for future issuances without stockholder approval and could be utilized for a variety of corporate purposes, including future offerings to raise additional capital, acquisitions and employee benefit plans. The existence of authorized but unissued and unreserved common stock and preferred stock could render more difficult or discourage an attempt to obtain control of us by means of a proxy contest, tender offer, merger or otherwise.

SHARES ELIGIBLE FOR FUTURE SALE

Immediately after this offering, we will have 6,571,500 shares of common stock outstanding, or 7,542,750 shares of common stock if the over-allotment option is exercised in full. Of these shares, the 5,000,000 shares of common stock sold in this offering, or 5,750,000 shares of common stock if the over-allotment option is exercised in full, will be freely tradable without restriction or further registration under the Securities Act, except for any shares purchased by one of our affiliates within the meaning of Rule 144 under the Securities Act. All of the remaining shares are restricted securities under Rule 144, in that they were issued in private transactions not involving a public offering.

Rule 144

A person who has beneficially owned restricted shares of common stock for at least six months would be entitled to sell their shares provided that (1) such person is not deemed to have been one of our affiliates at the time of, or at any time during the three months preceding, a sale and (2) we are subject to the Exchange Act periodic reporting requirements for at least three months before the sale. Persons who have beneficially owned restricted shares of common stock for at least six months but who are our affiliates at the time of, or any time during the three months preceding, a sale, would be subject to additional restrictions, by which such person would be entitled to sell within any three-month period a number of shares that does not exceed the greater of either of the following:

- 1% of the number of shares then outstanding, which will equal approximately 65,715 shares of common stock immediately after this offering (or approximately 75,427 shares of common stock if the over-allotment option is exercised in full); and
- the average weekly trading volume of the shares of common stock during the four calendar weeks preceding the filing of a notice on Form 144 with respect to the sale.

Sales under Rule 144 are also limited by manner of sale provisions and notice requirements and to the availability of current public information about us.

Restrictions on the Use of Rule 144 by Shell Companies or Former Shell Companies

Rule 144 is not available for the resale of securities initially issued by shell companies (other than business combination related shell companies) or issuers that have been at any time previously a shell company. However, Rule 144 also includes an important exception to this prohibition if the following conditions are met:

- the issuer of the securities that was formerly a shell company has ceased to be a shell company;
- the issuer of the securities is subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act;
- the issuer of the securities has filed all Exchange Act reports and material required to be filed, as applicable, during the preceding 12 months (or such shorter period that the issuer was required to file such reports and materials), other than Form 8-K reports; and
- at least one year has elapsed from the time that the issuer filed current Form 10 type information with the SEC reflecting its status as an entity that is not a shell company.

As a result, it is likely that pursuant to Rule 144, our insiders will be able to sell their insider shares freely without registration one year after we have completed our initial business combination assuming they are not an affiliate of ours at that time.

Registration Rights

The holders of our insider shares issued and outstanding on the date of this prospectus, as well as the holders of the private units and any shares our insiders or their affiliates may be issued in payment of working capital loans made to us, will be entitled to registration rights pursuant to an agreement to be signed prior to or on the effective date of this offering. The holders of a majority of these securities are entitled to make up to two demands that we register such securities. The holders of the majority of the insider shares can elect to exercise these registration rights at any time commencing three months prior to the date on which these shares of common stock are to be released from escrow. The holders of a majority of the units issued in payment of working capital loans made to us can elect to exercise these registration rights at any time commencing on the date that we consummate our initial business combination. In addition, the holders have certain “piggy-back” registration rights with respect to registration statements filed subsequent to our consummation of our initial business combination. We will bear the expenses incurred in connection with the filing of any such registration statements.

UNDERWRITING

We intend to offer our securities described in this prospectus through the underwriters named below. Subject to the terms and conditions of the underwriting agreement, the underwriters, through their representative and sole book-running manager of the offering, Chardan Capital Markets, LLC, have severally agreed to purchase from us, on a firm commitment basis, the following respective number of units at a public offering price less the underwriting discounts and commissions set forth on the cover page of this prospectus:

Underwriter	Number of Units
Chardan Capital Markets, LLC	
Total	5,000,000

A copy of the form of underwriting agreement has been filed as an exhibit to the registration statement of which this prospectus forms a part.

Listing of our Securities

We expect our units, common stock and rights to be quoted on Nasdaq under the symbols “MCACU,” “MCAC,” and “MCACR,” respectively. We anticipate that our units will be listed on Nasdaq on or promptly after the effective date of the registration statement. Following the date the shares of our common stock and rights are eligible to trade separately, we anticipate that the shares of our common stock and rights will be listed separately and as a unit on Nasdaq. We cannot guarantee that our securities will be approved for listing on Nasdaq or that they will continue to be listed on Nasdaq after this offering.

Pricing of this Offering

We have been advised by the representative that the underwriters propose to offer the units to the public at the offering price set forth on the cover page of this prospectus. They may allow some dealers concessions not in excess of \$0.[·] per unit.

Prior to this offering there has been no public market for our securities. The public offering price of the units was negotiated between us and the representative of the underwriters. Factors considered in determining the prices and terms of the units include:

- the history of other similarly structured blank check companies;
- prior offerings of those companies;
- our prospects for consummating our initial business combination with an operating business at attractive values;
- our capital structure;
- securities exchange listing requirements;
- market demand;
- expected liquidity of our securities; and
- general conditions of the securities markets at the time of the offering.

However, although these factors were considered, the determination of our offering price is more arbitrary than the pricing of securities for an operating company in a particular industry since the underwriters are unable to compare our financial results and prospects with those of public companies operating in the same industry.

Over-Allotment Option

We have granted the underwriters an option to buy up to 750,000 additional units. The underwriters may exercise this option solely for the purpose of covering over-allotments, if any, made in connection with this offering. The underwriters have 45 days from the date of this prospectus to exercise this option. If the underwriters exercise this option, they will each purchase additional units approximately in proportion to the amounts specified in the table above.

Commissions and Discounts

The following table shows the public offering price, underwriting discount to be paid by us to the underwriters and the proceeds, before expenses, to us. This information assumes either no exercise or full exercise by the representative of the underwriters of its over-allotment option.

	Per Unit	Without Over-allotment	With Over-allotment
Public offering price	\$ 10.00	\$ 50,000,000	\$ 57,500,000
Discount ⁽¹⁾	\$.60	\$ 3,000,000	\$ 3,450,000
Proceeds before expenses ⁽²⁾	\$ 9.40	\$ 47,000,000	\$ 54,050,000

-
- (1) Such amount includes \$1,750,000, or \$0.35 per unit, (or \$2,012,500 if the underwriters' over-allotment option is exercised in full) payable to the underwriters for deferred underwriting commissions upon completion of a business combination.
 - (2) The offering expenses are estimated at \$465,000.

In addition to the underwriting discount, we paid Chardan \$50,000, upon the execution of the engagement letter, as an advance against out-of-pocket accountable expenses actually anticipated to be incurred by the underwriter, which is reimbursable to the extent not actually incurred, and we have agreed to pay to the underwriter for the FINRA-related fees, travel, lodging and other "road show" expenses, expenses of the underwriters' legal counsel and certain diligence and other fees, including the preparation, binding and delivery of bound volumes in form and style reasonably satisfactory to the representative, transaction Lucite cubes or similar commemorative items in a style as reasonably requested by the representative, and reimbursement for background checks on our directors, director nominees and executive officers, which such fees and expenses are capped at an aggregate of \$150,000.

No discounts or commissions will be paid on the sale of the private units.

Unit Purchase Option

We have agreed to sell to Chardan Capital Markets, LLC (and its designees), for \$100, an option to purchase up to a total of 300,000 units (or 345,000 if the over-allotment option is exercised in full) exercisable, in whole or in part, at \$11.50 per unit (or an aggregate exercise price of \$3,450,000 (or \$3,967,500 if the over-allotment option is exercised in full)) commencing at any time between the consummation of a business combination and the fifth anniversary of the effective date of the registration statement of which this prospectus forms a part. The units are identical to the public units, each consisting of one share of common stock and one right to acquire one-tenth of a share of common stock upon the consummation of a business combination. In connection with the receipt of the shares of common stock underlying rights upon the consummation of a business combination, no additional consideration shall be paid by Chardan Capital Markets, LLC (and/or its designees); provided, however, in no event shall the Company be required to issue fractional shares of common stock upon the exchange of rights. The purchase option may be exercised for cash or on a cashless basis, at the holder's option, and expires five years from the effective date of the registration statement of which this prospectus forms a part. The option for up to 300,000 units, consisting of 300,000 shares of common stock and 300,000 rights to acquire 30,000 shares of common stock underlying the rights, that may be issued upon exercise of the option, has been deemed compensation by FINRA and is therefore subject to a lock-up for a period of 180 days immediately following the effective date of the registration statement of which this prospectus forms a part or the commencement of sales in this offering pursuant to Rule 5110(g)(1) of FINRA's Rules, during which time the option may not be sold, transferred, assigned, pledged or hypothecated, or be subject of any hedging, short sale, derivative or put or call transaction that would result in the economic disposition of the securities. Additionally, the option may not be sold, transferred, assigned, pledged or hypothecated for a one-year period (including the foregoing 180-day period) following the date of this prospectus except to any underwriter and selected dealer participating in the offering and their bona fide officers or partners. The option grants to holders demand and "piggy back" rights for periods of five and seven years, respectively, from the effective date of the registration statement of which this prospectus forms a part with respect to the registration under the Securities Act of the securities directly and indirectly issuable upon exercise of the option. We will bear all fees and expenses attendant to registering the securities, other than underwriting commissions which will be paid for by the holders themselves. The exercise price and number of units issuable upon exercise of the option may be adjusted in certain circumstances including in the event of a share dividend, or our recapitalization, reorganization, merger or consolidation. However, the option will not be adjusted for issuances of shares of common stock at a price below its exercise price.

Right of First Refusal

Subject to certain conditions, we granted Chardan Capital Markets, LLC, for a period of 15 months after the date of the consummation of our business combination, a right of first refusal to act as lead underwriter or minimally as a co-manager, with at least 30% of the economics; or, in the case of a three-handed deal 20% of the economics, for any and all future public and private equity and debt offerings. In accordance with FINRA Rule 5110(f)(2)(E)(i), such right of first refusal shall not have a duration of more than three years from the effective date of the registration statement of which this prospectus forms a part.

Regulatory Restrictions on Purchase of Securities

Rules of the SEC may limit the ability of the underwriters to bid for or purchase our units before the distribution of the units is completed. However, the underwriters may engage in the following activities in accordance with the rules:

- **Stabilizing Transactions.** The underwriters may make bids or purchases solely for the purpose of preventing or retarding a decline in the price of our units, as long as stabilizing bids do not exceed the offering price of \$10.00 and the underwriters comply with all other applicable rules.
- **Over-Allotments and Syndicate Coverage Transactions.** The underwriters may create a short position in our units by selling more of our units than are set forth on the cover page of this prospectus up to the amount of the over-allotment option. This is known as a covered short position. The underwriters may also create a short position in our units by selling more of our units than are set forth on the cover page of this prospectus and the units allowed by the over-allotment option. This is known as a naked short position. If the underwriters create a short position during the offering, the representative may engage in syndicate covering transactions by purchasing our units in the open market. The representative may also elect to reduce any short position by exercising all or part of the over-allotment option. Determining what method to use in reducing the short position depends on how the units trade in the aftermarket following the offering. If the unit price drops following the offering, the short position is usually covered with shares purchased by the underwriters in the aftermarket. However, the underwriters may cover a short position by exercising the over-allotment option even if the unit price drops following the offering. If the unit price rises after the offering, then the over-allotment option is used to cover the short position. If the short position is more than the over-allotment option, the naked short must be covered by purchases in the aftermarket, which could be at prices above the offering price.
- **Penalty Bids.** The representative may reclaim a selling concession from a syndicate member when the units originally sold by the syndicate member are purchased in a stabilizing or syndicate covering transaction to cover syndicate short positions.

Stabilization and syndicate covering transactions may cause the price of our securities to be higher than they would be in the absence of these transactions. The imposition of a penalty bid might also have an effect on the prices of our securities if it discourages resales of our securities.

Neither we nor the underwriters make any representation or prediction as to the effect that the transactions described above may have on the price of our securities. These transactions may occur on Nasdaq, in the over-the-counter market or on any trading market. If any of these transactions are commenced, they may be discontinued without notice at any time.

Other Terms

Except as set forth above, we are not under any contractual obligation to engage any of the underwriters to provide any services for us after this offering, and have no present intent to do so. However, any of the underwriters may, among other things, introduce us to potential target businesses or assist us in raising additional capital, as needs may arise in the future. If any underwriter provides services to us after this offering, we may pay the underwriter fair and reasonable fees that would be determined at that time in an arm's length negotiation; provided that no agreement will be entered into with the underwriter and no fees for such services will be paid to the underwriter prior to the date which is 90 days after the date of this prospectus, unless FINRA determines that such payment would not be deemed underwriter's compensation in connection with this offering.

Indemnification

We have agreed to indemnify the underwriters against some liabilities, including civil liabilities under the Securities Act, or to contribute to payments the underwriters may be required to make in this respect.

LEGAL MATTERS

Loeb & Loeb LLP, New York, New York, is acting as counsel in connection with the registration of our securities under the Securities Act, and as such, will pass upon the validity of the securities offered in this prospectus. In connection with this offering, Scarinci Hollenbeck, LLC is acting as counsel to the underwriters.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Stockholder and Board of Directors of
Mountain Crest Acquisition Corp

Opinion on the Financial Statements

We have audited the accompanying balance sheet of Mountain Crest Acquisition Corp (the “Company”) as of December 31, 2019, the related statements of operations, changes in stockholder’s deficit and cash flows, for the period from November 12, 2019 (inception) through December 31, 2019, and the related notes (collectively referred to as the “financial statements”). In our opinion, the financial statements present fairly, in all material respects, the financial position of the Company as of December 31, 2019, and the results of its operations and its cash flows for the period from November 12, 2019 (inception) through December 31, 2019, in conformity with accounting principles generally accepted in the United States of America.

Explanatory Paragraph — Going Concern

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As more fully described in Note 1 to the financial statements, the Company’s business plan is dependent on the completion of a financing and its cash and working capital as of December 31, 2019 are not sufficient to complete its planned activities. These conditions raise substantial doubt about the Company’s ability to continue as a going concern. Management’s plans in regard to these matters are also described in Notes 1 and 3. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

Basis for Opinion

These financial statements are the responsibility of the Company’s management. Our responsibility is to express an opinion on the Company’s financial statements based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (“PCAOB”) and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audit we are required to obtain an understanding of internal control over financial reporting but not for the purpose of expressing an opinion on the effectiveness of the entity’s internal control over financial reporting. Accordingly, we express no such opinion.

Our audit included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion.

MOUNTAIN CREST ACQUISITION CORP
NOTES TO FINANCIAL STATEMENTS

Note 1 — Description of Organization and Business Operations

Mountain Crest Acquisition Corp (the “Company”) was incorporated in Delaware on November 12, 2019. The Company was formed for the purpose of entering into a merger, share exchange, asset acquisition, stock purchase, reorganization or other similar business transaction with one or more businesses that the Company has not yet identified (a “Business Combination”).

Although the Company is not limited to a particular industry or geographic region for purposes of consummating a Business Combination, the Company intends to focus on businesses that are located in North America. The Company is an early stage and emerging growth company and, as such, the Company is subject to all of the risks associated with early stage and emerging growth companies.

As of March 31, 2020, the Company had not commenced any operations. All activity through March 31, 2020 relates to the Company’s formation and the proposed initial public offering (“Proposed Public Offering”), which is described below. The Company will not generate any operating revenues until after the completion of a Business Combination, at the earliest. The Company will generate non-operating income in the form of interest income from the proceeds derived from the Proposed Public Offering. The Company has selected December 31 as its fiscal year end.

The Company’s ability to commence operations is contingent upon obtaining adequate financial resources through a Proposed Public Offering of 5,000,000 units (the “Units” and, with respect to the shares of common stock included in the Units being offered, the “Public Shares”) at \$10.00 per Unit (or 5,750,000 Units if the underwriters’ over-allotment option is exercised in full), which is discussed in Note 3, and the sale of 321,500 units (or 355,250 units if the underwriters’ over-allotment option is exercised in full) (each, a “Private Unit” and collectively, the “Private Units”) at a price of \$10.00 per Private Unit in a private placement to Sunlight Global Investment LLC (the “Sponsor”) and Chardan Capital Markets, LLC (the “Chardan”), that will close simultaneously with the Proposed Public Offering.

The Company’s management has broad discretion with respect to the specific application of the net proceeds of the Proposed Public Offering and the sale of the Private Units, although substantially all of the net proceeds are intended to be applied generally toward consummating a Business Combination. The Company’s initial Business Combination must be with one or more target businesses that together have a fair market value equal to at least 80% of the balance in the Trust Account (as defined below) (less any deferred underwriting commissions and net of amounts previously released to the Company to pay its tax obligations) at the time of the signing an agreement to enter into a Business Combination. The Company will only complete a Business Combination if the post-Business Combination company owns or acquires 50% or more of the outstanding voting securities of the target or otherwise acquires a controlling interest in the target sufficient for it not to be required to register as an investment company under the Investment Company Act of 1940, as amended, or the Investment Company Act. There is no assurance that the Company will be able to successfully effect a Business Combination. Upon the closing of the Proposed Public Offering, management has agreed that \$10.20 per Unit sold in the Proposed Public Offering and the proceeds from the sale of the Private Units will be held in a trust account (“Trust Account”) and invested in U.S. government securities, within the meaning set forth in Section 2(a)(16) of the Investment Company Act, with a maturity of 180 days or less or in any open-ended investment company that holds itself out as a money market fund meeting the conditions of Rule 2a-7 of the Investment Company Act, as determined by the Company, until the earlier of: (i) the consummation of a Business Combination or (ii) the distribution of the funds in the Trust Account as described below.

The Company will provide its holders of the outstanding Public Shares (the “public stockholders”) with the opportunity to redeem all or a portion of their Public Shares upon the completion of a Business Combination either (i) in connection with a stockholder meeting called to approve the Business Combination or (ii) by means of a tender offer. The decision as to whether the Company will seek stockholder approval of a Business Combination or conduct a tender offer will be made by the Company, solely in its discretion. The stockholders will be entitled to redeem their shares for a pro rata portion of the amount then on deposit in the Trust Account (initially \$10.20 per share, plus any pro rata interest earned on the funds held in the Trust Account and not previously released to the Company to pay its tax obligations). The per-share amount to be distributed to stockholders who redeem their shares will not be reduced by the deferred underwriting commission the Company will pay to the underwriters (as discussed in Note 6). The common stock subject to redemption will be recorded at a redemption value and classified as temporary equity upon the completion of the Proposed Public Offering, in accordance with Accounting Standards Codification (“ASC”) Topic 480 “Distinguishing Liabilities from Equity.”

MOUNTAIN CREST ACQUISITION CORP
NOTES TO FINANCIAL STATEMENTS

The Company will proceed with a Business Combination if the Company has net tangible assets of at least \$5,000,001 immediately prior to or upon such consummation of a Business Combination and, if the Company seeks stockholder approval, a majority of the outstanding shares voted are voted in favor of the Business Combination. If a stockholder vote is not required by law and the Company does not decide to hold a stockholder vote for business or other legal reasons, the Company will, pursuant to its Amended and Restated Certificate of Incorporation, conduct the redemptions pursuant to the tender offer rules of the Securities and Exchange Commission (“SEC”), and file tender offer documents with the SEC prior to completing a Business Combination. If, however, stockholder approval of the transaction is required by law, or the Company decides to obtain stockholder approval for business or other legal reasons, the Company will offer to redeem shares in conjunction with a proxy solicitation pursuant to the proxy rules and not pursuant to the tender offer rules. If the Company seeks stockholder approval in connection with a Business Combination, the Company’s Sponsor has agreed to (a) vote its Founder Shares (as defined in Note 5), Private Shares (as defined in Note 4) and any Public Shares held by it in favor of a Business Combination and (b) not to redeem any shares in connection with a stockholder vote to approve a Business Combination or sell any such shares to the Company in a tender offer in connection with a Business Combination. Additionally, each public stockholder may elect to redeem their Public Shares irrespective of whether they vote for or against the proposed transaction.

Notwithstanding the above, if the Company seeks stockholder approval of a Business Combination and it does not conduct redemptions pursuant to the tender offer rules, the Amended and Restated Certificate of Incorporation provides that a public stockholder, together with any affiliate of such stockholder or any other person with whom such stockholder is acting in concert or as a “group” (as defined under Section 13 of the Securities Exchange Act of 1934, as amended (the “Exchange Act”)), will be restricted from redeeming its shares with respect to more than an aggregate of 20% or more of the Public Shares, without the prior consent of the Company.

The Sponsor has agreed to (i) waive its redemption rights with respect to Founder Shares, Private Shares and any Public Shares it may acquire during or after the Proposed Public Offering in connection with the consummation of a Business Combination and (ii) not to propose an amendment to the Company’s Amended and Restated Certificate of Incorporation that would affect the substance or timing of the Company’s obligation to redeem 100% of its Public Shares if the Company does not complete a Business Combination, unless the Company provides the public stockholders an opportunity to redeem their Public Shares in conjunction with any such amendment. However, the Initial Stockholders will be entitled to liquidating distributions with respect to any Public Shares acquired if the Company fails to consummate a Business Combination or liquidates within the Combination Period (defined below).

The Company will have until 12 months from the closing of the Proposed Public Offering to consummate a Business Combination. However, if the Company anticipates that it may not be able to consummate a Business Combination within 12 months, the Company may extend the period of time to consummate a Business Combination up to three times, each by an additional three months (for a total of 21 months to complete a Business Combination (the “Combination Period”). In order to extend the time available for the Company to consummate a Business Combination, the Sponsor or its affiliate or designees must deposit into the Trust Account \$500,000, or \$575,000 if the underwriters’ over-allotment option is exercised in full (\$0.10 per Public Share in either case), on or prior to the date of the applicable deadline, for each three month extension.

If the Company is unable to complete a Business Combination within the Combination Period, the Company will (i) cease all operations except for the purpose of winding up, (ii) as promptly as reasonably possible but not more than ten business days thereafter, redeem the Public Shares, at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the Trust Account including interest earned on the funds held in the Trust Account and not previously released to the Company to pay taxes, divided by the number of then outstanding Public Shares, which redemption will completely extinguish public stockholders’ rights as stockholders (including the right to receive further liquidating distributions, if any), subject to applicable law, and (iii) as promptly as reasonably possible following such redemption, subject to the approval of the Company’s remaining stockholders and the Company’s board of directors, dissolve and liquidate, subject in the case of clauses (ii) and (iii) to the Company’s obligations under Delaware law to provide for claims of creditors and the requirements of other applicable law.

The Sponsor has agreed to waive its liquidation rights with respect to the Private Shares if the Company fails to complete a Business Combination within the Combination Period. However, if the Sponsor or any of its respective affiliates acquire Public Shares after the Proposed Public Offering, such Public Shares will be entitled to liquidating distributions from the Trust Account if the Company fails to complete a Business Combination within the Combination Period. The underwriters have agreed to waive their rights to their deferred underwriting commission (see Note 6) held in the Trust Account in the event the Company does not complete a Business Combination within the Combination Period and, in such event, such amounts will be included with the other funds held in the Trust Account that will be available to fund the redemption of the Public Shares. In the event of such distribution, it is possible that the per share value of the assets remaining available for distribution will be less than the Proposed Public Offering price per Unit (\$10.00).

MOUNTAIN CREST ACQUISITION CORP
NOTES TO FINANCIAL STATEMENTS

In order to protect the amounts held in the Trust Account, the Sponsor has agreed to be liable to the Company if and to the extent any claims by a vendor for services rendered or products sold to the Company, or a prospective target business with which the Company has discussed entering into a transaction agreement, reduce the amounts in the Trust Account to below the lesser of (i) \$10.20 per Public Share and (ii) the actual amount per Public Share held in the Trust Account as of the date of the liquidation of the Trust Account, if less than \$10.20 per Public Share due to reductions in the value of the trust assets, less taxes payable, provided that such liability will not apply to any claims by a third party who executed a waiver of any and all rights to the monies held in the Trust Account nor will it apply to any claims under the Company's indemnity of the underwriters of Proposed Public Offering against certain liabilities, including liabilities under the Securities Act of 1933, as amended (the "Securities Act"). Moreover, in the event that an executed waiver is deemed to be unenforceable against a third party, the Sponsor will not be responsible to the extent of any liability for such third-party claims. The Company will seek to reduce the possibility that the Sponsor will have to indemnify the Trust Account due to claims of creditors by endeavoring to have all vendors, service providers, prospective target businesses or other entities with which the Company does business, execute agreements with the Company waiving any right, title, interest or claim of any kind in or to monies held in the Trust Account.

Going Concern Consideration

At March 31, 2020, the Company had \$25,000 in cash and a working capital deficit of \$132,029. The Company has incurred and expects to continue to incur significant costs in pursuit of its financing and acquisition plans. These conditions raise substantial doubt about the Company's ability to continue as a going concern within one year after the date that the financial statements are issued. Management plans to address this uncertainty through the Proposed Public Offering as discussed in Note 3. There is no assurance that the Company's plans to raise capital or to consummate a Business Combination will be successful within the Combination Period. The Sponsor has agreed to loan the Company up to an aggregate amount of \$500,000 to be used, in part, for transaction costs incurred in connection with the Proposed Public Offering (the "Promissory Note"). The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

Note 2 — Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements are presented in conformity with accounting principles generally accepted in the United States of America ("GAAP") and pursuant to the rules and regulations of the SEC.

In the opinion of management, the accompanying unaudited financial statements include all adjustments, consisting of a normal recurring nature, which are necessary for a fair presentation of the financial position, operating results and cash flows for the period presented. The interim results for the three months ended March 31, 2020 are not necessarily indicative of the results to be expected for the year ending December 31, 2020 or for any future interim periods.

Emerging Growth Company

The Company is an "emerging growth company," as defined in Section 2(a) of the Securities Act, as modified by the Jumpstart Our Business Startups Act of 2012 (the "JOBS Act"), and it may take advantage of certain exemptions from various reporting requirements that are applicable to other public companies that are not emerging growth companies including, but not limited to, not being required to comply with the independent registered public accounting firm attestation requirements of Section 404 of the Sarbanes-Oxley Act, reduced disclosure obligations regarding executive compensation in its periodic reports and proxy statements, and exemptions from the requirements of holding a nonbinding advisory vote on executive compensation and stockholder approval of any golden parachute payments not previously approved.

Further, Section 102(b)(1) of the JOBS Act exempts emerging growth companies from being required to comply with new or revised financial accounting standards until private companies (that is, those that have not had a Securities Act registration statement declared effective or do not have a class of securities registered under the Exchange Act) are required to comply with the new or revised financial accounting standards. The JOBS Act provides that a company can elect to opt out of the extended transition period and comply with the requirements that apply to non-emerging growth companies but any such election to opt out is irrevocable. The Company has elected not to opt out of such extended transition period which means that when a standard is issued or revised and it has different application dates for public or private companies, the Company, as an emerging growth company, can adopt the new or revised standard at the time private companies adopt the new or revised standard. This may make comparison of the Company's financial statements with another public company which is neither an emerging growth company nor an emerging growth company which has opted out of using the extended transition period difficult or impossible because of the potential differences in accounting standards used.

NOTES TO FINANCIAL STATEMENTS

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Company's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of expenses during the reporting periods.

Making estimates requires management to exercise significant judgment. It is at least reasonably possible that the estimate of the effect of a condition, situation or set of circumstances that existed at the date of the financial statements, which management considered in formulating its estimate, could change in the near term due to one or more future confirming events. Accordingly, the actual results could differ significantly from those estimates.

Cash and Cash Equivalents

The Company considers all short-term investments with an original maturity of three months or less when purchased to be cash equivalents. The Company did not have any cash equivalents as of March 31, 2020 or December 31, 2019.

Deferred Offering Costs

Deferred offering costs consist of legal, accounting, underwriting fees and other costs incurred through the balance sheet date that are directly related to the Proposed Public Offering and that will be charged to stockholder's equity upon the completion of the Proposed Public Offering. Should the Proposed Public Offering prove to be unsuccessful, these deferred costs, as well as additional expenses to be incurred, will be charged to operations.

Income Taxes

The Company follows the asset and liability method of accounting for income taxes under ASC 740, "Income Taxes." Deferred tax assets and liabilities are recognized for the estimated future tax consequences attributable to differences between the financial statements carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that included the enactment date. Valuation allowances are established, when necessary, to reduce deferred tax assets to the amount expected to be realized.

ASC 740 prescribes a recognition threshold and a measurement attribute for the financial statement recognition and measurement of tax positions taken or expected to be taken in a tax return. For those benefits to be recognized, a tax position must be more likely than not to be sustained upon examination by taxing authorities. The Company recognizes accrued interest and penalties related to unrecognized tax benefits as income tax expense. There were no unrecognized tax benefits and no amounts accrued for interest and penalties as of March 31, 2020 and December 31, 2019. The Company is currently not aware of any issues under review that could result in significant payments, accruals or material deviation from its position. The Company is subject to income tax examinations by major taxing authorities since inception.

The provision for income taxes was deemed de minimis for the period from November 12, 2019 (inception) through March 31, 2020.

Net Loss Per Common Share

Net loss per share is computed by dividing net loss by the weighted average number of shares of common stock outstanding during the period, excluding shares of common stock subject to forfeiture. Weighted average shares were reduced for the effect of an aggregate of 187,500 shares of common stock that are subject to forfeiture if the over-allotment option is not exercised by the underwriters (see Note 7). At March 31, 2020 and December 31, 2019, the Company did not have any dilutive securities or other contracts that could, potentially, be exercised or converted into shares of common stock and then share in the earnings of the Company. As a result, diluted loss per share is the same as basic loss per share for the period presented.

Fair Value of Financial Instruments

The fair value of the Company's assets and liabilities, which qualify as financial instruments under ASC 820, "Fair Value Measurement," approximates the carrying amounts represented in the accompanying balance sheet, primarily due to their short-term nature.

Recent Accounting Pronouncements

Management does not believe that any recently issued, but not yet effective, accounting pronouncements, if currently adopted, would have a material effect on the Company's financial statements.

Note 3 — Public Offering

Pursuant to the Proposed Public Offering, the Company will offer for sale 5,000,000 Units (or 5,750,000 Units if the underwriters' over-allotment option is exercised in full), at a purchase price of \$10.00 per Unit. Each Unit will consist of one share of common stock and one right ("Public Right"). Each Public Right will entitle the holder to receive one-tenth of one share of common stock at the closing of a Business Combination (see Note 7).

Note 4 — Private Placement

The Sponsor and Chardan (and/or their designees) have agreed to purchase an aggregate of 321,500 Private Units (or 355,250 Private Units if the over-allotment option is exercised in full) at a price of \$10.00 per Private Unit, of which 296,500 Private Units (or 326,500 Private Units if the underwriters' over-allotment is exercised in full) will be purchased by the Sponsor and 25,000 Private Units will be purchased by Chardan (or 28,750 Private Units if the underwriters' over-allotment is exercised in full) for an aggregate purchase price of \$3,215,000, or \$3,552,500 if the over-allotment option is exercised in full, in a private placement that will occur simultaneously with the closing of the Proposed Public Offering. Each Private Unit will consist of one share of common stock ("Private Share") and one right ("Private Right"). Each Private Right will entitle the holder to receive one-tenth of one share of common stock at the closing of a Business Combination. The proceeds from the Private Units will be added to the proceeds from the Proposed Public Offering to be held in the Trust Account. If the Company does not complete a Business Combination within the Combination Period, the proceeds from the sale of the Private Units will be used to fund the redemption of the Public Shares (subject to the requirements of applicable law), and the Private Units and all underlying securities will expire worthless.

Note 5 — Related Party Transactions

Founder Shares

On November 12, 2019, the Company issued 100 shares of common stock to the Sponsor for an aggregate purchase price of \$25,000. The Company received payment for the shares on January 28, 2020. Accordingly, as of December 31, 2019, the \$25,000 payment due to the Company is recorded as stock subscription receivable in the stockholder's deficit section of the accompanying balance sheet. On January 17, 2020, the Company effected a share dividend of 21,561.50 shares of common stock for each outstanding share, resulting in 2,156,250 shares of common stock being issued and outstanding. In May 2020, the Company declared a reverse split of one share of common stock for every 1.5 outstanding share of common stock, resulting in 1,437,500 shares of common stock being outstanding (the "Founder Shares"). All share and per share information have been retroactively adjusted to reflect the share dividend and reverse split. The 1,437,500 Founder Shares include an aggregate of up to 187,500 shares subject to forfeiture by the Sponsor to the extent that the underwriters' over-allotment is not exercised in full or in part, so that the Sponsor will collectively own 20% of the Company's issued and outstanding shares after the Proposed Public Offering (assuming the Sponsor does not purchase any Public Shares in the Proposed Public Offering and excluding the Private Shares).

The Sponsor has agreed not to transfer, assign or sell any of the Founder Shares (except to certain permitted transferees) until, with respect to 50% of the Founder Shares, the earlier of six months after the date of the consummation of a Business Combination and the date on which the closing price of the Company's common stock equals or exceeds \$12.50 per share for any 20 trading days within a 30-trading day period following the consummation of a Business Combination and, with respect to the remaining 50% of the Founder Shares, six months after the date of the consummation of a Business Combination, or earlier in each case if, subsequent to a Business Combination, the Company completes a liquidation, merger, stock exchange or other similar transaction which results in all of the stockholders having the right to exchange their shares of common stock for cash, securities or other property.

Promissory Note — Related Party

On December 1, 2019, the Company issued the Promissory Note to the Sponsor, pursuant to which the Company may borrow up to an aggregate amount of \$500,000 to cover expenses related to the Proposed Public Offering. The Promissory Note is non-interest bearing and payable on the completion of the Proposed Public Offering. At March 31, 2020 and December 31, 2019, the Company had \$156,593 and \$100,498, respectively, in borrowings outstanding under the Promissory Note.

MOUNTAIN CREST ACQUISITION CORP
NOTES TO FINANCIAL STATEMENTS

Administrative Support Agreement

The Company intends to enter into an agreement, commencing on the effective date of the Proposed Public Offering through the earlier of the Company's consummation of a Business Combination and its liquidation, to pay an affiliate of the Sponsor a total of \$10,000 per month for office space, utilities and secretarial and administrative support.

Related Party Loans

In order to finance transaction costs in connection with a Business Combination, the Sponsor, an affiliate of the Sponsor, or the Company's officers and directors may, but are not obligated to, loan the Company funds from time to time or at any time, as may be required ("Working Capital Loans"). Each Working Capital Loan would be evidenced by a promissory note. The Working Capital Loans would either be paid upon consummation of a Business Combination, without interest, or, at the holder's discretion, up to \$1,500,000 of the Working Capital Loans may be converted into private units at a price of \$10.00 per unit. The private units would be identical to the Private Units. In the event that a Business Combination does not close, the Company may use a portion of the proceeds held outside the Trust Account to repay the Working Capital Loans, but no proceeds held in the Trust Account would be used to repay the Working Capital Loans.

Related Party Extension Loans

As discussed in Note 1, the Company may extend the period of time to consummate a Business Combination up to three times, each by an additional three months (for a total of 21 months to complete a Business Combination). In order to extend the time available for the Company to consummate a Business Combination, the Sponsor or its affiliates or designees must deposit into the Trust Account \$500,000, or \$575,000 if the underwriters' over-allotment option is exercised in full (\$0.10 per Public Share in either case), on or prior to the date of the applicable deadline, for each three month extension. Any such payments would be made in the form of a non-interest bearing, unsecured promissory note. Such notes would either be paid upon consummation of a Business Combination, or, at the relevant insider's discretion, converted upon consummation of a Business Combination into additional Private Units at a price of \$10.00 per Private Unit. The Sponsor and its affiliates or designees are not obligated to fund the Trust Account to extend the time for the Company to complete a Business Combination.

Note 6 — Commitments

Risks and Uncertainties

Management is currently evaluating the impact of the COVID-19 pandemic on the industry and has concluded that while it is reasonably possible that the virus could have a negative effect on the Company's financial position, results of its operations and/or search for a target company, the specific impact is not readily determinable as of the date of these financial statements. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

Registration Rights

The holders of the Founder Shares, the Private Units, and any shares that may be issued in payment of Working Capital Loans (and all underlying securities) will be entitled to registration rights pursuant to a registration rights agreement to be signed prior to or on the effective date of the Proposed Public Offering. The holders of a majority of these securities are entitled to make up to two demands that the Company register such securities. The holders of the majority of the Founders Shares can elect to exercise these registration rights at any time commencing three months prior to the date on which these shares of common stock are to be released from escrow. The holders of a majority of the Private Units (and underlying securities) and securities issued in payment of Working Capital Loans can elect to exercise these registration rights at any time commencing on the date that the Company consummates a Business Combination. In addition, the holders have certain "piggy-back" registration rights with respect to registration statements filed subsequent to the consummation of a Business Combination. The registration rights agreement does not contain liquidating damages or other cash settlement provisions resulting from delays in registering the Company's securities. The Company will bear the expenses incurred in connection with the filing of any such registration statements.

Underwriting Agreement

The Company will grant the underwriters a 45-day option from the date of the Proposed Public Offering to purchase up to 750,000 additional Units to cover over-allotments, if any, at the Proposed Public Offering price less the underwriting discounts and commissions.

The underwriters will be entitled to a cash underwriting discount of \$0.25 per Unit or \$1,250,000 in the aggregate (or \$1,437,500 if the over-allotment option is exercised in full), payable upon the closing of the Proposed Public Offering. In addition, the underwriters will be entitled to a deferred fee of \$0.35 per Unit, or \$1,750,000 (or \$2,012,500 if the over-allotment option is exercised in full). The deferred fee will become payable to the underwriters from the amounts held in the Trust Account solely in the event that the Company completes a Business Combination, subject to the terms of the underwriting agreement.

NOTES TO FINANCIAL STATEMENTS

Unit Purchase Option

The Company has agreed to sell Chardan, for \$100, an option to purchase up to 300,000 Units (or 345,000 Units if the over-allotment option is exercised in full) exercisable at \$11.50 per Unit (or an aggregate exercise price of \$3,450,000, or \$3,967,500 if the over-allotment option is exercised in full) commencing at any time between the consummation of a Business Combination and the fifth anniversary of the effective date of the registration statement related to the Proposed Public Offering. The unit purchase option may be exercised for cash or on a cashless basis, at the holder's option, and expires five years from the effective date of the registration statement related to the Proposed Public Offering. The Units issuable upon exercise of the option are identical to those offered in the Proposed Public Offering. The Company intends to account for the unit purchase option, inclusive of the receipt of \$100 cash payment, as an expense of the Proposed Public Offering resulting in a charge directly to stockholder's equity. The Company estimates that the fair value of the unit purchase option is approximately \$790,000 (or \$908,000 if the over-allotment option is exercised in full), or \$2.63 per Unit, using the Black-Scholes option-pricing model. The fair value of the unit purchase option to be granted to the underwriters is estimated as of the date of grant using the following assumptions: (1) expected volatility of 35%, (2) risk-free interest rate of 0.37% and (3) expected life of five years. The option and such units purchased pursuant to the option, as well as the shares of common stock underlying such units, the rights included in such units, the shares of common stock that are issuable for the rights included in such units, have been deemed compensation by FINRA and are therefore subject to a 180-day lock-up pursuant to Rule 5110(g)(1) of FINRA's NASDAQ Conduct Rules. Additionally, the option may not be sold, transferred, assigned, pledged or hypothecated for a one-year period (including the foregoing 180-day period) following the date of Proposed Public Offering except to any underwriter and selected dealer participating in the Proposed Public Offering and their bona fide officers or partners. The option grants to holders demand and "piggy back" rights for periods of five and seven years, respectively, from the effective date of the registration statement with respect to the registration under the Securities Act of the securities directly and indirectly issuable upon exercise of the option. The Company will bear all fees and expenses attendant to registering the securities, other than underwriting commissions which will be paid for by the holders themselves. The exercise price and number of units issuable upon exercise of the option may be adjusted in certain circumstances including in the event of a stock dividend, or the Company's recapitalization, reorganization, merger or consolidation. However, the option will not be adjusted for issuances of shares of common stock at a price below its exercise price.

Right of First Refusal

Subject to certain conditions, the Company will grant Chardan, for a period of 15 months after the date of the consummation of a Business Combination, a right of first refusal to act as lead underwriters or minimally as a co-manager, with at least 30% of the economics; or, in the case of a three-handed deal 20% of the economics, for any and all future public and private equity and debt offerings. In accordance with FINRA Rule 5110(f)(2)(E)(i), such right of first refusal shall not have a duration of more than three years from the effective date of the registration statement related to the Proposed Public Offering.

Note 7 — Stockholder's Equity

Common Stock — The Company is authorized to issue 5,000,000 shares of common stock with a par value of \$0.0001 per share. The Company plans on filing an Amended and Restated Certificate of Incorporation prior to the closing date of the Proposed Public Offering such that the Company will increase the number of shares of common stock authorized to be issued. Holders of the Company's common stock are entitled to one vote for each share. At March 31, 2020 and December 31, 2019, there were 1,437,500 shares of common stock issued and outstanding, of which up to an aggregate of 187,500 shares are subject to forfeiture to the extent that the underwriters' over-allotment option is not exercised in full so that the Sponsor will own 20% of the issued and outstanding shares after the Proposed Public Offering (assuming the Sponsor does not purchase any Public Shares in the Proposed Public Offering and excluding the Private Shares).

MOUNTAIN CREST ACQUISITION CORP
NOTES TO FINANCIAL STATEMENTS

Rights — Except in cases where the Company is not the surviving company in a Business Combination, each holder of a Public Right will automatically receive one-tenth (1/10) of one share of common stock upon consummation of a Business Combination, even if the holder of a Public Right converted all shares held by him, her or it in connection with a Business Combination or an amendment to the Company's Amended and Restated Certificate of Incorporation with respect to its pre-business combination activities. In the event that the Company will not be the surviving company upon completion of a Business Combination, each holder of a Public Right will be required to affirmatively convert his, her or its rights in order to receive the one-tenth (1/10) of a share underlying each Public Right upon consummation of the Business Combination. No additional consideration will be required to be paid by a holder of Public Rights in order to receive his, her or its additional shares of common stock upon consummation of a Business Combination. The shares issuable upon exchange of the rights will be freely tradable (except to the extent held by affiliates of the Company). If the Company enters into a definitive agreement for a Business Combination in which the Company will not be the surviving entity, the definitive agreement will provide for the holders of Public Rights to receive the same per share consideration the holders of the common stock will receive in the transaction on an as-converted into common stock basis.

The Company will not issue fractional shares in connection with an exchange of Public Rights. Fractional shares will either be rounded down to the nearest whole share or otherwise addressed in accordance with the applicable provisions of the Delaware General Corporation Law. As a result, the holders of the Public Rights must hold rights in multiples of 10 in order to receive shares for all of the holders' rights upon closing of a Business Combination. If the Company is unable to complete a Business Combination within the Combination Period and the Company liquidates the funds held in the Trust Account, holders of Public Rights will not receive any of such funds with respect to their Public Rights, nor will they receive any distribution from the Company's assets held outside of the Trust Account with respect to such Public Rights, and the Public Rights will expire worthless. Further, there are no contractual penalties for failure to deliver securities to the holders of the Public Rights upon consummation of a Business Combination. Additionally, in no event will the Company be required to net cash settle the rights. Accordingly, the rights may expire worthless.

Note 8 — Subsequent Events

The Company evaluated subsequent events and transactions that occurred after the balance sheet date up to May 15, 2020, the date that the financial statements were available to be issued. Other than as described in these financial statements, the Company did not identify any subsequent events that would have required adjustment or disclosure in the financial statements.

Until _____, 2020 (25 days after the date of this prospectus), all dealers that buy, sell or trade our shares of common stock, whether or not participating in this offering, may be required to deliver a prospectus. This is in addition to the dealers' obligation to deliver a prospectus when acting as underwriters and with respect to their unsold allotments or subscriptions.

No dealer, salesperson or any other person is authorized to give any information or make any representations in connection with this offering other than those contained in this prospectus and, if given or made, the information or representations must not be relied upon as having been authorized by us. This prospectus does not constitute an offer to sell or a solicitation of an offer to buy any security other than the securities offered by this prospectus, or an offer to sell or a solicitation of an offer to buy any securities by anyone in any jurisdiction in which the offer or solicitation is not authorized or is unlawful.

Item 14. Indemnification of Directors and Officers.

Our certificate of incorporation provides that all directors, officers, employees and agents of the registrant shall be entitled to be indemnified by us to the fullest extent permitted by Section 145 of the Delaware General Corporation Law.

Section 145 of the Delaware General Corporation Law concerning indemnification of officers, directors, employees and agents is set forth below.

“Section 145. Indemnification of officers, directors, employees and agents; insurance.

- (a) A corporation shall have power to indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (other than an action by or in the right of the corporation) by reason of the fact that the person is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, against expenses (including attorneys’ fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by the person in connection with such action, suit or proceeding if the person acted in good faith and in a manner the person reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe the person’s conduct was unlawful. The termination of any action, suit or proceeding by judgment, order, settlement, conviction, or upon a plea of nolo contendere or its equivalent, shall not, of itself, create a presumption that the person did not act in good faith and in a manner which the person reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had reasonable cause to believe that the person’s conduct was unlawful.

- (b) A corporation shall have power to indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action or suit by or in the right of the corporation to procure a judgment in its favor by reason of the fact that the person is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise against expenses (including attorneys' fees) actually and reasonably incurred by the person in connection with the defense or settlement of such action or suit if the person acted in good faith and in a manner the person reasonably believed to be in or not opposed to the best interests of the corporation and except that no indemnification shall be made in respect of any claim, issue or matter as to which such person shall have been adjudged to be liable to the corporation unless and only to the extent that the Court of Chancery or the court in which such action or suit was brought shall determine upon application that, despite the adjudication of liability but in view of all the circumstances of the case, such person is fairly and reasonably entitled to indemnity for such expenses which the Court of Chancery or such other court shall deem proper.
- (c) To the extent that a present or former director or officer of a corporation has been successful on the merits or otherwise in defense of any action, suit or proceeding referred to in subsections (a) and (b) of this section, or in defense of any claim, issue or matter therein, such person shall be indemnified against expenses (including attorneys' fees) actually and reasonably incurred by such person in connection therewith.
- (d) Any indemnification under subsections (a) and (b) of this section (unless ordered by a court) shall be made by the corporation only as authorized in the specific case upon a determination that indemnification of the present or former director, officer, employee or agent is proper in the circumstances because the person has met the applicable standard of conduct set forth in subsections (a) and (b) of this section. Such determination shall be made, with respect to a person who is a director or officer at the time of such determination, (1) by a majority vote of the directors who are not parties to such action, suit or proceeding, even though less than a quorum, or (2) by a committee of such directors designated by majority vote of such directors, even though less than a quorum, or (3) if there are no such directors, or if such directors so direct, by independent legal counsel in a written opinion, or (4) by the stockholders.
- (e) Expenses (including attorneys' fees) incurred by an officer or director in defending any civil, criminal, administrative or investigative action, suit or proceeding may be paid by the corporation in advance of the final disposition of such action, suit or proceeding upon receipt of an undertaking by or on behalf of such director or officer to repay such amount if it shall ultimately be determined that such person is not entitled to be indemnified by the corporation as authorized in this section. Such expenses (including attorneys' fees) incurred by former officers and directors or other employees and agents may be so paid upon such terms and conditions, if any, as the corporation deems appropriate.
- (f) The indemnification and advancement of expenses provided by, or granted pursuant to, the other subsections of this section shall not be deemed exclusive of any other rights to which those seeking indemnification or advancement of expenses may be entitled under any bylaw, agreement, vote of stockholders or disinterested directors or otherwise, both as to action in such person's official capacity and as to action in another capacity while holding such office. A right to indemnification or to advancement of expenses arising under a provision of the certificate of incorporation or a bylaw shall not be eliminated or impaired by an amendment to such provision after the occurrence of the act or omission that is the subject of the civil, criminal, administrative or investigative action, suit or proceeding for which indemnification or advancement of expenses is sought, unless the provision in effect at the time of such act or omission explicitly authorizes such elimination or impairment after such action or omission has occurred.

- (g) A corporation shall have power to purchase and maintain insurance on behalf of any person who is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise against any liability asserted against such person and incurred by such person in any such capacity, or arising out of such person's status as such, whether or not the corporation would have the power to indemnify such person against such liability under this section.
- (h) For purposes of this section, references to "the corporation" shall include, in addition to the resulting corporation, any constituent corporation (including any constituent of a constituent) absorbed in a consolidation or merger which, if its separate existence had continued, would have had power and authority to indemnify its directors, officers, and employees or agents, so that any person who is or was a director, officer, employee or agent of such constituent corporation, or is or was serving at the request of such constituent corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, shall stand in the same position under this section with respect to the resulting or surviving corporation as such person would have with respect to such constituent corporation if its separate existence had continued.
- (i) For purposes of this section, references to "other enterprises" shall include employee benefit plans; references to "fines" shall include any excise taxes assessed on a person with respect to any employee benefit plan; and references to "serving at the request of the corporation" shall include any service as a director, officer, employee or agent of the corporation which imposes duties on, or involves services by, such director, officer, employee or agent with respect to an employee benefit plan, its participants or beneficiaries; and a person who acted in good faith and in a manner such person reasonably believed to be in the interest of the participants and beneficiaries of an employee benefit plan shall be deemed to have acted in a manner "not opposed to the best interests of the corporation" as referred to in this section.
- (j) The indemnification and advancement of expenses provided by, or granted pursuant to, this section shall, unless otherwise provided when authorized or ratified, continue as to a person who has ceased to be a director, officer, employee or agent and shall inure to the benefit of the heirs, executors and administrators of such a person.
- (k) The Court of Chancery is hereby vested with exclusive jurisdiction to hear and determine all actions for advancement of expenses or indemnification brought under this section or under any bylaw, agreement, vote of stockholders or disinterested directors, or otherwise. The Court of Chancery may summarily determine a corporation's obligation to advance expenses (including attorneys' fees).

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to our directors, officers, and controlling persons pursuant to the foregoing provisions, or otherwise, we have been advised that, in the opinion of the SEC, such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment of expenses incurred or paid by a director, officer or controlling person in a successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, we will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to the court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.

In accordance with Section 102(b)(7) of the DGCL, our certificate of incorporation, will provide that no director shall be personally liable to us or any of our stockholders for monetary damages resulting from breaches of their fiduciary duty as directors, except to the extent such limitation on or exemption from liability is not permitted under the DGCL unless they violated their duty of loyalty to the company or its stockholders, acted in bad faith, knowingly or intentionally violated the law, authorized unlawful payments of dividends, unlawful stock purchases or unlawful redemptions, or derived improper personal benefit from their actions as directors. The effect of this provision of our certificate of incorporation is to eliminate our rights and those of our stockholders (through stockholders' derivative suits on our behalf) to recover monetary damages against a director for breach of the fiduciary duty of care as a director, including breaches resulting from negligent or grossly negligent behavior, except, as restricted by Section 102(b)(7) of the DGCL. However, this provision does not limit or eliminate our rights or the rights of any stockholder to seek non-monetary relief, such as an injunction or rescission, in the event of a breach of a director's duty of care.

If the DGCL is amended to authorize corporate action further eliminating or limiting the liability of directors, then, in accordance with our certificate of incorporation, the liability of our directors to us or our stockholders will be eliminated or limited to the fullest extent authorized by the DGCL, as so amended. Any repeal or amendment of provisions of our certificate of incorporation limiting or eliminating the liability of directors, whether by our stockholders or by changes in law, or the adoption of any other provisions inconsistent therewith, will (unless otherwise required by law) be prospective only, except to the extent such amendment or change in law permits us to further limit or eliminate the liability of directors on a retroactive basis.

Our certificate of incorporation will also provide that we will, to the fullest extent authorized or permitted by applicable law, indemnify our current and former officers and directors, as well as those persons who, while directors or officers of our corporation, are or were serving as directors, officers, employees or agents of another entity, trust or other enterprise, including service with respect to an employee benefit plan, in connection with any threatened, pending or completed proceeding, whether civil, criminal, administrative or investigative, against all expense, liability and loss (including, without limitation, attorney's fees, judgments, fines, ERISA excise taxes and penalties and amounts paid in settlement) reasonably incurred or suffered by any such person in connection with any such proceeding. Notwithstanding the foregoing, a person eligible for indemnification pursuant to our certificate of incorporation will be indemnified by us in connection with a proceeding initiated by such person only if such proceeding was authorized by our board of directors, except for proceedings to enforce rights to indemnification.

The right to indemnification conferred by our certificate of incorporation is a contract right that includes the right to be paid by us the expenses incurred in defending or otherwise participating in any proceeding referenced above in advance of its final disposition; provided, however, that, if the DGCL requires, an advancement of expenses incurred by our officer or director (solely in the capacity as an officer or director of our corporation) will be made only upon delivery to us of an undertaking, by or on behalf of such officer or director, to repay all amounts so advanced if it is ultimately determined that such person is not entitled to be indemnified for such expenses under our certificate of incorporation or otherwise.

The rights to indemnification and advancement of expenses will not be deemed exclusive of any other rights which any person covered by our certificate of incorporation may have or hereafter acquire under law, our certificate of incorporation, our bylaws, an agreement, vote of stockholders or disinterested directors, or otherwise.

Any repeal or amendment of provisions of our certificate of incorporation affecting indemnification rights, whether by our stockholders or by changes in law, or the adoption of any other provisions inconsistent therewith, will (unless otherwise required by law) be prospective only, except to the extent such amendment or change in law permits us to provide broader indemnification rights on a retroactive basis, and will not in any way diminish or adversely affect any right or protection existing at the time of such repeal or amendment or adoption of such inconsistent provision with respect to any act or omission occurring prior to such repeal or amendment or adoption of such inconsistent provision. Our certificate of incorporation will also permit us, to the extent and in the manner authorized or permitted by law, to indemnify and to advance expenses to persons other than those specifically covered by our certificate of incorporation.

Our bylaws, which we intend to adopt immediately prior to the closing of this offering, include the provisions relating to advancement of expenses and indemnification rights consistent with those set forth in our certificate of incorporation. In addition, our bylaws provide for a right of indemnity to bring a suit in the event a claim for indemnification or advancement of expenses is not paid in full by us within a specified period of time. Our bylaws also permit us to purchase and maintain insurance, at our expense, to protect us and/or any director, officer, employee or agent of our corporation or another entity, trust or other enterprise against any expense, liability or loss, whether or not we would have the power to indemnify such person against such expense, liability or loss under the DGCL.

Any repeal or amendment of provisions of our bylaws affecting indemnification rights, whether by our board of directors, stockholders or by changes in applicable law, or the adoption of any other provisions inconsistent therewith, will (unless otherwise required by law) be prospective only, except to the extent such amendment or change in law permits us to provide broader indemnification rights on a retroactive basis, and will not in any way diminish or adversely affect any right or protection existing thereunder with respect to any act or omission occurring prior to such repeal or amendment or adoption of such inconsistent provision.

We will enter into indemnity agreements with each of our officers and directors a form of which is filed as Exhibit 10.6 to this Registration Statement. These agreements will require us to indemnify these individuals to the fullest extent permitted under Delaware law and to advance expenses incurred as a result of any proceeding against them as to which they could be indemnified.

Pursuant to the Underwriting Agreement filed as Exhibit 1.1 to this Registration Statement, we have agreed to indemnify the Underwriters and the Underwriters have agreed to indemnify us against certain civil liabilities that may be incurred in connection with this offering, including certain liabilities under the Securities Act.

Item 15. Recent Sales of Unregistered Securities.

In November 2019, we issued 100 shares of common stock to certain of our initial shareholders. In January 2020, we declared a share dividend of 21,561.50 shares of common stock for each outstanding share, resulting in 2,156,250 shares of common stock being outstanding. In May 2020, we declared a reverse share dividend of one share of common stock for every 1.5 outstanding shares of common stock, resulting in 1,437,500 shares of common stock being outstanding, and the aggregate purchase price for the insider shares was \$25,000, or approximately \$0.017 per share. Such shares were issued in connection with our organization pursuant to the exemption from registration contained in Section 4(a)(2) of the Securities Act as they were sold to accredited investors.

No underwriting discounts or commissions were paid with respect to such sales.

Item 17. Undertakings.**(a) The undersigned registrant hereby undertakes:**

- (1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:
 - i. To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;
 - ii. To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20 percent change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement;
 - iii. To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement.
- (2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
- (3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.
- (4) That, for the purpose of determining any liability under the Securities Act of 1933 in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:
 - (i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;
 - (ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;

- (iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and
 - (iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.
- (5) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser, if the registrant is subject to Rule 430C, each prospectus filed pursuant to Rule 424(b) as part of a registration statement relating to an offering, other than registration statements relying on Rule 430B or other than prospectuses filed in reliance on Rule 430A, shall be deemed to be part of and included in the registration statement as of the date it is first used after effectiveness; provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such first use, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such date of first use.
- (b) The undersigned hereby undertakes to provide to the underwriter at the closing specified in the underwriting agreements, certificates in such denominations and registered in such names as required by the underwriter to permit prompt delivery to each purchaser.
- (c) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.
- (d) The undersigned registrant hereby undertakes that:
- (1) For purposes of determining any liability under the Securities Act of 1933, the information omitted from the form of prospectus filed as part of this registration statement in reliance upon Rule 430A and contained in a form of prospectus filed by the registrant pursuant to Rule 424(b) (1) or (4) or 497(h) under the Securities Act shall be deemed to be part of this registration statement as of the time it was declared effective.
 - (2) For the purpose of determining any liability under the Securities Act of 1933, each post-effective amendment that contains a form of prospectus shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

UNDERWRITING AGREEMENT

_____, 2020

Chardan Capital Markets, LLC

17 State Street, 21st Floor

New York, New York 10004

As Representative of the Underwriters named on Schedule A hereto

Ladies and Gentlemen:

The undersigned, Mountain Crest Acquisition Corp, a Delaware company ("Company"), hereby confirms its agreement with Chardan Capital Markets, LLC (hereinafter referred to as "you", "Chardan", or as the "Representative") and with the other underwriters named on Schedule A hereto for which you are acting as representative (the Representative and the other Underwriters being collectively referred to herein as the "Underwriters" or, individually, an "Underwriter"), as follows:

1. Purchase and Sale of Securities.**1.1. Firm Securities.**

1.1.1. *Purchase of Firm Units.* On the basis of the representations and warranties herein contained, but subject to the terms and conditions herein set forth, the Company agrees to issue and sell, severally and not jointly, to the several Underwriters, an aggregate of 5,000,000 units (the "Firm Units") of the Company at a purchase price (net of discounts and commissions, including the Deferred Underwriting Commission described in Section 1.3 below) of \$9.40 per Firm Unit. The Underwriters, severally and not jointly, agree to purchase from the Company the number of Firm Units set forth opposite their respective names on Schedule A attached hereto and made a part hereof at a purchase price (net of discounts and commissions, including the Deferred Underwriting Commission described in Section 1.3 below) of \$9.40 per Firm Unit. The Firm Units (and the Option Units (as hereinafter defined), if any) are to be offered initially to the public (the "Offering") at the offering price of \$10.00 per Firm Unit. Each Firm Unit consists of one (1) share of common stock of the Company ("Common Stock") and one (1) right (the "Right(s)") to receive one-tenth of one share of Common Stock upon the consummation of a Business Combination (as defined below). The Common Stock and the Rights included in the Firm Units will not be separately transferable until the earlier of the 90th day after the date that the Registration Statement (as defined below) becomes effective (the "Effective Date") or the announcement by the Company of the Representative's decision to allow earlier trading, subject, however, to the Company filing a Current Report on Form 8-K ("Form 8-K") with the Commission (as defined below) containing an audited balance sheet reflecting the Company's receipt of the gross proceeds of the Offering and issuing a press release announcing when such separate trading will begin. In no event will the Company allow separate trading until (i) the preparation of an audited balance sheet of the Company reflecting receipt by the Company of the proceeds of the Offering and the filing of such audited balance sheet with the Commission (as herein defined) on a Form 8-K or similar form by the Company which includes such balance sheet and (ii) the issuance of a press release announcing when such separate trading shall begin. Each Right entitles the holder to receive one-tenth (1/10) of one share of Common Stock upon the closing of a Business Combination (as defined below). As used herein, the term "Business Combination" shall mean any acquisition by share exchange, share reconstruction and amalgamation with, purchasing all or substantially all of the assets of, entering into contractual arrangements with, or engaging in any other similar business combination with one or more businesses or entities by the Company. As used herein, the term "Business Day" shall mean any day other than a Saturday, Sunday or any day on which national banks in New York, New York are not open for business.

1.1.2. *Payment and Delivery.* Delivery and payment for the Firm Units shall be made at 10:00 A.M., New York time, on the second (2nd) Business Day following the Effective Date of the Registration Statement (or the third (3rd) Business Day following the Effective Date, if the Registration Statement is declared effective on or after 4:00 p.m.) or at such earlier time as shall be agreed upon by the Representative and the Company at the offices of the Representative or at such other place as shall be agreed upon by the Representative and the Company. The closing of the public offering contemplated by this Agreement is referred to herein as the “Closing” and the hour and date of delivery and payment for the Firm Units is referred to herein as the “Closing Date.” Payment for the Firm Units shall be made on the Closing Date at the Representative’s election by wire transfer in Federal (same day) funds or by certified or bank cashier’s check(s) in New York Clearing House funds. \$51,000,000 (\$58,650,000 if the Over-allotment Option (as defined in Section 1.2) is exercised in full), or \$10.20 per Unit, of the proceeds received by the Company for the Firm Units and from the Private Placement (as defined in Section 1.5) shall be deposited in the trust account established by the Company for the benefit of the public shareholders as described in the Registration Statement (the “Trust Account”) pursuant to the terms of an Investment Management Trust Agreement (the “Trust Agreement”) by and between the Company and Continental Stock Transfer & Trust Company. Such amount includes an aggregate of up to \$1,437,500 (or up to \$2,012,500 if the Over-allotment Option is exercised in full), or \$0.35 per Unit, payable to Chardan as a Deferred Underwriting Commission in accordance with, and subject to adjustment pursuant to, Section 1.3 hereof, to be placed by the Underwriters in the Trust Account. Payment of two and one half percent (2.5%) of the underwriting discount to Chardan shall be paid at the Offering. Chardan will acquire a pro rata portion of Private Units with half of one percent of the underwriting discount paid at Closing, thus reducing the underwriting discount paid at Closing in cash to two percent (2.0%). The proceeds (less commissions, expense allowance and actual expense payments or other fees payable pursuant to this Agreement) shall be paid to the order of the Company upon delivery to the Representative of certificates (in form and substance satisfactory to the Underwriters) representing the Firm Units (or through the facilities of the Depository Trust Company (“DTC”)) for the account of the Underwriters. The Firm Units shall be registered in such name or names and in such authorized denominations as the Representative may request in writing at least two (2) Business Days prior to the Closing Date. The Company will permit the Representative to examine and package the Firm Units for delivery, at least one (1) full Business Day prior to the Closing Date. The Company shall not be obligated to sell or deliver the Firm Units except upon tender of payment by the Representative for all the Firm Units.

1.2. Over-Allotment Option.

1.2.1. *Option Units.* For the purpose of covering any over-allotments in connection with the distribution and sale of the Firm Units, the Underwriters are hereby granted, severally and not jointly, an option to purchase up to an additional 750,000 units from the Company (the “Over-allotment Option”). Such additional 750,000 units shall be identical in all respects to the Firm Units and are hereinafter referred to as “Option Units.” The Firm Units and the Option Units are hereinafter collectively referred to as the “Units,” and the Units, the Common Stock and the Rights included in the Units and the shares of Common Stock issuable upon conversion of the Rights are hereinafter referred to collectively as the “Public Securities.” The purchase price to be paid for the Option Units (net of discounts and commissions, including the Deferred Underwriting Commission described in Section 1.3 below) will be \$9.40 per Option Unit. The Option Units are to be offered initially to the public at the offering price of \$10.00 per Option Unit.

1.2.2. *Exercise of Option.* The Over-allotment Option granted pursuant to Section 1.2.1 hereof may be exercised by the Representative as to all (at any time) or any part (from time to time) of the Option Units within forty-five (45) days after the Effective Date. The Underwriters will not be under any obligation to purchase any Option Units prior to the exercise of the Over-allotment Option. The Over-allotment Option granted hereby may be exercised by the giving of oral notice to the Company from the Representative, which must be confirmed in writing by overnight mail, facsimile transmission or e-mail transmission setting forth the number of Option Units to be purchased and the date and time for delivery of and payment for the Option Units, which will not be later than five (5) Business Days after the date of the notice or such other time as shall be agreed upon by the Company and the Representative, at the offices of the Representative or at such other place or in such other manner as shall be agreed upon by the Company and the Representative. If such delivery and payment for the Option Units does not occur on the Closing Date, the date and time of the closing for such Option Units will be as set forth in the notice (hereinafter the “Option Closing Date”). Upon exercise of the Over-allotment Option, the Company will become obligated to convey to the Underwriters, and, subject to the terms and conditions set forth herein, the Underwriters will become obligated to purchase, the number of Option Units specified in such notice.

1.2.3. *Payment and Delivery.* Delivery and payment for the Option Units shall be made at 10:00 AM, New York time, on the Option Closing Date or at such earlier time as shall be agreed upon by the Representative and the Company at the offices of the Representative or at such other place as shall be agreed upon by the Representative and the Company. Payment for the Option Units shall be made at the Representative's election by wire transfer in Federal (same day) funds or by certified or bank cashier's check(s) in New York Clearing House funds, by deposit of the sum of \$9.40 per Option Unit in the Trust Account pursuant to the Trust Agreement upon delivery to the Representative of certificates (in form and substance satisfactory to the Underwriters) representing the Option Units (or through the facilities of DTC) for the account of the Underwriters. The Underwriters shall also place an aggregate of \$0.35 per Option Unit (up to \$2,012,500), payable to the Representative, as Deferred Underwriting Commission, in accordance with Section 1.3 hereof, in the Trust Account. The Option Units shall be registered in such name or names and in such authorized denominations as the Representative may request not less than two (2) Business Days prior to the Closing Date or the Option Closing Date, as the case may be, and will be made available to the Representative for inspection, checking and packaging at the aforesaid office of the Company's transfer agent or correspondent not less than one (1) full Business Day prior to such Closing Date or Option Closing Date.

1.3. Deferred Underwriting Commission. The Underwriters agree that 3.5% of the gross proceeds from the sale of the Firm Units (\$1,750,000) and 3.5% of the gross proceeds from the sale of the Option Units (up to \$262,500) (the "Deferred Underwriting Commission") will be deposited in and held in the Trust Account and payable directly from the Trust Account, without accrued interest, to Chardan for its own account upon consummation of the Business Combination. The Deferred Underwriting Commission is due and payable only to Chardan. In the event that the Company is unable to consummate a Business Combination and Continental Stock Transfer & Trust Company, as the trustee of the Trust Account (in this context, the "Trustee"), commences liquidation of the Trust Account as provided in the Trust Agreement, the Underwriters agree that: (i) the Underwriters hereby forfeit any rights or claims to the Deferred Underwriting Commission any Underwriter may have; and (ii) the Deferred Underwriting Commission, together with all other amounts on deposit in the Trust Account, shall be distributed on a pro-rata basis among the public shareholders.

1.4. Representative's Purchase Option.

1.4.1. *Purchase Option.* As additional consideration, the Company hereby agrees to issue and sell to the Representative (and/or its designees) on the Closing Date an option ("Representative's Purchase Option") for the purchase of an aggregate of 300,000 units, or 345,000 Units if the over-allotment option is exercised in full (the "Representative's Units") for an aggregate purchase price of \$100.00. The Representative's Purchase Option shall be exercisable, in whole or in part, at any time between (i) the closing of the Business combination and (ii) five (5) years from the Effective Date and the day immediately prior to the day on which the Company and all of its successors have been dissolved, for cash or on a cashless basis, at an initial exercise price per Representative's Unit of \$11.50, which is equal to one hundred and fifteen percent (115%) of the initial public offering price of a Unit. The Representative's Purchase Option, the Representative's Units, the Common Stock and the Rights included in the Representative's Units (the "Representative's Rights") and the shares of Common Stock issuable pursuant to the terms of the Representative's Rights are hereinafter referred to collectively as the "Representative's Securities." The Public Securities and the Representative's Securities are hereinafter referred to collectively as the "Securities." The Representative understands and agrees that there are significant restrictions against transferring the Representative's Purchase Option during the first 180 days after the Effective Date, as set forth in Section 3 of the Representative's Purchase Option.

1.4.2. *Delivery and Payment.* Delivery and payment for the Representative's Purchase Option shall be made on the Closing Date. The Company shall deliver to the Representative (and/or its designees) upon payment therefor, certificates for the Representative's Purchase Option in the name or names and in such authorized denominations as the Representative may request.

1.5. Private Placement.

1.5.1. *Placement Units.* Simultaneously with the Closing, Sunlight Global Investment LLC (“Sunlight”) and Chardan shall purchase from the Company, pursuant to a written purchase agreement (as defined in Section 2.24.2 hereof) an aggregate of 321,500 private units (the “Private Units”) at a purchase price of \$10.00 per Private Unit in a private placement (the “Private Placement”), of which 296,500 Private Units will be purchased by Sunlight and 25,000 Private Units will be purchased by Chardan. The Private Units, the shares of Common Stock and the Rights included in the Placement Units (the “Placement Rights”), and the shares of Common Stock underlying the Placement Rights are hereinafter referred to collectively as the “Placement Securities.” Each Private Unit shall be identical to the Units sold in the Offering. There will be no placement agent in the Private Placement and no party shall be entitled to a placement fee or expense allowance from the sale of the Placement Securities. Pursuant to Rule 5110(g)(1) of FINRA’s Rules, the Private Units are subject to a lock-up for a period of 180 days immediately following the Effective Date of the Registration Statement or the commencement of sales in the Offering, and, for a one year period (including the foregoing 180 day period) following the Effective Date, may not be sold, transferred, assigned, pledged or hypothecated, or be subject of any hedging, short sale, derivative or put or call transaction that would result in the economic disposition of the securities .

1.5.2. *Additional Private Units.* Simultaneously with the Option Closing, Sunlight and Chardan shall purchase from the Company pursuant to the Subscription Agreements (as defined in Section 2.24.2 hereof) an additional number of units (up to a maximum of 33,750 units in the aggregate, of which up to 30,000 units will be purchased by Sunlight and up to 3,750 units will be purchased by Chardan), *pro rata* with the percentage of the Over-allotment Option exercised by the Representative, so that at least \$10.00 per Unit sold to the public in the Offering is held in trust regardless of whether the over-allotment option is exercised in full or part (the “Additional Private Units”), at a purchase price of \$10.00 per Additional Private Unit in a private placement (the “Additional Private Placement”). The Additional Private Units, the shares of Common Stock and the Rights included in the Additional Private Units (the “Additional Placement Rights”) and the shares of Common Stock issuable upon conversion of the Additional Placement Rights are hereinafter referred to collectively as the “Additional Placement Securities.” Each Additional Private Unit shall be identical to the Units sold in the Offering. There will be no placement agent in the Additional Private Placement and no party shall be entitled to a placement fee or expense allowance from the sale of the Additional Private Securities. Pursuant to Rule 5110(g)(1) of FINRA’s Rules, the Additional Private Units are subject to a lock-up for a period of 180 days immediately following the Effective Date of the Registration Statement or the commencement of sales in the offering, and, for a one year period (including the foregoing 180 day period) following the Effective Date, may not be sold, transferred, assigned, pledged or hypothecated, or be subject of any hedging, short sale, derivative or put or call transaction that would result in the economic disposition of the securities.

2. Representations and Warranties of the Company. The Company represents and warrants to the Underwriters as follows:

2.1. Filing of Registration Statement.

2.1.1. *Pursuant to the Act.* The Company has filed with the Securities and Exchange Commission (the “Commission”) a registration statement and an amendment or amendments thereto, on Form S-1 (File No. 333-238320), including any related preliminary prospectus (the “Preliminary Prospectus”, including any prospectus that is included in the Registration Statement immediately prior to the effectiveness of the Registration Statement), for the registration of the Public Securities under the Securities Act of 1933, as amended (the “Act”), which registration statement and amendment or amendments have been prepared by the Company in conformity in all material respects with the requirements of the Act, and the rules and regulations (the “Regulations”) of the Commission under the Act. The conditions for use of Form S-1 to register the Offering under the Act, as set forth in the General Instructions to such Form, have been satisfied in all material respects. Except as the context may otherwise require, such registration statement, as amended, on file with the Commission at the time the registration statement becomes effective (including the prospectus, financial statements, schedules, exhibits and all other documents filed as a part thereof or incorporated therein and all information deemed to be a part thereof as of such time pursuant to Rule 430A of the Regulations), is hereinafter called the “Registration Statement,” and the form of the final prospectus dated the Effective Date included in the Registration Statement (or, if applicable, the form of final prospectus containing information permitted to be omitted at the time of effectiveness by Rule 430A of the Regulations filed with the Commission pursuant to Rule 424 of the Regulations), is hereinafter called the “Prospectus.” For purposes of this Agreement, “Time of Sale”, as used in the Act, means 5:00 p.m., New York City time, on the date of this Agreement. If the Company has filed, or is required pursuant to the terms hereof to file, a registration statement pursuant to Rule 462(b) under the Securities Act registering the Securities (a “Rule 462(b) Registration Statement”), then, unless otherwise specified, any reference herein to the term “Registration Statement” shall be deemed to include such Rule 462(b) Registration Statement. Other than a Rule 462(b) Registration Statement, which, if filed, becomes effective upon filing, no other document with respect to the Registration Statement has heretofore been filed with the Commission. All of the Public Securities have been registered under the Act pursuant to the Registration Statement or, if any Rule 462(b) Registration Statement is filed, will be duly registered under the Securities Act with the filing of such Rule 462(b) Registration Statement. The Registration Statement has been declared effective by the Commission on the date hereof. If, subsequent to the date of this Agreement, the Company or the Representative has determined that at the Time of Sale the Prospectus included an untrue statement of a material fact or omitted a statement of material fact necessary to make the statements therein, in light of the circumstances under which they were made, not misleading, and have agreed to provide an opportunity to purchasers of the Units to terminate their old purchase contracts and enter into new purchase contracts, the Prospectus will be deemed to include any additional information available to purchasers at the time of entry into the first such new purchase contract.

2.1.2. Pursuant to the Exchange Act. The Company has filed with the Commission a Form 8-A (File Number 001-[____]), providing for the registration under the Securities Exchange Act of 1934, as amended (the “Exchange Act”), of the Units, the Common Stock and the Rights. The registration of the Units, Common Stock and Rights under the Exchange Act will be declared effective by the Commission on or prior to the Effective Date.

2.2. No Stop Orders, Etc. Neither the Commission nor, to the best of the Company’s knowledge, any state regulatory authority has issued any order or threatened to issue any order preventing or suspending the use of any Preliminary Prospectus or has instituted or, to the best of the Company’s knowledge, threatened to institute any proceedings with respect to such an order.

2.3. Disclosures in Registration Statement.

2.3.1. *10b-5 Representation.* At the time the Registration Statement became effective, upon the filing or first use (within the meaning of the Regulations) of the Prospectus and at the Closing Date and the Option Closing Date, if any, the Registration Statement and the Prospectus contained or will contain all material statements that are required to be stated therein in accordance with the Act and the Regulations, and did or will in all material respects conform to the requirements of the Act and the Regulations. Neither the Registration Statement nor any Preliminary Prospectus or the Prospectus, nor any amendment or supplement thereto, on their respective dates, did or will contain any untrue statement of a material fact or omit to state any material fact required to be stated therein or necessary to make the statements therein (in the case of the Preliminary Prospectus and the Prospectus, in light of the circumstances under which they were made), not misleading. When any Preliminary Prospectus was first filed with the Commission (whether filed as part of the Registration Statement for the registration of the Securities or any amendment thereto or pursuant to Rule 424(a) of the Regulations) or first used (within the meaning of the Regulations) and when any amendment thereof or supplement thereto was first filed with the Commission or first used (within the meaning of the Regulations), such Preliminary Prospectus and any amendments thereof and supplements thereto complied or will have been corrected in the Prospectus to comply in all material respects with the applicable provisions of the Act and the Regulations and did not and will not contain an untrue statement of a material fact or omit to state any material fact required to be stated therein or necessary in order to make the statements therein, in light of the circumstances under which they were made, not misleading. The representation and warranty made in this Section 2.3.1 does not apply to statements made or statements omitted in reliance upon and in conformity with written information furnished to the Company with respect to the Underwriters by the Representative expressly for use in the Registration Statement or Prospectus or any amendment thereof or supplement thereto. It is understood the following identified statements set forth in the Prospectus under the heading “Underwriting” constitute, for the purposes of this Agreement, information furnished by the Representative with respect to the Underwriters: (i) the table of underwriters in the first paragraph of “Underwriting”, (ii) the first paragraph of the Underwriting subsection “Commissions and Discounts,” (iii) the Underwriting subsections “Stabilizing Transactions” and “Penalty Bids.”

2.3.2. *Disclosure of Agreements.* The agreements and documents described in the Registration Statement, the Preliminary Prospectus and the Prospectus conform to the descriptions thereof contained therein and there are no agreements or other documents required to be described in the Registration Statement, the Preliminary Prospectus or the Prospectus or to be filed with the Commission as exhibits to the Registration Statement, that have not been so described or filed. Each agreement or other instrument (however characterized or described) to which the Company is a party or by which its property or business is or may be bound or affected and (i) that is referred to in the Registration Statement, Preliminary Prospectus or the Prospectus or attached as an exhibit thereto, or (ii) is material to the Company’s business, has been duly and validly executed by the Company, is in full force and effect in all material respects and is enforceable against the Company and, to the Company’s knowledge, the other parties thereto, in accordance with its terms, except (x) as such enforceability may be limited by bankruptcy, insolvency, reorganization or similar laws affecting creditors’ rights generally, (y) as enforceability of any indemnification or contribution provision may be limited under the federal and state securities laws, and (z) that the remedy of specific performance and injunctive and other forms of equitable relief may be subject to the equitable defenses and to the discretion of the court before which any proceeding therefor may be brought, and none of such agreements or instruments has been assigned by the Company, and neither the Company nor, to the Company’s knowledge, any other party is in breach or default thereunder and, to the Company’s knowledge, no event has occurred that, with the lapse of time or the giving of notice, or both, would constitute a breach or default thereunder. To the Company’s knowledge, performance by the Company of the material provisions of such agreements or instruments will not result in a material violation of any existing applicable law, rule, regulation, judgment, order or decree of any governmental agency or court, domestic or foreign, having jurisdiction over the Company or any of its assets or businesses, including, without limitation, those relating to environmental laws and regulations.

2.3.3. *Prior Securities Transactions.* No securities of the Company have been sold by the Company or by or on behalf of, or for the benefit of, any person or persons controlling, controlled by, or under common control with the Company since the date of the Company's formation, except as disclosed in the Registration Statement.

2.3.4. *Regulations.* The disclosures in the Registration Statement, the Preliminary Prospectus and the Prospectus concerning the effects of Federal, state and local regulation on the Company's business as currently contemplated fairly summarize, to the best of the Company's knowledge, such effects and do not omit to state a material fact necessary to make the statements therein, in light of the circumstances in which they were made, not misleading.

2.4. Changes After Dates in Registration Statement.

2.4.1. *No Material Adverse Change.* Except as contemplated in the Prospectus or specifically stated therein, since the respective dates as of which information is given in the Registration Statement, any Preliminary Prospectus and/or the Prospectus: (i) there has been no material adverse change in the condition, financial or otherwise, or business prospects of the Company; (ii) there have been no material transactions entered into by the Company, other than as contemplated pursuant to this Agreement; (iii) no member of the Company's board of directors or management has resigned from any position with the Company and (iv) no event or occurrence has taken place which materially impairs, or would likely materially impair, with the passage of time, the ability of the members of the Company's board of directors or management to act in their capacities with the Company as described in the Registration Statement and the Prospectus.

2.4.2. *Recent Securities Transactions, Etc.* Except as contemplated in the Prospectus, subsequent to the respective dates as of which information is given in the Registration Statement and the Prospectus, and except as may otherwise be indicated or contemplated herein or therein, the Company has not: (i) issued any securities or incurred any liability or obligation, direct or contingent, for borrowed money; or (ii) declared or paid any dividend or made any other distribution on or in respect to its capital stock.

2.5. Independent Accountants. To the best of the Company's knowledge, Marcum LLP ("Marcum"), whose report is filed with the Commission as part of the Registration Statement and included in the Registration Statement, the Preliminary Prospectus and the Prospectus, are independent accountants as required by the Act and the Regulations and the Public Company Accounting Oversight Board (including the rules and regulations promulgated by such entity, the "PCAOB"). To the best of the Company's knowledge, Marcum is duly registered and in good standing with the PCAOB. Marcum has not, during the periods covered by the financial statements included in the Registration Statement and the Prospectus, provided to the Company any non-audit services, as such term is used in Section 10A(g) of the Exchange Act.

2.6. Financial Statements; Statistical Data.

2.6.1. *Financial Statements.* The financial statements, including the notes thereto and supporting schedules included in the Registration Statement, the Preliminary Prospectus and the Prospectus fairly present the financial position and the results of operations of the Company at the dates and for the periods to which they apply; and such financial statements have been prepared in conformity with generally accepted accounting principles, consistently applied throughout the periods involved; and the supporting schedules included in the Registration Statement present fairly the information required to be stated therein. To the best of the Company's knowledge, no other financial statements or supporting schedules are required to be included or incorporated by reference in the Registration Statement, the Preliminary Prospectus or the Prospectus. The Registration Statement, the Preliminary Prospectus and the Prospectus disclose all material off-balance sheet transactions, arrangements, obligations (including contingent obligations), and other relationships of the Company with unconsolidated entities or other persons that may have a material current or future effect on the Company's financial condition, changes in financial condition, results of operations, liquidity, capital expenditures, capital resources, or significant components of revenues or expenses. To the best of the Company's knowledge, there are no pro forma or as adjusted financial statements which are required to be included in the Registration Statement and the Prospectus in accordance with Regulation S-X which have not been included as so required.

2.6.2. *Statistical Data.* The statistical, industry-related and market-related data included in the Registration Statement, the Preliminary Prospectus and the Prospectus, if any, are based on or derived from sources which the Company reasonably and in good faith believes are reliable and accurate, and such data agree with the sources from which they are derived.

2.7. Authorized Capital; Options, Etc. The Company had at the date or dates indicated in the Registration Statement, the Preliminary Prospectus and the Prospectus, as the case may be, duly authorized, issued and outstanding capitalization as set forth in the Registration Statement, the Preliminary Prospectus and the Prospectus. Based on the assumptions stated in the Registration Statement, the Preliminary Prospectus and the Prospectus, the Company will have on the Closing Date the adjusted stock capitalization set forth therein. Except as set forth in, or contemplated by, the Registration Statement, the Preliminary Prospectus and the Prospectus, on the Effective Date of the Prospectus and on the Closing Date and the Option Closing Date, if any, there will be no options, warrants, or other rights to purchase or otherwise acquire any authorized, but unissued shares of Common Stock of the Company or any security convertible into shares of Common Stock of the Company, or any contracts or commitments to issue or sell shares of Common Stock or any such options, warrants, rights or convertible securities.

2.8. Valid Issuance of Securities, Etc.

The Public Securities conform in all material respects to all statements relating thereto contained in the Registration Statement, the Preliminary Prospectus and the Prospectus. Subject to the disclosure contained in the Registration Statement, the Preliminary Prospectus and the Prospectus with respect to the Placement Securities and the Additional Placement Securities, the offers and sales of the outstanding shares of Common Stock were at all relevant times either registered under the Act and the applicable state securities or Blue Sky laws or, based in part on the representations and warranties of the purchasers of such shares of Common Stock, exempt from such registration requirements.

The Securities conform in all material respects to all statements with respect thereto contained in the Registration Statement, the Preliminary Prospectus and the Prospectus, as the case may be. When issued, the Representative's Purchase Option and the Representative's Rights will constitute valid and binding obligations of the Company to issue and sell, upon exercise thereof and payment of the respective exercise prices therefor, the number and type of securities of the Company called for thereby in accordance with the terms thereof and such Representative's Purchase Option and Representative's Rights are enforceable against the Company in accordance with their respective terms, except: (i) as such enforceability may be limited by bankruptcy, insolvency, reorganization or similar laws affecting creditors' rights generally; (ii) as enforceability of any indemnification or contribution provision may be limited under federal and state securities laws; and (iii) that the remedy of specific performance and injunctive and other forms of equitable relief may be subject to the equitable defenses and to the discretion of the court before which any proceeding therefor may be brought. 2.11. *No Conflicts, Etc.* The execution, delivery, and performance by the Company of this Agreement, the Rights Agreement, the Representative's Purchase Option, the Trust Agreement, the Services Agreement, the Subscription Agreements, the Registration Rights Agreement and the Escrow Agreement, the consummation by the Company of the transactions herein and therein contemplated and the compliance by the Company with the terms hereof and thereof do not and will not, with or without the giving of notice or the lapse of time or both: (i) result in a material breach of, or conflict with any of the terms and provisions of, or constitute a material default under, or result in the creation, modification, termination or imposition of any material lien, charge or encumbrance upon any property or assets of the Company pursuant to the terms of any agreement or instrument to which the Company is a party; (ii) result in any violation of the provisions of the amended and restated certificate of incorporation of the Company; or (iii) violate any existing applicable law, rule, regulation, judgment, order or decree of any governmental agency or court, domestic or foreign, having jurisdiction over the Company or any of its properties or business.

No material default exists in the due performance and observance of any term, covenant or condition of any material license, contract, indenture, mortgage, deed of trust, note, loan or credit agreement, or any other agreement or instrument evidencing an obligation for borrowed money, or any other material agreement or instrument to which the Company is a party or by which the Company may be bound or to which any of the properties or assets of the Company is subject. The Company is not in violation of any material agreement, license, permit, applicable law, rule, regulation, judgment or decree of any governmental agency or court, domestic or foreign, having jurisdiction over the Company or any of its properties or businesses, except for such violations which would not reasonably be expected to have a material adverse effect on the Company. The Company has been duly organized, is validly existing and is in good standing under the laws of Delaware and is duly qualified to do business and is in good standing as a foreign corporation in each jurisdiction in which its ownership or lease of property or the conduct of business requires such qualification, except where the failure to qualify would not have a material adverse effect on the Company.

2.17. No Contemplation of a Business Combination. Prior to the date hereof, neither the Company, its officers and directors nor the Initial Shareholders had, and as of the Closing, the Company and such officers and directors and Initial Shareholders will not have had: (i) any specific Business Combination under consideration or contemplation; or (ii) any substantive interactions or discussions with any target business regarding a possible Business Combination.

To the Company's knowledge, the Escrow Agreement is enforceable against each of the Initial Shareholders and will not, with or without the giving of notice or the lapse of time or both, result in a breach of, or conflict with any of the terms and provisions of, or constitute a default under, any agreement or instrument to which any of the Initial Shareholders is a party.

2.24. Investment Management Trust Agreement. The Company has entered into the Trust Agreement with respect to certain proceeds of the Offering and the Private Placement substantially in the form filed as an exhibit to the Registration Statement.

If the Commission or any state securities commission shall enter a stop order or suspend such qualification at any time, the Company will make every reasonable effort to obtain promptly the lifting of such order.

5. Indemnification.

5.1. Indemnification of Underwriters.

5.1.1. *General.* Subject to the conditions set forth below, the Company agrees to indemnify and hold harmless each of the Underwriters and each dealer selected by the Representative that participates in the offer and sale of the Units (each a “Selected Dealer”) and each of their respective directors, officers and employees and each person, if any, who controls any such Underwriter (“Controlling Person”) within the meaning of Section 15 of the Act or Section 20(a) of the Exchange Act, against any and all loss, liability, claim, damage and expense whatsoever (including but not limited to any and all legal or other expenses reasonably incurred in investigating, preparing or defending against any litigation, commenced or threatened, or any claim whatsoever, whether arising out of any action between any of the Underwriters and the Company or between any of the Underwriters and any third party or otherwise) to which they or any of them may become subject under the Act, the Exchange Act or any other federal, state or local statute, law, rule, regulation or ordinance or at common law or otherwise or under the laws, rules and regulation of foreign countries, arising out of or based upon any untrue statement or alleged untrue statement of a material fact contained in: (i) any Preliminary Prospectus, the Registration Statement, or the Prospectus (as from time to time each may be amended and supplemented); (ii) in any post-effective amendment or amendments or any new registration statement and prospectus in which is included securities of the Company issued or issuable upon exercise of the Representative’s Purchase Option; or (iii) any application or other document or written communication (in this Section 5, collectively called “Application”) executed by the Company or based upon written information furnished by the Company in any jurisdiction in order to qualify the Units under the securities laws thereof or filed with the Commission, any state securities commission or agency, the Nasdaq Stock Market or any securities exchange; or the omission or alleged omission therefrom of a material fact required to be stated therein or necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading, unless such statement or omission was made in reliance upon and in conformity with written information furnished to the Company with respect to an Underwriter by or on behalf of such Underwriter expressly for use in any Preliminary Prospectus, the Registration Statement, or the Prospectus, or any amendment or supplement thereof. With respect to any untrue statement or omission or alleged untrue statement or omission made in the Preliminary Prospectus, the indemnity agreement contained in this paragraph shall not inure to the benefit of any Underwriter to the extent that any loss, liability, claim, damage or expense of such Underwriter results from the fact that a copy of the Prospectus was not given or sent to the person asserting any such loss, liability, claim or damage at or prior to the written confirmation of sale of the Securities to such person as required by the Act and the Regulations, and if the untrue statement or omission has been corrected in the Prospectus, unless such failure to deliver the Prospectus was a result of non-compliance by the Company with its obligations under Section 3.2 hereof. The Company agrees to promptly notify the Representative of the commencement of any litigation or proceedings against the Company or any of its officers, directors or Controlling Persons in connection with the issue and sale of the Securities or in connection with the Preliminary Prospectus, the Registration Statement, or the Prospectus.

5.1.2. *Procedure.* If any action is brought against an Underwriter or Controlling Person in respect of which indemnity may be sought against the Company pursuant to Section 5.1.1, such Underwriter shall promptly notify the Company in writing of the institution of such action and the Company shall assume the defense of such action, including the employment and fees of counsel (subject to the reasonable approval of such Underwriter) and payment of actual expenses. Such Underwriter or Controlling Person shall have the right to employ its or their own counsel in any such case, but the fees and expenses of such counsel shall be at the expense of such Underwriter or such Controlling Person unless: (i) the employment of such counsel at the expense of the Company shall have been authorized in writing by the Company in connection with the defense of such action within reasonable time under the circumstances; (ii) the Company shall not have employed counsel to have charge of the defense of such action; or (iii) such indemnified party or parties shall have reasonably concluded that there may be defenses available to it or them which are different from or additional to those available to the Company, or another conflict of interest or conflict as to legal representation exists (in which case the Company shall not have the right to direct the defense of such action on behalf of the indemnified party or parties), in any of which events the reasonable fees and expenses of not more than one additional firm of attorneys selected by the Underwriter and/or Controlling Person shall be borne by the Company. Notwithstanding anything to the contrary contained herein, if the Underwriter or Controlling Person shall assume the defense of such action as provided above, the Company shall have the right to approve the terms of any settlement of such action which approval shall not be unreasonably withheld.

5.2. Indemnification of the Company. Each Underwriter, severally and not jointly, agrees to indemnify and hold harmless the Company, its directors, officers and employees and agents who control the Company within the meaning of Section 15 of the Act or Section 20 of the Exchange Act against any and all loss, liability, claim, damage and expense described in the foregoing indemnity from the Company to the several Underwriters, as incurred, but only with respect to untrue statements or omissions, or alleged untrue statements or omissions made in any Preliminary Prospectus, the Registration Statement, or the Prospectus, or any amendment or supplement thereto, or in any Application, in reliance upon, and in strict conformity with, written information furnished to the Company with respect to such Underwriter by or on behalf of the Underwriter expressly for use in such Preliminary Prospectus, the Registration Statement, or the Prospectus, or any amendment or supplement thereto or in any such Application, which furnished written information, it is expressly agreed, consists solely of the information described in the last sentence of Section 2.3.1. In case any action shall be brought against the Company or any other person so indemnified based on any Preliminary Prospectus, the Registration Statement, or the Prospectus, or any amendment or supplement thereto or any Application, and in respect of which indemnity may be sought against any Underwriter, such Underwriter shall have the rights and duties given to the Company, and the Company and each other person so indemnified shall have the rights and duties given to the several Underwriters by the provisions of Section 5.1.2.

5.3. Contribution.

5.3.1. *Contribution Rights.* In order to provide for just and equitable contribution under the Act in any case in which: (i) any person entitled to indemnification under this Section 5 makes a claim for indemnification pursuant hereto but it is judicially determined (by the entry of a final judgment or decree by a court of competent jurisdiction and the expiration of time to appeal or the denial of the last right of appeal) that such indemnification may not be enforced in such case notwithstanding the fact that this Section 5 provides for indemnification in such case; or (ii) contribution under the Act, the Exchange Act or otherwise may be required on the part of any such person in circumstances for which indemnification is provided under this Section 5, then, and in each such case, the Company and the Underwriters shall contribute to the aggregate losses, liabilities, claims, damages and expenses of the nature contemplated by said indemnity agreement incurred by the Company and the Underwriters, as incurred, in such proportions that the Underwriters are responsible for that portion represented by the percentage that the underwriting discount appearing on the cover page of the Prospectus bears to the initial offering price appearing thereon and the Company is responsible for the balance; *provided*, that, no person guilty of a fraudulent misrepresentation (within the meaning of Section 11(f) of the Act) shall be entitled to contribution from any person who was not guilty of such fraudulent misrepresentation. Notwithstanding the provisions of this Section 5.3.1, no Underwriter shall be required to contribute any amount in excess of the amount by which the total price at which the Public Securities underwritten by it and distributed to the public were offered to the public exceeds the amount of any damages that such Underwriter has otherwise been required to pay in respect of such losses, liabilities, claims, damages and expenses. For purposes of this Section, each director, officer and employee of an Underwriter or the Company, as applicable, and each person, if any, who controls an Underwriter or the Company, as applicable, within the meaning of Section 15 of the Act shall have the same rights to contribution as the Underwriters or the Company, as applicable.

5.3.2. *Contribution Procedure.* Within fifteen (15) days after receipt by any party to this Agreement (or its representative) of notice of the commencement of any action, suit or proceeding, such party will, if a claim for contribution in respect thereof is to be made against another party ("Contributing Party"), notify the Contributing Party of the commencement thereof, but the omission to so notify the Contributing Party will not relieve it from any liability which it may have to any other party other than for contribution hereunder. In case any such action, suit or proceeding is brought against any party, and such party notifies a Contributing Party or its representative of the commencement thereof within the aforesaid fifteen (15) days, the Contributing Party will be entitled to participate therein with the notifying party and any other Contributing Party similarly notified. Any such Contributing Party shall not be liable to any party seeking contribution on account of any settlement of any claim, action or proceeding effected by such party seeking contribution on account of any settlement of any claim, action or proceeding effected by such party seeking contribution without the written consent of such Contributing Party. The contribution provisions contained in this Section are intended to supersede, to the extent permitted by law, any right to contribution under the Act, the Exchange Act or otherwise available. The Underwriters' obligations to contribute pursuant to this Section 5.3 are several and not joint.

6. **Default by an Underwriter.**

6.1. Default Not Exceeding 10% of Firm Units or Option Units. If any Underwriter or Underwriters shall default in its or their obligations to purchase the Firm Units or the Option Units, if the Over-allotment Option is exercised, hereunder, and if the number of the Firm Units or Option Units with respect to which such default relates does not exceed in the aggregate 10% of the number of Firm Units or Option Units that all Underwriters have agreed to purchase hereunder, then such Firm Units or Option Units to which the default relates shall be purchased by the non-defaulting Underwriters in proportion to their respective commitments hereunder.

6.2. Default Exceeding 10% of Firm Units or Option Units. In the event that the default addressed in Section 6.1 above relates to more than 10% of the Firm Units or Option Units, the Representative may in its discretion arrange for itself or for another party or parties to purchase such Firm Units or Option Units to which such default relates on the terms contained herein. If, within one (1) Business Day after such default relating to more than 10% of the Firm Units or Option Units, the Representative does not arrange for the purchase of such Firm Units or Option Units, then the Company shall be entitled to a further period of one (1) Business Day within which to procure another party or parties satisfactory to the Company and the Representative to purchase said Firm Units or Option Units on such terms. In the event neither the Company nor the Representative arranges for the purchase of the Firm Units or Option Units to which a default relates as provided in this Section 6, this Agreement may be terminated by the Company without liability on the part of the Company (except as provided in Sections 3.10 and 5 hereof) or the several Underwriters (except as provided in Section 5 hereof); *provided, however*, that if such default occurs with respect to the Option Units, this Agreement will not terminate as to the Firm Units; and provided further that nothing herein shall relieve a defaulting Underwriter of its liability, if any, to the other several Underwriters and to the Company for damages occasioned by its default hereunder.

6.3. Postponement of Closing Date. In the event the Firm Units or Option Units to which the default relates are to be purchased by the non-defaulting Underwriters, or are to be purchased by another party or parties as aforesaid, the Representative or the Company shall have the right to postpone the Closing Date or Option Closing Date for a reasonable period, but not in any event exceeding five (5) Business Days, in order to effect whatever changes may thereby be made necessary in the Registration Statement, the Preliminary Prospectus and/or the Prospectus, as the case may be, or in any other documents and arrangements, and the Company agrees to file promptly any amendment to, or to supplement, the Registration Statement, the Preliminary Prospectus and/or the Prospectus, as the case may be, that in the opinion of counsel for the Underwriters may thereby be made necessary. The term “Underwriter” as used in this Agreement shall include any party substituted under this Section 6 with like effect as if it had originally been a party to this Agreement with respect to such Securities.

7. Additional Covenants.

7.1. Additional Shares or Options. The Company hereby agrees that until the Company consummates a Business Combination, it shall not issue any shares of Common Stock or any options or other securities convertible into shares of Common Stock, or any class of shares which participate in any manner in the Trust Account or which vote as a class with the Common Stock on a Business Combination.

7.2. Trust Account Waiver Acknowledgments. The Company hereby agrees that it will not commence its due diligence investigation of any operating business or businesses which the Company seeks to acquire (each, a “Target Business”) unless and until such Target Business acknowledges in writing, whether through a letter of intent, memorandum of understanding or other similar document (and subsequently acknowledges the same in any definitive document replacing any of the foregoing), that: (i) it has read the Prospectus and understands that the Company has established the Trust Account, initially in an amount of \$51,000,000 for the benefit of the public shareholders, and that (ii) for and in consideration of the Company agreeing to evaluate such Target Business for purposes of consummating a Business Combination with it, such Target Business agrees that it does not have any right, title, interest or claim of any kind in or to any monies of the Trust Account (“Claim”) and waives any Claim it may have in the future as a result of, or arising out of, any negotiations, contracts or agreements with the Company and will not seek recourse against the Trust Account for any reason whatsoever. The Company further agrees that it will use all reasonable efforts, prior to obtaining the services of any vendor, to obtain a written acknowledgment from such vendor, whether through a letter of intent, memorandum of understanding or other similar document (and subsequently acknowledges the same in any definitive document replacing any of the foregoing), that: (i) such vendor has read the Prospectus and understands that the Company has established the Trust Account, initially in an amount of \$51,000,000 for the benefit of the public shareholders, and that (ii) for and in consideration of the Company agreeing to engage the services of the vendor, such vendor agrees that it does not have any Claim and waives any Claim it may have in the future as a result of, or arising out of, any negotiations, contracts or agreements with the Company and will not seek recourse against the Trust Account for any reason whatsoever. The foregoing letters shall substantially be in the form attached hereto as Exhibit A and B, respectively. Furthermore, each officer and director of the Company shall execute a waiver letter in the form attached hereto as Exhibit C.

7.3. Insider Letters. The Company shall not take any action or omit to take any action which would cause a breach of any of the Insider Letters executed among the Initial Shareholders, the officers and directors of the Company, and the Company or the Subscription Agreements and will not allow any amendments to, or waivers of, such Insider Letters or the Subscription Agreements without the prior written consent of the Representative.

7.4. Certificate of Incorporation. The Company shall not take any action or omit to take any action that would cause the Company to be in material breach or violation of its amended and restated certificate of incorporation. Except as provided in Section 3.26, prior to the consummation of a Business Combination, the Company will not amend its amended and restated certificate of incorporation, without the prior written consent of the Representative.

7.5. Tender Offer Documents, Proxy Materials and Other Information. The Company shall provide counsel to the Representative with copies of all tender offer documents or proxy information and all related material filed with the Commission in connection with a Business Combination concurrently with such filing with the Commission. In addition, the Company shall furnish any other State in which the Offering was registered, such information as may be required by such State.

7.6. Acquisition/Liquidation Procedure. The Company agrees that it will comply with its amended and restated certificate of incorporation in connection with the consummation of a Business Combination or the failure to consummate a Business Combination within 12 months from the Effective Date (subject to extension for three additional three month periods, as described in the Prospectus).

7.7. Rule 419. The Company agrees that it will use its best efforts to prevent the Company from becoming subject to Rule 419 under the Act prior to the consummation of any Business Combination, including, but not limited to, using its best efforts to prevent any of the Company's outstanding securities from being deemed to be a "penny stock" as defined in Rule 3a-51-1 under the Exchange Act during such period.

7.8. Presentation of Potential Target Businesses. The Company shall cause the Company's officers, directors and Initial Shareholders to agree that, in order to minimize potential conflicts of interest which may arise from multiple affiliations, the Company's officers, directors and Initial Shareholders will present to the Company for its consideration, prior to presentation to any other person or company, any suitable opportunity to acquire an operating business, until the earlier of the consummation by the Company of a Business Combination or the liquidation of the Company, subject to any pre-existing fiduciary obligations the Initial Shareholders might have.

7.9. Right of First Refusal.

7.9.1. *General*. The Company agrees that if the Firm Units are sold in accordance with the terms of this Underwriting Agreement, and for a period of fifteen (15) months from the closing of a Business Combination, except with respect to the offering described in Section 7.9.2 below, the Company shall grant the Representative the right of participation to act as a lead underwriter or co-manager with at least 30% of the economics, or in the case of a three handed deal, 20% of the economics, for any and all future public and private equity and debt offerings of the Company or any successor to or any subsidiary of the Company during such fifteen (15) month period. The Representative's failure to exercise its right of participation with respect to any particular proposal shall not affect its right of participation relative to future proposals. Notwithstanding the foregoing, the Representative's right of participation under this Section 7.9.1 shall expire upon the third anniversary of the effective date of the Registration Statement.

7.9.2. *Certain Initial Public Offering*. The Company agrees that if the Firm Units are sold in accordance with the terms of this Underwriting Agreement, the Company shall grant the Representative the right of participation to act as a lead underwriter, for the first initial public offering on the terms substantially similar to the Offering sponsored by the Company or any successor or subsidiary of the Company. Notwithstanding the foregoing, the Representative's right of participation under this Section 7.9.2 shall expire upon the third anniversary of the effective date of the Registration Statement.

8. Representations and Agreements to Survive Delivery. Except as the context otherwise requires, all representations, warranties and agreements contained in this Agreement shall be deemed to be representations, warranties and agreements at the Closing Date or the Option Closing Date, if any, and such representations, warranties and agreements of the Underwriters and the Company, including the indemnity agreements contained in Section 5 hereof, shall remain operative and in full force and effect regardless of any investigation made by or on behalf of any Underwriter, the Company or any Controlling Person, and shall survive termination of this Agreement or the issuance and delivery of the Units to the several Underwriters until the earlier of the expiration of any applicable statute of limitations and the seventh anniversary of the later of the Closing Date or the Option Closing Date, if any, at which time the representations, warranties and agreements shall terminate and be of no further force and effect.

9. Effective Date of This Agreement and Termination Thereof.

9.1. Effective Date. This Agreement shall become effective on the Effective Date at the time the Registration Statement is declared effective by the Commission.

9.2. Termination. The Representative shall have the right to terminate this Agreement at any time prior to any Closing Date: (i) if any domestic or international event or act or occurrence has materially disrupted, or in the Representative's opinion will in the immediate future materially disrupt, general securities markets in the United States; or (ii) if trading on the New York Stock Exchange, the NYSE American, the Nasdaq Stock Market or on the OTC Bulletin Board (or successor trading market) shall have been suspended, or minimum or maximum prices for trading shall have been fixed, or maximum ranges for prices for securities shall have been fixed, or maximum ranges for prices for securities shall have been required on the OTC Bulletin Board or by order of the Commission or any other government authority having jurisdiction; or (iii) if the United States shall have become involved in a war or an initiation or increase in major hostilities, or (iv) if a banking moratorium has been declared by a New York State or federal authority, or (v) if a moratorium on foreign exchange trading has been declared which materially adversely impacts the United States securities markets; or (vi) if the Company shall have sustained a material loss by fire, flood, accident, hurricane, earthquake, theft, sabotage or other calamity or malicious act which, whether or not such loss shall have been insured, will, in the Representative's opinion, make it inadvisable to proceed with the delivery of the Units; or (vii) if any of the Company's representations, warranties or covenants hereunder are breached; or (viii) if the Representative shall have become aware after the date hereof of such a material adverse change in the conditions or prospects of the Company, or such material adverse change in general market conditions, including, without limitation, as a result of terrorist activities after the date hereof, as in the Representative's judgment would make it impracticable to proceed with the offering, sale and/or delivery of the Units or to enforce contracts made by the Underwriters for the sale of the Units.

9.3. Expenses. In the event this Agreement shall not be carried out for any reason whatsoever, except as a result of the Representative's or any Underwriters' breach or default with respect to any of its material obligations pursuant to this Agreement, within the time specified herein or any extensions thereof pursuant to the terms herein, the obligations of the Company to pay the out-of-pocket expenses actually incurred by the Representative related to the transactions contemplated herein shall be governed by Section 3.10 hereof.

9.4. Indemnification. Notwithstanding any contrary provision contained in this Agreement, any election hereunder or any termination of this Agreement, and whether or not this Agreement is otherwise carried out, the provisions of Section 5 shall not be in any way affected by such election or termination or failure to carry out the terms of this Agreement or any part hereof.

WHEREAS, the Company has received a firm commitment from Chardan Capital Markets, LLC (the “Representative”), as representative of the several underwriters, to purchase up to an aggregate of 5,750,000 units, each unit (“Unit”) comprised of one share of common stock of the Company, par value \$.0001 (the “Common Stock”) and one right to receive one-tenth of one share of Common Stock (a “Public Right”) upon the happening of the triggering event described herein, and in connection therewith, will issue and deliver up to an aggregate of 5,750,000 Public Rights upon consummation of such public offering, 750,000 of which are attributable to the over-allotment option (“Public Offering”);

WHEREAS, simultaneously with the consummation of the Public Offering, the Company will issue and deliver up to an aggregate of 355,250 rights underlying private units (the “Private Rights”);

WHEREAS, in connection with the Public Offering, the Company will issue and deliver up to 345,000 rights (underlying unit purchase options) to the Representative or its designees (“Representative Rights” and, together with the Public Rights and the Private Rights, the “Rights”);

WHEREAS, the Company has filed with the Securities and Exchange Commission (the “SEC”) a Registration Statement on Form S-1, File No. 333-238320 (“Registration Statement”), for the registration, under the Securities Act of 1933, as amended (“Act”) of, among other securities, the Public Rights and the Common Stock issuable to the holders of the Public Rights;

WHEREAS, the Company desires the Right Agent to act on behalf of the Company, and the Right Agent is willing to so act, in connection with the issuance, registration, transfer and exchange of the Rights;

WHEREAS, the Company desires to provide for the form and provisions of the Rights, the terms upon which they shall be issued, and the respective rights, limitation of rights, and immunities of the Company, the Right Agent, and the holders of the Rights; and

WHEREAS, all acts and things have been done and performed which are necessary to make the Rights, when executed on behalf of the Company and countersigned by or on behalf of the Right Agent, as provided herein, the valid, binding and legal obligations of the Company, and to authorize the execution and delivery of this Agreement.

NOW, THEREFORE, in consideration of the mutual agreements herein contained, the parties hereto agree as follows:

1. Appointment of Right Agent. The Company hereby appoints the Right Agent to act as agent for the Company for the Rights, and the Right Agent hereby accepts such appointment and agrees to perform the same in accordance with the terms and conditions set forth in this Agreement.
 2. Rights.
 - 2.1. Form of Right. Each Right shall be issued in registered or book entry form, as requested by the Company or the holder of a Right. Any Rights issued in registered form shall be in substantially the form of Exhibit A hereto, the provisions of which are incorporated herein and shall be signed by, or bear the facsimile signature of, the Chairman of the Board or Chief Executive Officer and Treasurer, Secretary or Assistant Secretary of the Company and shall bear a facsimile of the Company’s seal, if any. In the event the person whose facsimile signature has been placed upon any Right shall have ceased to serve in the capacity in which such person signed the Right before such Right is issued, it may be issued with the same effect as if he or she had not ceased to be such at the date of issuance.
 - 2.2. Effect of Countersignature. Unless and until countersigned by the Right Agent pursuant to this Agreement, a registered Right shall be invalid and of no effect and may not be exchanged for Common Stock.
-

2.3. Registration.

- 2.3.1. Right Register. The Right Agent shall maintain books ("Right Register") for the registration of original issuance and the registration of transfer of the Rights. Upon the initial issuance of the Rights, the Right Agent shall issue and register the Rights in the names of the respective holders thereof in such denominations and otherwise in accordance with instructions delivered to the Right Agent by the Company.
- 2.3.2. Registered Holder. Prior to due presentment for registration of transfer of any Right, the Company and the Right Agent may deem and treat the person in whose name such Right shall be registered upon the Right Register ("registered holder") as the absolute owner of such Right and of each Right represented thereby (notwithstanding any notation of ownership or other writing on the Right Certificate made by anyone other than the Company or the Right Agent), for the purpose of the exchange thereof, and for all other purposes, and neither the Company nor the Right Agent shall be affected by any notice to the contrary.
- 2.4. Detachability of Rights. The securities comprising the Units, including the Rights, will not be separately transferable until the ninetieth (90th) day after the date hereof unless the Representative informs the Company and the Right Agent of its decision to allow earlier separate trading, but in no event will separate trading of the securities comprising the Units begin until (i) the Company files a Current Report on Form 8-K which includes an audited balance sheet reflecting the receipt by the Company of the gross proceeds of the Public Offering including the proceeds received by the Company from the exercise of the over-allotment option, if the over-allotment option is exercised on the date hereof, and (ii) the Company issues a press release and files a Current Report on Form 8-K announcing when such separate trading shall begin.

3. Terms and Exchange of Rights.

- 3.1. Rights. Each Right shall entitle the holder thereof to receive one-tenth of one share of Common Stock upon the happening of the Exchange Event (described below). No additional consideration shall be paid by a holder of Rights in order to receive his, her or its shares of Common Stock upon the Exchange Event as the purchase price for such shares of Common Stock has been included in the purchase price for the Units. In no event will the Company be required to net cash settle the Rights or issue fractional shares of Common Stock. The provisions of this Section 3.1 may not be modified, amended or deleted without the prior written consent of the Representative.
- 3.2. Exchange Event. The Exchange Event shall be the Company's consummation of an initial Business Combination (as defined in the Company's Amended and Restated Certificate of Incorporation).
- 3.3. Exchange of Rights.
- 3.3.1. Issuance of Certificates. As soon as practicable upon the occurrence of the Exchange Event, the Company shall direct holders of the Rights to return their Rights Certificates to the Right Agent. If the Company is not the surviving entity in a Business Combination, the holder of Rights must affirmatively elect to such conversion. Upon receipt of a valid Rights Certificate, the Right Agent shall issue to the registered holder of such Right(s) a certificate or certificates for the number of full shares of Common Stock to which he, she or it is entitled, registered in such name or names as may be directed by him, her or it. Notwithstanding the foregoing, or any provision contained in this Agreement to the contrary, in no event will the Company be required to net cash settle the Rights. The Company shall not issue fractional shares upon exchange of Rights. At the time of the Exchange Event, the Company will instruct the Right Agent to round up to the nearest whole share of Common Stock or otherwise inform it how fractional shares will be addressed in accordance with Delaware law.
- 3.3.2. Valid Issuance. All shares of Common Stock issued upon an Exchange Event in conformity with this Agreement shall be validly issued, fully paid and nonassessable.
- 3.3.3. Date of Issuance. Each person in whose name any such certificate for shares of Common Stock is issued shall for all purposes be deemed to have become the holder of record of such shares on the date of the Exchange Event, irrespective of the date of delivery of such certificate.
- 3.3.4. Company Not Surviving Following Exchange Event. If the Exchange Event results in the Company not continuing as a publicly held reporting entity, the definitive agreement will provide for the holders of Rights to receive the same per share consideration as the holders of the Common Stock will receive in with the Exchange Event, for the number of shares such holder is entitled to pursuant to Section 3.1 above.
-

3.4. Duration of Rights. If an Exchange Event does not occur within the time period set forth in the Company's Amended and Restated Certificate of Incorporation, as the same may be amended from time to time, the Rights shall expire and shall be worthless.

4. Transfer and Exchange of Rights.

4.1. Registration of Transfer. The Right Agent shall register the transfer, from time to time, of any outstanding Right upon the Right Register, upon surrender of such Right for transfer, properly endorsed with signatures properly guaranteed and accompanied by appropriate instructions for transfer. Upon any such transfer, a new Right representing an equal aggregate number of Rights shall be issued and the old Right shall be cancelled by the Right Agent.

4.2. Procedure for Surrender of Rights. Rights may be surrendered to the Right Agent, together with a written request for exchange or transfer, and thereupon the Right Agent shall issue in exchange therefor one or more new Rights as requested by the registered holder of the Rights so surrendered, representing an equal aggregate number of Rights; provided, however, that in the event that a Right surrendered for transfer bears a restrictive legend, the Right Agent shall not cancel such Right and issue new Rights in exchange therefor until the Right Agent has received an opinion of counsel for the Company stating that such transfer may be made and indicating whether the new Rights must also bear a restrictive legend.

4.3. Fractional Rights. The Right Agent shall not be required to effect any registration of transfer or exchange which will result in the issuance of a Right Certificate for a fraction of a Right.

4.4. Service Charges. There shall be a reasonable service charge paid to the Right Agent for any exchange or registration of transfer of Rights.

4.5. Right Execution and Countersignature. The Right Agent is hereby authorized to countersign and to deliver, in accordance with the terms of this Agreement, the Rights required to be issued pursuant to the provisions of this Section 4, and the Company, whenever required by the Right Agent, will supply the Right Agent with Rights duly executed on behalf of the Company for such purpose.

5. Other Provisions Relating to Rights of Holders of Rights.

5.1. No Rights as Shareholder. Until exchange of a Right for shares of Common Stock as provided for herein, a Right does not entitle the registered holder thereof to any of the rights of a shareholder of the Company, including, without limitation, the right to receive dividends, or other distributions, exercise any preemptive rights to vote or to consent or to receive notice as shareholders in respect of the meetings of shareholders or the election of directors of the Company or any other matter.

5.2. Lost, Stolen, Mutilated, or Destroyed Rights. If any Right is lost, stolen, mutilated, or destroyed, the Company and the Right Agent may on such terms as to indemnity or otherwise as they may in their discretion impose (which shall, in the case of a mutilated Right, include the surrender thereof), issue a new Right of like denomination, tenor, and date as the Right so lost, stolen, mutilated, or destroyed. Any such new Right shall constitute a substitute contractual obligation of the Company, whether or not the allegedly lost, stolen, mutilated, or destroyed Right shall be at any time enforceable by anyone.

5.3. Reservation of Common Stock. The Company shall at all times reserve and keep available a number of its authorized but unissued shares of Common Stock that will be sufficient to permit the exchange of all outstanding Rights issued pursuant to this Agreement.

6. Concerning the Right Agent and Other Matters.

6.1. Payment of Taxes. The Company will from time to time promptly pay all taxes and charges that may be imposed upon the Company or the Right Agent in respect of the issuance or delivery of shares of Common Stock upon the exchange of Rights, but the Company shall not be obligated to pay any transfer taxes in respect of the Rights or such shares.

6.2. Resignation, Consolidation, or Merger of Right Agent.

6.2.1. Appointment of Successor Right Agent. The Right Agent, or any successor to it hereafter appointed, may resign its duties and be discharged from all further duties and liabilities hereunder after giving sixty (60) days' notice in writing to the Company. If the office of the Right Agent becomes vacant by resignation or incapacity to act or otherwise, the Company shall appoint in writing a successor Right Agent in place of the Right Agent. If the Company shall fail to make such appointment within a period of 30 days after it has been notified in writing of such resignation or incapacity by the Right Agent or by the holder of the Right (who shall, with such notice, submit his, her or its Right for inspection by the Company), then the holder of any Right may apply to the Supreme Court of the State of New York for the County of New York for the appointment of a successor Right Agent at the Company's cost. Any successor Right Agent, whether appointed by the Company or by such court, shall be a corporation organized and existing under the laws of the State of New York, in good standing and having its principal office in the Borough of Manhattan, City and State of New York, and authorized under such laws to exercise corporate trust powers and subject to supervision or examination by federal or state authority. After appointment, any successor Right Agent shall be vested with all the authority, powers, rights, immunities, duties, and obligations of its predecessor Right Agent with like effect as if originally named as Right Agent hereunder, without any further act or deed; but if for any reason it becomes necessary or appropriate, the predecessor Right Agent shall execute and deliver, at the expense of the Company, an instrument transferring to such successor Right Agent all the authority, powers, and rights of such predecessor Right Agent hereunder; and upon request of any successor Right Agent the Company shall make, execute, acknowledge, and deliver any and all instruments in writing for more fully and effectually vesting in and confirming to such successor Right Agent all such authority, powers, rights, immunities, duties, and obligations.

6.2.2. Notice of Successor Right Agent. In the event a successor Right Agent shall be appointed, the Company shall give notice thereof to the predecessor Right Agent and the transfer agent for the shares of Common Stock not later than the effective date of any such appointment.

6.2.3. Merger or Consolidation of Right Agent. Any corporation into which the Right Agent may be merged or with which it may be consolidated or any corporation resulting from any merger or consolidation to which the Right Agent shall be a party shall be the successor Right Agent under this Agreement without any further act.

6.3. Fees and Expenses of Right Agent.

6.3.1. Remuneration. The Company agrees to pay the Right Agent reasonable remuneration for its services as such Right Agent hereunder and will reimburse the Right Agent upon demand for all expenditures that the Right Agent may reasonably incur in the execution of its duties hereunder.

6.3.2. Further Assurances. The Company agrees to perform, execute, acknowledge, and deliver or cause to be performed, executed, acknowledged, and delivered all such further and other acts, instruments, and assurances as may reasonably be required by the Right Agent for the carrying out or performing of the provisions of this Agreement.

6.4. Liability of Right Agent.

6.4.1. Reliance on Company Statement. Whenever in the performance of its duties under this Agreement, the Right Agent shall deem it necessary or desirable that any fact or matter be proved or established by the Company prior to taking or suffering any action hereunder, such fact or matter (unless other evidence in respect thereof be herein specifically prescribed) may be deemed to be conclusively proved and established by a statement signed by the Chief Executive Officer or Chief Financial Officer and delivered to the Right Agent. The Right Agent may rely upon such statement for any action taken or suffered in good faith by it pursuant to the provisions of this Agreement.

6.4.2. Indemnity. The Right Agent shall be liable hereunder only for its own gross negligence, willful misconduct or bad faith. The Company agrees to indemnify the Right Agent and save it harmless against any and all liabilities, including judgments, costs and reasonable counsel fees, for anything done or omitted by the Right Agent in the execution of this Agreement except as a result of the Right Agent's gross negligence, willful misconduct, or bad faith.

6.4.3. Exclusions. The Right Agent shall have no responsibility with respect to the validity of this Agreement or with respect to the validity or execution of any Right (except its countersignature thereof); nor shall it be responsible for any breach by the Company of any covenant or condition contained in this Agreement or in any Right; nor shall it by any act hereunder be deemed to make any representation or warranty as to the authorization or reservation of any shares of Common Stock to be issued pursuant to this Agreement or any Right or as to whether any shares of Common Stock will, when issued, be valid and fully paid and nonassessable.

6.5. Acceptance of Agency. The Right Agent hereby accepts the agency established by this Agreement and agrees to perform the same upon the terms and conditions herein set forth.

6.6. Waiver. The Right Agent hereby waives any right of set-off or any other right, title, interest or claim of any kind ("Claim") in, or to any distribution of, the Trust Account (as defined in that certain Investment Management Trust Agreement, dated as of the date hereof, by and between the Company and the Right Agent as trustee thereunder) and hereby agrees not to seek recourse, reimbursement, payment or satisfaction for any Claim against the Trust Account for any reason whatsoever.

Re: Mountain Crest Acquisition Corp

Ladies and Gentlemen:

We have acted as counsel to Mountain Crest Acquisition Corp, a Delaware corporation (the “**Company**”), in connection with its filing of the Registration Statement on Form S-1, as amended prior to being declared effective (the “**Registration Statement**”) under the Securities Act of 1933, as amended (the “**Act**”), with the Securities and Exchange Commission. The Registration Statement relates to an underwritten public offering and sale of (i) 5,000,000 units (the “**Units**”), with each Unit consisting of one share (each a “**Share**”) of the Company’s common stock, par value \$.0001 per share (the “**Common Stock**”) and one right (the “**Public Rights**”), each Public Right to receive one-tenth (1/10) of one Share of Common Stock upon the consummation of an initial business combination, and (ii) up to 750,000 Units (the “**Over-Allotment Units**”) for which the underwriters have been granted an over-allotment option.

The Public Rights will be issued and sold pursuant to the terms of the Rights Agreement, filed as an exhibit to the Registration Statement on Form S-1 (333-238320) (the “**Rights Agreement**”).

In connection with this opinion letter, we have examined the Registration Statement and originals, or copies certified or otherwise identified to our satisfaction of the Company’s Amended and Restated Certificate of Incorporation and Bylaws, the Rights Agreement, and such other documents, records and instruments as we have deemed appropriate for purposes of the opinion set forth herein. We have, to the extent deemed appropriate, relied upon certain representations of certain officers of the Company, as to questions of fact material to this opinion.

We have assumed the genuineness of all signatures, the legal capacity of all natural persons, the authenticity of the documents submitted to us as originals, the conformity with the originals of all documents submitted to us as certified, facsimile, or photostatic copies and the authenticity of the originals of all documents submitted to us as copies.

Based upon the foregoing, we are of the opinion that (i) the Units have been duly authorized by the Company and, when issued and sold by the Company and delivered by the Company against receipt of the purchase price therefor, in the manner contemplated by the Registration Statement, will be valid and legally binding obligations of the Company, (ii) the Shares have been duly authorized by the Company and, when issued and sold by the Company and delivered by the Company against receipt of the purchase price therefor, in the manner contemplated by the Registration Statement, will be validly issued, fully paid and non-assessable, (iii) the Public Rights have been duly authorized by the Company and, provided that the Public Rights have been duly executed and delivered by the Company and duly delivered to the purchasers thereof against payment therefor, then the Public Rights, when issued and sold in the manner contemplated by the Registration Statement, will be valid and legally binding obligations of the Company, enforceable against the Company in accordance with their terms, and (iv) the Shares underlying the Public Rights have been duly authorized and, when issued and delivered by the Company in accordance with the terms therein and the terms of the Rights Agreement, will be validly issued, fully paid and non-assessable.

We are opining solely on (i) all applicable statutory provisions of Delaware corporate law, including the rules and regulations underlying those provisions, all applicable provisions of the Constitution of the State of Delaware and all applicable judicial and regulatory determinations, and (ii) the laws of the State of New York.

In addition, the foregoing opinions are qualified to the extent that (a) enforceability may be limited by and be subject to general principles of equity, regardless of whether such enforceability is considered in a proceeding in equity or at law (including, without limitation, concepts of notice and materiality), and by bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' and debtors' rights generally (including, without limitation, any state or federal law in respect of fraudulent transfers); and (b) no opinion is expressed herein as to compliance with or the effect of federal or state securities or blue sky laws.

We hereby consent to the use of this opinion as an exhibit to the Registration Statement, to the use of our name as your U.S. counsel and to all references made to us in the Registration Statement and in the prospectus forming a part thereof. In giving this consent, we do not hereby admit that we are in the category of persons whose consent is required under Section 7 of the Act, or the rules and regulations promulgated thereunder.

Very truly yours,

- (j) Upon receipt of an extension letter (“Extension Letter”) substantially similar to Exhibit D hereto at least five business days prior to the Applicable Deadline, signed on behalf of the Company by an executive officer, and receipt of the dollar amount specified in the Extension Letter on or prior to the Applicable Deadline, to follow the instructions set forth in the Extension Letter.
- (k) Upon receipt of a letter (an “Amendment Notification Letter”) in the form of Exhibit E, signed on behalf of the Company by its Chief Executive Officer and Chief Financial Officer and, distribute to Public Stockholders who exercised their conversion rights in connection with an amendment to Article Sixth of the Company’s amended and restated certificate of incorporation (an “Amendment”) an amount equal to the pro rata share of the Property relating to the Common Stock for which such Public Stockholders have exercised conversion/redemption rights in connection with such Amendment.
- (l) Not disburse any amounts from the Trust Account in connection with a Business Combination in the event that the amount per share to be received by the redeeming Public Shareholders is less than \$10.00 per share (plus the amount per share deposited in the Trust Account pursuant to any Extension Letter).
- (m) In connection with a Business Combination, before making disbursements to the Depository Trust Company, the Company or any other person, disburse the per share amount to redeeming Public Shareholders (other than shares tendered through the Depository Trust Company) that have tendered their shares directly to the Trustee.

2. Limited Distributions of Income from Trust Account.

(a) Upon written request from the Company, which may be given from time to time in a form substantially similar to that attached hereto as Exhibit C, the Trustee shall distribute to the Company the amount of interest income earned on the Trust Account requested by the Company to cover any income or other tax obligation owed by the Company.

(b) The limited distributions referred to in Section 2(a) above shall be made only from income collected on the Property. Except as provided in Section 2(a), no other distributions from the Trust Account shall be permitted except in accordance with Section 1(i) hereof.

(c) The Company shall provide the Underwriters with a copy of any Termination Letters and/or any other correspondence that it issues to the Trustee with respect to any proposed withdrawal from the Trust Account promptly after such issuance.

(d) If applicable, the Company shall issue a press release at least three days prior to the Applicable Deadline announcing that, at least five days prior to the Applicable Deadline, the Company received notice from the Company's insiders that the insiders intend to extend the Applicable Deadline.

(e) Promptly following the Applicable Deadline, disclose whether or not the term the Company has to consummate a Business Combination has been extended.

3. Agreements and Covenants of the Company. The Company hereby agrees and covenants to:

(a) Give all instructions to the Trustee hereunder in writing, signed by the Company's Chairman of the Board, Chief Executive Officer or Chief Financial Officer. In addition, except with respect to its duties under paragraphs 1(i), 2(a) and 2(b) above, the Trustee shall be entitled to rely on, and shall be protected in relying on, any verbal or telephonic advice or instruction which it in good faith believes to be given by any one of the persons authorized above to give written instructions, provided that the Company shall promptly confirm such instructions in writing.

(b) Subject to the provisions of Sections 5 and 7(g) of this Agreement, hold the Trustee harmless and indemnify the Trustee from and against, any and all expenses, including reasonable counsel fees and disbursements, or loss suffered by the Trustee in connection with any claim, potential claim, action, suit or other proceeding brought against the Trustee involving any claim, or in connection with any claim or demand which in any way arises out of or relates to this Agreement, the services of the Trustee hereunder, or the Property or any income earned from investment of the Property, except for expenses and losses resulting from the Trustee's gross negligence or willful misconduct. Promptly after the receipt by the Trustee of notice of demand or claim or the commencement of any action, suit or proceeding, pursuant to which the Trustee intends to seek indemnification under this paragraph, it shall notify the Company in writing of such claim (hereinafter referred to as the "Indemnified Claim"); provided, however, that the Trustee's failure to provide such notice shall not relieve the Company of its liability hereunder, except to the extent that it is materially prejudiced by such failure. The Trustee shall have the right to conduct and manage the defense against such Indemnified Claim, provided, that the Trustee shall obtain the consent of the Company with respect to the selection of counsel, which consent shall not be unreasonably withheld. The Trustee may not agree to settle any Indemnified Claim without the prior written consent of the Company, which consent shall not be unreasonably withheld or delayed. The Company may participate in such action with its own counsel.

(c) Pay the Trustee an initial acceptance fee, an annual fee and a transaction processing fee for each disbursement made pursuant to Sections 2(a) and 2(b) as set forth on Schedule A hereto, which fees shall be subject to modification by the parties from time to time. It is expressly understood that the Property shall not be used to pay such fees and further agreed that any fees owed to the Trustee shall be deducted by the Trustee from the disbursements made to the Company pursuant to Sections 1(i) solely in connection with the consummation of the Company's initial acquisition, share exchange, share reconstruction and amalgamation, purchase of all or substantially all of the assets of, or any other similar business combination with one or more businesses or entities (a "Business Combination"), or pursuant to Section 2 (b). The Company shall pay the Trustee the initial acceptance fee and first year's fee at the consummation of the IPO and thereafter on the anniversary of the Effective Date.

(d) In connection with any vote of the Company's shareholders regarding a Business Combination, provide to the Trustee an affidavit or certificate of a firm regularly engaged in the business of soliciting proxies and/or tabulating shareholder votes verifying the vote of the Company's shareholders regarding such Business Combination.

(e) In the event that the Company directs the Trustee to commence liquidation of the Trust Account pursuant to Section 1(i), the Company agrees that it will not direct the Trustee to make any payments that are not specifically authorized by this Agreement.

4. Limitations of Liability. The Trustee shall have no responsibility or liability to:

(a) Take any action with respect to the Property, other than as directed in paragraphs 1 and 2 hereof and the Trustee shall have no liability to any party except for liability arising out of its own gross negligence or willful misconduct;

(b) Institute any proceeding for the collection of any principal and income arising from, or institute, appear in or defend any proceeding of any kind with respect to, any of the Property unless and until it shall have received instructions from the Company given as provided herein to do so and the Company shall have advanced or guaranteed to it funds sufficient to pay any expenses incident thereto;

(c) Change the investment of any Property, other than in compliance with paragraph 1(c);

(d) Refund any depreciation in principal of any Property;

(e) Assume that the authority of any person designated by the Company to give instructions hereunder shall not be continuing unless provided otherwise in such designation, or unless the Company shall have delivered a written revocation of such authority to the Trustee;

(f) The other parties hereto or to anyone else for any action taken or omitted by it, or any action suffered by it to be taken or omitted, in good faith and in the exercise of its own best judgment, except for its gross negligence or willful misconduct. The Trustee may rely conclusively and shall be protected in acting upon any order, notice, demand, certificate, opinion or advice of counsel (including counsel chosen by the Trustee), statement, instrument, report or other paper or document (not only as to its due execution and the validity and effectiveness of its provisions, but also as to the truth and acceptability of any information therein contained) which is believed by the Trustee, in good faith, to be genuine and to be signed or presented by the proper person or persons. The Trustee shall not be bound by any notice or demand, or any waiver, modification, termination or rescission of this Agreement or any of the terms hereof, unless evidenced by a written instrument delivered to the Trustee signed by the proper party or parties and, if the duties or rights of the Trustee are affected, unless it shall give its prior written consent thereto;

(g) Verify the correctness of the information set forth in the Registration Statement or to confirm or assure that any acquisition made by the Company or any other action taken by it is as contemplated by the Registration Statement;

(h) File local, state and/or federal tax returns or information returns with any taxing authority on behalf of the Trust Account and payee statements with the Company documenting the taxes, if any, payable by the Company or the Trust Account, relating to the income earned on the Property;

(i) Pay any taxes on behalf of the Trust Account (it being expressly understood that the Property shall not be used to pay any such taxes and that such taxes, if any, shall be paid by the Company from funds not held in the Trust Account or released to it under Section 2(a) hereof);

(j) Imply obligations, perform duties, inquire or otherwise be subject to the provisions of any agreement or document other than this agreement and that which is expressly set forth herein; and

(k) Verify calculations, qualify or otherwise approve Company requests for distributions pursuant to Section 1(i), 2(a) or 2(b) above.

5. Trust Account Waiver. The Trustee has no right of set-off or any right, title, interest or claim of any kind ("Claim") to, or to any monies in, the Trust Account, and hereby irrevocably waives any Claim to, or to any monies in, the Trust Account that it may have now or in the future. In the event the Trustee has any Claim against the Company under this Agreement, including, without limitation, under Section 3(b) or Section 3(c) hereof, the Trustee shall pursue such Claim solely against the Company and its assets outside the Trust Account and not against the Property or any monies in the Trust Account.

6. Termination. This Agreement shall terminate as follows:

(a) If the Trustee gives written notice to the Company that it desires to resign under this Agreement, the Company shall use its reasonable efforts to locate a successor trustee during which time the Trustee shall act in accordance with this Agreement. At such time that the Company notifies the Trustee that a successor trustee has been appointed by the Company and has agreed to become subject to the terms of this Agreement, the Trustee shall transfer the management of the Trust Account to the successor trustee, including but not limited to the transfer of copies of the reports and statements relating to the Trust Account, whereupon this Agreement shall terminate; provided, however, that, in the event that the Company does not locate a successor trustee within ninety days of receipt of the resignation notice from the Trustee, the Trustee may submit an application to have the Property deposited with any court in the State of New York or with the United States District Court for the Southern District of New York and upon such deposit, the Trustee shall be immune from any liability whatsoever; or

(b) At such time that the Trustee has completed the liquidation of the Trust Account in accordance with the provisions of paragraph 1(i) hereof, and distributed the Property in accordance with the provisions of the Termination Letter, this Agreement shall terminate except with respect to Paragraph 3(b).

7. Miscellaneous.

(a) The Company and the Trustee each acknowledge that the Trustee will follow the security procedures set forth below with respect to funds transferred from the Trust Account. The Company and the Trustee will each restrict access to confidential information relating to such security procedures to authorized persons. Each party must notify the other party immediately if it has reason to believe unauthorized persons may have obtained access to such information, or of any change in its authorized personnel. In executing funds transfers, the Trustee will rely upon all information supplied to it by the Company, including account names, account numbers and all other identifying information relating to a beneficiary, beneficiary's bank or intermediary bank. The Trustee shall not be liable for any loss, liability or expense resulting from any error in the information or transmission of the wire.

(b) This Agreement shall be governed by and construed and enforced in accordance with the laws of the State of New York, without giving effect to conflicts of law principles that would result in the application of the substantive laws of another jurisdiction. It may be executed in several original or facsimile counterparts, each one of which shall constitute an original, and together shall constitute but one instrument.

(c) This Agreement contains the entire agreement and understanding of the parties hereto with respect to the subject matter hereof. Except for Sections 1(i), 1(k), 1(l), 1(m), 1(n), 3(g), 7(c) and 7(h) (which may only be amended with the approval of the holders of at least 50% of the shares of common stock sold in the IPO, provided that all Public Shareholders must be given the right to receive a pro-rata portion of the trust account (no less than \$10.00 per share plus the amount per share deposited in the Trust Account pursuant to any Extension Letter) in connection with any such amendment), this Agreement or any provision hereof may only be changed, amended or modified by a writing signed by each of the parties hereto; provided, however, that no such change, amendment or modification may be made without the prior written consent of the Underwriters. As to any claim, cross-claim or counterclaim in any way relating to this Agreement, each party waives the right to trial by jury. The Trustee may require from Company counsel an opinion as to the propriety of any proposed amendment.

(d) The parties hereto consent to the jurisdiction and venue of any state or federal court located in the City of New York, Borough of Manhattan, for purposes of resolving any disputes hereunder.

(e) Any notice, consent or request to be given in connection with any of the terms or provisions of this Agreement shall be in writing and shall be sent by express mail or similar private courier service, by certified mail (return receipt requested), by hand delivery or by facsimile transmission:

STOCK ESCROW AGREEMENT

This STOCK ESCROW AGREEMENT, dated as of _____, 2020 ("Agreement"), by and among MOUNTAIN CREST ACQUISITION CORP, a Delaware corporation ("Company"), and the initial shareholders listed on the signature pages hereto (collectively, the "Initial Shareholders") CONTINENTAL STOCK TRANSFER & TRUST COMPANY, a New York corporation ("Escrow Agent").

WHEREAS, the Company has entered into an Underwriting Agreement, dated as of _____, 2020 ("Underwriting Agreement"), with Chardan Capital Markets LLC ("Chardan") acting as representative of the several underwriters (collectively, the "Underwriters"), pursuant to which, among other matters, the Underwriters have agreed to purchase 5,000,000 units ("Units") of the Company, plus an additional 750,000 Units if the Underwriters exercise their over-allotment option in full. Each Unit consists of one share of common stock of the Company, par value \$0.0001 per share (the "Common Stock") and one right to receive one-tenth (1/10) of a share of common stock upon the consummation of an initial business combination, all as more fully described in the Company's final Prospectus, dated _____, 2020 ("Prospectus"), comprising part of the Company's Registration Statement on Form S-1 (File No. 333-238320) under the Securities Act of 1933, as amended ("Registration Statement"), declared effective on _____, 2020 ("Effective Date").

WHEREAS, the Initial Shareholders have agreed as a condition of the sale of the Units to deposit their Insider Shares (as defined in the Prospectus), as set forth opposite their respective names on Exhibit A attached hereto (collectively "Escrow Shares"), in escrow as hereinafter provided.

WHEREAS, the Company and the Initial Shareholders desire that the Escrow Agent accept the Escrow Shares, in escrow, to be held and disbursed as hereinafter provided.

IT IS AGREED:

1. Appointment of Escrow Agent. The Company and the Initial Shareholders hereby appoint the Escrow Agent to act in accordance with and subject to the terms of this Agreement and the Escrow Agent hereby accepts such appointment and agrees to act in accordance with and subject to such terms.

2. Deposit of Escrow Shares. On or prior to the date hereof, each of the Initial Shareholders delivered to the Escrow Agent certificates representing such Initial Shareholder's respective Escrow Shares, together with applicable share powers, to be held and disbursed subject to the terms and conditions of this Agreement. Each of the Initial Shareholders acknowledges that the certificate representing such Initial Shareholder's Escrow Shares is legended to reflect the deposit of such Escrow Shares under this Agreement.

3. Disbursement of the Escrow Shares.

3.1 The Escrow Agent shall hold the Escrow Shares during the period (the “Escrow Period”) commencing on the date hereof and (i) for 50% of the Escrow Shares, ending on the earlier of (x) six months after the date of the consummation of the Company’s initial business combination (as described in the Registration Statement, hereinafter a “Business Combination”) and (y) the date on which the closing price of the Common Stock equals or exceeds \$12.50 per share (as adjusted for stock splits, stock dividends, reorganizations and recapitalizations) for any 20 trading days within any 30-trading day period commencing after the Company’s initial Business Combination and (ii) for the remaining 50% of the Escrow Shares, ending six months after the date of the consummation of an initial Business Combination. The Company shall promptly provide notice of the consummation of a Business Combination to the Escrow Agent. Upon completion of the Escrow Period, the Escrow Agent shall disburse such amount of each Initial Shareholder’s Escrow Shares (and any applicable share power) to such Initial Shareholder; provided, however, that if the Escrow Agent is notified by the Company pursuant to Section 6.7 hereof that the Company is being liquidated at any time during the Escrow Period, then the Escrow Agent shall promptly destroy the certificates representing the Escrow Shares; provided further, however, that if, within six months after the Company consummates an initial Business Combination, the Company (or the surviving entity) subsequently consummates a liquidation, merger, stock exchange or other similar transaction which results in all of the shareholders of such entity having the right to exchange their shares of Common Stock for cash, securities or other property, then the Escrow Agent will, upon receipt of a notice executed by the Chairman of the Board, Chief Executive Officer or other authorized officer of the Company, in form reasonably acceptable to the Escrow Agent, certifying that such transaction is then being consummated or such conditions have been achieved, as applicable, release the Escrow Shares to the Initial Shareholders. The Escrow Agent shall have no further duties hereunder after the disbursement or destruction of the Escrow Shares in accordance with this Section 3.1.

3.2 Notwithstanding Section 3.1, if the Underwriters do not exercise their over-allotment option to purchase an additional 750,000 Units of the Company in full within 45 days of the date of the Prospectus (as described in the Underwriting Agreement), the Initial Shareholders agree that the Escrow Agent shall return to the Company for cancellation, at no cost, the number of Escrow Shares held by the Initial Shareholders listed on Exhibit B determined by multiplying (a) the product of (i) 187,500 multiplied by (ii) a fraction, (x) the numerator of which is the number of Escrow Shares held by each such holder, and (y) the denominator of which is the total number of Escrow Shares, by (b) a fraction, (i) the numerator of which is 750,000 minus the number of shares of Common Stock purchased by the Underwriters upon the exercise of their over-allotment option, and (ii) the denominator of which is 750,000. The Company shall promptly provide notice to the Escrow Agent of the expiration or termination of the Underwriters’ over-allotment option and the number of Units, if any, purchased by the Underwriters in connection with their exercise thereof.

4. Rights of Initial Shareholders in Escrow Shares.

4.1 Voting Rights as a Shareholder. Subject to the terms of the Insider Letters described in Section 4.4 hereof and except as herein provided, the Initial Shareholders shall retain all of their rights as shareholders of the Company during the Escrow Period, including, without limitation, the right to vote such shares.

4.2 Dividends and Other Distributions in Respect of the Escrow Shares. During the Escrow Period, all dividends payable in cash with respect to the Escrow Shares shall be paid to the Initial Shareholders, but all dividends payable in stock or other non-cash property (“Non-Cash Dividends”) shall be delivered to the Escrow Agent to hold in accordance with the terms hereof. As used herein, the term “Escrow Shares” shall be deemed to include the Non-Cash Dividends distributed thereon, if any.

4.3 Restrictions on Transfer. During the Escrow Period, the only permitted transfers of the Escrow Shares will be (1) to the Company’s pre-IPO stockholders or their respective affiliates, or to the Company’s offices, directors, advisors and employees, (2) if the Initial Shareholder is an entity, as a distribution to its, partners, stockholders or members upon its liquidation, (3) by bona fide gift to a member of the Initial Shareholder’s immediate family or to a trust, the beneficiary of which is the Initial Shareholder or a member of the Initial Shareholder’s immediate family for estate planning purposes, (4) by virtue of the laws of descent and distribution upon death of the Initial Shareholder, (5) pursuant to a qualified domestic relations order, (6) by certain pledges to secure obligations incurred in connection with purchases of the Company’s securities, (7) by private sales at prices no greater than the price at which the Insider Shares were originally purchased or (8) for the cancellation of up to 187,500 shares of Common Stock subject to forfeiture to the extent that the Underwriters’ over-allotment is not exercised in full or in part or in connection with the consummation of our initial Business Combination, in each case (except for clause 8 or with our prior consent) on the condition that such transfers may be implemented only upon the respective transferee’s written agreement to be bound by the terms and conditions of this Agreement and of the Insider Letter (as defined below) signed by the Initial Shareholder transferring the Escrow Shares.

4.4 Insider Letters. Each of the Initial Shareholders has executed a letter agreement with Chardan and the Company, dated as indicated on Exhibit C hereto, and the form of which is filed as an exhibit to the Registration Statement (“Insider Letter”), respecting the rights and obligations of such Initial Shareholder in certain events, including but not limited to the liquidation of the Company.

The Escrow Agent shall resign and be discharged from its duties as escrow agent hereunder if so requested in writing at any time by the other parties hereto, jointly, provided, however, that such resignation shall become effective only upon acceptance of appointment by a successor escrow agent as provided in Section 5.5.

5.7 Liability. Notwithstanding anything herein to the contrary, the Escrow Agent shall not be relieved from liability hereunder for its own gross negligence or its own willful misconduct.

5.8 Waiver. The Escrow Agent hereby waives any right of set-off or any other right, title, interest or claim of any kind ("Claim") in, or to any distribution of, the Trust Account (as defined in that certain Investment Management Trust Agreement, dated as of the date hereof, by and between the Company and the Escrow Agent as trustee thereunder) and hereby agrees not to seek recourse, reimbursement, payment or satisfaction for any Claim against the Trust Account for any reason whatsoever.

2. REGISTRATION RIGHTS.

2.1 Demand Registration.

2.1.1 Request for Registration. At any time and from time to time on or after (i) the date that the Company consummates a Business Combination with respect to the Private Units (or underlying shares of Common Stock), Over-Allotment Units (or underlying shares of Common Stock) and Loan Securities or (ii) three months prior to the Release Date with respect to all other Registrable Securities, the holders of a majority-in-interest of the Registrable Securities, as the case may be, held by the Investors, officers or directors of the Company or their affiliates, or the transferees of the Investors, may make a written demand, on no more than two occasions, for registration under the Securities Act of all or part of their Registrable Securities, as the case may be (a **“Demand Registration”**). Any demand for a Demand Registration shall specify the number of shares of Registrable Securities proposed to be sold and the intended method(s) of distribution thereof. The Company will notify all holders of Registrable Securities of the demand, and each holder of Registrable Securities who wishes to include all or a portion of such holder’s Registrable Securities in the Demand Registration (each such holder including shares of Registrable Securities in such registration, a **“Demanding Holder”**) shall so notify the Company within fifteen (15) days after the receipt by the holder of the notice from the Company. Upon any such request, the Demanding Holders shall be entitled to have their Registrable Securities included in the Demand Registration, subject to Section 2.1.4 and the provisos set forth in Section 3.1.1. The Company shall not be obligated to effect more than an aggregate of one (1) Demand Registration under this Section 2.1.1 in respect of all Registrable Securities.

2.1.2 Effective Registration. A registration will not count as a Demand Registration until the Registration Statement filed with the Commission with respect to such Demand Registration has been declared effective and the Company has complied with all of its obligations under this Agreement with respect thereto; provided, however, that if, after such Registration Statement has been declared effective, the offering of Registrable Securities pursuant to a Demand Registration is interfered with by any stop order or injunction of the Commission or any other governmental agency or court, the Registration Statement with respect to such Demand Registration will be deemed not to have been declared effective, unless and until, (i) such stop order or injunction is removed, rescinded or otherwise terminated, and (ii) a majority-in-interest of the Demanding Holders thereafter elect to continue the offering; provided, further, that the Company shall not be obligated to file a second Registration Statement until a Registration Statement that has been filed is counted as a Demand Registration or is terminated.

2.1.3 Underwritten Offering. If a majority-in-interest of the Demanding Holders so elect and such holders so advise the Company as part of their written demand for a Demand Registration, the offering of such Registrable Securities pursuant to such Demand Registration shall be in the form of an underwritten offering. In such event, the right of any holder to include its Registrable Securities in such registration shall be conditioned upon such holder's participation in such underwriting and the inclusion of such holder's Registrable Securities in the underwriting to the extent provided herein. All Demanding Holders proposing to distribute their Registrable Securities through such underwriting shall enter into an underwriting agreement in customary form with the Underwriter or Underwriters selected for such underwriting by a majority-in-interest of the holders initiating the Demand Registration.

2.1.4 Reduction of Offering. If the managing Underwriter or Underwriters for a Demand Registration that is to be an underwritten offering advises the Company and the Demanding Holders in writing that the dollar amount or number of shares of Registrable Securities which the Demanding Holders desire to sell, taken together with all other shares of Common Stock or other securities which the Company desires to sell and the shares of Common Stock, if any, as to which registration has been requested pursuant to written contractual piggy-back registration rights held by other shareholders of the Company who desire to sell, exceeds the maximum dollar amount or maximum number of shares that can be sold in such offering without adversely affecting the proposed offering price, the timing, the distribution method, or the probability of success of such offering (such maximum dollar amount or maximum number of shares, as applicable, the "Maximum Number of Shares"), then the Company shall include in such registration: (i) first, the Registrable Securities as to which Demand Registration has been requested by the Demanding Holders (pro rata in accordance with the number of shares that each such Person has requested be included in such registration, regardless of the number of shares held by each such Person (such proportion is referred to herein as "Pro Rata")) that can be sold without exceeding the Maximum Number of Shares; (ii) second, to the extent that the Maximum Number of Shares has not been reached under the foregoing clause (i), the shares of Common Stock or other securities that the Company desires to sell that can be sold without exceeding the Maximum Number of Shares; and (iii) third, to the extent that the Maximum Number of Shares has not been reached under the foregoing clauses (i) and (ii), the shares of Common Stock or other securities for the account of other persons that the Company is obligated to register pursuant to written contractual arrangements with such persons and that can be sold without exceeding the Maximum Number of Shares.

2.1.5 Withdrawal. If a majority-in-interest of the Demanding Holders disapprove of the terms of any underwriting or are not entitled to include all of their Registrable Securities in any offering, such majority-in-interest of the Demanding Holders may elect to withdraw from such offering by giving written notice to the Company and the Underwriter or Underwriters of their request to withdraw prior to the effectiveness of the Registration Statement filed with the Commission with respect to such Demand Registration. If the majority-in-interest of the Demanding Holders withdraws from a proposed offering relating to a Demand Registration, then such registration shall not count as a Demand Registration provided for in Section 2.1.

2.2 Piggy-Back Registration.

2.2.1 **Piggy-Back Rights.** If at any time on or after the date the Company consummates a Business Combination the Company proposes to file a Registration Statement under the Securities Act with respect to an offering of equity securities, or securities or other obligations exercisable or exchangeable for, or convertible into, equity securities, by the Company for its own account or for shareholders of the Company for their account (or by the Company and by shareholders of the Company including, without limitation, pursuant to Section 2.1), other than a Registration Statement (i) filed in connection with any employee stock option or other benefit plan, (ii) for an exchange offer or offering of securities solely to the Company's existing shareholders, (iii) for an offering of debt that is convertible into equity securities of the Company or (iv) for a dividend reinvestment plan, then the Company shall (x) give written notice of such proposed filing to the holders of Registrable Securities as soon as practicable but in no event less than ten (10) days before the anticipated filing date, which notice shall describe the amount and type of securities to be included in such offering, the intended method(s) of distribution, and the name of the proposed managing Underwriter or Underwriters, if any, of the offering, and (y) offer to the holders of Registrable Securities in such notice the opportunity to register the sale of such number of shares of Registrable Securities as such holders may request in writing within five (5) days following receipt of such notice (a "**Piggy-Back Registration**"). The Company shall cause such Registrable Securities to be included in such registration and shall use its best efforts to cause the managing Underwriter or Underwriters of a proposed underwritten offering to permit the Registrable Securities requested to be included in a Piggy-Back Registration on the same terms and conditions as any similar securities of the Company and to permit the sale or other disposition of such Registrable Securities in accordance with the intended method(s) of distribution thereof. All holders of Registrable Securities proposing to distribute their securities through a Piggy-Back Registration that involves an Underwriter or Underwriters shall enter into an underwriting agreement in customary form with the Underwriter or Underwriters selected for such Piggy-Back Registration. Notwithstanding the provisions set forth in the immediately preceding sentences, the right to a Piggy-Back Registration set forth under this Section 2.2.1 with respect to the Registrable Securities shall terminate on the seventh anniversary of the Effective Date.

2.2.2 **Reduction of Offering.** If the managing Underwriter or Underwriters for a Piggy-Back Registration that is to be an underwritten offering advises the Company and the holders of Registrable Securities in writing that the dollar amount or number of shares of Common Stock which the Company desires to sell, taken together with the shares of Common Stock, if any, as to which registration has been demanded pursuant to written contractual arrangements with persons other than the holders of Registrable Securities hereunder, the Registrable Securities as to which registration has been requested under this Section 2.2, and the shares of Common Stock, if any, as to which registration has been requested pursuant to the written contractual piggy-back registration rights of other shareholders of the Company, exceeds the Maximum Number of Shares, then the Company shall include in any such registration:

a) If the registration is undertaken for the Company's account: (A) first, the shares of Common Stock or other securities that the Company desires to sell that can be sold without exceeding the Maximum Number of Shares; (B) second, to the extent that the Maximum Number of Shares has not been reached under the foregoing clause (A), the shares of Common Stock or other securities, if any, comprised of Registrable Securities, as to which registration has been requested pursuant to the applicable written contractual piggy-back registration rights of such security holders, Pro Rata, that can be sold without exceeding the Maximum Number of Shares; and (C) third, to the extent that the Maximum Number of Shares has not been reached under the foregoing clauses (A) and (B), the shares of Common Stock or other securities for the account of other persons that the Company is obligated to register pursuant to written contractual piggy-back registration rights with such persons and that can be sold without exceeding the Maximum Number of Shares;

b) If the registration is a “demand” registration undertaken at the demand of persons other than either the holders of Registrable Securities, (A) first, the shares of Common Stock or other securities for the account of the demanding persons that can be sold without exceeding the Maximum Number of Shares; (B) second, to the extent that the Maximum Number of Shares has not been reached under the foregoing clause (A), the shares of Common Stock or other securities that the Company desires to sell that can be sold without exceeding the Maximum Number of Shares; (C) third, to the extent that the Maximum Number of Shares has not been reached under the foregoing clauses (A) and (B), collectively the shares of Common Stock or other securities comprised of Registrable Securities, Pro Rata, as to which registration has been requested pursuant to the terms hereof, that can be sold without exceeding the Maximum Number of Shares; and (D) fourth, to the extent that the Maximum Number of Shares has not been reached under the foregoing clauses (A), (B) and (C), the shares of Common Stock or other securities for the account of other persons that the Company is obligated to register pursuant to written contractual arrangements with such persons, that can be sold without exceeding the Maximum Number of Shares.

2.2.3 Withdrawal. Any holder of Registrable Securities may elect to withdraw such holder’s request for inclusion of Registrable Securities in any Piggy-Back Registration by giving written notice to the Company of such request to withdraw prior to the effectiveness of the Registration Statement. The Company (whether on its own determination or as the result of a withdrawal by persons making a demand pursuant to written contractual obligations) may withdraw a Registration Statement at any time prior to the effectiveness of such Registration Statement. Notwithstanding any such withdrawal, the Company shall pay all expenses incurred by the holders of Registrable Securities in connection with such Piggy-Back Registration as provided in Section 3.3.

2.2.4 Registrations on Form S-3. The holders of Registrable Securities may at any time and from time to time, request in writing that the Company register the resale of any or all of such Registrable Securities on Form S-3 or any similar short-form registration which may be available at such time (“**Form S-3**”); provided, however, that the Company shall not be obligated to effect such request through an underwritten offering. Upon receipt of such written request, the Company will promptly give written notice of the proposed registration to all other holders of Registrable Securities, and, as soon as practicable thereafter, effect the registration of all or such portion of such holder’s or holders’ Registrable Securities as are specified in such request, together with all or such portion of the Registrable Securities or other securities of the Company, if any, of any other holder or holders joining in such request as are specified in a written request given within fifteen (15) days after receipt of such written notice from the Company; provided, however, that the Company shall not be obligated to effect any such registration pursuant to this Section 2.3: (i) if Form S-3 is not available for such offering; or (ii) if the holders of the Registrable Securities, together with the holders of any other securities of the Company entitled to inclusion in such registration, propose to sell Registrable Securities and such other securities (if any) at any aggregate price to the public of less than \$500,000. Registrations effected pursuant to this Section 2.3 shall not be counted as Demand Registrations effected pursuant to Section 2.1.

3. REGISTRATION PROCEDURES.

3.1 Filings; Information. Whenever the Company is required to effect the registration of any Registrable Securities pursuant to Section 2, the Company shall use its best efforts to effect the registration and sale of such Registrable Securities in accordance with the intended method(s) of distribution thereof as expeditiously as practicable, and in connection with any such request:

3.1.1 Filing Registration Statement. The Company shall use its best efforts to, as expeditiously as possible after receipt of a request for a Demand Registration pursuant to Section 2.1, prepare and file with the Commission a Registration Statement on any form for which the Company then qualifies or which counsel for the Company shall deem appropriate and which form shall be available for the sale of all Registrable Securities to be registered thereunder in accordance with the intended method(s) of distribution thereof, and shall use its best efforts to cause such Registration Statement to become effective and use its best efforts to keep it effective for the period required by Section 3.1.3; provided, however, that the Company shall have the right to defer any Demand Registration for up to thirty (30) days, and any Piggy-Back Registration for such period as may be applicable to deferment of any demand registration to which such Piggy-Back Registration relates, in each case if the Company shall furnish to the holders a certificate signed by Chief Executive Officer or Chairman of the Company stating that, in the good faith judgment of the Board of Directors of the Company, it would be materially detrimental to the Company and its shareholders for such Registration Statement to be effected at such time; provided further, however, that the Company shall not have the right to exercise the right set forth in this provision more than once in any 365-day period in respect of a Demand Registration hereunder.

3.1.2 Copies. The Company shall, prior to filing a Registration Statement or prospectus, or any amendment or supplement thereto, furnish without charge to the holders of Registrable Securities included in such registration, and such holders' legal counsel, copies of such Registration Statement as proposed to be filed, each amendment and supplement to such Registration Statement (in each case including all exhibits thereto and documents incorporated by reference therein), the prospectus included in such Registration Statement (including each preliminary prospectus), and such other documents as the holders of Registrable Securities included in such registration or legal counsel for any such holders may request in order to facilitate the disposition of the Registrable Securities owned by such holders.

3.1.3 Amendments and Supplements. The Company shall prepare and file with the Commission such amendments, including post-effective amendments, and supplements to such Registration Statement and the prospectus used in connection therewith as may be necessary to keep such Registration Statement effective and in compliance with the provisions of the Securities Act until all Registrable Securities and other securities covered by such Registration Statement have been disposed of in accordance with the intended method(s) of distribution set forth in such Registration Statement or such securities have been withdrawn.

3.1.4 Notification. After the filing of a Registration Statement, the Company shall promptly, and in no event more than two (2) business days after such filing, notify the holders of Registrable Securities included in such Registration Statement of such filing, and shall further notify such holders promptly and confirm such advice in writing in all events within two (2) business days of the occurrence of any of the following: (i) when such Registration Statement becomes effective; (ii) when any post-effective amendment to such Registration Statement becomes effective; (iii) the issuance or threatened issuance by the Commission of any stop order (and the Company shall take all actions required to prevent the entry of such stop order or to remove it if entered); and (iv) any request by the Commission for any amendment or supplement to such Registration Statement or any prospectus relating thereto or for additional information or of the occurrence of an event requiring the preparation of a supplement or amendment to such prospectus so that, as thereafter delivered to the purchasers of the securities covered by such Registration Statement, such prospectus will not contain an untrue statement of a material fact or omit to state any material fact required to be stated therein or necessary to make the statements therein not misleading, and promptly make available to the holders of Registrable Securities included in such Registration Statement any such supplement or amendment; except that before filing with the Commission a Registration Statement or prospectus or any amendment or supplement thereto, including documents incorporated by reference, the Company shall furnish to the holders of Registrable Securities included in such Registration Statement and to the legal counsel for any such holders, copies of all such documents proposed to be filed sufficiently in advance of filing to provide such holders and legal counsel with a reasonable opportunity to review such documents and comment thereon, and the Company shall not file any Registration Statement or prospectus or amendment or supplement thereto, including documents incorporated by reference, to which such holders or their legal counsel shall object.

3.1.5 State Securities Laws Compliance. The Company shall use its best efforts to (i) register or qualify the Registrable Securities covered by the Registration Statement under such securities or "blue sky" laws of such jurisdictions in the United States as the holders of Registrable Securities included in such Registration Statement (in light of their intended plan of distribution) may request and (ii) take such action necessary to cause such Registrable Securities covered by the Registration Statement to be registered with or approved by such other governmental authorities as may be necessary by virtue of the business and operations of the Company and do any and all other acts and things that may be necessary or advisable to enable the holders of Registrable Securities included in such Registration Statement to consummate the disposition of such Registrable Securities in such jurisdictions; provided, however, that the Company shall not be required to qualify generally to do business in any jurisdiction where it would not otherwise be required to qualify but for this paragraph or subject itself to taxation in any such jurisdiction.

3.1.6 Agreements for Disposition. The Company shall enter into customary agreements (including, if applicable, an underwriting agreement in customary form) and take such other actions as are reasonably required in order to expedite or facilitate the disposition of such Registrable Securities. The representations, warranties and covenants of the Company in any underwriting agreement which are made to or for the benefit of any Underwriters, to the extent applicable, shall also be made to and for the benefit of the holders of Registrable Securities included in such registration statement. No holder of Registrable Securities included in such registration statement shall be required to make any representations or warranties in the underwriting agreement except, if applicable, with respect to such holder's organization, good standing, authority, title to Registrable Securities, lack of conflict of such sale with such holder's material agreements and organizational documents, and with respect to written information relating to such holder that such holder has furnished in writing expressly for inclusion in such Registration Statement.

3.1.7 Cooperation. The principal executive officer of the Company, the principal financial officer of the Company, the principal accounting officer of the Company and all other officers and members of the management of the Company shall cooperate fully in any offering of Registrable Securities hereunder, which cooperation shall include, without limitation, the preparation of the Registration Statement with respect to such offering and all other offering materials and related documents, and participation in meetings with Underwriters, attorneys, accountants and potential investors.

3.1.8 Records. The Company shall make available for inspection by the holders of Registrable Securities included in such Registration Statement, any Underwriter participating in any disposition pursuant to such registration statement and any attorney, accountant or other professional retained by any holder of Registrable Securities included in such Registration Statement or any Underwriter, all financial and other records, pertinent corporate documents and properties of the Company, as shall be necessary to enable them to exercise their due diligence responsibility, and cause the Company's officers, directors and employees to supply all information requested by any of them in connection with such Registration Statement.

3.1.9 Opinions and Comfort Letters. Upon request, the Company shall furnish to each holder of Registrable Securities included in any Registration Statement a signed counterpart, addressed to such holder, of (i) any opinion of counsel to the Company delivered to any Underwriter and (ii) any comfort letter from the Company's independent public accountants delivered to any Underwriter. In the event no legal opinion is delivered to any Underwriter, the Company shall furnish to each holder of Registrable Securities included in such Registration Statement, at any time that such holder elects to use a prospectus, an opinion of counsel to the Company to the effect that the Registration Statement containing such prospectus has been declared effective and that no stop order is in effect.

3.1.10 Earnings Statement. The Company shall comply with all applicable rules and regulations of the Commission and the Securities Act, and make available to its shareholders, as soon as practicable, an earnings statement covering a period of twelve (12) months, which earnings statement shall satisfy the provisions of Section 11(a) of the Securities Act and Rule 158 thereunder.

3.1.11 Listing. The Company shall use its best efforts to cause all Registrable Securities included in any registration to be listed on such exchanges or otherwise designated for trading in the same manner as similar securities issued by the Company are then listed or designated or, if no such similar securities are then listed or designated, in a manner satisfactory to the holders of a majority of the Registrable Securities included in such registration.

3.1.12 Road Show. If the registration involves the registration of Registrable Securities involving gross proceeds in excess of [●], the Company shall use its reasonable efforts to make available senior executives of the Company to participate in customary "road show" presentations that may be reasonably requested by the Underwriter in any underwritten offering.

3.2 Obligation to Suspend Distribution. Upon receipt of any notice from the Company of the happening of any event of the kind described in Section 3.1.4(iv), or, in the case of a resale registration on Form S-3 pursuant to Section 2.3 hereof, upon any suspension by the Company, pursuant to a written insider trading compliance program adopted by the Company's Board of Directors, of the ability of all "insiders" covered by such program to transact in the Company's securities because of the existence of material non-public information, each holder of Registrable Securities included in any registration shall immediately discontinue disposition of such Registrable Securities pursuant to the Registration Statement covering such Registrable Securities until such holder receives the supplemented or amended prospectus contemplated by Section 3.1.4(iv) or the restriction on the ability of "insiders" to transact in the Company's securities is removed, as applicable, and, if so directed by the Company, each such holder will deliver to the Company all copies, other than permanent file copies then in such holder's possession, of the most recent prospectus covering such Registrable Securities at the time of receipt of such notice.

3.3 Registration Expenses. The Company shall bear all costs and expenses incurred in connection with any Demand Registration pursuant to Section 2.1, any Piggy-Back Registration pursuant to Section 2.2, and any registration on Form S-3 effected pursuant to Section 2.3, and all expenses incurred in performing or complying with its other obligations under this Agreement, whether or not the Registration Statement becomes effective, including, without limitation: (i) all registration and filing fees; (ii) fees and expenses of compliance with securities or "blue sky" laws (including fees and disbursements of counsel in connection with blue sky qualifications of the Registrable Securities); (iii) printing expenses; (iv) the Company's internal expenses (including, without limitation, all salaries and expenses of its officers and employees); (v) the fees and expenses incurred in connection with the listing of the Registrable Securities as required by Section 3.1.11; (vi) Financial Industry Regulatory Authority fees; (vii) fees and disbursements of counsel for the Company and fees and expenses for independent certified public accountants retained by the Company (including the expenses or costs associated with the delivery of any opinions or comfort letters requested pursuant to Section 3.1.9); (viii) the reasonable fees and expenses of any special experts retained by the Company in connection with such registration and (ix) the reasonable fees and expenses of one legal counsel selected by the holders of a majority-in-interest of the Registrable Securities included in such registration. The Company shall have no obligation to pay any underwriting discounts or selling commissions attributable to the Registrable Securities being sold by the holders thereof, which underwriting discounts or selling commissions shall be borne by such holders. Additionally, in an underwritten offering, all selling shareholders and the Company shall bear the expenses of the Underwriter pro rata in proportion to the respective amount of shares each is selling in such offering.

3.4 Information. The holders of Registrable Securities shall provide such information as may reasonably be requested by the Company, or the managing Underwriter, if any, in connection with the preparation of any Registration Statement, including amendments and supplements thereto, in order to effect the registration of any Registrable Securities under the Securities Act pursuant to Section 2 and in connection with the Company's obligation to comply with Federal and applicable state securities laws.

4. INDEMNIFICATION AND CONTRIBUTION.

4.1 Indemnification by the Company. The Company agrees to indemnify and hold harmless each Investor and each other holder of Registrable Securities, and each of their respective officers, employees, affiliates, directors, partners, members, attorneys and agents, and each person, if any, who controls an Investor and each other holder of Registrable Securities (within the meaning of Section 15 of the Securities Act or Section 20 of the Exchange Act) (each, an "**Investor Indemnified Party**"), from and against any expenses, losses, judgments, claims, damages or liabilities, whether joint or several, arising out of or based upon any untrue statement (or allegedly untrue statement) of a material fact contained in any Registration Statement under which the sale of such Registrable Securities was registered under the Securities Act, any preliminary prospectus, final prospectus or summary prospectus contained in the Registration Statement, or any amendment or supplement to such Registration Statement, or arising out of or based upon any omission (or alleged omission) to state a material fact required to be stated therein or necessary to make the statements therein not misleading, or any violation by the Company of the Securities Act or any rule or regulation promulgated thereunder applicable to the Company and relating to action or inaction required of the Company in connection with any such registration; and the Company shall promptly reimburse the Investor Indemnified Party for any legal and any other expenses reasonably incurred by such Investor Indemnified Party in connection with investigating and defending any such expense, loss, judgment, claim, damage, liability or action; provided, however, that the Company will not be liable in any such case to the extent that any such expense, loss, claim, damage or liability arises out of or is based upon any untrue statement or allegedly untrue statement or omission or alleged omission made in such Registration Statement, preliminary prospectus, final prospectus, or summary prospectus, or any such amendment or supplement, in reliance upon and in conformity with information furnished to the Company, in writing, by such selling holder expressly for use therein. The Company also shall indemnify any Underwriter of the Registrable Securities, their officers, affiliates, directors, partners, members and agents and each person who controls such Underwriter on substantially the same basis as that of the indemnification provided above in this Section 4.1.

4.2 Indemnification by Holders of Registrable Securities. Each selling holder of Registrable Securities will, in the event that any registration is being effected under the Securities Act pursuant to this Agreement of any Registrable Securities held by such selling holder, indemnify and hold harmless the Company, each of its directors and officers and each Underwriter (if any), and each other selling holder and each other person, if any, who controls another selling holder or such Underwriter within the meaning of the Securities Act, against any losses, claims, judgments, damages or liabilities, whether joint or several, insofar as such losses, claims, judgments, damages or liabilities (or actions in respect thereof) arise out of or are based upon any untrue statement or allegedly untrue statement of a material fact contained in any Registration Statement under which the sale of such Registrable Securities was registered under the Securities Act, any preliminary prospectus, final prospectus or summary prospectus contained in the Registration Statement, or any amendment or supplement to the Registration Statement, or arise out of or are based upon any omission or the alleged omission to state a material fact required to be stated therein or necessary to make the statement therein not misleading, if the statement or omission was made in reliance upon and in conformity with information furnished in writing to the Company by such selling holder expressly for use therein, and shall reimburse the Company, its directors and officers, and each other selling holder or controlling person for any legal or other expenses reasonably incurred by any of them in connection with investigation or defending any such loss, claim, damage, liability or action. Each selling holder's indemnification obligations hereunder shall be several and not joint and shall be limited to the amount of any net proceeds actually received by such selling holder.

4.3 Conduct of Indemnification Proceedings. Promptly after receipt by any person of any notice of any loss, claim, damage or liability or any action in respect of which indemnity may be sought pursuant to Section 4.1 or 4.2, such person (the "Indemnified Party") shall, if a claim in respect thereof is to be made against any other person for indemnification hereunder, notify such other person (the "**Indemnifying Party**") in writing of the loss, claim, judgment, damage, liability or action; provided, however, that the failure by the Indemnified Party to notify the Indemnifying Party shall not relieve the Indemnifying Party from any liability which the Indemnifying Party may have to such Indemnified Party hereunder, except and solely to the extent the Indemnifying Party is actually prejudiced by such failure. If the Indemnified Party is seeking indemnification with respect to any claim or action brought against the Indemnified Party, then the Indemnifying Party shall be entitled to participate in such claim or action, and, to the extent that it wishes, jointly with all other Indemnifying Parties, to assume control of the defense thereof with counsel satisfactory to the Indemnified Party. After notice from the Indemnifying Party to the Indemnified Party of its election to assume control of the defense of such claim or action, the Indemnifying Party shall not be liable to the Indemnified Party for any legal or other expenses subsequently incurred by the Indemnified Party in connection with the defense thereof other than reasonable costs of investigation; provided, however, that in any action in which both the Indemnified Party and the Indemnifying Party are named as defendants, the Indemnified Party shall have the right to employ separate counsel (but no more than one such separate counsel) to represent the Indemnified Party and its controlling persons who may be subject to liability arising out of any claim in respect of which indemnity may be sought by the Indemnified Party against the Indemnifying Party, with the fees and expenses of such counsel to be paid by such Indemnifying Party if, based upon the written opinion of counsel of such Indemnified Party, representation of both parties by the same counsel would be inappropriate due to actual or potential differing interests between them. No Indemnifying Party shall, without the prior written consent of the Indemnified Party, consent to entry of judgment or effect any settlement of any claim or pending or threatened proceeding in respect of which the Indemnified Party is or could have been a party and indemnity could have been sought hereunder by such Indemnified Party, unless such judgment or settlement includes an unconditional release of such Indemnified Party from all liability arising out of such claim or proceeding.

4.4 Contribution.

4.4.1 If the indemnification provided for in the foregoing Sections 4.1, 4.2 and 4.3 is unavailable to any Indemnified Party in respect of any loss, claim, damage, liability or action referred to herein, then each such Indemnifying Party, in lieu of indemnifying such Indemnified Party, shall contribute to the amount paid or payable by such Indemnified Party as a result of such loss, claim, damage, liability or action in such proportion as is appropriate to reflect the relative fault of the Indemnified Parties and the Indemnifying Parties in connection with the actions or omissions which resulted in such loss, claim, damage, liability or action, as well as any other relevant equitable considerations. The relative fault of any Indemnified Party and any Indemnifying Party shall be determined by reference to, among other things, whether the untrue or alleged untrue statement of a material fact or the omission or alleged omission to state a material fact relates to information supplied by such Indemnified Party or such Indemnifying Party and the parties' relative intent, knowledge, access to information and opportunity to correct or prevent such statement or omission.

4.4.2 The parties hereto agree that it would not be just and equitable if contribution pursuant to this Section 4.4 were determined by pro rata allocation or by any other method of allocation which does not take account of the equitable considerations referred to in the immediately preceding Section 4.4.1.

4.4.3 The amount paid or payable by an Indemnified Party as a result of any loss, claim, damage, liability or action referred to in the immediately preceding paragraph shall be deemed to include, subject to the limitations set forth above, any legal or other expenses incurred by such Indemnified Party in connection with investigating or defending any such action or claim. Notwithstanding the provisions of this Section 4.4, no holder of Registrable Securities shall be required to contribute any amount in excess of the dollar amount of the net proceeds (after payment of any underwriting fees, discounts, commissions or taxes) actually received by such holder from the sale of Registrable Securities which gave rise to such contribution obligation. No person guilty of fraudulent misrepresentation (within the meaning of Section 11(f) of the Securities Act) shall be entitled to contribution from any person who was not guilty of such fraudulent misrepresentation.

5. RULE 144.

5.1 Rule 144. The Company covenants that it shall file any reports required to be filed by it under the Securities Act and the Exchange Act and shall take such further action as the holders of Registrable Securities may reasonably request, all to the extent required from time to time to enable such holders to sell Registrable Securities without registration under the Securities Act within the limitation of the exemptions provided by Rule 144 under the Securities Act, as such Rules may be amended from time to time, or any similar rule or regulation hereafter adopted by the Commission.

6. MISCELLANEOUS.

6.1 Other Registration Rights. The Company represents and warrants that, except as disclosed in the Company's registration statement on Form S-1 (File No. 333-238320), no person, other than the holders of the Registrable Securities, has any right to require the Company to register any of the Company's share capital for sale or to include the Company's share capital in any registration filed by the Company for the sale of share capital for its own account or for the account of any other person.

6.2 Assignment; No Third Party Beneficiaries. This Agreement and the rights, duties and obligations of the Company hereunder may not be assigned or delegated by the Company in whole or in part. This Agreement and the rights, duties and obligations of the holders of Registrable Securities hereunder may be freely assigned or delegated by such holder of Registrable Securities in conjunction with and to the extent of any transfer of Registrable Securities by any such holder. This Agreement and the provisions hereof shall be binding upon and shall inure to the benefit of each of the parties, to the permitted assigns of the Investors or holder of Registrable Securities or of any assignee of the Investors or holder of Registrable Securities. This Agreement is not intended to confer any rights or benefits on any persons that are not party hereto other than as expressly set forth in Article 4 and this Section 6.2.

6.3 Notices. All notices, demands, requests, consents, approvals or other communications (collectively, "**Notices**") required or permitted to be given hereunder or which are given with respect to this Agreement shall be in writing and shall be personally served, delivered by reputable air courier service with charges prepaid, or transmitted by hand delivery, telegram, telex or facsimile, addressed as set forth below, or to such other address as such party shall have specified most recently by written notice. Notice shall be deemed given on the date of service or transmission if personally served or transmitted by telegram, telex or facsimile; provided, that if such service or transmission is not on a business day or is after normal business hours, then such notice shall be deemed given on the next business day. Notice otherwise sent as provided herein shall be deemed given on the next business day following timely delivery of such notice to a reputable air courier service with an order for next-day delivery.

Furthermore, in lieu of any such invalid or unenforceable term or provision, the parties hereto intend that there shall be added as a part of this Agreement a provision as similar in terms to such invalid or unenforceable provision as may be possible that is valid and enforceable.

6.9 Waivers and Extensions. Any party to this Agreement may waive any right, breach or default which such party has the right to waive, provided that such waiver will not be effective against the waiving party unless it is in writing, is signed by such party, and specifically refers to this Agreement. Waivers may be made in advance or after the right waived has arisen or the breach or default waived has occurred. Any waiver may be conditional. No waiver of any breach of any agreement or provision herein contained shall be deemed a waiver of any preceding or succeeding breach thereof nor of any other agreement or provision herein contained. No waiver or extension of time for performance of any obligations or acts shall be deemed a waiver or extension of the time for performance of any other obligations or acts.

6.10 Remedies Cumulative. In the event that the Company fails to observe or perform any covenant or agreement to be observed or performed under this Agreement, the Investor or any other holder of Registrable Securities may proceed to protect and enforce its rights by suit in equity or action at law, whether for specific performance of any term contained in this Agreement or for an injunction against the breach of any such term or in aid of the exercise of any power granted in this Agreement or to enforce any other legal or equitable right, or to take any one or more of such actions, without being required to post a bond. None of the rights, powers or remedies conferred under this Agreement shall be mutually exclusive, and each such right, power or remedy shall be cumulative and in addition to any other right, power or remedy, whether conferred by this Agreement or now or hereafter available at law, in equity, by statute or otherwise.

6.11 Governing Law. This Agreement shall be governed by, interpreted under, and construed in accordance with the internal laws of the State of New York applicable to agreements made and to be performed within the State of New York, without giving effect to any choice-of-law provisions thereof that would compel the application of the substantive laws of any other jurisdiction.

6.12 Waiver of Trial by Jury. Each party hereby irrevocably and unconditionally waives the right to a trial by jury in any action, suit, counterclaim or other proceeding (whether based on contract, tort or otherwise) arising out of, connected with or relating to this Agreement, the transactions contemplated hereby, or the actions of the Investor in the negotiation, administration, performance or enforcement hereof.
