Third Quarter 2021 Revenue Grew 67% Year-Over-Year to \$58.4 Million

LOS ANGELES, Nov. 15, 2021 (GLOBE NEWSWIRE) -- PLBY Group, Inc. (NASDAQ: PLBY) ("PLBY Group" or the "Company"), a leading pleasure and leisure lifestyle company and owner of Playboy, one of the most recognizable and iconic brands in the world, today provided financial results for the third quarter ended September 30, 2021.

Ben Kohn, Chief Executive Officer of PLBY Group, stated, "I'm thrilled to report another successful quarter with a 67% increase in revenue, compared to the prior year, driven by continued strength in both direct-to-consumer and licensing. We've made meaningful progress against the three pillars of our strategic roadmap: expanding our U.S. direct-to-consumer commerce business, optimizing our licensing partnerships in key territories and categories, and driving new recurring revenue growth initiatives with a focus on innovative digital offerings such as our soon-to-launch creator-led platform, CENTERFOLD, and our NFT Rabbitars, which we plan to develop into a membership experience."

Mr. Kohn continued, "With the direct-to-consumer infrastructure we've put in place over the past year, we are now well-positioned to expand our consumer offerings into membership services to drive significant lifetime value. We're very excited to soon launch CENTERFOLD, our new creator-led platform that will empower the creative and influencer community to interact directly with their fans and build their own recurring revenue businesses. Our recent acquisition of the Dream platform, and its technology team, will accelerate our timeline to market, and provide crucial in-house development resources to help us scale quickly."

Third Quarter 2021 Financial Highlights

- Revenue grew 67% year-over-year, to \$58.4 million, despite over \$5 million of lost revenue due to COVID-related closures and supply chain impacts.
- Direct-to-consumer revenue grew 139% year-over-year, to \$36.0 million, and licensing revenue grew 14% year-over-year, to \$16.9 million.
- Adjusted EBITDA was \$5.2 million and net loss was \$7.7 million, largely driven by \$9.8 million of non-recurring expenses related to the acquisition of Honey Birdette and ongoing expenses associated with being a newly public company.

EBITDA Reconciliation

This release presents the financial measure earnings before interest, taxes, depreciation and amortization, or "EBITDA", and Adjusted EBITDA, which are not financial measures under the accounting principles generally accepted in the United States of America ("GAAP"). "EBITDA" is defined as net income or loss before interest, income tax expense or benefit, and depreciation and amortization. "Adjusted EBITDA" is defined as EBITDA adjusted for stock-based compensation and other special items determined by management. Adjusted EBITDA is intended as a supplemental measure of our performance that is neither required by, nor presented in accordance with, GAAP. We believe that the use of EBITDA and Adjusted EBITDA provides an additional tool for investors to use in evaluating ongoing operating results and trends and in comparing our financial measures with those of comparable companies, which may present similar non-GAAP financial measures to investors. However, investors should be aware that when evaluating EBITDA and Adjusted EBITDA, we may incur future expenses similar to those excluded when calculating these measures. In addition, our presentation of these measures should not be construed as an inference that our future results will be unaffected by unusual or nonrecurring items. Our computation of Adjusted EBITDA may not be comparable to other similarly titled measures computed by other companies, because all companies may not calculate Adjusted EBITDA in the same fashion.

In addition to adjusting for non-cash stock-based compensation, we typically adjust for nonoperating expenses and income, such as management fees paid to our largest stockholder, merger related bonus payments, non-recurring special projects including the implementation of internal controls, expenses associated with financing activities, acquisition related inventory step-up amortization and costs, the expense associated with reorganization and severance resulting in the elimination or rightsizing of specific business activities or operations as we transform from a print and digital media business to a commerce centric business.

Because of these limitations, EBITDA and Adjusted EBITDA should not be considered in isolation or as a substitute for performance measures calculated in accordance with GAAP. We compensate for these limitations by relying primarily on our GAAP results and using EBITDA and Adjusted EBITDA on a supplemental basis. Investors should review the reconciliation of net loss to EBITDA and Adjusted EBITDA below and not rely on any single financial measure to evaluate our business.

The following table reconciles the Company's net income (loss) to EBITDA and Adjusted EBITDA:
